Death of Robert Brignall. The death occurred at Belleville, on Friday, of Robert Brignall, formerly a well-known railroad man of this city. He was employed as a car inspector on the Grand Trunk, in Kingston, and left here a few years ago for Australia. After his return, he entered the service of the G.T.R. at Belleville. He had been a railroad man nearly all his life. He was about fifty-five years of age, and is survived by one child. The remains will be brought to Kingston for interment on Monday.

Principal Dyde Wants Him. Since the congregation of old St. Andrew's Presbyterian church in Toronto, decided to extend a call to Rev. S. Harper Gray of Dundas, Mr. Gray has been offered a professorship in Alberta College, under Principal S. W. Dyde, who was until recently a professor in Queen's University, Kingston.

AFTER FRONTENAC'S MEMBER.

J. A. Robb, M.P., Made Hit at Dr. Edward's Expense.

In speaking on the trade agreement in the House of Commons, J. A. Robb dealt with the advantages which would accrue from the operation of the reciprocal agreement. The member for Huntingdon quoted market reports to prove his contention. He directed attention to the fact that thirty-nine cents more per 100 lbs. was paid for cream and milk in the United States than in Canada, a total of \$15.00 per cow per annum, or on an average herd of twenty cows \$315 per annum, the wages of a hired man. On a conservative estimate this would mean the farmer of Quebec eleven millions of dollars.

Considerable amusement resulted from Mr. Robb's response to Mr. Edwards, who interrupted to criticize the sending of Hon. Messrs. Fielding and Paterson to "bind Canada in this manner."

"Who would the honorable gentleman have had us send?" queried Mr. Robb. "What two men could he have given us from his own side who would have had the same confidence in one another and conducted the negotiations pulling together for Canada in team play? Would he have given us his leader and the member for Jacques Cartier? Or would he have offered us as a good team the member for North Toronto and his former leader and premier, now in the upper house? Or would he have preferred the selection of the honorable member for Brandon and the honorable member for St. Antoine division of Montreal, two experts in exploiting the natural products of Canada?" Mr. Robb's reply, emphasizing the schisms in the opposition ranks, was greeted with laughter and applause.

Prof. Williamson's Advance at Hobart College.

Prof. Edward Williamson, Ph.D., formerly of Kingston, and for the past few years head of the department of German in Hobart College, Geneva, N.Y., has been appointed to take charge of the whole department of oriental languages in that college, with three assistant professors. Prof. Williamson is a Queen's University graduate. After studying at Leipzig, Germany, and Besancon, France, he was appointed to St. John's College, Winnipeg. Later, he took his Ph.D. degree at Chicago University, and then joined the staff of Hobart College. Last summer, he spent in Germany, and he will likely pursue further study in France during the coming summer.

WHAT WILL THE ANSWER BE?

Hotelmen on the Qui Vive Over the Licenses.

The local hotelkeepers are on the qui vive to know just what the board of license commissioners will do at their meeting, which will be held some night next week, and at which licenses for the year, will be granted. The license boards in several places have been giving a number of surprises, and some are wondering if the same thing will happen in Kingston. For instance, in Hamilton a petition was presented asking that six licenses be cut off, and the license commissioners cut off ten. At Perth and Smith's Falls, the commissioners also used the axe freely.

Bugle Band Practised.

The bugle band of the 14th P.W.O. Rifles was out, last evening, for a short time and showed up well. The band is stronger this year than it was in five years. They have four new marches this year, one of which was composed by Sergt. Bertram Simpson. Two were introduced by an outside member. Under the leadership of Sergt. Simpson they are showing up well.

FIRE CHIEF'S ACTION

CAUSED A LITTLE BREEZE IN COMMITTEE.

Chairman Givens Objected to Having Money Taken Out of Firemen's Pay for Damage to Property of the Department.

Rules and regulations of the fire department, and the power of the fire chief in dealing with the men, caused a little breeze at the regular meeting of the fire and light committee on Friday afternoon.

The chairman, Aid. Givens, was in the chair, and also present were Aids, McCann, Fraser, McCarthy and Fair.

The little breeze over the fire department came up near the end of the meeting. In the report of the chief it was stated that one of the members had been suspended for a week and Aid. McCann asked for information. Chief Armstrong explained.

He said that he had made it a rule that only one of the fire teams should be taken out for exercise at a time, that is, when the team from the lower station was out, the team from the upper station should be in the station in readiness for a call. He had found one of the drivers disobeying this rule and when he reprimanded him for so doing the member of the department became very abusive to him. He accordingly suspended him for a week. The same Aid. Fraser said he had been giving the matter a great deal of consideration and he had come to the

conclusion that the city should purchase a new ladder truck. There was liable to be an accident at any time and he thought there should be two trucks. The city had two fire engines and it was never known just when an accident might occur.

It was finally decided, upon motion of Aid. Fraser, to call for tenders for a new ladder truck, and for the work of repairs to the Chatham engine.

Head Office to be Here. The Ontario Exploration Syndicate will establish its head office in Kingston, and close its offices in New York and at Wilbur. It has leased the quarters at present occupied by the C.M.B.A. in the Golden Lion Block, at the corner of Wellington and Clarence streets, and will take possession when the C.M.B.A. moves to its new quarters on Montreal street. Mr. Seay, of New York, will be the syndicate's local manager.

It is estimated that the repairs to the old truck, which has been condemned by the fire chief, will cost in the neighborhood of \$900 and a new ladder truck will cost about \$1,400. The chairman pointed out that it would be good policy to expend the \$600 on the old truck if it could be put into good shape, and thus save spending \$1,400 on a new truck. He believed in economy, as much as possible.
