A MISSION AFTERNOON

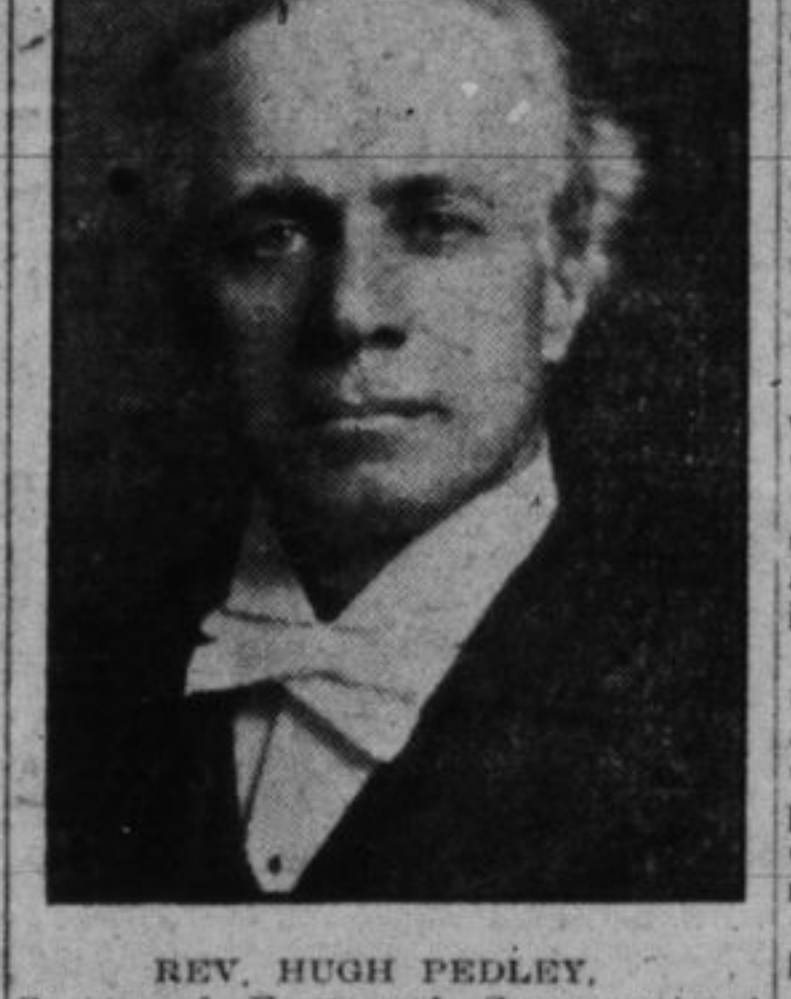

AT THE CONGREGATIONAL UNION SESSION.

Officers of the Foreign Missionary Society Elected—C. R. Black Honored—Addresses at Evening Session.

The Thursday afternoon session of the Congregational Union, the officers of the Foreign Missionary Society were appointed, including Rev. E. C. Woodley, Danville president and Henry Yough, Brantford, secretary.

The president, in an address referred to the former president, Rev. J. K. Unsworth, now in Vancouver. The treasurer's report contained much that was encouraging. The gifts of the people had shown their interest in the work. A new kindergarten building had been promised for next year, by a member of the church at Guelph.

On motion of Dr. Warriner and carried by a standing vote, the following resolution was passed: "Resolved that we welcome most heartily the presence of two of our honored missionaries, Miss Melville and Miss Maggie Melville and desire to express to them our deep appreciation of their long, heroic and faithful labors in China and to convey to them and their fellow laborers the assurance of our pride in their work, our continued sympathy and earnest support."

REV. HUGH PEDLEY, Pastor of Emmanuel Congregational Church, Montreal.

and gave an interesting account of the work being carried on in West Central Africa by our mission there. Native evangelists are employed and go out two and two into the villages and sing and preach. In many instances this is the first time the people have heard the good news. Of course they may not understand and so they ask questions about what they have heard. In this way new work is opened up and churches are planted. The people build a place of worship then teachers and preachers are sent.

Work among the very young tot is wonderfully interesting. In some places as many as 175 of these come together. The older boys act as teachers. They love singing. In this way the work begins. There is much need of buildings for the purpose. There are over 600 baptised Christians at the five stations. They are very particular about the observance of the Lord's Supper. They remain away if they have given way to their temper. This seems to unfit them for such a feast. Mr. Cattell was then introduced to the meeting, but as the time was up the meeting closed by singing "Christ For the World We Sing."

The annual meeting of the Provincial Union Society was held at 4.30 o'clock Charles Gard in the chair. Mr. Margrett was appointed secretary. Rev. Dr. Warriner offered prayer after which Mr. Moodie read the secretary and also the treasurer's report. Of the latter he said it was the best report that it was his pleasure to submit for nineteen years during which time he had been treasurer.

H. O'Hara moved the following, which was carried unanimously: "That in consideration of the exigencies of the situation, and the satisfactory condition of the funds of the society, that all interfering by-laws be suspended, and that the present assistants in the retired ministers branch viz. Rev. W. W. Smith, Joseph Unsworth, R. K. Black and D. McCallum be granted an increased annuity to the extent of fifty per cent advance—i.e. from \$100 as at present to \$150 per annum) and that this motion be further regarded as a tribute of sympathetic respect to the gentlemen mentioned, and that same shall be operative only until the revision year 1913, when the matter may be confirmed and the rate regularly revised."

Another resolution was carried as follows: "That in appreciation of the long and valuable services of Charles R. Black, as trustee, treasurer, and president of the Society was held at 4.30 o'clock Charles Gard in the chair. Mr. Margrett was appointed secretary. Rev. Dr. Warriner offered prayer after which Mr. Moodie read the secretary and also the treasurer's report. Of the latter he said it was the best report that it was his pleasure to submit for nineteen years during which time he had been treasurer."

"CURED 20 YEARS AGO Indorsed It Ever Since"

Writes Mr. J. H. Stull in His Letter—Telling of His Experiences With

Warner's Safe Cure

"I can truthfully say that Warner's Safe Cure did me more good than any other medicine I ever used. It cured me of my kidney trouble, and I have never since had any more of it. It is a wonderful medicine, and I can recommend it to all persons with whom I come in contact, and who are in need of it. Warner's Safe Cure is an absolutely safe and permanent remedy for all diseases of the kidneys, liver and bladder. Put up in 10c and 25c bottles. Warner's Safe Cure Co., Toronto, Ont.

ident of this society, the office of honorary life president be created, and that Charles R. Black be appointed." Carried unanimously.

The treasurer's report showed an increase of nearly \$1,000 over last year.

On motion the reports as a whole received and adopted. The directors for coming year were appointed.

The Evening Session.

The Thursday evening session opened at eight o'clock with Rev. Frank J. Day in the chair. The devotional exercises were conducted by Rev. Edgar Whitehouse of Winnipeg. The choir rendered Gounod's "Praise, Ye The Lord," in splendid style. Miss Hazel Massie also sang delightfully.

The chairman announced that in addition to the main address of the evening, Rev. Prof. Bieler, the representative of the Canadian Bible Society, at Montreal, would also speak. Prof. Bieler confessed that he felt rather abashed at facing the audience, fearing that his pronunciation would not be distinct. He was born in Switzerland. He succeeded in making his meaning clear, and his address was present that the work which the Canadian Bible Society was doing in the city of Montreal was reaching the mark. One would not believe that in this enlightened age that anyone in Canada would be ignorant of the teachings of the Bible, let alone of its existence. Yet from different episodes which Prof. Bieler gave from real life it was evident that such was the case. He reminded the audience of the case recently in Hull where a young bible colporteur was arrested and taken to the city by the mayor.

"Even in Russia," the speaker declared vehemently, "the representatives of the Bible societies are recognized everywhere and many favors extended to them. They are given free transportation on railroads and steamboats for their work, a recognized everywhere as being of benefit to the community. He said it was exceedingly difficult to find men properly equipped for the work. Oftentimes men called at 400 or 500 houses before they are admitted. This tends to discourage colporteurs, thus the difficulty in getting the right men for the right place. He believed the Canadian Bible Society was doing a good work and appealed to the different congregations to give their financial support. He said the society had a message for the masses and it was doing its best to spread it.

Rev. Frank J. Day, M.A., B.D., chairman of the union, gave a very lengthy and scholarly address on "The Spiritual Renaissance." He dwelt on the progress the church of God had made during the centuries. He went back many hundreds of years, dwelt with the conditions at that time, how they had been combatted with and finally overcome. He also dwelt on the changed conditions of to-day, how things had been tried and found to be pressed hopefulness for the future. He said if the church was to be what we wanted it to be and should be, there would have to be a great searching of hearts. He must also grow strong enough to make use of organizations and equipment in order to do the great work which has been set out for us by the Master.

He believed if these things were conducted the way they should it would give to the church a spirit of democracy of which the head will be Jesus Christ. This spirit would lead away with the bowing down to moneyed men with the excuse that their money is of inestimable value. When the right spirit enters the church the moneyed men will bring their gifts gladly to the church and the worshipping at the feet of moneyed men and stock market kings would be a thing of the past.

Friday Morning Session.

The usual devotional hour was led by Rev. Mr. Whitmore, Rev. J. T. Bailey spoke of "Religion as Power," basing his remarks on Eph. iv, emphasizing Paul's vision of God, how he looked upon God, the God of comfort, the One Who is alongside, helping, directing. In Him men get power to live, to do, and dare. The man who lives in Him is a man self-contained. The C.P.R. at Montreal is boring down hundreds of feet through the rock to get water so as not to depend on the city's water supply, but to be "self-contained."

The business of the union was resumed at ten o'clock. A night lettergram was read from T. B. Macaulay, as follows: "Your telegram was tremendous surprise. If I had had faintest suspicion of such a possibility I would positively forbidden mention of my name. I understand, however, the deed is done. If the office involves any work between sessions, I will feel compelled to decline, but if I may rely upon the faithfulness of other officers to make the chairmanship a sinecure, I can but accept with sincere appreciation the great and unexpected honor which the union has conferred upon me, and thank each member personally for the compliment which, however, is entirely undeserved.—T. B. Macaulay."

The lettergram was received with enthusiasm, the audience applauding heartily. The chairman announced the death of S. C. H. Miner, of Granby. The union was greatly saddened at this announcement. Mr. Miner was one of the most generous supporters of the work of the denomination, and by a splendid offering a few years ago, brought new life to the denomination. The business committee was asked to bring in a suitable resolution. The nomination committee reported, no officers for ensuing year. There was practically no change made in last year's list. The report was adopted. Rev. W. T. Gunn read his report of "Fifty Years' Progress." This report indicated that in 1906 there were 110 organized churches; in 1910 there were 143; value of church property had increased by \$357,000; total raised for all purposes had increased by \$21,924.

The gifts of the churches for home and foreign missions had increased by leaps and bounds. The denomination was never in a better shape for carrying on aggressive Christian work than to-day. Organizations were more complete than ever, and the outlook was never brighter.

Abernethy's

CHARGES WERE PROBED

NO EVIDENCE OF WRONG DOING COULD BE FOUND.

Special Committee's Report Was Received and Adopted by the Board of Education—On Reports Made About Purchase of School Site.

The statements of wrong doing, in connection with the recent purchase of a school site, in the city, could not be traced to any reliable source, and that there does not appear to have been any irregularity or impropriety in connection with the purchase of the said property, was the summing up of the report of the special committee, appointed by the Board of Education, to investigate the report that there had been irregularities.

The report was presented to the board, at its regular meeting, on Thursday night, by Trustee Walkem, and read as follows:

"Your committee, to whom the duty of enquiring into any irregularities or improprieties connected with the purchase of the school site on Colborne and Division streets, was delegated, begs leave to report as follows: "That the statements of wrong doing which were current could not be traced to any reliable source.

"That the only evidence upon oath, was given by the owner of the property, to the effect that no member of the board was asked by him or by any agent of his, to support a purchase of said property.

"That Mr. Donaldson, a member of this board, having stated at its last meeting that he had been approached by someone interested in the sale of said property, and asked to vote for its purchase for a consideration, your committee wrote and asked him to give the particulars of the offer made, but so far he has not replied to our request, and we are, therefore, not in a position to report upon the same.

"That there does not appear to your committee to have been any irregularity or impropriety in connection with the purchase of said property.

The report of the committee was adopted, and there was very little discussion, the fact that there was also little no truth whatever in the matter, having been generally known for some time.

After reading the report, Trustee Walkem took occasion to say that there appeared to be no truth whatever in the reports, and went on to say that the whole affair had been simply newspaper and barroom talk.

Trustee Elliott took Trustee Walkem to task for stating that the affair had been newspaper talk, and stated that after the rumors had been going the rounds, that it was in order for the board to hold an investigation. This was in order, so that the board might protect itself.

Trustee Elliott stated further, that when the question of having an investigation was brought up, he was under the impression that the investigation should have been before a county judge, and that the board should have met all the expenses incurred by the said investigation. As regards the charge itself, he did not think for one moment that any member of the board would be guilty of anything wrong in the matter.

Trustee Macnee stated that in regard to having the county judge hold the investigation, he had consulted a lawyer, and had been informed that the board would not be able to have the county judge to act on this kind of a case.

Will Go to Godrich.
J. H. Sexton, M.A., of Athens, Ont., gold medalist of Queen's university, has been appointed principal and science master of the Godrich Collegiate Institute.

Appointments Made.
Ald. T. F. Harrison has been placed on the conference special committee and missionary committee of the Montreal Methodist conference. Rev. Dr. Ryckman, Rev. S. Sellery and Abram Shaw were appointed to represent the conference at the Congregational union in session here.

Mark Twain's Works.
If you are interested in obtaining a complete set of all his books at one-half the former price on the easy-payment plan it will cost nothing to get full particulars and a new thirty-two page book, "Little Stories about Mark Twain." Address Box 409, "British Whig office."

Resume Search on Monday.
Superintendent Hewitt expects to resume the search for the leak in the waterworks intake pipe on Monday. Diver Murphy will be ready to undertake the work. Shore water will be pumped on Monday, and the householders should be careful about its use as it is contaminated. They should either draw off a sufficient quantity for drinking purposes for several days, or boil the water they drink.

Died at Rochester, N.Y.
The friends of Mrs. Gertrude Shuffles (formerly Gertrude Walker), daughter of Robert Walker, Deseronto, will learn with sincere regret that she died in that city on Thursday of last week after a brief illness. She is survived by her husband and four small children. After her marriage some ten years ago Mrs. Shuffles went to live in Napanea, from there going to Rochester.

Writing Competition.
The secretary of the Kingston Horticultural Society, A. W. McLean, notified the Board of Education, on Thursday night, that the society had decided to place the sum of \$15 at the disposal of the board, to supplement the amount provided by the board, for a writing competition, with the understanding that the writing be exhibited and announced at the annual exhibition held by the society, at the Armories, in the fall. The letter was sent to the management committee.

Gardener's Good Success.
The Whig has received from E. Billing, Montreal, a sample of green peas, picked in his garden on June 7th, and they are of fine quality. Mr. Billing has a good garden, and is looking forward to having great success with his potatoes and tomatoes. His potato vines have been in blossom for some days, and stood nearly two feet high on June 1st. He will likely enjoy some of the new potatoes before the end of the month, and will then be able to grow a second crop. Some of the tomatoes are about ripe, and will be picked in the course of a few days.

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe and effective Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, \$1; No. 2, 75c; No. 3, 50c. For special cases, 25c per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Great Western Co., Toronto, Ont. (Incorporated in Canada)
