WHAT I WENT THROUGH Before taking Lydia E. Pinkham's Vegetable Compound.
Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep my mind on my work. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my notice."—Mrs. NATHAN B. GREATOR, 31 N. WOMEN HIDE SECRET. London Doctor, Declares Drinking is Fast Growing.
B. Murray Leslie, in the current number of National Health, makes the startling assertion that there is far more secret drinking among upper and middle-class women than is generally known.

The most cunning secret drinkers appear to be old maids or married women without children. Loneliness and monotony, with no outlet for the expression of the natural emotions of joy and love, are the main causes ascribed by the doctor inducing inebriety in women.

Among the effects of drinking on women he names are loss of will power and self-control and the blurring of the sense of right and wrong. In conclusion, Dr. Leslie says drinking women become creatures of impulse, no longer controlled by judgment. They steal, spread scandalous stories and violate the proprieties to put it mildly, because their power of control has ceased to exist.

IT IS NOT IN THE BLOOD. Medicine Taken Internally Cannot Cure Eczema—It Is Caused by Germs.
Eczema cannot be overcome by ordinary treatment and the old-fashioned way of dosing the system with drugs. Eczema is caused by a parasite germ that borers into the skin. It is generally a contagious disease. Until the parasite is completely destroyed and removed, eczema cannot be cured.
