

B. S. ROCKWELL DEAD

AN AGED NAPANESE RESIDENT PASSES AWAY.

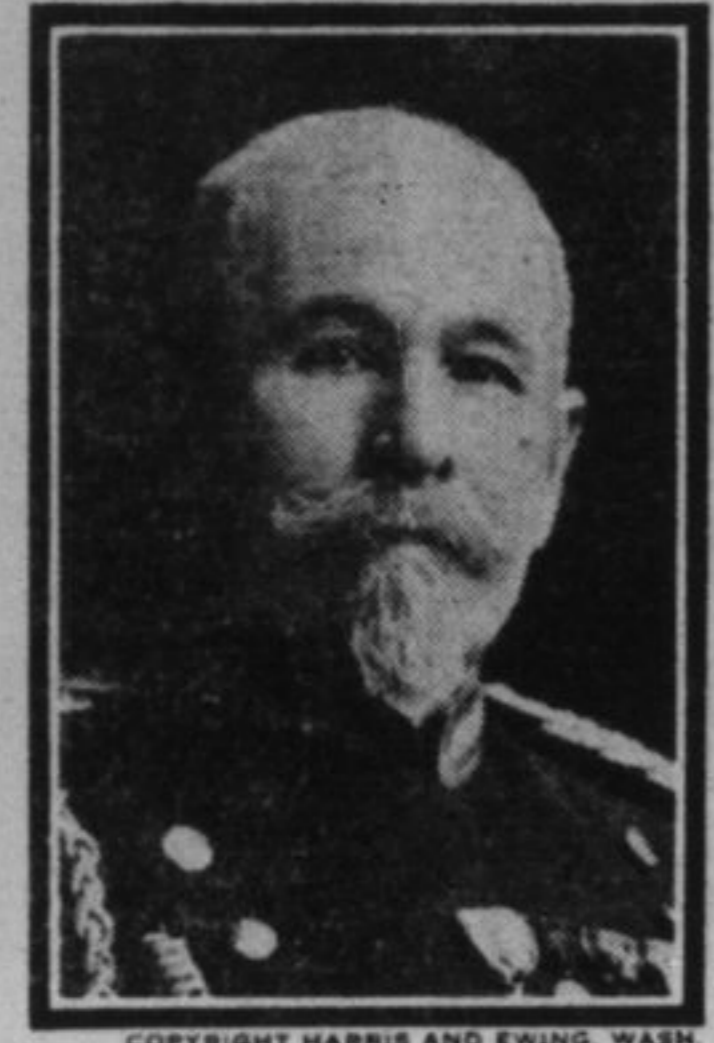

At the Age of Nearly Eighty-six—He Was the Father of W. A. Rockwell, formerly of Kingston.

Napanee, April 22.—There passed to rest on Friday morning, Benjamin Sperry Rockwell, one of Napanee's oldest and most respected residents, at the ripe old age of eighty-five years and ten months. Deceased had been in his usual good health until about two months ago, since which time he was confined to his bed. He was a man of splendid physique, of a bright and cheerful disposition, with a ymle and a cheering word for everyone. In his young days he was a carpenter and farmer. He was born in Ernestown, his father, the late Asahel Rockwell, lived until his eighty-ninth year. Deceased was of United Empire Loyalist descent, a member of the Methodist church. He was very fond of singing, and there were few his equal. For thirty-five years he gave his services as choir leader to the Methodist church at Violet. He removed to Napanee fourteen years ago. He leaves, besides his aged partner, two sons and one daughter. He also leaves six grandchildren and six great-grandchildren. The sons are: O. S. Rockwell, Napanee; W. A. Rockwell, of Detroit, and Mrs. Annie Lapan, of Scranton, Pa. The funeral will take place on Sunday afternoon. The remains will be interred in the family plot at Violet.

FOUR KALADAR CHILDREN

In One Family Die of Scarlet Fever—Others in Critical Condition.

Flinton, April 21.—O. H. Dunn, station agent at Kaladar, has lost four children by scarlet fever. The other six are sick and some of them are in a critical condition. The Easter ball, given by M. Brashie, was well attended. The Lessard brothers furnished the music. The supper at midnight was excellent. Many from Tweed and Belleville were present. On the 19th the Stocker concert was well attended. The health of Rev. Mr. Irwin is poor. Mr. and Mrs. G. L. Jerome and child Mrs. and Mrs. John Lewis. James Vance is very poorly. He is in his eighty-fourth year and one of the old pioneers of the country. Several petty cases of theft were tried here by Lawyer Bull, of Madoc, and Judge Madden, of Napanee. A mistake was made in stating that Kingston harbor was crossed by sleighs on May 3rd. It was 12th. Sleighs were driven in Flinton, on May 3rd.

ODESSA CHURCH CONTRACT

Was Secured by H. M. Watts, of Kingston.

Odessa, April 21.—On Monday night twenty-eight members of the Methodist church building committee met at the Barracks to open the tenders for the new church. Nothing definite was agreed on except the mason work, which was given to H. W. Watts, Kingston.

The checker players of Catarqui came on Monday night and played a friendly game with the Odessa players. The game was 16 to 19 in favor of Odessa.

On Tuesday morning the popular manager of the Northern Crown bank, J. O. Otterburn, returned from his Easter holidays and surprised the residents by bringing his bride, formerly Miss A. L. Shoebottom, of Woodstock.

Those who attended the Free Methodist conference at Gananoque have returned. It was decided there to hold the annual camp meeting in Snider's woods, just north of Odessa, some time in June.

The choir social held at E. O. Clark's, on Tuesday evening, was a success, something over \$5 being realized. Noble Bond has returned after spending the winter in California.

Mr. and Mrs. Thomas Burley, of Spokane, Wash., are visiting friends here. Mrs. H. E. Day and baby are at her mother's, Mrs. C. W. Timmerman's.

The "Last and Best" concert of the season was given by the public library in the village hall on Thursday evening. Miss Wellington, absent from the party, did her part exceedingly well. Mrs. Murray, vocalist, captivated the audience and ex-Mayor Couper Kingston, with his jolly style and rollicking songs, easily shows how he can win "himself down." Rev. J. C. Bell was chairman.

Legislated to Ignorance. Judge Clark A. Smith told a good story to several visiting lawyers who were visiting with him. The story is an old one, as the judge stated, but the youngsters enjoyed it thoroughly.

In the old days, when oral examinations were still the thing, an examining lawyer was punning an applicant with questions from Blackstone, Kent and other legal lights.

"I didn't study anything about these fellows," complained the applicant.

BARONET A JANITOR

IN SALVATION ARMY HALL IN BROOKLYN.

Sir Grenville Cave-Brown—Cave Dropped a Ten-dollar a Day Job to be a Salvationist.

New York, April 22.—From British baronet to expert rough rider with a wild west show, and then to janitor of a Salvation Army hall in Brooklyn has been the remarkable experience of Sir Grenville Cave-Brown-Cave, who today announced his resignation as vice-president of the British Boy Scouts organization in order to apply for admission to the Salvation Army training college. He wants to become an officer in the Salvation Army.

The editor of the War Cry who has investigated the case says that the new recruit is actually the twelfth baronet Cave-Brown-Cave. The baronet himself declares that he was converted last September and leaves a ten dollar a day job to try for the janitorship at \$3.50 per week.

WHAT AUSTRALIA THINKS.

Agrees With Arguments in John Stuart Thomson's New Book.

Windsor Telegram. The Australian papers are saying: Concerning the reception by the editors of Great Britain of the Chinese, The Hartford, U.S.A., Courant says: "The Chinese, as John Stuart Thomson, is as favorably received by the British press as it was in America. It not only goes to show the merit of this book of travel and its sincerity. It is one of the straws indicative of political currents." Mr. Thomson, as the Brooklyn Eagle points out, argues for some changes in colonies, America and China, leaving the Atlantic ocean to the care of Britain and Canada's entire fleets, and the Pacific waters to the patrol of America's and Australia's fleets, with the Panama canal as a bond between the two. This would leave Japan and Germany (for he recommends the lapsing of the Anglo-Japanese alliance) in splendid isolation respectively on the two oceans, and by the German naval ghost, until a partially disarmed Germany should find it well to join a world-fraternity of these five Teutonic nations in protesting China from Japan and Russia by a probably all-sufficient moral and educational suasion."

Mr. Thomson, who is Canadian-born and educated, is the author of two other books, "Establish" and "A Day's Song," published by W. Briggs, Richmond street, Toronto. This month's issue of Windsor Magazine, London, has his sonnet, "The Months," and Pall Mall Magazine, of London, in November last, had his long illustrated poem, "Autumn in Canada." He frequently contributes to other British magazines, such as Chambers' Journal of Edinburgh, the leading journals of Britain, the colonies, the continent and America have generally called his recent book of travel and international politics, "The Chinese," an authoritative work.

Mr. Thomson's mother was a Miss Ferris, Kingston, and his grandmother (Mrs. Mary Macdonald by her second marriage) lived all her life, till her eighty-fourth year, at Kingston and Sydneyham. Mr. Thomson made many trips to Sydneyham to see her, and spent some of his vacations here.

REFUSED TO OBEY.

Major Butler Carried His Obstinacy Right Into His Coffin.

Many amusing stories are told of the great formality blended with a humorous brusqueness and independence which characterized early revolutionary days. An incident of a life is related by the author of "Romance and Realism of the Southern Gulf Coast."

In 1798 the first United States troops that came down the Mississippi were quartered at Fort Adams. General Wilkinson, Colonel Hamtramck, Major Butler, Captain Goon and other officers were merry over their punch one night, and the general by some accident got his cue burned off. Angry at the laugh which followed his mishap, he next day issued an order forbidding any officer to appear with a cue. Obedient to orders, all the officers but Major Butler cut off their cues.

"The vain old prig!" said the major. "I'll see him hanged before I cut off my cue to gratify him!" And he boldly appeared without changing the style of his hairdressing.

The major was put under arrest, but he declared obstinately that he would spend the rest of his life in prison before he would comply with such a silly command. Soon afterward he was taken very ill, and, realizing that he was at the point of death, he gave instructions for his burial, which he knew would be witnessed by the whole command.

"Bore a hole," said he, "through the bottom of my coffin, right under my head, and let my cue come through it, that the old general may see that even when dead I refused to obey his orders."

Tale of a Snake.

"Before we went fishin'" said the town story teller, "he swallowed 'bout a pint or half of snake bite remedy an' of course you know what that is. Well, after the snake bit him he kep' cut all sorts of cures, but the remedy went straight to his head. Last thing I tried to do was to swaller its tail, an' it got itself in the form of a hoop, an' I'm a liar if the children didn't roll it around all day!"—Atlanta Constitution.

Ice Thick Around Glendower.

Glendower, April 21.—The ice is very thick in the lakes, thicker than it has been for some years. There is not much sugarmaking this year. Daniel McGowan and family, visiting at Smith's Falls, have returned home. Sidney Dye, visiting friends in this vicinity, has gone home. Miss May Wilson is at home. T. Babcock is visiting at home.

Little by little every day, every hour, we are making final destiny.

BUYS WASHINGTON STOCK.

W. S. Connelly, Hamilton, Acquires Interest in Power Company.

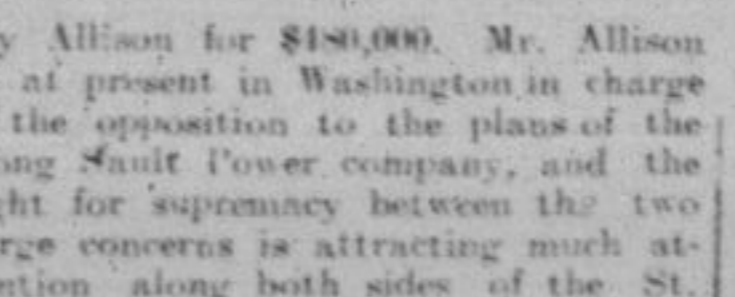

Ogdensburg, N.Y., April 22.—W. S. Connelly, of Hamilton, Ont., formerly connected with Madison's Bank, at Ogdensburg, Ont., has purchased 100 shares of stock in the New York and Ontario Power company at Waddington at par and \$50,000 of bonds at \$1. Mr. Connelly is an enthusiastic believer in the possibilities of great power development achievement at Waddington. The state commission some time ago authorized the issue of stock to the amount of \$800,000 par value to be sold at par, and the issue of bonds to the par value of \$1,500,000, with 81 per cent of par value as the minimum price at which they might be sold.

It is stated that the Waddington power site was purchased by J. Wesley Allison for \$180,000. Mr. Allison is at present in Washington in charge of the opposition to the plans of the Long Sault Power company, and the fight for supremacy between the two large concerns is attracting much attention along both sides of the St. Lawrence river.

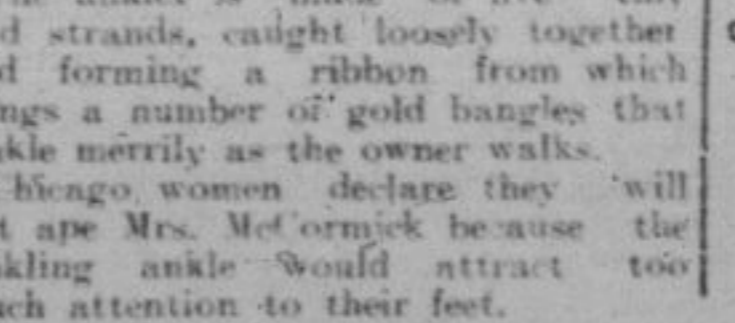

Chicago Women Won't Ape.

Chicago, April 22.—A poll among Chicago women show that not many of them will ape the style set by Mrs. Harold F. McCormick, daughter of John D. Rockefeller, in wearing a gold anklet.

The anklet is made of five tiny gold strands, knitted loosely together and forming a ribbon from which hangs a number of gold bangles that tinkle merrily as the owner walks. Chicago women declare they will not ape Mrs. McCormick because the tinkling anklet would attract too much attention to their feet.

The Latest Style From New York

Every lady is interested in hair dressing styles because a becoming and effective coiffure adds much to her personal appearance. Individual attractiveness is very largely dependent upon the hair. Therefore we say "Take care of your hair." A few moments each day devoted to brushing the hair, massaging the scalp and an application of NEWBRO'S HERPICIDE from two to four times each week will accomplish truly wonderful results.

Herpicide IS A MOST EXQUISITE AND DELIGHTFUL HAIRDRESSING. Hair that is neglected shows it—and quickly. It is uneven, dull, brittle and the scalp usually infested with dandruff. Hair in this condition is unsightly and cannot be made to look neat, no matter how carefully arranged. The above simple suggestion relative to the care of the hair will, if followed, correct all of this. The hair takes on an astonishing luxuriance and beauty which are always associated with the use of this wonderful scalp prophylactic. With the removal of dandruff and the restoration of a healthy condition of the hair and scalp, the hair ceases to fall out and nature asserts herself in a manner which is almost at once noticeable. Try it and see. NEWBRO'S HERPICIDE destroys the invisible microbial growth which causes dandruff, and keeps the head clean. NEWBRO'S HERPICIDE was the first preparation made to kill the dandruff germ. It has for years been known as "The Original Dandruff Germ Destroyer." Any preparation for which the same claims are made is trading upon the reputation of NEWBRO'S HERPICIDE and is an imitation. Don't take something "just as good." Insist on having genuine HERPICIDE. One Dollar Size Bottles Sold and Guaranteed by All Druggists. Applications Obtained at the Better Barber Shops and Hair Dressing Parlors.

Model From Sattler's New York City. Instructions.—(See Note.) The hair is marcelled, dressed with a slight part, soft toward the face. The rest of the hair is taken up in centre of the head and used as a foundation to which is added Grecian Puffs. An Aphrodite Coil is placed like a ribbon around the puffs. The ends of the coil are used to finish the dressing made into two large loops and fastened with hair ornaments as shown by the back view.
