

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body.

The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

CITY'S OWN SEWAGE

CAUSING INFECTION OF ITS WATER SUPPLY.

The Medical Health Officer Says There is no Danger From the Sewage of the Penitentiary or the Asylum.

The condition of Kingston's water supply was the subject of discussion by the board of health on Tuesday afternoon. Dr. Williamson, medical health officer, reported that bacteriological tests of water samples by Dr. W. T. Connell, had shown slight infection by bacteria of intestinal origin. These samples were taken from outside the intake pipe. Tap water tests showed no infection, proving that the chlorine treatment of the water eliminated the germs.

Mr. Strachan asked the health officer concerning the report by the Toronto authorities that the chlorine treatment simply doped the germs for a few days, and that they revived. Dr. Williamson replied that Dr. Connell had made quite a number of tests in regard to this, and it was found that when a certain strength of chlorine was used, as in Kingston, there was no growth in the water.

NURSES GRADUATED

PRIZES GIVEN AT COMMENCEMENT EXERCISES

Of Kingston General Hospital Training School—Presentations in Convocation Hall.

Convention hall was inadequate to accommodate the large crowd which gathered on Tuesday night, to attend the commencement exercises of the Kingston general hospital training school for nurses. That great interest is taken in the hospital and the work of the nurses was amply shown. People crowded into the hall and were content to stand up during the time the proceedings were on.

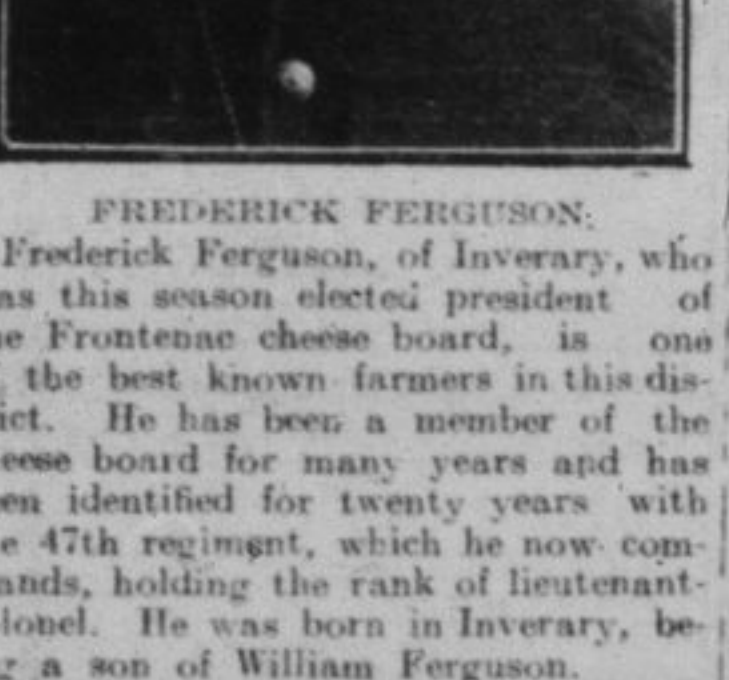

The presentation of diplomas, pins, medals and prizes was a most pleasing ceremony. The nurses, dressed in white, occupied seats on the platform.

F. G. Lockett, the vice-chairman, presided, and after prayer had been offered by Rev. Dr. Macgillivray, expressed the regrets of James A. Minnes, who was unable to be present to take part in the proceedings.

Mr. Lockett pointed out that the year at the general hospital had been a very busy one. He paid a warm tribute to the work of the nurses, the attending doctors, and to the able superintendent, Dr. Boyce.

CHEESE BOARD PRESIDENT

Frederick Ferguson, of Inverary, Well-known Farmer.

Frederick Ferguson, of Inverary, who was this season elected president of the Frontenac cheese board, is one of the best known farmers in this district.

He has been a member of the cheese board for many years and has been identified for twenty years with the 4th regiment, which he now commands, holding the rank of lieutenant colonel. He was born in Inverary, being a son of William Ferguson.

PICTURE MACHINE EXPLODED

Operator Narrowly Escaped Being Blinded.

While taking flashlight pictures in the Simpson House, Lindsay, W. E. McIntosh, of 48 Humbert street, Toronto, and formerly chef at the Benson House, Lindsay, had his face and head badly burned by a machine exploding. He was taken to Koss hospital and received treatment, but it remained for Zam-Buk to heal the terrible burns.

Speaking of the affair, Mr. McIntosh says: "At the hospital I was kept masked night and day for five days. At the end of that time the burns were still very bad and the doctors would not hear of my returning to work. I knew if only I could get some Zam-Buk for the burns, I would be back at work in quick time."

"At last I left the hospital and went straight to a local store, and bought some Zam-Buk. At the hotel I applied a Zam-Buk dressing, and this cooled the burning, stinging and gave me quick relief. I kept on with the Zam-Buk treatment and returned to work. Within just one week after first commencing with the Zam-Buk treatment the burns were completely healed and I might have defied anybody to detect where they had been."

Upon hearing of the above facts the Zam-Buk Co. communicated with A. Gillies, the proprietor of the "Lindsay Watchman-Warrior," and asked corroboration. Mr. Gillies replied that the facts were as stated and enclosed a report from the newspaper which corroborated the occurrence.

"There is no doubt that for burns, scalds, cuts, scratches and abrasions, however serious, Zam-Buk is the fastest known remedy. It is also a sure cure for eczema, piles, ulcers, abscesses, scalp sores, children's rashes, and eruptions, sore feet, chafings, insect stings, inflamed wounds, festering and skin diseases generally. Zam-Buk Soap should be used in conjunction with the balm for washing wounds and sore places. All druggists and stores sell Zam-Buk, 50c. box and Zam-Buk Soap at 25c. per tablet, or post free from Zam-Buk Co., Toronto, for price.

Help the Ladies.

The Daughters of the Empire should be encouraged in their work of charity at the coming fair in the armouries. The organization's work is largely educational. It is supporting a nurse and dispenser, the latter which it hopes to open down town shortly. The organization supplies the doctors with food and medicines for the poor patients suffering from tuberculosis. The nurse employed seeks in her work to help the well members of the afflicted families by pointing out the best means to fight the disease and also the benefits of sanitation. It is to further these various things that the ladies are engaging in the fair and they look for support from the citizens.

Mark Twain's Works.

If you are interested in obtaining a complete set of all his books at one-half the former price on the easy payment plan it will cost nothing to get full particulars and a new thirty-two page book "Little Stories About Mark Twain." Address Box 409, "British Wing" office.

"Royal" Veneer

Makes all things new. For sale everywhere.

A woman can be so loyal to a man that she will be grateful to him for an allowance that he makes her but never pays her.

Going to illness Arthur Craig was unable to be present to assist in the musical part of the programme but as the chairman remarked in a jocular way, he sent a good substitute in the person of Mrs. Craig, who rendered two solos in sweet voice.

Lieut.-Col. Massie was called upon to present the diplomas to the nurses and he ably carried out this part of the programme, after making a brief address of congratulation to the nurses.

Mrs. F. F. Miller, Napanee, and Mrs. George Nicol, Cataraqui, presented the pins to the graduating class, and before the presentations were made the chairman took occasion to refer to the able assistance given the hospital by the ladies in Napanee.

The graduating class is composed of the following: Miss Claudia Boskill, Ross Mount; Miss Jean McCallum, Glenburnie; Miss Mary E. Stinson, Warburton; Miss Hattie Brydon, Barrie Hill; Miss Lulu Haste, Wright, Quebec; Miss Edith M. York, Tamworth; Miss Ethel Wood, Ivanhoe; Miss Bertha Guild, Mallorytown; Miss Helen Hinch, Hinch; Miss Beatrice Galbraith, Arnott; Miss Ruby Cornett, Gananoque.

Dr. D. E. Mundell was called upon to address the graduating class. He congratulated the class, and paid a warm tribute to the work of each member of the class. Each one had been painstaking in the duties undertaken.

Dr. Mundell referred, in an interesting manner, to the heroic work of Florence Nightingale, and urged the nurses to show kindness, loyalty and sympathy towards the patient.

In his closing remarks the speaker referred to the able part taken in the work of the hospital by Miss Hunter, the secretary, and this reference was warmly applauded.

Miss Mona Knight rendered three fine solos, "Love in May," "Springtime of Love," and "It Was a Lover."

The gold medal, won by Miss Boskill, for the highest number of marks for the year, was presented by W. F. Nickle, M.P.P.'s. He referred to the fact that a sound mind and body were essential to the life of a nurse. They must be well trained, well balanced and well developed. There was also a great need for sympathy.

Abraham Shaw presented the silver medal to the winner, Miss Jean McCallum, who secured the second highest number of marks for the year. Mr. Shaw spoke of the training received by the nurse, and stated that there was no profession which required so much self-reliance and resourcefulness as that of the nurse.

In the absence of James A. Minnes, the special prize for highest proficiency during the three years, won by Miss Boskill, was presented by Dr. Boyce, the superintendent. The prize donated was a handsome gold brooch.

Dr. Boyce congratulated Miss Boskill, and referred to her good work. He said that Miss Boskill had been a hard worker, from start to finish, during her three-year course. He pointed out that the only road to success was through industry.

Dr. A. R. B. Williamson presented the intermediate class prize won by Miss Marion Stevens, Napanee, and given by the medical staff, and Dr. A. P. Chown presented the junior class prize, given by the board of governors, at the hospital, and won by Miss Jennie Allen, of Sharbot Lake. Drs. Williamson and Chown made short addresses, congratulating the winners on their good work.

This concluded the presentations, and Miss Massie then favored with three extra fine numbers, "A Sad Tale,"

"Seven Times One," and "In Disgrace."

Miss Shaw acted as accompanist for the evening.

The proceedings were brought to a close with the singing of "Praise God From Whom All Blessings Flow," and the national anthem.

PLEVNA GOLDEN WEDDING.

Mr. and Mrs. Iro. M. Wood, the Aged Couple.

On Monday, the 8th inst., the fiftieth anniversary of the marriage of Mr. and Mrs. Ira M. Wood, Plevna, was celebrated by friends and relations. Several who were unable to be present in person forwarded appropriate souvenirs and congratulations. The dinner table was occupied by forty-seven persons, about thirty of whom remained for an evening toast. Among the relatives from a distance was a brother, P. M. Wood, accompanied by his wife, from Leeds county, also a son and his wife, and two grandchildren from Kalamazoo. There were also five daughters of the aged couple. As a variation in the usual ceremony, at golden wedding anniversary services, there was the baptism of a great-grandson and was indeed an exceedingly impressive service, conducted by Rev. C. Huyck, who also conveyed in a suitable address the hearty congratulations of the whole gathering. It might be mentioned that John Albert and Mrs. E. Card were also present at the celebration of Mr. and Mrs. Wood's silver wedding, twenty-five years ago. This elderly and highly esteemed couple are holding their anniversary in a remarkably manner, although somewhat feeble, for the time being. The wife also extends congratulations to Mr. and Mrs. Ira M. Wood.

BLACK BIRDS CHARGED

With Robbing the Nests of Other Birds.

Kingston, May 9.—(To the Editor)—Is it true that the species of black bird, now largely increasing in the city, robs the nest of other birds, by eating the young birds or destroying the eggs? Even our pet robin, I have reason to believe, is a sufferer, and is afraid of them when they come in numbers. I have seen a crow, come quietly, rob a nest, and quietly leave. It seems to me that crows and black birds are very much alike in this respect. I am very fond of little birds, and I think they ought to be protected. I am perhaps, writing more information, but if I am correct in thinking these birds a nuisance, I want to let others know, so that means may be taken to banish all robbers and marauders, these birds, which are a menace to my little friends.—CITIZEN.

A CLEAN SCALP

Secured by Parisian Sage.

In order to rid your scalp of filthy dandruff you must kill the germ. Parisian Sage will assist you to do this for it is guaranteed by J. B. McLeod, to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks or money back.

If you have dandruff, get a large 50 cent bottle to-day and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

Sold by druggists and dealers everywhere.
