ROBBED THE MANSE

THIEF STOLE TWO PRESBYTERIAN CHICKENS.

Police Called to St. Andrew's Manse on Sunday Night, But the Easter Sneak Thief Had Got Away.

A sneak thief was busy in the city on Sunday night—at least he was busy for a short time.

While Rev. Dr. Mackie was conducting service in St. Andrew's church and while no person was about the manse, a thief secured entrance, made his way to the pantry, and there purloined two fine chickens. One of the chickens was cooked and all ready to be served.

When Dr. Mackie returned to the manse after the service the loss was discovered and a hurried call was sent to the police. The thief by this time made good his escape with his birds, however. Nothing else has been reported lost.

STABBED BY HAT PIN.

Clerk in a Store Had Narrow Escape.

It was just a plain hat pin, on a pretty Merry Widow hat, but it came near doing a man very serious harm.

Saturday afternoon, while a King street store was crowded with shoppers, a dainty miss came in to make a purchase. The young man behind the counter waited upon her, and will have good reason to remember his customer, because as he had occasion to pass her, he was stabbed in the face by her hat pin. The pin came within an ace of penetrating the eye.

The miss was a most unfortunate one, and the lady was very sorry, but then, accidents will happen.

P.S.—Girls, do be careful with your hat pins. The Portsmouth philosopher suggests that a by-law be passed by the city council, regulating the length of hat-pins.

The 47th Regiment.

The annual meeting of the 47th Regiment was held at the armouries, Kingston, Saturday, April 15th. A full attendance of officers were present. Lieut.-Col. Ferguson presided. It being the first annual meeting of the regiment under his command, he addressed the officers in a very pleasing manner and asked for the hearty co-operation of all his officers to maintain the efficiency of the regiment, which was enthusiastically applauded. After the business was transacted, the meeting adjourned at 1:30 p.m. The colonel invited the officers and a few friends to lunch at the Randolph hotel. Capt. J. W. Jones, chaplain of the regiment, acted as toastmaster, and proposed the usual toasts, which were responded to by some of the officers and guests, in a very complimentary manner. The company dispersed by singing "For He's A Jolly Good Fellow," and "God Save the King."

Windy Saturday Afternoon.

The gentle zephyrs were on the job Saturday afternoon in full force. They toyed with trousers, lifted, lingerie, and hurled off hats. The downtown streets were turned into an athletic arena, over which all kinds of men ran in pursuit of all kinds of headgear. The ladies were also in trouble. They did not worry about their headgear; it was spiked securely home, but other things weren't. At times the hosiery display had the burlesque house queens lashed to the mast. The ladies with the hobble skirts were in right. The hobble, though strong on suggestion, is weak on exposure. The wind might as well try to blow the paint off a flag pole.

Was Heavily Fined.

Magistrate Farrell imposed a fine of \$20 and costs, on Monday morning, a member of the "prohibited list," who was found guilty of being drunk on Saturday. He told a story about two men whom he did not know giving him the "passion music" from the Mesiah, that he would have to tell just where he secured the liquor if he wanted to receive any leniency at the hands of the court. One drunk was fined \$2 and costs and the other was given a chance, as it was his first offence.

The Scottish Tenor.

W. S. Hamilton (from the principal Scottish and English concerts) will sing the "Passion music" from the Mesiah, "Be Thou Faithful Unto Death" (St. Paul), "In Native Worth" (Creation), and "The Soft Southern Breeze" (Rebecca). Harold Aggrove, the favorite baritone, will take the solo work in the cantata, "The Conversion." Recital, Sydenham Street Methodist church, at 8.15 to-night. Tickets, 25c. Uglow's and Wormwith's Piano Store.

A Coming Auction Sale.

The household furniture and Mason & Rich piano, the property of G. A. Armstrong, 384 Alfred street, will be sold on Friday, April 21st, by J. E. Hutcheson, auctioneer. Notice to-morrow.

License Commissioners.

There will be a meeting of the board of license commissioners to-night. This meeting is for the consideration of the issuing of licenses and for the taking up of other business which might be before the board.

First Dance of the Season.

There will be a dance at the Yacht Club, to-night, at 8.30 o'clock. This is the first dance of the season, and a good attendance of members is requested.

Is Doing Nicely.

Frederick Markland, of Emmettown, who was seriously injured by being bitten in the face by a horse, is reported to be doing nicely at the general hospital.

Death of Caldwell Resident.

The remains of the late Mrs. Haggart, who died in the general hospital, Friday, were sent to her home in Caldwell, Monday, for burial, by Robert J. Reid, undertaker.

Miss Alice Denney, of Toronto, is visiting friends in the city.

TO LAUNCH VESSEL

THE BUENA VISTA IS ABOUT READY.

The Launching Will be on Wednesday Afternoon—Boat Built by the Davis Company, of This City.

The new steamer Buena Vista, which is being constructed by the Davis Dry Dock company, of this city, is about completed, and will be launched on Wednesday afternoon, at three o'clock.

The boat is ninety-feet keel, ninety-six feet over all, eighteen feet beam and six and a half feet depth of hull amidships. It is a composite built boat. The keel, stem, stern post and deadwood are of selected white oak. The planking of white oak, two-inch sides and two and a half inches bottom. The bilge strakes are three inches thick. The frames are 2 1/2 by 2 1/2 steel angles and the shear strake is placed one-quarter inch thick, and two feet wide, running the entire length.

The centre keelson is 12 x 5 girder iron. The boiler and machinery keelsons are 12 inches by 3 inches channel iron, and the bilge keelsons are three inches by three inches angle iron. In addition to these keelsons there are two six inch by three inch angle iron sister keelsons running the entire length of the bottom. Thus making a very strong and substantially built hull.

The deck beams are also 2 1/2 by 2 1/2 angle steel and the decks are of white pine. The coamings are of steel reinforced by oak. The main deck is clear, leaving the entire space for freight.

On the promenade deck there is a very comfortable and commodious saloon cabin with circular front and with two state rooms in connection. The entrance to the cabin and state rooms is from the forward deck only. Immediately aft of the state rooms are two well-arranged toilet rooms, and on each side. The staircase and landing from the main to the promenade deck is well arranged for the convenience of those using the steamer. Aft of the staircase and landing is arranged a galley and mess room for the accommodation of the crew.

The stern portion of the cabin enclosure is taken up by a restaurant, where all the necessities of life are to be obtained.

A very neat little whedhouse and stateroom is arranged on the upper or hurricane deck. Also life boats and water tanks.

The power used in this steamer will be steam. The boiler is of the Fitzgibbons type, built for a working pressure of 150 lbs. and the engine cylinders 9 and 18 by 14 inches stroke.

The boat is well equipped with the necessary fire appliances, consisting of pumps, piping, hose, etc., and has in addition to the regular pumping outfit, connections from the condenser to the bilge, which insures splendid means of keeping water out of the boat in case of accidents.

The work on the new steamer was started on January 1st, 1911, and considering the cold stormy weather in which the work was carried on much credit is due to the builders for the dispatch they have made in completing the boat.

The steamer will be christened the Buena Vista and launched on Wednesday, the 19th, at three o'clock. The boat will be launched stern first.

Has He Secured Davidson?

It was whispered, to-day, that Manager Hartick, of the Victoria baseball team, has secured "Prinnie" Davidson for his team this year. When asked about it, he would not confirm the report nor deny it, so there is a possibility that there is some truth in it.

A Bad Piece of Policy.

The refusal of the executive of the City Baseball League to allow the Athletics to enter the senior leagues has in no way dampened their spirits, and they are endeavoring to get in some way. So long as the matter is put to a vote in the executive, they will never get in, and some other means will have to be found to put them where all the sports in Kingston would like to see them. Authorities say the refusal to allow the team to pass from junior to senior ranks will tend to decrease the number of players available. The ambition of every junior player is to be able some day to get into senior ranks, and when the teams are confined to three and there is no chance for any other team to get into the ring, young ball players are liable to lose interest. The followers of good sport here are very sore over the treatment handed out to this game team, and suggest the formation of another league.

Disguised as Young Men.

It is reported that two young ladies belonging to the city paraded Princess street on Sunday night "dressed up" as young men. They walked up and down Princess street unknown to their friends, "pretending to be strangers in the city, and afterwards accompanied a couple of Portsmouth girls for a few blocks as young men, and were not found out."

A Cool Easter.

On Saturday afternoon the weather turned quite cool, and at 4.30 o'clock there was a heavy flurry of snow for a few minutes. Easter Sunday was quite cool.
