IN READINESS FOR OPENING OF BASEBALL LEAGUE.

Diamond Will be Rolled Saturday Morning-Mercantile Meeting Last Night-Other Sport Notes.

Everything is in readiness for game on Saturday, at the opening of the City Baseball league. Preparations have been going on for the past few weeks until now the last stroke has peen done, with the exception of rolling the diamond. The officers of the league are looking for a larger attendance at the opening game, if it fine, than has ever been there before. They are also looking for a record collection. The largest collection last season was a trifle over \$70, but everyione is looking for \$100 to-morrow. Those who really enjoy a good baseball game will drop in their quarter, for they say the game is worth it, but it is hoped that those who do not was a surprisingly large numyear. The league is thankful for these but they think the games are at least worth a dime. Cit zens are once more reamateur baseball to the front in this hood.

Will Roll the Diamond. urday. The diamond is of heavy clay, age stated that there would be steady lars has been voted for the harbor and the rain will make at very packy, work until the fall; wages sixty-five work. It will likely be rolled to-morrow morning about six o'clock. This will aid the drying very much.

St. Thomas Won Again. "Chaucer" Elliott's St. Thomas

team won again in the Canadian timeball league game on Thursday, defeating "Knotty" Lee's Hamilton team by 4 to 3. "Chaucer" played right field and made two hits at three

Guelph again beat London, 6 3, and Berlin won from Brantford by 13 to 6.

Mercantile Baseball Meeting. The executive of the Mercantile basehall league had a meeting last evening for the purpose of receiving entrance fees from the different teams. Printers wanted to have their team changed from the six o'clock to the five o'clock schedule, claiming that it could not play at six o'clock. Their request was not granted however, but it is probable that their games will be played at five o'clock, if the posing team can play at that time.

Fair Grounds Need Repairing. It is said that the baseball diamond on the fair grounds is in very bac condition, and will have to be fixed up before the games are to be played on Victoria day. The circus, which ground up in a number of places, and made the place very uneven. There were officials up at the fair grounds Thursday, looking over the situation, "Though Your Sins Be As Scarlet," diamond should be chosen.

It is understood that some opposi-

tion to this course was taken at the meeting, as the process will be slow. It was suggested that it would be far better if the city would buy the bridge at a low figure, and put in the span itself. According to law, the bridge company, it seems, is bound to make the bridge suitable for navigation.
