**HARD ON THE TREES**

WHEN THEY GO TO BEAUTIFY THE CITY.

Board of Works Believe Too Many Cut Down—Action Deferred on Proposal to Open Sydenham Street.  
That some citizens are hard on the trees, wanting them cut down, when there is no necessity for doing so, was the opinion expressed by some of the members of the board of works, at their regular meeting on Thursday afternoon. It was considered a great shame the way some people acted, in wanting permission to cut down trees which interfered with walks. Some of the trees are twenty and twenty-five years old, and go to beautify the city, yet there are citizens who ask that they be cut down.

The matter was discussed, when a request came from J. Jenkins, Division street, to have a tree removed as it interfered with a walk. The request was left with the chairman and city engineer with power to act. Mr. A. Higney, the chairman, presided at the meeting, and the other members present were: Aids. Carson, Toye and Harrison.  
Robert Moon, 12 Alma street, appeared in support of a request he made to the city council, which was referred to the board. He asked that the city pay him for the work he did about seventeen years ago, in the construction of a drain on his property. The city furnished the tile for the drain and Mr. Moon, with some assistance, did the work. With in the past year, it appears that a couple of citizens have tapped the drain, and now Mr. Moon considers that he is entitled to be paid for his work out of the funds of the city.  
Mr. Moon was not in a position to present the amount of his claim, and he was requested to do so at the next meeting and then the board will act. Mr. D. Henry complained about stagnant water in a vacant lot off Stephen street, owned by the city, and which is used as a roadway. Arrangements may be made to have it filled in. The city engineers will investigate the matter.

Two tenders were received from local liverymen, for the use of a horse and rig, which will be needed for the city engineer's department, during the summer months. One tender was \$32.50 per month, and the other \$25. The latter was accepted. It was presented by Frederick A. Bibby. Last year, it cost the city \$25 per month, for the use of a horse and rig.  
Two tenders were received for the supply of oil, which will be needed for the streets, but action was deferred, until a tender is received from a third company.  
As several streets are to be paved this summer, the board is anxious to have all the underground work which it will be necessary for the different departments to do, to be carried out as soon as possible, and the different departments will be asked to see to this work. A report was received from the waterworks committee, to the effect that all the work of this kind had been completed on the streets, to be paved.  
The committee decided to accept the offer of the street railway company, in regard to work necessary for the macadamizing of Union street, Barrie to Alfred street, and on Princess street, Division to Alfred street. The extra cost to the city on account of the street railway tracks will amount to \$475. The matter was discussed at the last meeting of the board.  
Tenders will be asked for for the supply of canvass, which will be required for covering over the new side-walks constructed this summer.  
A request was received for a new walk on east York street, Albert to Nelson street, but the board decided that it should be petitioned for in the usual way, before being acted upon.  
The Western Bituminous Paving company will be asked to furnish a small carload of asphalt, which is required for repairing street corners. The price is \$30 per ton.  
The board deferred action on the recommendation of ex-mayor Cooper, for the opening of Sydenham street, from Brock to Penness, referred to in Wednesday's Whig.

Ald. Toye drew the attention of the board to the dangerous condition of the walk on Clarence street, from Ontario street, to the Grand Trunk tracks, and it is likely that a new walk will be constructed.

**Coming Back to Prison.**  
After serving half of an eight-year term, Christopher McGraw was paroled. During his freedom he was convicted on a minor charge in Toronto. Now he returns to penitentiary, in the dear old cell, the familiar bucket and mop, the goose step and other little joys.  
**Square Crown Berries.**  
In Christy's celebrated make at Campbell Bros., Kingston's hat store.  
We carry a full line of Na-dru-co remedies, "Gibson's."  
Capt. Frank Desmore, for over fifty years a master of many vessels on the upper lakes, died at his home in Peterborough, N.J. The funeral was held in Waterstown, N.Y., on Thursday.  
"Wayne" moth bags, "Gibson's."

**You Breathe It**  
By the simple act of breathing, we inhale life and death. You breathe air crowded with disease germs. These lodge in the membrane and at once commence their deadly work. In a night, you develop a cold and before long you are in the grip of Canada's deadliest enemy—croup.  
You also breathe Hyomei (pronounced High-o-mei) and by so doing breathe in life—Hyomei is medicated and vaporized air. In its journey through the breathing organs it arrests and kills catarrh and cold germs, soothes the inflamed membrane and commences the work of healing. Ask druggist J. B. McLeod, what he knows about Hyomei. You will find that he not only sells it, but guarantees it. A complete outfit will cost you \$1 from your druggist or postpaid from the R. T. Booth Co., Ltd., Port Erie, Ont. You will find it invaluable for coughs, colds, catarrh, and all kindred diseases. Money refunded if it fails.

**POLICE ARE PLEASED**

With New Law Regarding Sale of Dangerous Weapons.

Local police are most favorably inclined toward the new law, which went into effect a few days ago, and which states that every person who exposes for sale or sells a bowie-knife, dagger, stiletto, metal knuckles, skull-crackers or slung-shot, or who sells a revolver, pistol or air gun to any person other than the holder of a certificate from the provincial or other police stating that he is entitled to purchase any of those things, is liable to a fine of from \$20 to \$200. The purchaser is equally liable under the act.  
Records must be kept of all sales made, with name of purchaser, and failure to comply involves a fine of from \$25 to \$200. A further penalty of \$50 is provided for failure to report sales every three months to the provincial police.  
Officers are given power to search people who they have reason to believe are carrying concealed weapons, and regulations are included looking to the deportation of foreigners upon whom such weapons are found.  
This action has been hastened by the government by the rapid increase in the number of crimes perpetrated by foreigners. Police have had very little trouble with foreigners using dangerous weapons. The most serious trouble of that kind occurred at the G.T.R. junction, about six years ago, when a gang of Italians, employed by the company because unruly, made a bitter attack on the police. One of the constables being slashed with a knife, and having a very narrow escape from death.  
The new law was brought about as a result of the recent Italian murder in Toronto.

**LAST OF THE SEASON.**

"The Dollar Princess" at the Grand East Evening.  
The last scheduled play of the season for the Grand was one of the three best musical comedies produced here this year, and was witnessed by a large audience. It was "The Dollar Princess," produced by a company of exceptional merit, numbering among its cast: Donald Brian, Cyril Bidolph, William West, Dephna Glenn, Eileen Claford and Hilda Vining. This production has pleased everywhere, for the reason that there is merit to its comedy and music. "Follow Me Round" and "Reminiscences," by E. Pope Stammer, and "Sweet Clara," by Mr. A. H. H. by Donald Brian; "Inspection" and "Typewriting" by Mr. Brian and Dephna Glenn, and "Love, Love," by Hilda Vining, were all sung in a way that made the audience clamor to hear them over again. The settings were very elaborate.

**Preparing for Victoria Day.**

The Victoria celebration committee fully expects that the 39th Separate company, of Watertown, N.Y., will accept its invitation to take part in the celebration here on the 24th. This company has come over for the past two years, and no doubt will again make the trip. The old-time military parade will be held in the morning, by the garrison troops and the visiting Americans. The afternoon events will be military sports, baseball matches and horse races at the fair grounds. This will be the last celebration to be held in Kingston on Victoria day. In honor of the king's birthday, June 3rd, will be observed.

**Buckley Hats are Guaranteed.**

With every Buckley hat you get the following guarantees—  
The color and wear of this hat are absolutely guaranteed, and any hat which will not give entire satisfaction will be exchanged at any time within four months after purchase. We also agree to exchange this hat, if same is damaged by accident during the said four months.  
These celebrated hats, as well as the other leading makes, are to be had in Kingston only at Campbell Bros., the leaders in men's hats.

**For the Horse.**

Kendall's Spavin Cure, Gombault's Caustic Balsam, Absorbine, Reducine. Save the horse. Dr. Page's Spavin Cure, Fleming's Spavin Paste, Kit-chell's Liniment, Scott's Arabian Paste, McLeod's Drug Stores, Cor. King and Brock, and Cor. Montreal and Princess streets.

**At the Orpheum.**

The Raffertys in their side-splitting act at the Orpheum for the remainder of the week, take the cake as fun-makers. Saul Paul Homann had to do a special act in the afternoon as his baggage did not arrive until in the evening. His songs and recitations were both good. In the evening his character quick change work was excellent. The pictures were especially good. "The Message in the Bottle" was very stirring, being a tale of a shipwrecked naval officer.

**Get a Hat With a Name.**

And reputation behind it. Scott, Buckley, Christy, Higney, are included in our immense stock and these makes are recognized the world over as standards of style and quality. \$2, \$2.50, \$3, \$3.50, \$4. Campbell Bros., Kingston's only exclusive hat and fur store.

**Blood Poisoning Prevented.**

You need have no fear of this deadly disease if you apply "Mecca" Ointment promptly to every cut, burn, bruise, scab, scratch, boil or sore spot of any kind. "Mecca" Ointment kills the poison, restores a healthy condition and quickly heals. 25c. at any drug store.  
**He Has Declined.**  
Rev. J. Connolly Dixon, of Amherst Island, has been offered the parish of Newboro, by the Bishop of Ontario, but has declined. He was the first choice of the committee appointed to confer with the bishop.

**The Largest Assortment**

Of new debbies in Kingston in all the new styles, \$2, \$2.50, \$3, \$3.50, \$4. Campbell Bros., Kingston's only exclusive hat and fur store.  
The Canadian Locomotive company turned out a Mogul engine for the C.P.R., to-day, and tested it.

**Men's Tan Buttons**

We have just received a few Men's Tan Button Boots, with up-to-date toes and heels.  
**\$4.50**

**ABERNETHY'S**

**IN MARINE CIRCLES**

THE GRAIN TRAFFIC IS GETTING QUITE BRISK.

Several Grain Carriers Are Discharging at Kingston Elevators—Freight Traffic is Also Getting Heavy—Marine Notes.  
It will keep the Kingston Shipbuilding company busy to have the government boat Polana finished on scheduled time. She was due to leave here on May 7th and that is Sunday, but there are still several days work to be done on her. Built almost entirely of steel as she is, it has been very slow work putting her together and the shipbuilding company consider themselves exceedingly fortunate in being able to finish her so close to the time appointed during the winter. The builders had a great deal of bad weather to contend with, but lately they have been especially favored.  
This morning, as soon as this boat is finished the builders have contracts for several other boats which will keep them at work the year round.  
The grain traffic is quite brisk, just now, several vessels having arrived to discharge, and the marine season may now be said to be in full swing.  
Freight traffic is also getting quite heavy. The steamer Alexandria will be up from Montreal, tonight, and there will be a good deal of freight on hand for her.  
M.T. Co's elevator—Steamer Canadian arrived 10.30 Thursday night, from Port William, discharging 75,000 bushels of wheat; steamer Kinnmount from Port William, is discharging 70,000 bushels of wheat; steamer Westmount discharged 65,000 bushels of wheat, from Port Colborne, and cleared for Belleville, to load cement for the Soo and Port William; steamer Edmonton, with 75,000 bushels of wheat, from Port William, is due to arrive during the day; steamer Saskatchewan is due to arrive to-night, from Port Arthur, with wheat.  
The tug Thomson is due up to-night, tight, and will clear for Montreal, with grain barges.  
The steamer Port Colborne arrived at Richardson's elevator, from Port William, and is discharging 85,000 bushels of wheat.  
The steamer Britannia, unloading at Richardson's elevator, cleared for Oswego, with coal for Montreal.  
The schooner Sowards arrived at the M.T. Co's elevator, with coal from Charlotte.  
The schooner Maize arrived from Fairhaven, with coal, and is discharging at Crawford's wharf.  
The schooner Julia B. Merrill, from Oswego, is discharging at Anglin's.  
The schooner Charley Marshall is at the penitentiary wharf, loading a cargo of stone, for Toronto.  
The steamer Missisquoi was in port from Rockport and Gananoque yesterday. She made her first trip to Brockville, to-day.  
The steamer Advance is loading 40,000 bushels of grain at Port Arthur, for Montreal.  
The steamer A. E. Ames is on the way from Port Arthur to Montreal, with 1,500 tons of oats and flour.  
The steamer D. A. Gordon cleared from Port Arthur, for Montreal, with 110 tons of flour and oats.  
The steamer Plumer cleared from Port Arthur, with 1,500 tons of flour and oats.  
The steamer Turret Crown loaded at the C. N. elevator, Port Arthur and cleared with 110,000 bushels of wheat for Montreal. The steamer Haddington loaded 75,000 bushel of wheat at this elevator for Montreal.  
A steamer was placed for grain, Chicago to Buffalo, Wednesday at one cent. Previous chartering has been done at 1 1/2 to 1 1/4 cent.  
A rate of sixty cents on ore from the head of the lakes to Lake Erie ports has been made. Last year with a seventy cent rate and the amount of ore the largest in the history of the business, very small profits were made some managers only breaking even.  
At Swift's wharf: The steamer Dundas called this morning on her way up; steamer Varuna, of Picton, is running from here to bay ports while the Altha is out of commission; the steamer Belleville is due up to-night.

**INCIDENTS OF THE DAY.**

Newspapers Picked Up by Reporters on Their Rounds.  
Na-dru-co goods, "Gibson's."  
Boom the celebration on May 24th. Help make the 24th of May a celebration a great success.  
Flower seeds, "Gibson's."
