### THE CONSERVATIVE SCHEME OF BLOCKING.

Refuse to Accept Any Offer From the Opposition—Reciprocity Bill Will be Pushed Through.

Ottawa, April 27.—A well-attended liberal caucus was held this morning when stirring speeches were made by party leaders and it was decided to take the challenge thrown out by the conservative caucus of yesterday and fight to the finish in the commons on the question of reciprocity bill. The decision was practically unanimous, and all agreed to make personal sacrifices to do it.

It is understood that the conservatives will vote in support of the bill until adjournment till the middle of July to permit the attendance of Canada's delegation to the corporation, but the liberal caucus declined this concession, feeling that the government is in honor bound to push the bill through to a vote before concluding the present session.

The feeling here this afternoon is very tense, the opinion being that this means a continuance of the session, the absence of the Canadian members from the corporation, followed by a dissolution of parliament and a general election before the end of the year.

### FATHER AND MOTHER QUARREL OVER DAUGHTER AND BEAU.

Seek Separation After Husband Objects to Daughter Keeping Lights Low—A Rare Case Comes to Court.

New York, April 27.—After thirty years of married life John D. Dautel and Mrs. Bertha L. Dautel divided over the ethics of courting as applied to their daughter, Louise Amelia Dautel. They appeared yesterday before Justice Ford, in the supreme court, in a suit for separation brought by Mrs. Dautel on the ground of cruelty.

Mrs. Dautel testified that the defendant's habit of spying on his daughter while she was entertaining young men in the parlor brought on the quarrel. Mr. Dautel, she said, not content with reproving the daughter, beat and choked her.

Mr. Dautel's counsel asked the plaintiff if she thought her husband cruel because he scolded Louise "when he happened to go into the darkened parlor and discovered his daughter sitting in a widower's lap."

"He was spying on her when he had no business to," the plaintiff answered. "He was always playing Peeping Tom somewhere."

"Do you think Mr. Dautel was guilty of cruelty when he requested Louise to keep the parlor door open and the light lighted while she was entertaining company?" she was asked.

"Well, it wasn't necessary for him to choke her to make her understand. Besides by keeping the gas low and the doors shut Louise kept the mosquitoes out. Lou was always very economical."

Mr. Dautel, who lives at Blauevelt, Rockland county, is supported in his views on courting by his two grown children, John W. Dautel and Elsie Dautel, who live with him.

Mr. Dautel is sixty-seven years old and Mrs. Dautel a year younger. Justice Ford reserved decision.

### M'DERMOTT FREED

EVIDENCE NOT STRONG ENOUGH TO CONVICT.

Judge Price Dismissed the Charge Against the Young Man of Rolling C. R. Horne's Butcher Shop.

Edward Mc Dermott, the young man who was accused of breaking the plate glass window in the store of Clifford R. Horne, Princess street, and taking part of the contents last week, appeared before Judge Price at the Court House, Thursday morning at eleven o'clock. When given the choice of being tried by Judge Price or by jury, he elected to be tried by the judge and the case proceeded.

Witnesses who testified at the case in the police court on the morning of the robbery, again gave evidence, which tallied with that given before. No direct evidence was forthcoming that Mc Dermott was the one who committed the crime, although suspicion pointed to him as being the man.

Judge Price gave him the benefit of the doubt, and allowed him to go, but warned him that if at any future time he should appear on a similar charge this case would be used against him. Crown Attorney Whiting conducted the case for the prosecution, and J. Mc Dermott for the prisoner.

### TO SEPARATE QUEEN'S FROM THE CHURCH.

Queen's Trustees' Vote on This Question Was 17 to 4—Appointments Made to Staff—More Professors to be Engaged.

Queen's university board of trustees, at its annual meeting on Wednesday night, decided to once more ask the general assembly to take steps to separate the university from the Presbyterian church in Canada. After a lengthy discussion the following resolution was adopted by a vote of 17 to 4.

"That, in compliance with the resolution passed by the general assembly and communicated to this board, the trustees have given further effort to reach unanimity; they desire to point out that absolute unanimity is found to be impossible, that a very large majority of the trustees favor those proposed constitutional changes; that a recent appeal to the graduates has called forth an overwhelming vote on their part in favour of these changes. The trustees, urge that in the interests of the university the resolutions arrived at by the assembly's committee should be carried out, and they respectfully ask that the assembly cooperate with the board of trustees in procuring the legislative necessary to give effect to the proposed changes in the constitution of the university."

The committee to make the statement, regarding proposed constitutional changes reported that they had issued a statement and ballot. Plan I was for the constitutional changes, as previously adopted by the board, and Plan II, was for a modified connection with the church. The result of the vote was—

Plan I Plan II	
Arts, male graduates	550 41
Arts, female graduates	152 18
Medicine, male graduates	388 13
Medicine, female graduates	8 2
Ministerial graduates	154 55
Graduates in Science	169 3
Graduates in Education	8
Total	1,429 134

Hamilton Cassels, K.C., Ottawa, was selected by the graduates to take the place of Principal Candier, resigned. Dr. James Douglas, New York, was re-elected by the University Council.

A resolution of condolence to the relatives of Hugh Weddell, deceased, (Peterboro) was adopted.
