TWO MAYORS SPOKE MANY TONS OF ICE

AT THE LAUNCHING OF THE BUENA VISTA. ON THE WRECKED STEAMER JOHN SHARPLES.

The New Boat Slid Gracefully Into the Water at Davis' Slipway—Words of Praise for the Builders.

A large crowd of people gathered at the shipbuilding plant of Davis Dry-Dock company, Wednesday afternoon, at the launching of the new boat, Buena Vista, which has been built by the Davis people for Mayor Foster, of Smith's Falls, to be used as a passenger boat between Kingston and Ottawa. The craft which was described in this paper, on Monday, is very neat in appearance and very beautiful in design. She was completely finished, even to the installing of the engine and boiler when launched.

Three o'clock was the hour appointed for the christening to take place, and long before that hour hundreds had gathered in the yard of the company and on the roofs of adjoining buildings for the purpose of witnessing the event. The yard was very muddy so most of the people stood on lumber piles. At a few minutes after three o'clock Mayor Graham, with a few others, including Mayor Foster, and John Davis, ascended the raised platform at the bow of the boat, and Mayor Graham spoke to the people. He said it was a great pleasure for him to be present at that important event. He, with other residents of this city, had watched with interest the growth of the Davis business during the past few years, from the time when it was a small plant, only employing a few men, to the present large proportions of the industry, which employed a large force of skilled mechanics, who were kept going all the time to keep up with the rush of orders with which the company is always besieged. Not only had the company built boats of the type of the one which was to be launched, but they had turned out as fast motor boats as were on the St. Lawrence river. He congratulated the company on its progress, of the enterprising spirit which it had manifested on all occasions, and also congratulated Mayor Foster on becoming the owner of such a fine craft. He then called upon Mayor Foster, of Smith's Falls, to say a few words.

The new owner's speech was very short and to the point. He said he was well pleased with the way the Davis company had carried out their part of the contract. He assured those who were present that any time they should feel inclined to patronize the boat they would be treated with the kindest consideration.

This ended the speech-making, and the attention of the throng was turned to the launching. The boat was built on a slide which sloped right down to the water, and, being well greased, it took the water like a fish. The boat was launched stern first, and the immersion was very gracefully done. The boat was christened by Miss Anna Keath, of Smith's Falls; sister-in-law of the owner.

To Issue Licenses.

The board of license commissioners will be called to meet some evening next week but the date has not yet been fixed. There is much interest attached to this meeting as it is believed that one license will be cut off and that a hotel recently deprived of its license will be given a renewal.

Schooner Ford River Unable to Get Cargo of Corn Until Vessel is Released—Several M.T. Co's. Vessels Cleared for Fort William—Notes of Marine.

The schooner Ford River arrived in port, last night, after making a trip to the steamer John Sharples, on the Galloup Islands. The Ford River made the trip to get a cargo of corn off the wrecked steamer, but the wreckers in charge of the work refused to allow the corn to be taken off until the vessel is released, so the Ford River had to come back to Kingston, minus the cargo.

When seen, to-day, by the Whig, Capt. Daryeau stated that the wreckers are confident that they will be able to pump the vessel out, and Mr. Baker, of Detroit, of the firm of Reid & Baker, is at present at the scene, looking after the work.

It is stated that there are thousands of tons of ice on the vessel. The main deck is clear, however. The great damage was done to the stern of the vessel, there being one hole estimated to be about twelve feet square. The aft cabin is also destroyed.

Several of the Montreal Transportation company's vessels got away, last night, and as they were pulling out, the harbor was made quite lively with the blowing of the whistles.

The steamer Glenmount cleared for Fort William, to load grain for Kingston.

The steamer Advance cleared for Hamilton, to load package freight for Fort William. The tug Bartlett cleared with two barges, for Oswego, to load coal for R. Crawford.

The schooner St. Louis, recently purchased by Capt. Matthew Patterson, is expected from Charlotte, to-day, with a cargo of soft coal for R. Crawford.

The steamer Sowards cleared for Oswego, to load coal for Sowards.

The steamer Rosemount cleared, to-day, for Fort William, and will load wheat for Kingston.

The steamer Aletha will go on her regular run on Monday next.

In Three Accidents.

It would seem that Zam-Buk, the famous healing balm we hear so highly spoken of everywhere, is particularly useful in the family circle. A report sent by Mrs. E. Davoy, 786 Ellice avenue, Winnipeg, will illustrate this. She says: "My little boy, of three, while playing, fell from a high verandah to the ground, cutting his forehead badly. Instead of calling a doctor who would undoubtedly have put in a number of stitches, I bathed the wound well, and applied Zam-Buk. The little fellow, although suffering keenly, soon had relief from his pain. In the course of three weeks, by applying Zam-Buk daily, the wound was nicely healed."

"Since then I have also used Zam-Buk for a boil which came on my cheek, and which proved very painful and looked unsightly. Zam-Buk soon drew the boil to a head and it soon quickly banished it."

"Another time my baby was scalded on her left thigh and calf of leg with boiling water. Directly it was done I thought to use Zam-Buk, and spreading some on lint I wrapped up the baby's limb. Next morning she rested much easier and I applied a fresh bandage with Zam-Buk. I kept this treatment up daily, and was rewarded by seeing a great improvement each time I dressed the wound. In a very short space of time the scalds were all nicely healed."

"I cannot recommend this wonderful healing preparation too highly for family use, and I have such great faith in its healing powers that my house is never without a box."

For all skin injuries and diseases, piles, eczema, salt rheum and face sores, Zam-Buk is absolutely unparelled. 50c. box, all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Try Zam-Buk Soap too! Only 25c. tablet.

TWO OFFERS MADE

TO CHEESE BOARD ABOUT PLACE OF MEETING

By City Property Committee—James Laturney Wants to Purchase York Street Property From the City.

In the absence of the chairman, Ald. Ross, Ald. Bailey presided at the regular meeting of the property committee, held on Wednesday afternoon. The other members present were Aids. Litton, Clugston, Couper and Hoag.

The committee dealt with a petition which was sent to the council by the members of the Frontenac cheese board, asking that they be given the privilege of using the council chamber for their meetings. The board meets in the city every Thursday afternoon.

It was decided upon motion of Ald. Litton, to give the members the use of the council chamber providing they pay the expenses for the work of the janitor in keeping the place clean, up to the sum of \$20. If this is not satisfactory to the members Ontario hall will be given the board free of charge. The board is at liberty to accept one offer or the other.

James Laturney wrote regarding some property on York street, in the vicinity of the fair grounds. The city owns part of the property and Mr. Laturney the other half. Owing to this fact Mr. Laturney points out that the property is not of much value to him and he is willing to purchase the city's half if the price is satisfactory, or on the other hand, he will sell his part to the city.

The chairman and Ald. Hoag were appointed a committee to look into the matter and report at the next meeting.

J. R. C. Dobbs wrote on behalf of the Kingston Humane Society, asking for a refund of the \$10 which was paid recently for a concert given in the city hall. The committee was in favor of taking the amount off, and on motion of Ald. Couper, decided to do so. It may be necessary to pass a by-law to do so, although it is not known for sure, but if it is necessary the by-law will be submitted to council.

ARRIVED FROM RUSSIA.

On His Way to Work in Mines at Godfrey.

A Russian, who could not speak one word of English, was a passenger on the train from Montreal, to-day. At the station, he went to Police Constable Downey, for assistance, and the constable succeeded in getting the stranger on the right track, with a little assistance from a couple of Kingstonsians, who could understand foreign language. It was ascertained that the Russian was on his way to Godfrey, where he has a brother employed, and where he is to get employment himself. He left on the noon train over the Kingston & Pembroke railway, for his destination.

Constable Downey is fast becoming an expert in languages. Yesterday he had to interview a couple of Poles, and to-day he was up against the Russian language. Next!

YOUTH IN POLICE COURT.

Up for Disorderly Conduct on Street.

Because he acted disorderly on the street, a youth, aged eighteen, found himself in the prisoners' box at the police court, this morning, for the first time in his life. It was too much for him, however, and before his case was disposed of, he was almost in tears.

A rummage sale on Brock street, last night, attracted several lads who made themselves a great source of nuisance to the people who were in charge of the sale, and as a result, a call was sent to the police.

When Constable Downey appeared on the scene, the boys took to their heels, but this one youth happened to run into the arms of the policeman, and he was soon a prisoner at police headquarters.

When accused of being disorderly, the youth stated that this was not true. All he did was to run across the road. The evidence of the policeman, however, went to show that the boys had been making a noise in front of the store, and misbehaving themselves in several ways.

Owing to the fact that this was his first appearance, the magistrate gave the accused a chance, but warned him to be on good behaviour in the future. The accused told a yarn about wanting to purchase a pair of shoes at the sale, but it was stated that when arrested he had no money. When the magistrate asked him to explain this, he said he intended to trade a watch.
