Are You  
Alive to Your  
Opportunities?

Local real estate presents a most inviting field for profitable investments. Its opportunities are much greater than generally realized. Reason tells us that with the increase in population that is sure to come in the next few years there will be a corresponding increase in realty values. This latter increase will be much greater in some localities than in others, depending upon local conditions, but there will be a general advance in prices all over the city. Therefore, you cannot lose, no matter where you buy. Better advise with us. We are well posted on the situation and have a large and interesting list of properties.

## FINE CANTATA GIVEN THE SPORT REVIEW WILL DEMAND CARGO

IN FIRST BAPTIST CHURCH LAST EVENING.

The Affair Was Under the Direction of A. Salsbury—Splendid Programme Enjoyed by a Large Audience.

A cantata was given in First Baptist church last evening. The church was filled to its capacity and complimentary remarks were heard on all sides on the excellent way in which those who assisted in the concert filled their parts. Most of the credit for the way things were carried out is due to the organist and director, A. Salsbury, Miss Ethel Anderson, Mrs. Jordan, Miss E. Leach, Miss Gertrude Geary, Allan Lemmon and Harold Singleton. A male quartette composed of H. Singleton, W. Salsbury, S. A. Salsbury, and W. Thompson sang very acceptably.

The Salvation Army Band quartette were heard to good advantage. The quartette was composed of Bandmen Christmas, Bandman Walker, Hughes and Kiech. A mandolin and guitar selection by Mr. and Mrs. Bert McAuley, Henry McAuley and Salsbury brothers was so well rendered as to warrant an encore which was given. The mixed quartette Misses L. Atkins, E. Singleton and Messrs. H. Singleton and S. A. Salsbury rendered Parks' "Beyond the Hills" in perfect harmony. Miss Ida Hughson recited "Easter Day" in a very acceptable manner. A vocal duet, "Triumphant O'er the Tomb," as sung by Misses Isabel Atkins and Edna Singleton, was heartily applauded. Miss Edna Singleton, the contralto soloist sang "In the Garden" with good effect, and Allan Lemmon's bass voice was full and round in "Lo I Am With You Always."

A regrettable feature was the fact that Mrs. T. J. Turner, who was to have appeared twice on the programme was unable to act owing to a head cold. Miss Bessie Rogers, organist of the First Congregational church, assisted the director as accompanist. After the concert, the members of the choir tendered a supper to the visiting singers, and an enjoyable social hour was spent.

**STREET RAILWAY COMPANY.**

Writes Letter Regarding Work to be Undertaken.

At the meeting of the board of works, on Thursday afternoon, a letter was read from the street railway sent to the city engineer, when the latter had written to the company regarding the re-macadamizing of Union street, between Barrie and Alfred street, and on Princess street, between Division and Alfred street.

The company states that they will re-erect any lines that they think will be unfit for use within a year or so, and will also re-temp and reline, provided that all the excavation is done by the city, also the necessary lowering or raising, the material for the tamping to be supplied by the city.

This offer refers only to Union street, between Barrie and Alfred street, and on Princess street, between Division and Alfred street, and on the condition that the work is not undertaken between June 10th, and September 10th.

The matter was discussed, as referred to in the board of works report, in this issue, but no definite action was taken. It is estimated that the extra cost to the city for this work, on account of the street railway, will be \$850. The city solicitor is to be interviewed in regard to the matter.

**LETTERS TO THE EDITOR.**

Question Asked as to the Road Measuring.

Kingston, April 21.—(To the Editor): Would you please inform me if a new city engineer has been appointed as I notice a strange young man measuring the streets for the proposed pavements? As this is a city engineer's work, I presume the man doing it is a city engineer. I shall much appreciate an early answer.—Inquirer.

The young man making the street measurements has had much experience in that work, but is not an engineer. Owing to the large amount of work in the engineer's department, extra help has had to be secured for the road work to be done this season. The city engineer could not begin to attend to it all personally. Everything, however, is done under his supervision.

**Case Was Dismissed.**

A case in which county military men were involved occupied about an hour of Magistrate Farrell's time on Friday morning and after the evidence had been heard the court dismissed the case. One officer charged the other with abusive language and it appears that the trouble arose over a saddle and its return to the armories.

**A Correction.**

Rev. W. F. FitzGerald, of St. Paul's church, who was stated to have said that there was no such service as evening in his church, was wrongly reported. What he did say was that there was no such service as evening communion in St. Paul's, quite a different matter.

**Committees Started To-day.**

The committees appointed to interview the merchants relatives to the subscribing of funds to carry on the work of financing the King's birthday day celebration. They will be through and submit their reports Tuesday evening.

**THE MERCANTILE BASEBALL SCHEDULE**

To be Submitted for Approval This Evening—Two Baseball Meetings Last Evening Poorly Attended.

A meeting of the executive of the Mercantile Baseball League will be held in the office of the K. & P. railway this evening for the purpose of having the schedule which was drawn up by William McFedridge, submitted to the executive for approval. It is requested that there be a full attendance.

**Meeting Poorly Attended.**

The meeting of the executive of the Sunday School Amateur Athletic Association, called for last evening in the Y.M.C.A. building, was very poorly attended, and there was not enough to constitute a quorum. There were so many other attractions that it was impossible to get the members out in sufficient number to do business. The meeting was postponed until next Tuesday evening.

**St. George's Meeting.**

The meeting of the young men of St. George's Sunday school called for last evening, to discuss baseball matters, had to be postponed owing to the fact that Canon Starr did not return as expected.

**A Fine Rideau Residence.**

A. Gallagher, Portland, has just about completed one of the finest residences between Ottawa and Kingston. It is built on an elevation facing Rideau Lake. It is built of cement bricks, and is three stories high, with a large two-storey verandah and balcony in front. The floors throughout are all maple, and the first story is finished in the best quarter-cut oak. The house has a complete water system, and there are bathrooms on the second and third flats. It is very complete in all its appointments, and has all the accommodations of a first-class city residence. It commands a magnificent view of the big Rideau Lake.

**Daughters of Rebekah Social.**

**FORD RIVER LEFT FOR JOHN SHARPLES AGAIN.**

Cargo Was Refused on Wednesday—Steamer Sowards Made Another Trip From Oswego—Notes on Marine.

On Wednesday, the schooner Ford made a trip to the steamer John Sharples, wrecked of the Gallop Islands, to secure a cargo of cotton, but the men having the wrecking job in charge, refused to allow the cotton to be taken off until the vessel is released.

Today, the Ford river again cleared for the work of the vessel, and upon arrival, will demand that they be given a cargo. If the request is refused, there is liable to be trouble. The cargo of cotton was consigned to James Richardson & Sons, Kingston, and that firm consider they are well within their rights in making the request for the corn, which they need.

Messrs. Reid and Baker, of Detroit, have charge of the wrecking job. The government boat Speedy is in port again. She will be working in this district for some time.

Messrs. W. J. Douglass and H. B. Mills, of the Thousand Island Steamboat company, have returned from Clayton.

The steamer New Island Wanderer, is now on her regular route out of Clayton and is doing a good business. The steamer Sowards is in port, from Oswego, with coal for Sowards, making her second trip of the season. The steamer Devonshire cleared from Oswego for Toronto with coal, but when three miles out in the lake the shaft broke about six feet from the wheel. The tug Tonawanda went to the rescue and towed the steamer back to port for repairs.

Sunday service between Cape Vincent and Kingston and Clayton and Alexandria Bay will commence Sunday, April 30th.

The steamer Bickerdike left her moorings at Swift's wharf yesterday and went to the Kingston Dry-dock, where she is undergoing repairs. She will clear for Fort William Saturday to load her first cargo.

The steamer City of Ottawa is still in the hands of the fitters, and she will clear sometime during the first part of next week to load her first cargo.

In just ten more days navigation on the Rideau canal will be once more in full swing. On Friday the 28th the water will be let into the canal and on the first day of May the first boat will leave Montreal for Ottawa. The depth of the water at the foot of the canal is now 12 feet 11 inches, and is going down at the rate of four inches a day. It will rise again when the north waters commence to flow which event will commence almost any day now, providing the weather keeps warm. Last year at the end of March the water in the Ottawa River was as high as it is to-day.

**DID A HUMANE ACT.**

Poor Horse, Unfit for Work, Shot by Constable.

Police Constable Semuel Arniel, who acts as inspector for the Kingston Humane Society, did a humane act this morning when he took charge of a horse which a man named Max Rosen was driving about the city.

The horse was in such a terrible condition that Dr. Bell, V.S., had examined it and orders were given to have it shot and at noon Constable Arniel ended the life of the poor animal with a bullet from his revolver, in Dr. Bell's yard. The horse was made as comfortable as possible for its last few hours on earth, being provided with plenty to eat, and a good stall.

The horse was not only lame but blind, and also suffered from incurable diseases. Rosen claims that he purchased the horse recently, from a local party, and that he paid the sum of \$15 for it. It is not likely that action will be taken against him for using the horse.

This forenoon Constable Arniel was called to a home on King street west to shoot a couple of cats. People in that neighborhood were given the opinion that there was some shooting a-fray.

**ARRESTED AS A DRUNK.**

But Will Likely Face More Serious Charge.

Police Constable Arniel arrested a middle-aged man, on Friday morning, on a charge of being drunk, but a far more serious charge may be lodged against the man, when he is brought before the magistrate. The accused was taken in charge while walking along Market street, and was very much surprised when he was extended an invitation to go to the lock-up.

It is alleged that the man has been going the rounds of the city, taking orders for enlarged photographs. It is further alleged that in one case, he collected the sum of \$6 for some work, and that he did not deliver the goods and that he refused to refund the money. The case is being investigated.

**FAIR WAGE SCHEDULE**

To be Put in the Post Office Extension Contract.

Victor DuBrenil, fair wage officer of the department of labor, Ottawa, was in the city to-day arranging for a clause in the post-office contract regarding the wages to be paid. The Kingston office is to be enlarged at a cost of \$30,000 this season. Mr. DuBrenil interviewed contractors and labor men, and arrived at the wage figures that should be paid.

**In Critical Condition.**

John Allen, of the Wilbur iron mines, was brought to the city on Thursday afternoon, by Dr. Bogart, and was operated on for appendicitis at the general hospital. He is in a very critical condition.

## POPULAR HAND-BOOKS

Some books are designed for entertainment, others for information. This series combines both features. The information is not only complete and reliable, it is compact and readable. In this busy, bustling age it is required that the information which books contain shall be ready to hand and be presented in the clearest and briefest manner possible. These volumes are replete with valuable information, compact in form and unequalled in point of merit and cheapness. They are the latest as well as the best books on the subjects of which they treat. No one who wishes to have a fund of general information or who has the desire for self-improvement can afford to be without them. They are 6 x 4 1-2 inches in size, well printed on good paper, handsomely bound in green cloth, with a heavy paper wrapper to match.

**CLOTH, EACH, 50 CENTS**

**Etiquette**

There is no passport to good society like good manners. Even though one possess wealth and intelligence, his success in life may be marred by ignorance of social customs. A perusal of this book will prevent such blunders. It is a book for everybody, for the social leaders as well as for those less ambitious. The subject is presented in a bright and interesting manner, and represents the latest vogue.

**A Dictionary of Mythology**

Most of us dislike to look up a mythological subject because of the time required. This book remedies that difficulty because in it can be found at a glance just what is wanted. It is comprehensive, convenient, condensed, and the information is presented in such an interesting manner that when once read it will always be remembered. A distinctive feature of the book is the pronunciation of the proper names, something found in few other works.

**Letter Writing**

Why do not persons dislike to write letters? It is not because they cannot say the right thing in the right place? This admirable book not only shows by numerous examples just what kind of letters to write, but by directions and suggestions enables the reader to become an accomplished original letter writer. There are forms for all kinds of business and social letters, including invitations, acceptances, letters of sympathy, congratulations, and love letters.

**GIVEN STIFF FINE**

KINGSTON HOTELMAN WAS TAXED \$75 AND COSTS.

John Theriault, of Inroquois Hotel, Pleaded Guilty to Two Charges in Police Court—Money Goes to City, as Information Was Laid by the City Police.

Pleading guilty to an infraction of the liquor act, John Theriault, proprietor of the Inroquois hotel, was handed out a stiff fine, by Magistrate Farrell, in the police court, on Friday morning. He was taxed \$75 and costs, with the option of one month in jail.

These were two charges, that of selling after hours, on Sunday last, and also with allowing men in his barroom on Sunday. The magistrate said that he would impose the one penalty, as both the offences occurred within about half an hour of each other. T. J. Rigby appeared as counsel for the accused, and the latter was also present and answered "guilty" when the charges were read out.

The court room was filled with interested spectators, as it was believed that the accused would fight the charge. When the case was called, however, the spectators were given quite a surprise.

A fact worthy of mention is that in this case the fine money goes to the city, as the information was laid by the police. Constables Arniel and Downey were the men behind the information, and it is stated that they had strong evidence to offer if the case had been fought out.

Patrick Ramsay was given a chance, when he was up for drunkenness, a week ago, but he did not take advantage of it, so the magistrate fined him \$5 and costs, or twenty days. He pleaded hard for just another chance, but it would not go with the magistrate. "I gave you a chance a week ago," remarked the magistrate.

Ramsay works on a farm, but if the fine is not forthcoming, he will be doing work around the county jail for the next twenty days.
