IN MARINE CIRCLES

DELAY IN LOADING COAL VESSELS AT OSWEGO.

Record Runs Could be Made But for the Delay in the Loading—Big Fleet of Coal Carriers—Notes of Marine Around the Harbor.

It is stated in marine circles, that a great deal of time is lost at Oswego, getting the coal vessels loaded. If it were not for the delay, the capturing state that they would be able to make some record runs. Sometimes, the vessels are compelled to stay over a few days, and in some cases, they have had to wait for a whole week, and, of course, this is a great drawback to the vessels. The Oswego is headquarters for hard coal, and from the opening of navigation, until the close, it is a very busy place.

From time to time, mention is made about a vessel making record time from Oswego to Kingston, with a cargo of coal. The Kingston boat, "Can make good time," if there is no loss of time on the other side, providing, of course, that they do not meet with an accident.

The Montreal Gazette has the following: "The United States lightship No. 94, which is on her way to New York from Muskegon, Mich., arrived here yesterday. Leaving that port under her own steam, on May 14th, she made quite a good run down here. Capt. Mammer, who is in command, praised the river and the canal system of Canada, and while his little 500-ton boat had been tossed about a bit in the lakes, nothing more in the way of bad weather had been encountered than a blow which would not have affected an ordinary ship in the least, though with her rather extraordinary lines, his command had felt it more than would a ship built on ordinary lines. The courtesy which had been shown him all through the Canadian canal system, appears to have impressed him very strongly, and so had also the facilities for quick dispatch which he met with."

M. T. Co's elevator—The steamer Keywest is due to arrive here on Monday, from Port Colborne, and will discharge a full cargo of grain; the steamer Westmount lighter 12,000 bushels of oats, and passed down to Montreal.

The steamer Alexandria was up from Montreal, Friday night, and discharged freight for local merchants, at Folger's wharf.

The steamer Sowards arrived from Oswego, with coal for Crawford's and cleared again for Oswego, on Saturday afternoon.

The schooner Cornelia arrived from Charlotte, with coal for Crawford's.

The steamer Renville passed up, on Saturday.

The steamer Ionic passed down, on Thursday, had a little trouble near Prescott, running aground, but reports to-day, stated that the vessel had been taken off without damage.

The schooner Julia B. Merrill cleared for Oswego.

At Swift's wharf, the steamer City of Ottawa passed up last evening. The steamer City of Hamilton passed up yesterday afternoon. The Rideau King will be up from Ottawa this evening.

It is expected that the government boat Polana, will be finished on Tuesday, and will start for Quebec, where she will be used as a quarantine boat to meet all incoming ocean steamships. The boat was to have been finished ready for delivery on May 7th, and consequently is two weeks behind scheduled time. Delays, which could not be avoided, are responsible for this.

The schooner Lamonde which was on the ways at the Kingston foundry slip cleared after having some minor repairs made and a new wheel placed in position.

The schooner Mad Cap, of Brockville, is on the ways at the Kingston foundry to have some repairs made to her stern.

A small sum down and easy payments for the balance provides a man with a home and its benefits when he has the help and advice of McCann.

There will be a men's golf match at the Country Club this afternoon. The president's team vs. the captain's team.

New vacuum cleaner, now at work. Send in your order. H. Milne, 272 Bagot street, Phone 512.

Mr. and Mrs. Frederick Battershill, of Rochester, N.Y., are the guests of Mr. and Mrs. William Potter, of Portsmouth.

"Ice cream bricks from Toronts," Neilson's and City Dairy. Phone 230, Gibson's.

Principal Dyde delivered the convocation address at the closing of the new provincial university at Strathcona. James Sowards, Jr., has returned home from a few days' stay in Oswego.

Some people travel to view the scenery and some actors carry their own scenery.

Mr. Shea will sing in the morning and Mr. Orr will sing. "Come Unto Me" in the evening. All are welcome.

SOAKS TORONTO COUNCIL
In Ordering His Discharge—Capt. Leslie Speaks.

Toronto News.—Capt. William Leslie's remarks in regard to the action of the city council in ordering his discharge, when he was in the middle of the work of raising the 150-foot section of the intake pipe, were anything but complimentary when he was seen by the News in the water works engineer's office, Friday morning.

"It was a very foolish and unfair proceeding on the part of council," he declared, "because it was only on Sunday morning that the real raising of the pipe began. Everything previous to that was in the way of preparation."

He had been held back by bad weather, and when the boom was actually sunk beside the pipe with the intention of raising it, they were battered and damaged by a storm on the lake.

"The coal that was sent out to us was no good either. The man that got that coal ought to have been hung."

"What would have happened if I had quit and dropped everything when the council asked me to?" added the captain. "Everything would have gone to the bottom, all my work would have been lost and they would not have got the pipe in for a month."

It's the forerunner man who wins. If you are not properly protected from fire, by insurance, get McCann's

STAND TAKEN BY LABOR
In Regard to Alleged Case of Dynamiting.
A prominent labor man of Kingston was speaking, on Friday, of the case in which labor men are accused of having dynamited the Los Angeles Times building. The local Trades and Labor Council has been asked to contribute to the funds, to pay for defending the men under arrest, when the case is heard in court. The local council has not taken action as yet. "Labor does not uphold anything like this for a moment," said the labor man. "Of course these men have not been found guilty as yet, and they are, of course, innocent until they should be found guilty, but the labor unions will not stand for anything criminal."
Speaking of strikes the labor man said: "A strike is never resorted to, unless there is no way out of the matter. Arbitration is looked upon as the best way out of the trouble."
At the regular meeting, on Thursday night, the Trades and Labor strike, although the feeling of some of the members asked by the Whig, is that the two parties should come together and that work should be resumed so as not to hurt the building proposed for the season.

CARP BECOME NUMEROUS
In Lake Ontario, and are Quite a Pest.
Carp are making their appearance in the waters of Lake Ontario in huge numbers this season. This is at fish that previous to the past two or three seasons was comparatively unknown in this section of the country. The fish is of German origin. Some were brought to this country a few years ago by a German who thought he would like his native fish to eat occasionally. He put a few small ones in a mill pond intending to have them for his own use. A heavy rainstorm came up, overflowed the pond and swept the fish down a creek and into the lake. They have bred with startling rapidity, until they are proving to be a pest to the other varieties of fish. They prey on the fishing grounds of ducks and eat the weeds and grasses by the roots. They also eat small fish. Last season in an endeavor to get rid of them a couple of hoop nets were strung in Cataracts creek and a large number of small carp were caught, but a petition signed by nearly all the farmers in that vicinity caused the nets to be removed. The meat of the fish is not palatable, and is mostly preferred by German Jews.
Campbell Bros' To-night.
For new shades and shapes in soft hats, new derbies, new straw hats.
Moving is looked forward to without heart failure when you are going to move into a home of your own. If you haven't picked one out yet, see McCann.

HOOD'S Sarsaparilla

For
The Blood, Stomach, Liver and Kidneys.

Possesses Medicinal Merit Peculiar to Itself.
Has an Unequaled Record of Cures.
100 Doses One Dollar.
Sold Everywhere.

Spring Humors are due to the impure, impoverished, devitalized condition of the blood brought about by the unhealthful modes of living during the winter, too close confinement, too little outdoor air and exercise, too heavy diet.

Most Satisfactory—We have used Hood's Sarsaparilla for years, as a spring medicine, and have always found it very beneficial. We find different remedies but find Hood's the most satisfactory. Miss Dorothy McDonald, 19 Buckingham Ave., Montreal, Que.
