LONG DISTANCE COURTSHIP.

Began in Falton, Ended in Water-town.

Watertown, N.Y., May 13.—A romantic long distance courtship was brought to an end, on Thursday, when James H. Underwood, of 1,017 Bronson street, Watertown, and Miss Laura Wilks, of Belleville, N.J., were married by Rev. J. Foster Wilcox, pastor of the First Baptist church.

The ceremony was quiet, as the couple have been keeping their plans to themselves. A few of their immediate friends only were aware of their intentions.

Mr. Underwood, who is an officer of the First Baptist church, is employed at the H. H. Babcock company factory. He is a widower, his first wife having died about a year ago. Miss Wilks is a companion nurse. Some time ago, according to Mr. Underwood, he met Miss Wilks in Falton, N.Y. The friendship that sprang up between them ripened into love and after a long correspondence, growing stronger from the friendship first formed, they were betrothed.

Miss Wilks came here, Tuesday night and on Wednesday the couple procured a marriage license at City Clerk Stroeter's office. The marriage was performed on Thursday.

NO RESTRICTION NOW

On Steamers Carrying Small Arms Ammunition.

A circular has just been issued by the steamboat inspection service, department of commerce and labor, Washington, which is of interest. It reads as follows: "Tests of the handling of small arms ammunition, and the rough usage to which it may be subjected without risk of danger from fire or explosion, having been witnessed by representatives of this department, you are advised that the results of these tests justify beyond doubt, the conclusion that small arms ammunition may be transported without restriction on steamers carrying passengers, and that it need not be confined to the magazine of the vessel as heretofore required, with the exception that large calibre blank powder should be stowed as previously required in the magazine.

All rulings previously made upon the transportation of small arms ammunition, inconsistent with the ruling now made, are hereby revoked.

NEW THEOLOGIST

HE PROPOSES VISITING CANADA THIS SUMMER.

Rev. Mr. Campbell, of the City Temple, London, a Remarkable Preacher, Will Probably be Heard in Toronto.

London, May 13.—Rev. R. J. Campbell, famous pastor of the City Temple, and successor of Dr. Parkes, will visit Canada and the United States on a preaching tour at the end of July, and return for Christmas.

Mr. Campbell, who is the leader of the new theology movement, says he will preach on the lines of his advanced beliefs.

The announcement that Rev. Mr. Campbell will visit Canada—which surely means Kingston—will be received with great interest. Most people will doubtless remember how about four years ago this wonderful young preacher startled his huge congregation at the City Temple, London, by declaring himself a socialist and stating his agreement on many vital points with recognized interpretations of the scriptures. For some time it looked as if he would not be able to remain at the City Temple, the feeling was so strong against him.

To-day the same people who tried to oust him from his pastorate are financing this new order, called the "Pioneers Preachers," whose members will carry the doctrines of liberal Christianity—as he calls his teaching—throughout the country.

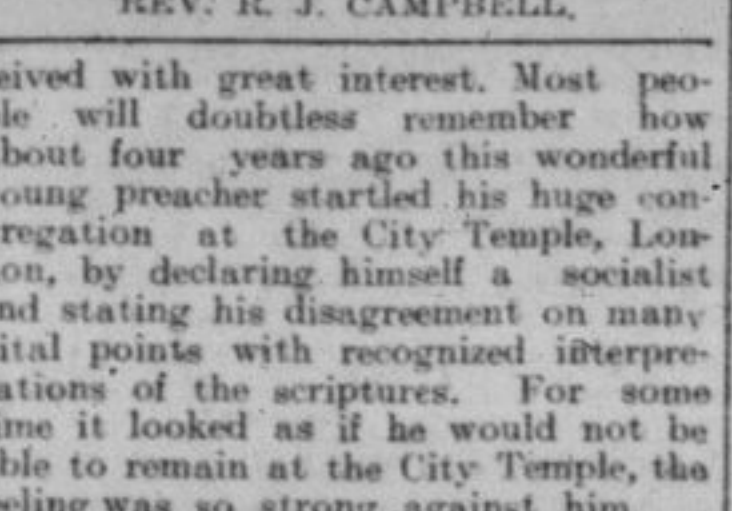

It is also interesting to note that this most Protestant of theologians is going back a long way. He does not hesitate to declare his belief in the celibacy of at least some of the clergy, and, in fact, celibacy is practically a condition of membership in his new order. The twentieth century preaching friars also will live the communal life in of hostel under the rule of a director, just as the monks of old lived in their monasteries under the rule of a prior or abbot.

"You see," he said recently, "this is nothing more or less than a re-embodiment of the old preaching friars who used to tramp up and down the country carrying the word of God to all and sundry."

The preaching friars have met already with phenomenal success in Plymouth, Portsmouth, Southampton and other southern coast towns.

Mr. Campbell is under forty, but his hair is as white as snow, his face shaven face is as colorless as ivory and but for his fine firm jaw would appear effeminate. His eyes are his most striking feature. They are surrounded by a pair of bushy black eyebrows under which they seem to burn like live coals.

WHISKEY FOR THE STOMACH

"My Stomach's Bad and I Find That a 'Little' Liquor Is Good For It."

Take the Gatlin Treatment—In THREE DAYS Your Stomach Will Digest Food Perfectly, Your Appetite Will Be Good and You Will Not Crave or Desire Liquor.

NO HYPODERMIC INJECTIONS

YOU DRINK LIQUOR for your stomach—but what is WRONG with your stomach that it seems to require liquor? Before you commenced drinking it didn't demand liquor—NOW you find that alcohol has become a physical and nerve necessity. Alcoholic poison accumulates in the system—its antidote is MORE alcohol. When you take a drink, alcohol temporarily deadens the nerve-pain caused by the accumulation of poison, and you feel better, but its effects soon die out, and there is demand again for replenishment—thus you are attached to an ENDLESS CHAIN OF DRINK. You keep right on drinking because you CAN'T STOP until this poison is eliminated by the Gatlin treatment—the only treatment that will eliminate it but THREE DAYS' TIME required.

CRAVING GONE IN THREE DAYS

In THREE DAYS from the day you commence the Gatlin treatment every trace of alcoholic poison disappears from the system—with it, craving, desire and physical and nerve necessity for liquor also disappear. In THREE DAYS the liquor habit is gone, the stomach is returned to normal condition, and all the organs of the body are performing their natural functions, which they have not been doing since you have been drinking liquor. Because Miss Maude E. Woods, an instructor, is ill with diphtheria, the entire staff of servants in Petnam hall, the Vassar preparatory school, deserted their posts to-day. The students are being fed in local hotels. The Trusts & Guarantee Company, Limited, Toronto, are applying for letters of administration in the estate of James Horbath, otherwise known as John Hewat, of the village of Sandpoint, County of Renfrew, who died on or about July 11th, 1910. The chief asset of the estate consists of cash in bank.
