Will Not Have to Pay.

Cape Vincent, N.Y., June 9.—Custos Collector Frank D. Lowe has just received a telegram from the assistant treasurer of the United States ordering the discontinuance of the enforcement of the law regarding the shipment of live animals into this country. The section provides that if the owner takes an American animal out of the country he must pay duty on the animal on the return. A storm of protest arose and the order for the non-enforcement of the measure followed.

At the Canadian Medical association meeting, Friday morning, in Montreal, Dr. T. A. Starkie said he did not believe there was a lake or a river in Canada that was not in some way contaminated, and that the water should not be used for drinking without filtration.

A RESOLUTION MOVED

WITH REGARD TO THE NE TEMERE DECREE.

It will be discussed by the Congregational Union, on Saturday Morning—Other Business Considered.

(Continued from page 5.)

The nomination committee reported appointments for Sunday services. The membership committee reported the application of Rev. Mr. Merton for transfer; that Rev. Mr. De Courcy Raynor for membership be received; that application of Mr. Carr be received.

A deputation from the Montreal Methodist conference was here, consisting of Revs. Dr. E. B. Ryckman; S. Sellerly and Abraham Shaw, of Kingston. On motion they were made corresponding members of the union.

Rev. Dr. Schofield, of Toronto, represented the Laymen's Missionary Movement, spoke. The movement, he said was begun in the Hay Stack prayer meeting, where about seventy-five gathered to pray for missions. The L.M.M. is an agitation, to stir up the church. It is not primarily to collect money, but to awaken interest. There are three secretaries, who devote all their time to this work. There is need of such an organization in every church, and where the work is thoroughly done the results are marvelous. It is urged that all church members make a weekly offering for missions. This would soon duplicate the sums contributed by the churches.

The duplex envelopes were recommended as the best method for collecting money for missions as well as for regular church purposes. The churches having adopted the system are loud in its praise.

Rev. J. T. Daley reported as delegate to the union of Nova Scotia and New Brunswick. All Congregational churches in that union are, by act of parliament, held by the denomination. There is a fine spirited lot of men down by the sea, who are doing good service.

Rev. Mr. Gunn reported on behalf of the delegates appointed to attend the meeting of the National Council of the United States at Boston. The brethren there are dealing with problems kindred to those in Canada. The delegation greatly enjoyed their fraternal visit.

The business committee reported, regarding Mr. Miner as follows:

"As members of the Congregational Union in Canada we would express the profound sorrow with which we have heard of the unexpected death of S. H. C. Miner. No one among us loved our Congregational order more intensely than he. His deep interest in the welfare of our churches has long been manifested not only in frequent and large benefaction but also in more intimate and personal ways which have revealed the kindness of his heart and encouraged many a church and pastor. We would like to record in particular the deep debt of gratitude which our churches will ever feel for his magnificent gifts towards the lifting of our church debts and which went so far to make the Jubilee movement a success. Nor can we ever forget his unstinted generosity towards the college to whose welfare he was ever ready to devote not his wealth alone, but his personal and loving service. Of his many services to the community in which he lived and to the church with which he had been associated from childhood we need not speak. He was a foremost leader among the men who by their personal force, their integrity of soul, their far seeing wisdom and heroic enterprise have helped to make Canada great, and we feel that his death is not only a heavy loss to us as a denomination, but to the country he loved so well. To the widow and bereaved family and to the church at Grandby we would express our most heartfelt sympathy and earnestly commend them to our Heavenly Father, the unfailing source of all consolation; our ever present help in time of trouble."

The resolution was received by the entire audience standing, and while doing so an appropriate prayer was offered by Rev. J. W. Pedley.

The following resolution was read, but on motion, discussion thereon was postponed till Saturday morning. The resolution was as follows:

Whereas, the Ne Temere decree of the Bishop of Rome sets forth the principal of the Roman Catholic church, whereby it regards as invalid certain marriages consummated before Protestant ministers, although the man and woman have duly consented to the marriage, and children may have been born as a result of the union; and whereas the laws of the province of Quebec as interpreted by the jurisprudence of that province, have recognized and sustained the right of the Roman Catholic church to enquire into and declare void and invalid such marriages, on no other grounds than the rule of their church, set forth in the Ne Temere decree; and

whereas such annulment of marriages is not only the usurpation by a religious organization of powers which should belong only to the state, and be under its complete and exclusive control, but is a very serious and dangerous blow at the sanctity of the marriage tie and the purity and unity of the home, which should be protected of the home; the importance of which is clearly recognized by the Roman Catholic church as well as our Protestant churches and which should be protected by the state from interference by any religious organization;

That this Church in the West is Roman Catholic—He is attending the General Assembly Meeting.

Ottawa, June 9.—At yesterday's session of the general assembly, the clerk reported that sixty-seven out of the seventy presbyteries had sent in answers to the remit on church union. Of these forty-nine were for approval on the basis suggested; twelve disapproved; two had a tie vote, and four approved of the principle but qualified their report as to the basis.

There will be no secretary of young people's societies appointed. The question was referred to presbyteries at the last assembly, and the returns show a vote of thirty-nine disapproving to four approving.

In future the traveling expenses of the commissioners to the general assembly will be provided for.

There was some discussion over minister evangelists being on the roll of the presbytery. The assembly decided that to be on the roll of the presbytery a minister-evangelist must have a two years' appointment.

An interesting figure at the assembly is the representative of the Ruthenian Independent church, John Bodrug. He is here to look after the interests of that church which receives financial assistance from the Presbyterian body.

"The statements that the Roman Catholic priests make about us are untrue and unfair," he said. "The French priests come to our service and our ritual is something like the ritual of the Roman Catholic but the preaching is different; it is entirely Protestant."

The home mission committee's report, presented by Rev. E. D. McLaren, was quite encouraging. Last year the number of fields reported to the general assembly was 674.

Perhaps the most important event of the home mission year was the representation by a committee of a plan of co-operation which, if loyally carried out, will put a stop to the unnecessary duplication of missionary effort and the appearance of unseemly rivalry in religious work by the churches concerned.

"I want to speak carefully," said Dr. McLaren, "but I must call attention to the fact that we are meeting a large share of aggressive ecclesiasticism, in the west. The persistent abuse of members of the home mission committee by the Catholic Register like the Ne Temere decree may be regarded as an indication that the Roman Catholic church believes herself not strong enough to set at defiance Protestant sentiment in the country."

Dr. McLaren added that "considerable danger confronted the west in the growth of Mormonism," which doesn't look like a dying cause.

Friday Afternoon Session.

The annual meeting of the Congregational College of Canada opened the afternoon session at two o'clock. Rev. Hugh Pedley, of Montreal, presiding, in the absence of Principal Hill. After a few remarks from the chairman, Rev. A. G. Sleep, read the minutes of the former meeting. Rev. Prof. Warner read the report of the governors and also that of the senate. The year had been one of the best in the history of the college. Six young men had constituted the graduating class, and all were already settled in Canada. The college had been particularly fortunate in its special leadership.

Reference was made to the irreparable loss sustained by the death of Charles Cushing, B.C.L., and S. H. C. Miner, Esq., while Principal Hill had been enjoying his Sabatini year abroad. Mrs. J. H. McKechnie, the founder of the McKechnie lectureship, was also a great loss to the institution. A number of special students and a few post-graduates were reported. Six men were taking the B. D. course, two had concluded it. Messrs. Tucker and Mackenzie had taken exceptionally high standing, the first securing the Stevenson gold medal, Mr. Mackenzie, the Calvary church silver medal. Several other students had won bursaries and prizes.

Thomas Moodie gave the treasurer's statement. Total receipts amounted to \$11,200. The past year had been one of exceptional success and blessing, the treasurer saying his report was one of the best for many years.

The three retiring governors, C. R. Black, Judge Lee and Rev. Hugh Pedley, were on motion, re-appointed to fill the place of Mr. Burden resigned.

On motion it was decided to have the resolution passed at the union, this morning, regarding the death of Mr. Miner as chairman of the governors, confirmed as an expression of the college corporation.

Rev. Dr. Warner, acting principal, was then called upon. He read a letter from Principal Hill, now at Marquette, England, expressing his appreciation of the college in giving him an opportunity of enjoying his studies abroad.

HAS ENDORSED NOBODY, SAYS MR. ROOSEVELT

Hasn't Express Preference for Mr. Taft, He Says, Denying Press Association Story.

Springfield, Mass., June 9.—Mr. Roosevelt denied that he has given to President Taft his endorsement for president in 1912 or had in any way committed himself on his presidency.

Referring to a statement sent out from Baltimore yesterday, he said: "There is no truth in that statement. I have endorsed no man for 1912. I have not even discussed the subject of endorsing a candidate with any man. The entire story was made up of whole cloth. I cannot understand the course of such a statement. I have not discussed the subject in any way."

Colonel Roosevelt intimated he was becoming weary of having his name used in connection with political re-committals and negotiations preliminary to next year's campaign.

S. H. C. Grange, died Friday morning at Granby, Que. He was formerly a member of the Granby smelter.
