TO ERECT BUILDING

ON PIGEON LOT ON ALFRED STREET.

The Board of Education Reopens Negotiations Regarding Admitting County Pupils to the Collegiate Institute.

The board of education at its meeting, Thursday night, authorized the property committee to purchase as much of the Pigeon property, on Alfred street, as will be necessary for the erection of the new school, at a cost not to exceed \$4,500.

The resolution, moved by Trustee Meek, was carried after a long discussion, on the casting vote of the chairman, 7 to 6.

The board, by this close vote, put aside the recommendation of the property committee, which read as follows:

"That the property forming the southwest corner of Division and Upper Colborne streets, owned by Kenney Bros. and S. H. Miller, and having a frontage of 266 feet on Colborne street, and 225 feet on Division street, be procured by arbitration or otherwise, as a site for the new public school building."

As a result of a deputation waiting upon the board, from the county council, negotiations were re-opened regarding the admittance of county pupils to the collegiate. The deputation was composed of members of the educational committee of the council. It was decided to have the city's committee to reopen the matter, the data for this meeting to be arranged later.

The board first heard the deputation from the county council. Messrs. Reid, Donaldson, Rogers and Foley were the representatives. Messrs. Donaldson, Rogers and Foley addressed the board.

Councillor Donaldson said the members wished to find out if there was any possibility of arranging whereby county pupils could be admitted to the collegiate, the board having decided to cut them off after June. The committee had no offer to make to the board but were very anxious to have negotiations re-opened to see if a settlement could not be reached which would give satisfaction to both parties.

Councillors Rogers and Foley spoke along similar lines, the latter also referring to the fact that it was only within a radius of five miles of the city that privilege of the collegiate was desired. The rest of the county did not care about it.

Mr. Foley pointed out that the county was quite willing to pay eighty per cent. of the cost of the tuition of the county pupils, when upon he was informed by the chairman that the board could compel the council to pay this amount.

Trustee Farrell suggested that Wolfe Island be attached to the collegiate institute district. This could be carried out by making application at Toronto.

Trustee Bennett pointed out how the collegiate would be regarded as an approved school if the county pupils were left out. While the board would like very much to accommodate the county pupils their first duty would be to look after the city's interests. He would suggest that the city and county amalgamate and have one high school.

Trustee Meek said that a date should be arranged for a meeting of the management committee of the board and the committee from the council. No action could be taken at this meeting of the board.

After a great deal of discussion it was finally decided, on motion of Trustees Elliott and Meek, to refer the matter to management committee, the latter committee to arrange for a meeting with the council's committee.

Trustee Donaldson, before the matter was disposed of, said he hoped something would be done so that the pupils could be accommodated. He hoped the pupils in the immediate vicinity of Kingston could be accommodated. If there was room for a few county pupils they should be admitted but it should not be expected that the board would crowd out its own pupils.

The management committee had a brief report, and it was adopted. It recommended that no action be taken on the request of Miss Greenleaf and Miss Norris, that kindergarten directors be placed on the same basis as grade teachers, with respect to the salary schedule.

Trustees Anglin and Wallace spoke in favor of the request but the clause was carried.

The offer of the United Typewriter Co. to exchange six new Underwood machines for the six old Remingtons in the collegiate and a difference of \$150 was accepted.

ALLEGED COUNTERFEITER ARRESTED IN DENVER.

Made the Best Counterfeit Silver Dollars Ever Circulated in This Country.

Washington, April 15.—After a search of two years, secret service men arrested Henry Reporter in Denver, and charged him with making the best counterfeit silver dollars ever circulated in this country. The coins, made largely of tin and lead, were almost perfect in workmanship and for two years have been passed upon merchants in Denver and on the street railway company there in great quantities.

Every effort to locate the plant was futile until last night. Official advice to Acting Chief Moran said 500 coins were found in Reporter's house when it was raided.

CANADA'S DIAMONDS GOOD.

They are Equal to Those of South Africa.

Ottawa, April 15.—That Canada will shortly become as famous for her diamonds as her silver is now the assertion of the geological department officials. This morning Curator Johnston announced that after a test by Dr. Kunz, diamond expert at Tiffany's, it had been demonstrated that the stones recently discovered in British Columbia were equal, if not superior, to the famous gems of South Africa.

NAPANEE LADY DIES

AFTER CONTRACTING FEVER FROM HER CHILD.

The Late Mrs. Emma Dunbar Passed Away After Four Days' Illness—Sudden Death of Luella Asselstine.

Napanee, April 15.—Terribly sad was the announcement of the death, on Thursday morning, of Mrs. Emma Dunbar, at her home, on Robert street, after but a few days' illness of scarlet fever. She contracted the disease from her little son, Harold, whom she nursed through a severe attack of the heating system, and in view of the fact that she was on Sunday last, and every thing that medical aid could do was resorted to, but the attack was severe and her heart gave out. She leaves two children, Mabel and Harold. Her husband died about two years ago, and since that time she has resided in Napanee and endeared herself to her friends and neighbors by her kindness and thoughtfulness to others. The funeral, which was private, took place yesterday morning, at ten o'clock, at Riverside vault.

Another sad and very sudden death was that of Luella Asselstine, daughter of Whitney Asselstine, Roblin, in her fourteenth year, after but a few days' illness of Bright's disease.

KEPT IN HOT WATER

A NEW CURE FOR INSANE PATIENTS.

The Water is Heated to Ninety Degrees—It is a Successful Cure for Excited Patients.

Poughkeepsie, N.Y., April 15.—William Cavert, of Albany, up before Judge Hasbrouck, in the county court, on a writ of habeas corpus, said that patients in the Hudson River State Hospital for the Insane, were forced to stay in tubs of hot water day after day.

"One man was kept in hot water for a month," said Cavert. "He was forced to sit in hot water all day long, with the water covered by canvas fastened about the patient's neck. He was forced to eat his meals while he sat in a tub of hot water."

Dr. Marriam, who was in court, admitted the truth of Cavert's statement, and explained that water, heated to ninety degrees, was being used as a new cure for excited patients. He said that the treatment was sometimes continued for months at a time, and that it was a success. Judge Hasbrouck reserved decision in Cavert's case.
