HAVE NOT RETURNED

TO WORK AT \$2 A DAY, AS HAS BEEN STATED.

Building Laborers Who Are Working on Buildings are Getting Twenty-eight Cents an Hour—What Their Vice-President Says.

George Dean, vice-president of the Building Laborers union, declares that the building laborers have not returned to work at two dollars a day. Those of the laborers who have returned to work are getting what the union asked, viz., twenty-eight cents an hour. There are about twenty-five of them working on buildings, or about one-quarter of their number.

Mr. Dean says that on Feb. 1st, last, the building laborers' union sent a notice to the building trades that it would require payment to its members after May 1st, of twenty-eight cents an hour. Five of the contractors signed an agreement to accede to the request. Then the trouble between the masons and stone cutters put a damper on the building laborers' request being generally granted. Only for that trouble, Mr. Dean says that the laborers might have been back long ago, and getting what they asked.

They refuse to work for two dollars a day, and expect all the contractors shortly to pay twenty-eight cents an hour. The contractors for the Bank of Commerce building have engaged a number of the laborers at twenty-eight cents an hour, and these have started work.

KINGSTON LOCOMOTIVE STOCK

Is to be Listed in Montreal and Toronto.

Toronto News.

It was announced today that the Canadian Locomotive company, which takes over the Kingston Locomotive company, will apply to have its stock listed in Montreal and Toronto, as soon after issue, which will be about the end of June or the first of July, as possible.

The company will be capitalized at \$1,500,000 bonds, \$1,500,000 seven per cent. preferred stock, and \$2,000,000 common.

The preferred stock will carry a seven per cent. cumulative dividend, and the issue will be made at par, carrying a bonus of twenty-five per cent. common stock.

In the last five years the company has averaged earnings of about five per cent. on the common stock, and figures that the five per cent. will be more than doubled when the \$1,250,000 of working capital with which the company will start is spent on betterments.

English interests purchased the Kingston concern, and the issue is being put out by several Toronto and Montreal houses, including Oser & Hammond, Pellatt & Pellatt, McLaughlin & Cowans, Johnston, McConnell & Allison, together with a big English firm.

LOST A BIG WAD.

A middle-aged man just getting over the effects of a big drunk was on the streets of Kingston to-day asking for copper to buy a clay pipe. He said he was just off a big spree after spending \$447 in one week, the earnings of over six months, and he was dying for a smoke. He had not spent all this money in drink, but had been relieved of it by his confederates while under the influence of liquor. They not only took his money but his clothes, so that he only had what he wore.

THEY MUST "KEEP UP"

THIS IS THE LOT OF MOST WOMEN IN SPIRE OF ACHING BACKS, DIZZY SPELLS, ETC.

Mrs. Edward Calwood of 123 S. Harold Street, Fort William, Ont., says: "I suffered with dull, miserable pains, sometimes across my back, in my sides for months. They would catch me so badly at times that I could scarcely move around. I would have dizzy spells and altogether felt generally run down. After using a number of remedies without finding relief, I learned of Booth's Kidney Pills and found them an excellent remedy. They not only relieved me of the miserable pains and soreness in my back, but cured me of my kidney trouble."

Booth's Kidney Pills are the best "kidney" woman has guaranteed by the proprietors they are a safe remedy. Sold by all druggists and dealers. See if you know of a sufferer who should try these pills. Advise them to send to Dr. R. B. Booth, Ltd., "The Little Red One," 100 West Main Street, Montreal, Que., or to J. B. McLeod, Kingston, Ont., who has them on hand and guaranteed by J. B. McLeod.

GIRLS LOCKED IN ROOM.

And an Absent-minded Employer Was to Blame.

To be locked in a room for a couple of hours, due to the fact that their employer had been absent-minded, locking the doors and leaving them prisoners, was the sad plight, on Wednesday night, of five girls who are employed in a Kingston store.

It all happened in this way. There was extra work to be done, so it was decided to have the girls work until eight o'clock. After six o'clock the proprietor of the store went home and forgetting the girls were at work, turned the key in the lock, and thus the girls were prisoners. The feelings of the girls, when they found the door locked on them, can well be imagined. Unfortunately they could not even get to a telephone to notify their boss. They did not know what to do, and were of the opinion that they would probably have to stay in the store all night. From the front window they tried to hail several people passing, but it is stated that it was about 10 o'clock, before they finally drew the attention of a young man passing, and explained their position. The boss of the store was then communicated with, the door was opened and the prisoners were allowed out. The girls were given quite a scare.

WILL BE DEPORTED.

Will Green, Blind Man, Will be Sent Home.

William Green, the blind man, who was arrested a week ago, for being drunk, and carrying a loaded revolver, will be deported.

He came up before Magistrate Farrell, in the police court, Thursday morning, and the magistrate informed him that he would be sent home as soon as the necessary papers could be made out. Green is very anxious to leave the city, too, and asked the magistrate how long it would be before he could leave. The magistrate told him that he could not say just how long it would be, but that he would be sent along just as soon as possible.

The accused gave his age as thirty-six years. He will be sent back to his home in New York state. Asked what he was doing in this part of the country, he said that he was making his way to Toronto, where he intended to undergo an operation for his eye.

LAD WAS CAPTURED.

Made His Escape From Industrial School.

The local police arrested a lad, fourteen years of age, who made his escape from the Industrial School a short time ago. The lad was sent up from Kingston in April, but a few days ago he managed to make his escape from that institution, and it was believed that he had returned to his old home. The police were on the look-out for him, with the result that he was located.

In the case of this lad the need of a shelter for the Children's Aid society was again shown. There was no place in which to keep the lad, and he had to stay at the police station.

Barbers Increase Prices.

The barbers of the city met Wednesday evening and it was unanimously agreed that the prices of hair-cutting as agreed upon last week should go into effect on Monday, June 19th, instead of July 1st as was at first agreed. The prices for haircutting after June 19th will be: Hair cut, 2c; hair cut, 15c; hair trim, 15c; pompadour hair cut, 35c; beard trim, 15c; hair cut and beard trim, 25c.

NEED OF A SHELTER

AGAIN DISCUSSED BY CHILDREN'S AID SOCIETY.

Difficult to Find Suitable Place Where Children Could be Boarded—Report on the Agent for Month of May—Children in the Theatres.

At the monthly meeting of the Children's Aid Society, held in the police court, on Wednesday afternoon, there was another animated discussion regarding the need of a shelter. The agent, Mr. McCauley, reported that he had not been able to find any suitable places in which the children transferred to the society could be boarded for a week or two, until foster homes could be procured. He said it seemed no easy matter to get the right sort of person to keep a sort of cheap hotel for that purpose. People do not seem to understand that the majority of these children cannot be taken into an ordinary boarding-house or home. They need special care and treatment. If vigorous, capable and vigilant supervision cannot be secured, and strong personal influence brought to bear on the children with a view to correcting the peculiar faults of each individual the children might almost as well be left in their former homes until they could be placed in suitable foster homes.

The agent proposed that a Flower Day be held and that flowers be sold in aid of the society's work. This met with general approval from all who were present, but as the meeting was not largely attended and some of the best workers were going away for a vacation, the matter was laid over until September.

The report of the work done during the month of May was then given. Mr. McCauley stated that he had made 203 visits and interviews involving sixty-nine children. Fourteen families had been warned regarding the consequences of neglect and bad conduct in the presence of children. He had attended the police court six times in connection with juvenile cases. Three children had been transferred to the guardianship of the society; three had been placed in foster homes, three had been returned to their parents on probation, while two had been sent to the Industrial Schools. Since Feb. 23d three hundred and eighty-five calls have been made and one hundred and eleven children dealt with. Most of these are being supervised in their homes. Many cases of truancy and non-attendance at the schools have been reported to the inspector of schools. Many children are in the city for months before they ever report at the schools. These escape the truancy penalty because no one knows of their presence in the city.

The new law prohibiting theatres admitting children under fifteen who are unattended by adults is strongly approved by the society. The law, however, was not immediately obeyed. On Saturday night two little girls, one aged five and the other six, were seen by the agent coming out of one of the picture shows. As they were alone the agent went with them to their home, which was four and a half blocks off Princess street. It was nine o'clock when the little tots reached the home of the older child. The mothers of these children were absent. These were, in the eyes of the law, neglected children for the time. The manager of the theatre was guilty of a breach of the new law and liable to a fine of not less than fifty dollars. The offenders on this

OFF TO PETAWAWA.

Fifth Field Battery Left on Thursday Morning.

The Fifth Field Battery left on Thursday morning, for camp, at Petawawa, going via the Kingston & Pembroke railway, at 10 o'clock. The time scheduled for the train to leave was 8.30, but owing to the delay in loading the horses and equipment on the part of the officer in charge, the railway was compelled to hold the train.

The Fourth Hussars will leave for Petawawa, on Monday morning. All roads now lead to the camp.

Ladies' Auxiliary.

Wednesday evening marked the close of the retreat of the members of the Ladies' Auxiliary, of the Hotel Dieu, and at the close the ladies held a meeting, at which a vote of thanks was passed to the nuns for their courteous treatment to the members during the retreat, for the music, and for the handsome decorations for the altar and chapel.

POPULAR HAND BOOKS

Some books are designed for entertainment, others for information. This series combines both features. The information is not only complete and reliable, it is compact and readable. In this busy, bustling age it is required that the information which books contain shall be ready to hand and be presented in the clearest and briefest manner possible. These volumes are replete with valuable information, compact in form and unequalled in point of merit and cheapness. They are the latest as well as the best books on the subjects of which they treat. No one who wishes to have a fund of general information or who has the desire for self-improvement can afford to be without them. They are 6 x 4 1/2 inches in size, well printed on good paper, handsomely bound in green cloth, with a heavy paper wrapper to match.

CLOTH, EACH 50 CENTS

Etiquette
There is no passport to good society like good manners. Even though one possess wealth and intelligence, his success in life may be marred by ignorance of social customs. A perusal of this book will prevent such blunders. It is a book for everybody, for the social leaders as well as for those less ambitious. The subject is presented in a bright and interesting manner, and represents the latest vogue.

Ready Made Speeches
Pretty much everybody, in these late days, is now and again called upon "to say a few words in public." Unfortunately, however, but few of us are gifted with the power of ready and graceful speech. This is a book of carefully planned model speeches to aid those who, without some slight help, must remain silent. It furnishes a good model for a speech on almost any occasion.

After-Dinner Stories
The dinner itself may be ever so good, and yet prove a failure if there is no mirth to enliven the company. Nothing adds so much zest to an occasion of this kind as a good story well told. Here are hundreds of the latest, best, brightest, and most catchy stories, all of them short and pithy, and so easy to remember that anyone can tell them successfully. There are also a number of selected toasts suitable to all occasions.
