**Child's Styles of Yesterday and To-day**  
Turn up your old family album and see the tints of yourself and your cousins when you were youngsters. How interesting the result when compared with the styles in the same kind of clothes to-day—and how the advance obviously lies in favor of to-day's boys and girls. Yet the difference which exists between the children's clothes of then and the children's clothes of now measures the distance that lies between the average "grown up" styles for children and the real child's clothes stamped with the Sanford Juvenile Brand.  
Made in a special department entirely devoted to the making of children's clothes, they exemplify to a degree that appeals to every mother's sound judgment, and good taste, the characteristics of strength and refinement.  
You are cordially invited to visit the leading clothing or dry goods stores in your town to see the new Spring and summer styles. We would suggest an early call while the range of styles and sizes remains unbroken.

**THE VICTORIAS DEFEATED ATHLETICS BY 19 TO 5.**

A Runaway Game in the City Baseball League—The Victorias in Fine Batting Form—Knocked Muckler Out of the Box.

Poor pitching and fast fielding on the part of the Athletics lost them their first scheduled game in the senior baseball series of the City League, on Saturday afternoon, when they were trounced by the Victorias by 19 runs to 5. The game was a very poor exhibition on the part of the Athletics, after the splendid showing they made on Victoria day against both the Vics and C.L.C. Their batting, too, was not up to the average, and the reputation which they built up on Wednesday, of being heavy hitters, fell down before the wary curves of Pitcher Gillespie, who had them in hand during the whole game. Muckler was seldom seen in better shape than on Wednesday morning, but he was away off color on Saturday. He had no control of the ball. He retired from the box in the fifth innings, in favor of Walsh, who did not do much better than his predecessor.

This, coupled with several costly errors on the part of the infield, was responsible for their loss. The Victorias, smarting from the sting of defeat, went on the diamond with the determination to lose no chance to tally, no matter how high the score might run, and the result is plainly seen in the score.

The Vics obtained quite a number of their runs on errors of their opponents, although a number of them were obtained by good batting. The only innings in which they failed to score was the sixth. Every other inning they scored from one to six runs. At the end of the sixth innings, the Athletics had only obtained one run, while the opponents had marked eleven. They made a sprint in the seventh and tallied three. Walsh scored the first and last run, which the "kids" got, and scored one in between.

Score by innings:

**Notes on the Game.**

Gillespie fanned eleven, Muckler two and Walsh two.  
Cotman has commenced to bat now. It has taken him three games to get his eye and arm to work together.  
There is no player in the league who makes a better appearance at bat than Duncan, and there are few heavier hitters.  
Gillespie made a great showing on Saturday. He got three hits out of four times at bat, and crossed the plate four times.  
Atwood, the new right fielder of the Victorias, is surely a star player. He hails from Plattsburg, N.Y., and has the stuff in him of a ball player. He was at bat five times, made two hits and scored four runs.

**Vics Go to Ogdensburg.**

Arrangements have been under consideration for some time for a game between the Victorias and the local team in Ogdensburg, N.Y. The game will likely be put on a holiday which will be convenient for both teams. It will be remembered that a local team was taken over last summer and had their heads trimmed off.

**Athletics Lose Players.**

Saturday's game is the last one this season which Dick and Hunt will play for the Athletics. Both leave on Wednesday.

Monday, to join the steamer Kingston, and will be out of town for the remainder of the season. Dick will be greatly missed, as he is a player of sterling worth and the heaviest hitter on the team.

**Baseball Season Lively.**

From this week on, fans will have baseball games galore. The Sunday School A.A.A. League is in good working order, and is discharging a good brand of the game, and when the Mercantile League opens, Thursday evening, there will be four senior games each week, beside junior ones.

**Executive Meeting Called Off.**

Since calling the executive meeting of the Sunday School A.A.A. for Tuesday evening, after the game, it has been decided that the question of appointing umpires is not important enough to call all the representatives together, and as a consequence the meeting has been called off.

**Cooke's vs. Sydenham.**

The team which has done the most practicing this season will show the effect of training at the game, Tuesday evening, between Cooke's and Sydenham. "Stan" Trotter, who has discharged the cares of the City Baseball League and Sunday School A.A.A., has been out with Sydenham team, and by dint of faithful and persistent practicing in the back yard and good workouts on the diamond will be able to shoot curves at Cooke's team that may make the Presbyterians do a lot of guessing.

**CITY AND VICINITY.**

**Promises are Bright.**

With several of the big Alexandria Bay summer hotels opening from a week to ten days earlier than usual to accommodate parties and conventions booked, the 1911 season at the Thousand Islands gives early promise of becoming a record-breaker.

**Not Decided Yet.**

It has not been decided whether the 14th Regiment P.W.O. Rifles will go to Montreal on coronation day or not. The trip has been talked of in regiment for some time, but when one of the officers was spoken to about it, this morning, he said no arrangements had been made to go yet.

**Brought to the Pen.**

Henry Quackenbush, the Toronto burglar sentenced to four years in penitentiary for breaking into the office of W. J. Maguire & Co., was taken down to the penitentiary on Saturday. He wore a smile as well as the handcuffs, and did not appear to be in any way perturbed by his prospects of four years behind stone walls.

**To Choose Camping Place.**

Ralph Bowron, physical director of the Y.M.C.A., has gone up the Rideau canal to choose a site for the boys' summer camp. He has several places in view. Several things will have to be considered in the choosing of a site in order that the boys' health may not be affected. The camp will be held for two weeks.

**Left for Quebec.**

The artillery coronation contingent numbering between forty and forty-five men, left on the noon train, Sunday, for Quebec, to go in training for a few days before setting sail for the continent. A large number of their friends were at the station to see them off. The entire Canadian contingent, numbering about 740, leave Quebec on Friday next, for England.

**William Leslie Tenders.**

William Leslie, of Kingston, has tendered to raise the remainder of the Toronto Waterworks intake pipe. The Toronto News says:  
"The third tender was from parties who referred to Capt. Leslie as their manager. They asked \$500 per month for him. This was for a month of 270 hours, overtime to be paid at the same rate. They also wanted fifteen per cent profit on the cost of the work."

**Used Threatening Language.**

On Saturday afternoon a complaint was made to Justice of the Peace Hunter about a resident of Portmouth who has been using threatening language toward his family. The family bore it as long as they dared and when things began to assume a serious aspect protection was sought. Magistrate Hunter bound the man over to keep the peace, and threatened to have him arrested if he caused further trouble.

**Young People's Rally.**

The quarterly rally of the young people's societies of the city will be held this evening in the First Congregational church. Rev. A. P. Mershon, of Bethel Congregational church, and Mr. Jones, of Union Street Baptist church, will be the chief speakers. The awarding of the banner for best attendance will be one of the interesting features of the evening as indeed it always is. Princess Street Methodist and Bethel who have a shaven unconquered it many times in the past, now hold it in conjunction.

**"Uncle Tom's Cabin" Coming.**

The Stetson's big double "Uncle Tom's Cabin" company, which appears at the Grand Opera House on Saturday, June 3rd, matinee and night, is making a grand spectacular scenic production of this grand play this season. The scenery has been painted especially for this revival and included a number of handsome scenes reproduced from photographs of the localities mentioned in the book, as they were at the time when the great author first wrote the story, more than fifty years ago. Some of the most notable of these are the "Sawney River" by moonlight, the cotton fields in full bloom, the Ohio river in winter and the escape of Eliza carrying her child across the floating ice, the rocky pass in which George Harris made his stand against the men pursuing him, and protects his family; the St. Clair plantation and the levee at New Orleans, showing a slave auction; Le-grove's plantation, and, lastly, the beautiful transformation scene showing Eliza's ascension to the celestial city. Watch for the big street parade at noon.

**GREAT NEED FOR LOVE**

POINTED OUT IN SERMON BY REV. T. W. SAVARY.  
Delivered to Members of the Sons of England Benevolent Society—Love as Chief Characteristic of the Order.

"Honor all men, love the brotherhood, Fear God, Honor the King." The above passage, taken from 1 Peter II, 17, formed the text for a strong sermon, delivered on Sunday morning, by Rev. T. W. Savary, at St. James' church, to the members of the Sons of England benevolent society. The male members paraded to the church, and there was a very good attendance. The lady members of the order met at the church, and marched into the edifice, in a body. The members wore roses, and made an exceedingly fine appearance.  
Before commencing his sermon, Mr. Savary extended a warm welcome to the members, stating that the members of the congregation were very much pleased to have them worship with them.  
Dealing with his subject, the speaker stated that a great many complained because of the fact that the Bible did not show them how to act in several matters. He pointed out that the Bible set down certain principles, and it was left for man to apply them in all the questions which would confront him, in life. The Bible might be regarded as a book of great principles. Four principles had been laid down in this text.  
The first command, to honor all men, was the broadest and most general, showing the attitude of the Christian, to the entire world. We should honor all men. While there should be patriotism, we should not have self conceit, and think that our country alone was the only country. If we would but compare the history of China and Africa, we would be convinced that all the wisdom had not been shown in our country, but that other nations had also advanced. In looking at a man, we must not consider what he really is, but what God made him, and what he might be. We should not despise him, perhaps we ourselves might have turned out as bad as he, had we experienced the same circumstances. Christianity had sounded the death note of slavery, in having laid down principles. "All men are brothers. There should be brotherhood of family, the nation, and the church universal. The brotherhood of the apostle had in view, was the brotherhood of the church founded by Christ—the brotherhood which knew no geographical bounds nor natural limitations. The conditions for this brotherhood are that men shall be willing to share in God's blessing. In the brotherhood, love is to be the great characteristic.

**Suit Over Promissory Notes.**  
S. Maldober is suing the Northern Wood and Lumber Co., Kingston, to recover \$247.71, including interest amounting to \$47.74 on three promissory notes, one for \$200, and the other two for \$100 each.  
The defendants claim they were only given as accommodation notes, and put in a counter-claim for \$1,250.48, which includes money paid, their claim, to A. B. Cunningham for the plaintiff, and some dry-goods and lumber sold to the plaintiff. The case is proceeding in Toronto.  
**Travers Will Await Verdict.**  
W. R. Travers, the former general manager of the defunct Farmers Bank, will be held in the Toronto jail until such time as Judge Winchester gives his verdict in the case against Colonel Munro. It is considered possible that his honor may desire to put some questions to Travers before he comes to a final decision. As soon as the judgment is given he will be taken to penitentiary to serve out his term.  
William S. Deltor, the popular manager of Royal Alexandra, Winnipeg, is a native of Nanapan, born there in 1871, a son of W. V. Deltor.
