BURGLARIZED STORE

BY BREAKING THE FRONT WINDOW.

And Hauling Out Meat—Clifford R. Horne's Shop on Princess Street Was the Thieves' Objective Point.

Sometime during last night thieves broke into the meat store of Clifford R. Horne, 370 Princess street, and made off with some meat. The plate glass window at the entrance was smashed with a hammer or something heavy, and the stuff was taken out of the window. The thieves did not get into the store, but took the meat out of the show window. The window was only about two feet wide giving room enough to admit a body if entrance was desired, but the thieves were either satisfied with what they got or else were frightened away. They took three sides of bacon, about half a ham, a dish of head-cheese, two rolls of bologna and some horse-radish. The parties either had long arms or used something with which to hook the stuff.

When Mr. Horne came down to open his shop this morning he found a hatchway just inside the door, indicating that the parties had smashed the window and had then tried to unlock the door. The key had dropped, and they were not able to get it again.

Burglars seem to have a fondness for this place as this makes the third time that Mr. Horne has been robbed. Once thieves gained entrance by breaking the window, in the back of the shop, and another time they got in through the cellar door.

As soon as Mr. Horne was aware of the robbery, he notified the police and Constable Arnel has the case in hand. Unless the key will prove to be a clue, there is not much chance of the guilty ones being caught.

CUT OFF METER RENTS.

Mayor Graham Anxious to Have No Fee Charged.

Mayor Graham will hold up both hands for the cutting off of the meter rents. In his opinion, the city has now arrived at the stage where these rents can be cut off, and that the city will not suffer by such action. He says he will do all in his power to have these charges cut off.

It will be remembered that the mayor referred to this matter in his inaugural address, and asked that the matter be taken up. The matter was referred to the light heat and power committee.

This committee read the communication from the mayor, at its last meeting, and without discussion, referred it to the manager of the light plant for a report. This report will be placed before the next meeting of the committee. The amount of revenue received by the city in gas and electric light meters is placed at about \$5,000.

The Whig understands there will be strong opposition from some of the members if an attempt is made to cut off these fees, the members taking the ground that the city is not at the present time in a position to do away with the fees.

BOYS BROKE INTO SCHOOL.

Stole Some Things and Sold Them—To Be Punished.

A couple of boys who attend Frontenac school have a serious charge to face. Tuesday evening they broke into Frontenac school, carried off pencils, and other things, and disposed of them. One of the lads lives in Portsmouth and the other in the city. The police were not notified, but the principal of the school will deal with the boys as he sees fit. The affair has caused quite a stir in school circles, and the friends of the miscreants will await with anxiety the punishment which will be meted out to them.

Funeral of Edward Cowan.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and building up the patient's strength by assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

DEAD MAN IDENTIFIED

By a Workman as Belonging to Montreal.

The body of Patrick Gahan, the dead stranger who was found three miles west of Collins Bay, Wednesday morning, was identified by a workman at Corbett's on Wednesday evening. The man said he had worked with Gahan in the Angus Car shops in Montreal. When the body was brought to the city and it was ascertained that the unfortunate man was from Montreal, a message was sent to the chief of police in Montreal, informing him of the accident, and asking him to make inquiries. Inquiries were set on foot with the result that the man's relatives were located. His brother was to have arrived on the noon train to take charge of the remains, but for some reason or other he did not come on the train appointed, and it was expected that he would arrive during the afternoon.

QUICK TRIP TO IOWA.

B. Gordon, of Glenvale, Talks With Iowa Farmers.

B. Gordon, of Glenvale, returned on Wednesday from Des Moines, Iowa. He left here last Friday to bring his mother home, and made the return trip in five days.

While in Iowa, Mr. Gordon conversed with farmers of that state regarding the proposed reciprocity agreement between Canada and the United States. He found that the American farmers were divided on the question. Many of them thought that Canada would get the better of the bargain. He told them that the opposite idea prevailed in this country among a great many, and they were quite surprised to hear this.
