# THE SPORT REVIEW

## BASEBALL GAMES ARRANGED FOR VICTORIA BAY.

Mayor Graham to Pitch First Ball at Opening of Sunday School League—St. James Will Drop Out—Other Sport Notes.

The executive of the City Baseball League had a long and strenuous session at their meeting Wednesday evening. A lot of business was done, and the meeting not adjourning until about ten o'clock. Dr. J. J. Hart, the representative of the sports committee of the Victoria Day celebration was present, and the games for Victoria day were arranged. In the morning at ten o'clock, Athletics and Victorias will play. In the afternoon the junior Athletics and Park Nine will play, and the senior game at three o'clock will be between the C.L.C. and the winner of the morning game. The game in the morning will be played in the cricket field and those in the afternoon in the fair grounds.

A vote of thanks was tendered to Dr. J. J. Hart for the assistance he has given the city league in the past. The challenge from Eaton's baseball team was read, and Secretary Trotter was instructed to write to them and inform them that the challenge would be entertained at a future date. A number of players who were blacklisted last season were reinstated. George Sullivan will umpire the game on Saturday.

### Had Long Session.

The meeting of the executive of the Sunday School A.A.A. did not get the business of the evening completed until 10:30 o'clock Wednesday evening, when they met in the Y.M.C.A. building. E. F. Trimble presided. The main feature of the evening was the reading of the constitution which had been drawn up by a committee. Several clauses were inserted, among them being the following:

That all games should commence at 6:30 o'clock and consist of five innings. Teams will be allowed fifteen minutes grace, and if not on hand a team must forfeit its game. The game will be played on Victoria school ground.

In its endeavor to put down swearing, which was one of the regrettable features of Sunday school ball last season, the executive decided that any player who was heard swearing would be suspended until the executive saw fit to reinstate him. The umpire was given power to suspend any player who uses profane language, and who gives back talk, and his action be referred to the executive to be dealt with. Any player who obtains a certificate and is not entitled to one will be suspended, and the matter referred to the executive. A staff of umpires will be appointed, and the gentlemen will be approached with the request to act. It is altogether likely that Mayor Graham will pitch the first ball at the opening of the league, Thursday, May 25th, and that E. F. Trimble will catch it. The president and secretary will meet on Saturday evening to draw up the schedule for the season.

### After Trespassers.

The committee of Queen's students that has charge of the Queen's athletic field, has placarded the fence with notices to the effect that any persons found on the grounds will be arrested. They have decided to have no baseball on the field at all, and anyone, outside of the members of the Y.M.C.A., which institution has rented the field for the summer, if found trespassing, will be handed over to the police.

### Y.M.C.A. Athletic Events.

In the athletic events held last evening, on Queen's athletic field, by the seniors of the Y.M.C.A., W. Beamish won the 50 yard dash from scratch. H. Jones, with seven yards handicap, was second, and G. Fleming, who started on the two.

yard mark, was third. Time, 11 seconds. H. Singleton won the high jump, G. Fleming taking second place and F. Beckwith coming third.

The business boys will hold their athletic events this evening. The events will be hop, step and jump, fifty yards dash, half mile run and team relay race, four men to a team, each running 220 yards.

### Chaucer's Team Won.

The Canadian baseball league schedule opened on Wednesday and "Chaucer" Elliott's St. Thomas team won its opening game, defeating Hamilton, 6 to 5.

### Tag System for City League.

The tag system with regard to collections at city league games will be used again this season. The scheme worked very successfully last season, and was the means of inducing a great many to open their hearts and also their purses. Those who attend the big game on Saturday are asked to remember to bring their purses along, and to open them when the box is passed around. To have such sport as the city league has been giving for so many years, the money must be forthcoming. If an admission fee were charged, no one would see these games for less than a quarter.

### St. James May Not Have Team.

It was given out unofficially at last night's meeting of the S.S.A.A.A. that St. James' Sunday school might not be represented in the baseball league. Inability to get the players together is given as the reason for the abandonment of the scheme. At the beginning of the season, it was generally acknowledged that this would be one of the strongest teams in the league. This will make a five team schedule.

### First Junior S.S.A.A.A. Game.

The first junior S.S.A.A.A. will be played one week from Friday evening, between Sydenham and St. James' at the Victoria school diamond. There will be four teams in the junior league this year.

This week, the finishing touches are being given to the lawn on Queen's campus, and it is expected that everything will be in good shape for the opening next week. The members are very anxious to get back into the game.

Meeting him one day on the main street, the senator said: "Big, do you know of anybody that's got a horse for sale?" Big, chewing gum, gave the senator a patronizing smile. # THE CEMENT INQUIRY

## TO BE MADE IN THE USUAL WAY.

Immigrant Girls Are Not Promised Husbands—The Oliver Investigation is Proceeding.

Ottawa, May 18.—At the morning session of the committee, Mr. Fielding intimated that an investigation would be taken into the charges of Sir Sandford Fleming against the cement merger, in the usual manner, as the bill came before the private bills committee.

Hon. Frank Oliver assured the members of the opposition that the movement immigration officials had no instructions to assure immigrant girls that they would be found husbands as soon as they landed in Canada.

It was announced that Lieut. Graham, Midshipman Victor Brodeur, son of the minister of marine, and Percy Nelles will be the officers of the Canadian navy at the coronation.

The committee investigating the graft charges against the minister of the interior, Hon. Mr. Oliver, held a session this morning, hearing the evidence of E. E. Young, superintendent of railway and swamp lands regarding grants of land to railway companies in the west.

### GIRL OF GOLDEN WEST.

Composer Told Story at a New York Diner.

Puccini, the composer of "The Girl of the Golden West," was responding to a toast on music at a dinner in New York.

"One of my musical reminiscences," he said, "relates to Milan. Visiting Milan on a rainy winter day, I dined near the cathedral and then strolled in the direction of La Scala. Lo and behold, my own opera of Tosca was billed at La Scala for that evening, so, of course, I couldn't resist a stroll."

"La Tosca was received warmly by a crowded house. The applause was almost frantic. In fact, a young woman seated on my left got so annoyed because I didn't shout that she pushed me, a frown wrinkling her pretty brow."

"Why don't you applaud that masterpiece?" she said.

"Masterpiece?" said I, and I laughed sarcastically. "Masterpiece? Oh dear!"

"Don't you like the music?" she demanded.

"No," said I. "It's the work of an amateur."

"You know nothing of art," she cried, and you will talk like that."

"O, don't I?" said I. And then I proceeded to prove to her, according to the laws of thoroughness and counterpoint, how poor a work La Tosca was. I told her this aria suggested Verdi, that chorus was a reminiscence of Wagner, and I finished my own music into a coughed hat.

"When I finished the young woman said: "Is that your real opinion—your sincere conviction?"

"Very well," said she, with an odd little cry, and my talk for the next morning the first thing I saw in my newspaper was the heading "Puccini On Tosca." And there I read, word for word, my remarks of the night before. The young woman, a musical critic, had recognized me. When I thought I had tricked her, she was gulling me."—Detroit Free Press.

### QUEEN FAVORS

The Return to the Simple Fashions.

SEAS QUEEN MARY OPPOSES.  
Big hats Excess of jewels  
Lip rouge Elbow sleeves  
Face rouge Uncollared waists  
Harem skirts Too much powder  
Hobble skirts Cigarette smoking.

So three cheers for Queen Mary. So cries you may see. The folks who are not—along on fads—when they read that one more than has come under the big of Queen Mary. According to cable dispatches, the first lady of that land has set the seal of her displeasure upon face rouge and lip rouge. From this and other recent dispatches, Queen Mary is striving, according to her admirers, to bring about a return of the women of her world to the simpler and more genuine phases of life. Among the extremes of fashion against which she has set her face are the hobble and harem skirts, the late elbow length sleeves, uncollared afternoon dresses and other feminine foibles of the moment.

### A New York Town's Blind Collector.

Arade has the distinction of electing the first blind man in the history of the world as collector. A. Henry Wallace is a wonderful young man and does almost incredible things and goes about the streets of Arade as easily as a person with two good eyes. Among other things he is the mail carrier for the B. and S. mails and the B. and A. mails to and from the depots. He delivers the morning papers to any house in the village and never makes a mistake. He can often be seen running along the walks to catch the train. He can tell almost any person with whom he has talked by name, simply by the sound of the voice. He carries a watch and can tell the time as easily as any person.—Arcade Herald.

### An Ancient Instance.

Chicago Tribune.  
Hambur had crossed the Alps and one of the big elephants was chuckling over the performance.

"Well, we put him over," said the elephant, "but it cost a heap in feed, time, strength and—"

"Huh!" interrupted one of the denizens of war, you big stiff!"

Seeing that the controversy was likely to run into politics they decided to leave it to the investigating committee.

### Shifted Responsibility.

"Why do you never go fishing with anybody except Jones?"

"Well, his conscience isn't as sensitive as mine. I like to have him along so that he can do the talking about the day's sport."

"The best is always sure there is taste of his kind in this old world."

# ONTARIO DIOCESE

## TWO LEGACIES OF \$500 EACH REPORTED.

Grants for Mission Stations—League Noted in Attendance of Senior Sunday School Scholars.

The committees of the diocese of Ontario, reported to the executive committee, at St. George's hall, on Thursday morning, Bishop Mills was in the chair, and also present were Dean Bidwell, Canons Groat, Cook, Loucks, Starr, Archdeacon Carey, Rural Deans Jones, Beamish, Dobbs, Armstrong and Patton, Revs. J. H. Serson, McTear, Crisp, Bedford-Jones, Woodcock, Harris, Chancellor McDonald, Francis King, R. J. Carson, G. E. Rutan (Napanea), J. R. Walkem, Col. McGill and Dudley Hill (Napanea).

At the opening of the meeting, the chancellor moved that the rules of order be suspended, and that a committee be appointed to prepare resolutions on the death of Dr. R. V. Rogers and Rural Dean Dobb. These committees were appointed.

The chancellor presented a report of the investigation committee. St. Thomas church, Belleville, was granted permission to sell some land to the school board of Belleville. Applications from the parishes at Trenton and Picton were referred to committees.

It was reported that the late Rural Dean Cook had bequeathed the sum of \$500 to the mission at Ernestown.

Mrs. Austen, widow of the late Rev. H. Austen, Gananoque, bequeathed the sum of \$500 to the Widows' and Orphans' fund.

Rev. Mr. McTear presented the report of the finance committee. This report showed an estimated income of 2,988; estimated expenditure, \$3,045.

In his report of the Lord's Day Alliance Rev. F. D. Woodcock called for better observance of the Lord's Day.

Dudley Hill presented the diocesan augmentation fund report, and the Episcopal report was given by Canon Loucks.

A report on Sunday school work was submitted by Dudley Hill and it showed a great increase in the work. A great leakage was noted, however, in the attendance of senior scholars.

Dean Bidwell presented a report of the diocesan mission fund. This report showed some anxiety, owing to the new system of finance which has been adopted. However it was looked upon as most gratifying. These grants were made:

Class 1, \$100, Ernestown; class 2, \$150, Tweed, Lansdowne Point and Wellington; class 3, \$200, Rawdon and Jamaica; class 4, \$250, Augusta and Marysburg; class 5, \$300, Pittsburgh, Shannonville, Westport and Mallory; class 6, \$350, Lobbrough, Sharbot Lake and Selby; No. 7, \$400, Bancroft, Parham, Clarendon and Palmerston, Pannockburn, Maynooth and Codrington; class 8, \$450, North Adlington.

Special grants were left at the discretion of the Bishop.

These grants were made: Wolfe Island district \$25, for Simcoe Island; \$100, California; \$50 Edwardsburg; \$136 Oxford Mills; \$400 for missionaries' outfit grants.

Rev. O. G. Dobbs reported for the domestic and foreign missions. The committee paid \$7,300 to the M.S.C.C.

Owing to the fact that there are but a few missionaries on furlough, the suggestion was made that missionary picnics be held in various sections and arrangements be made for appropriate addresses.

Rev. Rural Dean Jones presented the Widows and Orphans Fund debt, which showed indebtedness of \$700. It was reported that this amount would be collected very shortly.

Rev. F. D. Woodcock presented a report of the Widows and Orphans Fund. It was regarded as an optimistic report. One widow and two orphan were added.

Rev. J. R. Serson presented the clergy trust fund. This showed income \$907.

Rev. Canon Cooke reported for the superannuation fund, showing an increase of \$903.

Rev. Rural Dean Beamish presented a report of the rectory lands which showed net earnings of four and three quarters per cent.

It was reported that the synd would probably not receive the Sprague legacy, as it was stated that the estate was hopelessly insolvent.

### Bear Seen at Zealand.

Zealand, May 17.—Bush fires still continue to burn. George H. Garrett had all his fences burnt, and it was with much difficulty that his buildings were saved, as they caught fire several times. A Ferguson and his mother, who have been very ill, are improving. A fine black bear was seen last Monday morning, by several persons crossing the fields, about an acre from Pine Shade cottage. R. G. Garrett, of Silver Hill and Tena Riddell, of Hill Crest, are spending a few days with their uncle, at Pine Shade. Miss Julia Garrett has arrived at her home in Zealand, after spending the winter in Maberly. The factory is in full running order again.

Strange as it may seem, money saving may at times be false economy.
