SAVE INDIANS EYES

EXPERTS TO WARD OFF BLINDNESS.

Possibly the Indians in Time May be a Spectacled Race—Few of Them Have Sound Eyes.

Darlington, Okla., April 14.—The United States government is building small hospitals and employing oculists and opticians to save the once eagle eyed American Indian from blindness.

It is possible that in time the Indian will be a spectacled race. The smoke of their tepees and their habits of living tend constantly towards eye troubles, until few Indians have sound eyes.

Dr. Daniel W. White, eye specialist of the Indian service, and several assistants, are in Oklahoma at work among the different tribes. An eye hospital has just been established at this agency, with a trained nurse.

Although the treatment and glasses are furnished without cost the Indians often are reluctant to accept the service.

OTTAWA-KINGSTON.

New Electric Railway Company Elects Directors.

Ottawa, April 13.—A meeting of those interested in the construction of the electric railway along the Rideau canal from Ottawa to Smith's Falls and to Kingston was held in the county council chamber, yesterday and great enthusiasm was manifested in the undertaking. The charter has been secured. It gives provision to build either a steam or electric line and allows operation of an express company in connection. It capitalizes the company at one million dollars.

The meeting was held, to-day, to go on with the work of raising capital for beginning the road. The provisional directors elected were: F. A. Heney, of Westboro; W. Kidd, of Burritt's Rapids; J. F. Caldwell, of City View; G. L. Dickinson, of Manotick, and George Boyce, of Merivale.

U. L. Upson, of Toronto, a railway expert, gave a number of suggestions of the cost of construction.

UNIONS QUARREL.

Curious Situation Which May Tie Up Building in Chicago.

Chicago, April 13.—A new jurisdictional strife, which will probably tie up the construction on every building in the city, broke out yesterday. More than 10,000 building laborers, bricklayers and stone masons are involved in a jurisdictional dispute with 5,000 or 6,000 cement workers. The cement workers are ordered to have nothing to do with concrete work within the walls of any building nor with the "raising, moving and shoring of any building."

This order, sent to the architects, engineers and builders of the city, practically ousts the cement workers. The order will not be acquiesced in by the 5,000 cement workers, and any attempt upon their part to do inside work, probably will cause a walkout of the masons and other building trades working on the structures.

MRS. SCHENCK'S CASE.

Insisted on Having Name Changed in License.

Chicago, April 13.—It has been learned that Mrs. Charles Schenck, who shot and killed her husband in their Park Ridge home, was married to him in Aurora, Ill., January 12th, 1905, under the name of Mrs. Theresa Staunton Wallace. The ceremony was performed by Rev. William Matthews, who was then pastor of the Park Place Baptist church, at his home, 318 Fox street. The marriage license was issued by City Clerk F. J. Raymond, and Schenck gave his bride's name as "Miss" and her age as twenty-six years. Before the ceremony was performed the bride insisted that Rev. Mr. Matthews change the license to read "Mrs." Mrs. Emma Rutishauser, of Aurora, was a witness.

PORTUGAL MAKES PEACE.

Pensions Clergy and Separates Church From State.

New York, April 13.—A special cable from Lisbon says: It is stated that all the bishops of Portugal, having received instructions from the pope to accept the separation of church and state, have notified the provisional government of their acceptance of the new situation, in view of the government's stipulating life pensions for all clergy, according to the positions they held.

The deadlock with the holy see which was feared has now, it is considered, been averted. The friendly attitude of the clergy has caused general satisfaction.

WOMAN GETS TWO YEARS.

Man Who Swore to Insurance Claim Sent Down for Perjury.

Winnipeg, April 13.—Sarah Paddock, aged twenty-eight, was sentenced to two years and three months in Stoney Mountain penitentiary for arson, and Frederick Lake, a boarder in her house, to two years for perjury, as the result of a fire which damaged Mrs. Paddock's house, on Nairn avenue, last week. Lake swore to the usual affidavit, claiming insurance, and on suspicion being aroused made a clean breast of the plan by which Mrs. Paddock set fire to the house, having previously moved out most of her effects, covered by the insurance policy.

QUITE A PROPOSITION

The Handling of Immigrants by the Railways.

The railways have quite a time these days handling the thousands of immigrants who are going westward. Yesterday two special trains, having in all about 1,200 immigrants, went west. The entire party were destined for Chicago, and from there they will be scattered to all points of the Canadian and American west.

A large party of English girls are expected to go west in the course of a few days. There is a big demand for them in the west, but they need not go that far unless they like, as good domestics are always in demand in both Eastern and Western Ontario.

Puzzle Man Dead.

New York, April 13.—Samuel Lloyd, the well-known puzzle expert, whose problems have interested not alone the rising generation but others, died, yesterday, at his home in Brooklyn, from a stroke of apoplexy. He was seventy years of age.

For many years Mr. Lloyd had been famous throughout the country for his popular problems for the amusement of newspapers and magazines. In this unique calling he built up a fortune that has been estimated at more than 1,000,000.

Abuser of Pass Gors to Jail.

Baton Rouge, La., April 13.—Because he allowed his family to ride on mileage issued to him, Auditor M. N. Bonnewal, of the Southern Pacific railroad, must spend thirty days in jail and pay a fine of $30, according to a decision in the state district court here. The case will be appealed.
