STRIKE SITUATION

STONECUTTERS AGREE TO AN ARBITRATION.

Stonemasons State They Have No Question in Dispute to Arbitrate—Are Willing to Submit Differences—Now Existing Between Employers and Union.

At a special meeting of the stonecutters, held on Thursday night, the members agreed to accept the proposition made by the building trades, that the difficulty be settled by arbitration and that the name of Frederick Webb, mentioned as an arbitrator, had been accepted. The stonecutters have submitted the name of Ald. Abraham Shaw as their arbitrator.

The letter sent to E. R. Beckwith reads as follows:
Kingston, May 19th, 1911.—E. R. Beckwith.

Dear Sir,—In reply to yours of the 18th inst., re an arbitration committee on the dispute between the masons and stonecutters, I am authorized by this branch to notify you, that at a special meeting of the stonecutters, it was unanimously carried that we accept your proposition, and that the gentleman of your choice is quite acceptable to us, and we take great pleasure in the thought that a settlement is at last in sight. With thanks to the building trades for their efforts toward the same. We submit the name of Ald. Abraham Shaw as our arbitrator.—Yours truly, F. A. MONK, Corresponding Secretary.

The Other Side.

The stonemasons also had a meeting on Thursday night and have notified the different trades, that they have no question in dispute between themselves and the stonecutters, to submit to arbitration. However, they state that they would be pleased to submit the differences now existing. Their letter to Mr. Beckwith reads as follows:

Kingston, May 19th 1911.
E. R. Beckwith, Esq., 292 Earl street, city.

Dear Sir—Your communication of the 18th inst., received, and contents noted.

And in reply, we desire to state, on behalf of Union (No. 10) affiliated with the bricklayers, stonemasons and plasterers, International Union of America, that the same was read at a special summons meeting of the above union, held at labor hall, on Thursday evening, May 18th.

And we the undersigned committee, was instructed on behalf of the above union, to inform you that the Bricklayers' and Stonemasons' Union, (No. 10), of this city, have no question in dispute between the stonemason members of the above union and the stonecutters of this city, to submit to arbitration.

Yet, believing as we do, (and which is established by our general organization) conciliation, and arbitration,

we are prepared, and would only be pleased, to submit the differences now existing between our employees and union (No. 10), to an agreement which we hold and bear the signature of the majority of the mason contractors of the city, before a committee, as proposed in your communication.

Your answer to this communication will be thankfully received as soon as possible, for we have every desire that this matter should be adjusted so that our members who were working on the job at Queen's College again return to their work on Monday morning next, and continue to do their work as called for in the signed agreement, and which they have been going on said job to the satisfaction of the gentlemen in charge, and those who have supervision over the work.

Yours respectfully, on behalf of the Bricklayers and Stonemasons' Union (No. 10), Kingston, Ont. (Signed), James J. Bees, George Morat, Richard Filtz and Thomas Izzard, fourth vice-president of the B.M.P.I.U.

Dear Sir,—In reply to yours of the 18th inst., re an arbitration committee on the dispute between the masons and stonecutters, I am authorized by this branch to notify you, that at a special meeting of the stonecutters, it was unanimously carried that we accept your proposition, and that the gentleman of your choice is quite acceptable to us, and we take great pleasure in the thought that a settlement is at last in sight. With thanks to the building trades for their efforts toward the same. We submit the name of Ald. Abraham Shaw as our arbitrator.—Yours truly, F. A. MONK, Corresponding Secretary.

MONARCHISTS ACTIVE.

London, May 19.—Word has been received here in official circles of the financing of a gigantic scheme to turn out the republican government of Portugal and re-establish the monarchy. It is said that a million dollars has already been raised, and much more is promised.

VERY HEAVY RAINFALL.

Came Down in Torrents on Friday Morning.

Kingston had a very heavy rain storm, on Friday morning. For a time it came down in torrents, and the streets were given a great cleaning. Following up the rain of Thursday morning, it will be great for the farming community.

At six o'clock distant rumblings told of the approaching storm, and shortly after seven o'clock, the rain was coming down at a lively clip. Citizens on their way to work made a raid on the street cars, and they were packed to the doors.

Buy children's barefoot sandals, now and get them cheap, 60c, 70c, and 80c. Dutton's, 209 Princess street.

Gustave Mahler, former conductor of the Philharmonic orchestra, in New York, died at Vienna.

J. S. Leves, the chairman of the Toronto Board of Education, has decided to resign.

Order your corset at New York Dress Reform and you will be sure of perfect fit. 299 Princess street.

Outside of its lines in the states, the C.P.R. is now operating 19,453 miles of road.

The House of Lords sharply criticized Canada's reciprocity pact.

To introduce our new stock, \$2.50 tan or black Oxford \$1.65. Dutton's.

WAS DECIDEDLY HOT

MEMBERS WERE IN A BELLIGERENT MOOD.

A Fight on Over the Government's Grain Bill—Session Likely to Last Far Into Saturday Morning.

Ottawa, May 19.—According to the whole this is to be the last day of the session before the coronation adjournment, but judging from the belligerent mood of the members at this morning's session, it is a day which may last till well on into Saturday morning. Everybody was nervous over the fight by the conservatives against the government's grain bill, which, according to some members, was introduced at the eleventh hour to avoid discussion. Members called each other buffoons, the speaker was appealed to on several occasions and there was an uproar at many times. Finally the bill went to a committee. In the railway committee, Messrs. Lancaster and Bickerdike had a famous row and passed warm and unparliamentary challenges across the room.

ENDS LIFE WITH POISON.

While Divorce Papers Are Being Prepared Woman Expires.

Watertown, May 19.—Mrs. Lawrence Hartman, aged twenty-seven years, died at the city hospital yesterday at the result of a melodramatic attempt at suicide at Dry Hill, some miles from here.

The woman had left her husband some months ago. The husband was seated in a local attorney's office while papers of divorce were being prepared when he learned of his wife's death. Coroner H. L. Smith was notified, but he deemed an inquest unnecessary. The woman was born in Vermoy, Canada, and is survived by her parents, two children, her husband, and a number of brothers and sisters.

Mrs. Hartman rented an automobile Wednesday evening and went to a house on Dry Hill. She was refused admittance. She took a bottle of chloroform from her pocket, which was taken away from her, though later she secured possession of the bottle and swallowed its contents.

TRADES AND LABOR COUNCIL.

Asked to Aid Defence of Alleged Dynamiters.

There was a meeting of the Trades and Labor Council on Thursday night, but very little outside routine business was transacted. The president, William Buck, occupied the chair.

The council is in receipt of a letter from headquarters, asking that the local members give assistance in a financial way, in fighting the dynamite of the labor men, accused of dynamiting the Los Angeles Times building but as yet, no action has been taken in regard to the matter. All the trade councils all over Canada have been asked to contribute.

Makes No Charge for Marrying.

Justice of the peace Mrs. Jeanette Schaefer is responsible for a rather startling innovation. She was elected justice of the peace for Precinct No. 1 on a "no marriage fee" platform, and the idea took like wildfire among the voters, especially the women.

"Just say that I believe in matrimony," said Judge Schaefer, "and I will do everything I can to promote marriage among young people. I do not believe in marriage fees of any kind, and propose to abolish them as soon as I am sworn in." And about, she did.

When County Clerk James D. Barnhart heard of Mrs. Schaefer's action he took counsel with himself. If Judge Schaefer could afford to be so magnanimous in promoting matrimony, why could not he do something along that line? And so a notice was posted in the county clerk's office stating that hereafter no fee would be charged for a marriage license.—Denver Post.

The Quiet Girl.

"Julia is so quiet and retiring she hardly ever cares to go out anywhere, so I just let the child alone," a mother remarked the other day about her sixteen-year-old daughter.

It is a great mistake to let a young girl grow up in this way.

No girl should be allowed to get to the stage where she is content to stay at home and sit in the background in, apparently, stupid silence, while other people take the burden of the conversation. It is a habit that quickly grows on a girl unless she is encouraged to go out and talk. It may be the means of spoiling what would have been a happy life.

Talk to her and get her to talk to other people and she will soon get over her self-consciousness, for it generally is self-consciousness that brings about such a state of things.

Why He Wore His Hat in Church.

To illustrate the "offishness" of some churches, Rev. John Timothy Stone, pastor of the Fourth Presbyterian church, speaking at the First Presbyterian church, Chicago, told a story of a man who sat through the service one Sunday morning wearing his hat.

When requested to do so by an usher he removed the hat smilingly. The usher afterward asked him if he had worn the hat purposely or if it were merely absent-minded negligence.

"No," said the man. "I have been attending this church regularly for nearly two years, and no one has ever spoken to me in all that time. I just thought I would leave my hat on the hat as an introduction to some one. I am glad to meet you."

From Their Manner.

"Do you suppose there are any peepers left in England?" inquired the plainly dressed woman with her arms full of bundles.

"Why, I suppose so, madam," replied the doorman in that soothing tone one uses toward mild lunatics.

"Well," said the indignant, humiliated, little woman, whose means limited her to the cheaper grades of everything. "I didn't know but what they were all over here working in the slums."—Puck.

"Buy for cream bricks." (Puck's).

Senator Root's amendment to the reciprocity bill makes free pulp and paper an event of the indefinite future.

The Anti-Tuberculosis association, meeting at London, elected officers, and chose Toronto as the place for the next meeting.

The district trades' council, Toronto, passed a vote of confidence in Capt. William Leslie, of Kingston, for his work on the intake repairs.

At Portrush, Ireland, Dorothy Campbell, Canadian, won the British Women's championship to-day, defeating Violet Hazel, Ireland, in the finale.

Tuesday's New York transactions of 1,903,933 shares were the largest since November 10th, 1910, when 1,157,646 were traded in.

At Stratford, the \$10,000 mark was passed in the Y. M. C. A. campaign fund to raise \$13,000 to lift mortgage and renovate the building.

It is reported that George Carleton, British consul at Alcazar, has been killed in an attack by rebels. Officers of British warships at Tangier investigating.

Rev. W. S. Bradford, in opposing church union at the northern Methodist district meeting at Montreal, severely criticized Presbyterians and Congregationalists.

Mrs. Ida Fischer, wife of Gus Fischer, a Watertown, N.Y., barber, attempted suicide at her home in Academy street Thursday evening by inhaling illuminating gas, but will live.

All over Niagara peninsula, the fruit of bloom of all kinds of fruit trees, especially apples and peaches, and with good weather these should be record crops.

Hon. Frank Oliver has been cleared of one of the allegations made against him, it being shown that the eastern land grant was made on the advice of the department officials.

Milton Wadsworth, a South Rutland farmer, who escaped from the Ogdensburg State Hospital a few days ago, was captured at his farm, Thursday, only after he had successfully stood off hospital attendants by vigorous thrusts of a pitchfork, for an hour or more.

Spanish Debt Paying.

Despite the other preoccupations of the Spanish ministry, a great deal of attention is being given to the national finances, and the programme of legislation for the present session of the cortes includes a brave attack on the public debt. According to the draft of the bill it is proposed to devote annually 6,512,332 pesetas, or about \$1,369,000 in gold, for fifty year to the redemption of Spanish bonds held abroad.

When the bonds are below par they are to be redeemed in the order in which they are offered. When they are quoted above par the number to be called in each year will be drawn by lot. The government is authorized in case of emergency to suspend the process of redemption for one or more years.

The bill has been passed by the lower house of the cortes and it is expected that it will be passed by the senate also.

World's Densely Populated Spot.

In one small portion of Manhattan—the district south of Broadway, Fourteenth street and east of Broadway, New York—is a population greater than that of either Arizona, Delaware, Idaho, Montana, Nevada, North Dakota, Oregon, New Hampshire, New Mexico, Rhode Island, Utah, Vermont or Wyoming. The lower east side is the most densely populated spot on the globe.
