

THE SPORT REVIEW

EATON BASEBALL TEAM FOR THE CIVIC HOLIDAY.

A Proposition to Have a Big Baseball Game When the Old Boys Come Here has been received from the secretary of the Eaton baseball team, Toronto, regarding the exhibition game which it has been trying to arrange for the holiday, here, with a local team, and from the contents it is evident that they are willing to make very liberal terms in order to bring the thing through. Its team is leading the Toronto City League at the present time and a good game may be expected. It is willing to play the team leading the league here in the morning and play a team picked from the league in the afternoon.

This second letter has set the executive of the City League thinking, and it is very likely that the games may be played here on civic holiday, July 31st. This would be a great drawing card, as the Old Boys from Ottawa, Toronto and Chicago will be here on that date. So far nothing in the way of attractions has been made, and the promoters may be assured of a large attendance. The game could be played at Lake Ontario Park, if the diamond is put in shape at once, and a good gate could be gathered.

Coronation Day Events.

John Stansbury, manager of the senior Athletics, and Robert McMahon, left fielder for the Victorias, are making arrangements to hold a field day at Lake Ontario Park, on Coronation day. They are preparing a programme of sports which should please the taste of every baseball fan in the city. They offer a purse of \$100 for an exhibition game between the Victorias and C.L.'s, and it is likely that a game will be played in the Mercantile series and one in the Sunday School series. Base running, long distance throwing, getting first base on a bunt, 100 and 200 yard dashes and other field sports are being arranged for.

Ball Teams of Toronto.

Two baseball teams have been formed.

ed on the steamer Toronto, and games are played in Bayside Park, Toronto, when the boat is there in the morning. Considerable rivalry has existed in the games to date, and the boys enjoy the sport very much.

Players Did Not Turn Up.

The game which was to have been played last evening, between Spadina and Brock, was not productive of much, for a number of players of both teams did not show up. By-standers were drafted in on both sides and a four-innings game was played, Brock winning 10 to 0.

Young Ladies Play To-night.

The Albert street ladies' baseball team have a game arranged with the male sports in that vicinity for this evening. The team is out to meet all comers and feels quite confident of its powers.

S.S.A.A.A. Executive Meets.

An executive meeting of the Sunday School Amateur Athletic Association has been called for this evening in the Y.M.C.A. building to discuss some very important matters in connection with the ruling of the constitution regarding eligible players. It is requested that a full attendance be present.

Pastor Remembered.

Rev. N. B. Topping, Wolfe Island, was given quite a pleasant surprise the other evening, at St. Lawrence, when he was presented with a well-filled purse by the members of the church, as a mark of appreciation of the valuable service he has rendered during the past three years. An address accompanied the gift, which was read by W. G. Woodman, and which conveyed to Mr. Topping best wishes for success in his new field in Parham, Mr. Topping made a suitable reply, thanking the members for their kind remembrance.

Kingston and Ottawa.

Rideau King for Ottawa and all Rideau ports every Monday and Thursday, at 6 a.m., Jas. Swift & Co., agents.

Ask your grocer for "Quality" flour, manufactured by Maple Leaf Milling Company.

St. Mark's picnic, June 20th. Boat leaves foot of Clarence St., 1.30, 7.30.

STIPENDS OF CLERGY AN ENJOYABLE EVENT

URGENT NEED OF RAISING BANQUET HELD BY GRADUATES OF TRINITY.

Recommendations to the Synod—Rev. F. DuMoulin, Dean of Ohio, Preaches at Cathedral Service.

After the reading of the charge of Bishop Mills, at the Synod, on Tuesday afternoon, the following were appointed a committee to deal with the charges, and report to the Synod, on the facts which the bishop might ask to have considered:

Dean Bidwell (convenor), the Archdeacons and Rural Dean Dobbs, Beamish, Jones, Rev. W. L. Arncliffe, Dr. Preston, J. R. Dargavel, M.P., W. B. Carroll, Dudley L. Hill, G. G. Grothier and James McComb.

One hour and fifteen minutes were required in the delivering of the bishop's charge. Archdeacon Macmorine followed with a feeling reference to the late Dr. R. V. Rogers, referring to the active part he had taken in church work, referring especially to the service he had rendered as a member of St. James' church. He was a man who would be greatly missed in the church work. Tribute was paid to Dr. Rogers' work in the Laymen's Missionary Movement.

Dean Bidwell made reference to the loss sustained by the death of Rural Dean Dobbs, of Napanee, speaking at some length on the good work he had carried on. Canon Grout presented a report of the University of Trinity College. As to the number of students, it was reported that there was little variation from year to year, for the reason that the college is always full to overflowing, so that the members are regulated by the extent of the accommodation. There were for the year, 120 men and sixty-five women, with two extra mural students. Of these seventy-one are divinity students. Constant demand for graduates makes it a matter of great regret that accommodation is limited, but with erection of new buildings, the college would be in a better position to answer these demands.

Reference was made to the death of Bishop Dumoulin, stating that the university had suffered the loss of a warm friend, and a man of great power, devotion and self sacrifice. The report on mission givings was presented by Dean Bidwell. It was stated in the report that the past year had been one of considerable anxiety as it was the first trial of the new system of mission giving, which involved a radical change in the method of raising funds. The result, however, on the whole, was most gratifying. A sum of \$17,000 was asked for and of this amount, \$14,992 was realized.

Feeling reference was made in the report to the death of Rural Dean Dobbs. It was stated that the latter took the keenest interest in the work, and his loss would be a severe blow. A clause of the report read as follows: "There appears to be urgent need of dealing with the question of the stipends of the clergy. In view of living they are frequently utterly inadequate. Most dioceses are seriously concerned themselves about the matter, and this diocese should not lag behind."

Rural Dean Dobbs, in speaking on the report of the mission givings, said that instead of complaints being made about the amount which is to be raised for missions, that the clergy do their best to raise the highest amount possible. Dean Bidwell also urged that an extra effort be put forth to raise a larger amount. After some further discussion, the report of the mission board was then adopted. The Synod then adjourned until Wednesday morning. Tuesday evening, a service was held in St. George's cathedral, which was well attended. Bishop Mills and nearly all the members of the local clergy were present, with the visiting clergy and lay delegates to synod.

Rev. F. DuMoulin, Dean of Ohio, was the preacher, and he delivered a strong discourse on the text, "Seek Ye First, the Kingdom of God," found in Matthew VI, 33.—During his remarks, he pointed out that the ministry the world needed to-day, was along the lines of special development, in two ways, one by organization society and the development of the individual. The last fifty years had witnessed marvellous advancement, and the future appeared to be very bright. He drew the attention of the church to the duty as regards the call in the text.

The speaker was introduced by Dean Bidwell, who gave him a warm welcome on behalf of the local clergy. Dean DuMoulin will be one of the speakers at the missionary meeting to-night, in St. George's hall. Rev. Dr. Gould will also speak.

OLD BOYS OF TORONTO ASK

If the City is Doing Anything for Their Homecoming.

An officer of the Kingston Old Boys' Association of Toronto, who is doing anything in regard to entertaining the old boys from Chicago, Toronto and Ottawa, when they arrive here on July 29th to spend the Civic holiday. The Toronto association is issuing a circular now to advertise the trip to Kingston, and it may bring down its own band. The association tried to charter a steamer for a ramble on Sunday afternoon among the Thousand Islands, but was unable to get one. The Toronto association has been assured that the city council will have a welcome prepared, and it is now up to Mayor Graham and the aldermen to prepare it. The citizens want a celebration on the Civic holiday.

Addresses Given by Dean DuMoulin and Rev. Dr. Llywd—Representatives From Other Colleges Present—Programme of Music.

On Tuesday night graduates of Trinity College and representatives of other colleges, attending the synod, together with a number of laymen who are not identified with any college, held a banquet at King's cafe, which was a most enjoyable event.

Rev. Canon Starr presided, and after the toast to the King, Rev. A. H. Trigg sang "Rule Britannia." The speakers of the evening were: Dean DuMoulin, Cleveland, and Rev. Dr. Llywd, vice-provost of Trinity College, Toronto. They were introduced by Canon Starr, who referred to them as distinguished graduates of Trinity. Dr. Llywd spoke in eloquent terms of Trinity and appealed to his hearers to use all the influence at their command to build up their Alma Mater.

Dean DuMoulin, in his address, referred in high terms of Dr. Llywd and his work in the American west. The judge McDonald proposed the toast to "Sister Colleges," responded to by Dean Bidwell, representing Oxford; Rev. Messrs. Orchard, for Cambridge; Paterson, for Wycliffe; Fitz-Gerard for Trinity, Dublin; Magrave, for the Montreal College, and Armstrong for Huron.

THE WHIG'S JUMBLE.

A Lot of News of Interest to Everybody.

Bibby's for travelling trunks. For bread and pastry use "Quality" flour.

Baseball, Bath Road vs. Glenburnie, Yates' Grove, Tuesday, June 20th. Look out for the man or woman who has a lot to say to you in whispers.

Bibby's for trunks and suit cases. Oftentimes there's a marked difference between the church rooster and the Christian.

Bibby's now sell suit cases. Ask your grocer for "Quality" flour, manufactured by Maple Leaf Milling Company.

Bibby's for trunks and suit cases. How often you can hear the man without a cent offering to bet a thousand.

See Bibby's \$3 suit cases. "We just pass this way but once." What a good thing that is to keep in our minds.

Bibby's for trunks and suit cases. In your plan of rule or ruin you may ruin others without cause or provocation.

See Bibby's \$4.75 suit cases. Never forget the fact that your standing in the community is what you make it.

Bibby's for trunks and suit cases. No just and honest man will trifle with obligations that are his to legally meet.

Bibby's now sell suit cases. Afterwards the knowledge we gained by experience may be a subject of regret.

Bibby's now sell trunks. The trouble with borrowed dollars is their slowness in getting back to the owner again.

Bibby's now sell hand baggage. The man who condemns grafters might be one himself should a good opportunity offer.

Prevost, Brock street, has received all his spring and summer goods for his order clothing department, also in ready-made clothing and gent's furniture department. They are all well assorted with new goods.

LETTERS TO THE EDITOR.

No Such Option Given.

Kingston, Ont., June 14.—(To the Editor): In the letter of J. R. Donaldson, school trustee, on Saturday last, he stated that the first option on the Kenny property was for \$2,500. Let me say that no such option was ever given, and I will back up my statement with \$500, if it can be shown that I ever signed an option for such an amount. The first option, given to Mr. Reid, was for \$3,500, and the last for \$3,250, at which price the property was purchased. I cannot, to-day, secure any similar property in a desirable locality, for the money secured for it.—Yours truly, LAWRENCE KENNEY.

Professor Leacock's New Book.

All readers of "Literary Lapses," by Professor Leacock, will welcome his new book, "Nonsense Novels," described as the funniest book of the year—being laughter from cover to cover. The volume consists of ten short stories, in a burlesque vein, illustrating the author's gift of humor and satire at its very best. Price \$1 per copy, at R. F. G. & Co's.

The Late Mrs. W. A. Roblin.

Mrs. Emma L. Roblin, wife of the late W. A. Roblin, Belleville, died, on Monday evening, after a few days' illness from an attack of pneumonia. Deceased had been for some time in a room at the Home of the Friendless, where she was much beloved.

Attending Convention.

Charles Clark, William Sands and Peter Thompson, of this city, representing the "Princeton Boys Lodge," are in Ottawa attending the annual convention of the lodge there, which is in session Tuesday, Wednesday and Thursday. They expect to return to the city some time on Thursday.

Left for Other Side.

Mrs. Neil McCreagh, of Rome, N.Y., who has been visiting her sister, Mrs. J. McCutcheon, Princess street, left, to-day, to visit friends in Syracuse and Belleville, N.Y., accompanied by her little niece, Miss Marion McCutcheon.

ABERNETHY'S

BARGE IN BAD SHAPE

DAVE WILL BE RAISED AT ALEXANDRIA BAY.

Local Coal Schooners are Busily Engaged—Movements of This Different Vessels Out of This Port.

The barge Dave, of the Montreal Transportation Company, which ran aground near Alexandria Bay, N.Y., on Monday night, is in pretty bad shape, according to all accounts. The barge sunk, and it was stated, to-day, that the tenders would be called for the raising of it.

The steamer Parthia, of the Calvin company, with a wrecking outfit, was at the scene on Tuesday, but the barge was in such a shape that it was impossible to do anything. The bow of the barge is in shallow water and the stern in deep water.

M.T. Co's elevator: The tug Emerson arrived, light, from Welland canal; the schooner St. Isaac arrived from Charlotte, with coal; the steamer Ralph arrived from Charlotte, with coal; the steamer Canadian, from Fort William, is discharging a full cargo of grain, and will clear for Belleville to load cement for Fort William; the tug Ironsides, from Montreal, with three light barges; the tug Glyde, from Montreal, with two light barges.

The steamer Midland Queen was in port, Wednesday morning, for a pilot, on her way from Fort William to Montreal, loaded with flour.

The steamer Alexandria was at Folger's wharf, Tuesday night, on her regular trip to Montreal. The Alexandria was twenty-four hours late in arriving, owing to a breakdown in her machinery.

The government boat Reserve was in port, to-day, and is working in this district.

The schooner Major Ferry cleared for Oswego, and will load coal for Sowards.

The schooner Ford River, loaded with feldspar, cleared for Charlotte, Tuesday night.

The government boat Scout was in port to-day.

At Swilt's wharf: The steamer Rideau King is due, up, from Ottawa, this evening; the steamer Dundurn is due to stop, on her way up, to-night; the steamer Belleville is due to call, on her downward trip; the steamer Kingston made her river trip to-day; the steamer Aletha, down, from bay ports, to-day.

FINANCES ARE STRONG.

A Big Reserve is Held in Gilt Edge Bonds.

The announcement is made that a powerful group of brokers in Montreal and Toronto has underwritten the preferred stock of the Canadian Locomotive Company, Kingston.

The statement is confirmed that a leading London banking house has become largely interested in the company, so that a foreign as well as a Canadian market for the stock is assured.

The greater portion of the preferred stock is said to have been underwritten for investment purposes, and that only a certain portion has been reserved for the purpose of public subscription or offering, so as to interest Canadians in this big concern.

The company is in a strong financial position and unlike most industrial concerns, holds in its treasury about \$750,000 worth of gilt edge bonds as a reserve.

The capitalization of the company is \$1,500,000 preferred stock, \$2,000,000 common, while it carries a \$2,000,000 bond issue, of which \$1,500,000 is out.

The prospects for the concern are very bright, and the syndicate behind the work has confidence in its future.

A Private Catholic School.

There is a rumour about town that several influential Catholics are going to withdraw their taxes from the control of the present separate school board officials, and engage at their own expense an experienced qualified teacher, who will conduct for them a private school.

Held Kitchen Shower.

On Tuesday evening, the ladies of Brock Street Methodist church held a kitchen shower at the parsonage, in order to prepare for the coming of the new pastor, Rev. John Webster.

The ladies are also having some alterations made to the parsonage.

For bread and pastry use "Quality" flour.

See Bibby's great \$5 trunks.

CRUMLEY BROS.

A TERRIFIC STORM.

Larns of South Crosby Farmer Destroyed by Fire.

Brookville Times. Brookville just got the fringe of the terrific electrical storm which visited this section Friday afternoon. North-east of Brookville between Athens and Westport it was particularly severe.

The barns and outbuildings of Edward Summers, a farmer residing in the township of South Crosby, were completely destroyed with their contents, including buggies, grain, agricultural implements, etc. The loss will be quite heavy as it is under-wood Mr. Summers carried no insurance.

The dwelling of W. T. Hales, near Fort St. was struck by lightning and though it did not catch fire the damage was extensive. Several sheep on the farm of John Myers, near Portland, were killed as was also a valuable Holstein cow near Athens, belonging to Mr. Sheffield. A number of cows in that vicinity were also killed.

A barn belonging to James Bissell outside the village of North Augusta, was struck and immediately ignited. By the efforts of Mr. Bissell and neighbors the building was saved with damage to the roof and gable. A horse in the building at the time was killed.

The P.W. & N.W.R. mixed train was standing at Delta when the storm was at its height. A bolt of lightning shattered eleven telegraph poles in a row scattering the splinters, some of which were carried to the cab of the engine. All the train crew were more or less shocked.

Must Have Its Grudge.

Montreal Herald. The Gazette blames the government because there was less wheat exported last year than the year before. The falling off in production was even greater than the falling-off in export, but certainly the government should have seen to it that the people of Canada ate less. There have been Canadian governments which saw to that very completely.

Coronation Letters.

The Whig publishes on page seven the first of a series of coronation articles, from the pen of Miss Marjorie McMurphy. They promise to be decidedly readable and will be well illustrated. Read them all.
