ALL teas may look alike to you—but the difference in Red Rose Tea is in the taste and the smell. Another marked difference is the agreeable strength that puts real quality in the cup with less tea in the pot. Will you try it.

Barbers' Baseball League.
It is not likely that the club will have a baseball team this summer. Their team last summer was only short-lived, although it made a very good showing while in the field. The long hours which barbers have to work is the chief objection to their entering a team. Last summer when they played it was in the afternoons, when business was slack.

Most Children Are Wheat-Hungry

Nearly all children have wheat-hunger—a craving for the body-building elements found in the whole wheat, the most perfect food given to man—his "staff of life" for four thousand years.

The whole wheat contains all the elements needed to build the perfect human body. This cannot be truthfully said of any other cereal. It is through the shredding process (patented and owned by The Shredded Wheat Company) that the whole wheat is prepared in its most digestible form.

By this process all the tissue-building elements in the whole wheat are retained, while the outer, or bran, coat is scattered along the shreds in infinitesimal particles in such a way as to stimulate peristalsis (bowel exercise) in a natural way.

Give a child two Shredded Wheat Biscuits every morning with hot milk and a little cream and he will be fully satisfied and will lose his taste for mushy porridges that are usually bolted down without chewing.

You can't build sturdy boys and girls out of books and sermons. Their bodies must be developed from the food they eat. Shredded Wheat is an ideal food for them to study on, to play on, to grow on.

Shredded Wheat Biscuit with hot milk or cream makes an ideal breakfast for school children and is quickly and easily prepared. The porous shreds of cooked wheat combine naturally with all kinds of fresh or stewed fruits, making a complete, wholesome meal. Your grocer sells them.

TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalades. Always toast it in the oven before serving.
