

SYNOD CHEERED THE PASSAGE

Of a Strong Resolution Condemning the "Ne Temere" Decree.

The General Synod Called Upon to Take Up the Matter— Regret Over Scarcity of Young Men Entering the Ministry.

With rousing cheers the Ontario synod, on Wednesday afternoon, passed a resolution by a unanimous vote, strongly protesting against the "Ne Temere" decree.

The resolution was moved by Rev. W. F. Fitzgerald, of Kingston, seconded by Rev. R. Dean Beamish, of Belleville, and read as follows:

"That the synod of Ontario diocese desires to express its resentment of the church of Rome's action, issuing the 'Ne Temere' decree, and would respectfully suggest that all English church men maintain a firm and courteous attitude of opposition to any attempted interference in regard to such a vital matter as touched by the 'Ne Temere' decree, which strikes a serious blow at the moral status of society in general, and the sacredness of home life, and that a memorial be sent to the general synod, urging that united action of the Canadian church be taken in the matter."

The first resolution, as framed by Rev. Mr. Fitzgerald, was not considered quite strong enough, and after it had been amended to read as above given, it was passed.

Rev. W. F. Fitzgerald made a stirring address in support of his resolution. He said that in making a protest against the decree, he did so because he considered that as a member of the Catholic church, who, if the church had a right to defend the subject. He felt proud of this diocese, and the position it held. He was proud of the way in which the Church of England was being administered in every detail in every parish. The Church of England has written its name in the history of the world, and such a decree came as a thunderbolt from the blue, and made one's blood tingle.

The speaker said that everyone was aware of the fact that when he (the speaker) had anything to say on such matters, he never went behind a door to say it, but gave out to the press his opinion. He felt obliged to rise and defend the church, and he believed that the time had arrived for all the members of the diocese to shoulder in defence of the church. The speaker also took occasion to defend the Irish churchmen, who, he

said, had always stood shoulder to shoulder in defence of the throne.

Continuing, the speaker referred to the greatness of the Dominion of Canada, and said:

"Are we as subjects of the greatest nation, going to allow a foreign church representing a little place like Italy, to come into a British possession, and not only grapple, but tear out the greatest constitution which ever existed. I ask this question from my heart. I ask that this resolution be passed, so that it might go throughout the world, that we are opposed to the decree."

The speaker, in conclusion, said that it should be made known that Britons would never be slaves, even under Rome.

Rural Dean Beamish, in seconding the resolution, said that it gave him great pleasure to endorse such a resolution. The whole question was not something distant, which was being carried out only in Ireland and Quebec. The speaker himself had three sons in his own parish, where homes had been wrecked on account of mixed marriages. These cases had brought about the greatest evils, but he could not refer to these before synod. He felt that the members should oppose very strongly the decree. He felt that the bishop had well than that of the decree, in his charge, when he characterized it as being undecisive. He trusted that the resolution would be carried by a unanimous vote; that the resolution would not only be carried, but that the spirit of it would also be carried abroad, so that the people would know about it, and so Rome would be driven back to where she should alone have power, and that was in Rome.

Lord applause greeted the remarks of Rural Dean Beamish.

W. B. Carroll paid tribute to the recent appeal put forth by Rev. Mr. Fitzgerald in opposing the decree. He agreed with all that gentleman had said, but he believed that there was one point of the question which had not been emphasized, and it was in reference to a danger, which he regarded as being far more dangerous than that of the decree, and that was the upholding of the decisions of the synod.

WENT TO PRESCOTT TO BE MARRIED

Fifteen-Year-Old Girl went to Ogdenburg With Seventeen-Year-Old Admirer.

Ogdenburg, N.Y., June 15.—Unknown to the parents, Flossie Bancroft, aged fifteen, daughter of Mr. and Mrs. Edward Bancroft, of Parker street, and Wilbur Marshall, aged seventeen, crossed to Prescott, Ont., Tuesday, where they were married. Although the young people had been very attentive to each other for some time, no suspicion had crossed the minds of the parents of the girl that she was contemplating matrimony, and they thought nothing of the ordinary when she asked permission to go to Ogdenburg Tuesday with her youthful sweetheart to spend the day.

That evening the couple returned, a man and wife. Although the parents of the girl are much grieved over her marriage, they are resolved to make the best of it. Up to a few weeks ago Flossie was a student in the West Side school. The young groom is employed by the S. B. Van Dusen Manufacturing company. His parents, who formerly lived here, are now residents of Syracuse.

FAVORABLY IMPRESSED

With Lay Out of Country for Electric Purposes.

Ottawa, June 15.—A Smith's Falls special says: "L. U. Upon, a Toronto capitalist, with Aids. McCann and Fair, of Kingston, was in town, this week, in connection with the Ottawa, Smith's Falls & Kingston electric road. They had come from Kingston by automobile, and Mr. Upon had carefully inspected the proposed route from that city here. They found the lay-out of the country good, with apparently few engineering difficulties. They were over Smith's Falls very thoroughly, paying special attention to the river as a crossing place. The party was met here by J. C. Graham, kars, Mr. Upon leaving with him, to-day, for Ottawa, in Mr. Graham's automobile so that an inspection may be made between these two points. Mr. Upon was very favorably impressed with the route of the new line.

TRIED TO MAKE END TO HIS LIFE

On the Way to the Coronation a Man Tried to Hang Himself.

Toronto, June 15.—Edward J. Boswell, Halleybury, on his way to the coronation, with a ticket for the S.S. Empress of Ireland, tried to commit suicide, this morning, by suspending himself from a bridge over the Don river by a leather strap. However, the strap broke, and Boswell fell sixteen feet into the water, from where he swam ashore. A street car conductor, who saw the attempt, told the police who took Boswell to the hospital, and later to the asylum.

REYES DOES NOT SEEK ELECTION

Popular Mexican General Has Issued Manifesto in Favor of Madero's Candidature.

Mexico City, June 15.—That the triumph of the revolution marks Madero as the only proper candidate for the presidency is the substance of a manifesto issued by General Reyes. He asks all his partisans to use every influence toward bringing about the election of Madero.

The manifesto explains General Reyes' position as a soldier, which demanded a blind following of the orders of the Diaz government, to which he was a loyal soldier; but his ideas had always been favorable to the reforms advocated by Madero.

The manifesto also says that a close contest electoral campaign at this time would be detrimental to the business interests of the country, for which reason General Reyes withdrew his name as presidential candidate.

General Reyes also says he wishes to convey to the nations of Europe and America that Mexicans can put aside personal ambitions for the good of their country.

HEROIC DEEDS OF JACKIES WIN CASH AND MEDALS

Washington, June 15.—The cabinet was kept waiting yesterday while President Taft, as commander-in-chief of the navy, paid tribute to six enlisted men in the service.

In the presence of Secretary of the Navy Meyer and Captain Wiley, of the battleship Dakota, the president presented the men with medals of honor, the highest distinction the government can bestow.

The president spoke in praise of their heroic deeds, when, on Sept. 8th, 1910, an oil fuel explosion on the North Dakota killed three men, put in jeopardy the lives of scores of others, and placed the battleship itself in danger.

Thomas Stanton and Karl Westra, chief machinist's mates, Patrick Reid and August Holtz, chief water tender, Charles C. Roberts, machinist's mate, first class, and Harry Lipscomb, water tender, made up the honored half dozen.

These men waded in water up to their waists, in dense smoke, unbearable heat and the fumes of burning oil and gas and steam, to rescue their comrades and to prevent further explosions. In addition to the medals of honor, a gratuity of \$100 was given to each man.

"It is a great pleasure for me, men," said President Taft, in presenting the medals, "to be the instrument of conveying to you the gratitude of the nation for what you have done. What you did was brave, equal to anything in the history of the world, and you are facing death close at hand and it sends a thrill down my back to feel that you are Americans and that you acted with the spirit of the American sailor, as we like to think of him, in saving the lives of your fellow men, and that you have brought credit on the profession which you are following and have furnished an example in the service which in future will not be lost."

"I hope that you will all live long and useful lives, and that this work which you have done in offering your lives up will be a source of happiness to you and of pride to all that come after you."

COMMENTS THE BISHOP.

If in England He Might Do Good Work.

Ottawa, June 15.—Bishop Mills is commended in a Free Press editorial which says: "Bishop Mills in his charge to the Anglican synod of Ontario gave a fitting rebuke to those who are 'ringing changes on the cry that if reciprocity were adopted it would be the first step towards annexation, that the United States would be buying us and we would be selling ourselves. He declared emphatically that that was the greatest nonsense that ever came from the mouths of supposedly sane men,' and as a Canadian he is right."

"It is a pity that Bishop Mills is not in England just now. He might do good work there in offsetting what looks like a deliberate campaign of misrepresentation of this country and of the government which is negotiating a reciprocity agreement is but pursuing a line of policy approved by all Canadian political parties for years."

BRIDE IS FATALLY STRICKEN AT ALTAR

Suffering From Appendicitis, She Faints as Ceremony Begins, Dying Soon After.

Philadelphia, Pa., June 15.—Miss Junonia Brown, of Homeville, Pa., died at the Hahnemann Hospital here today within four hours after she had stood with her prospective husband before a clergyman, who had started to perform the wedding ceremony. Appendicitis caused the young woman's death.

Miss Brown was to have been married to-day to Howard Wilson Dickinson, of Oxford, Pa. The guests had assembled in the home of Mr. and Mrs. Thomas West Brown, her parents, and the ceremony had started, when the young woman fainted. She was revived sufficiently to say that she felt the symptoms of appendicitis for several days, but rather than have her marriage delayed had suffered excruciating pain in silence. Upon being revived she was rushed here on a special train, she was rushed here on a special train, she was rushed almost immediately after entering the hospital. Her fiancé was at the bedside when she died.

POLICE ESCORTS FOR ALL WOMEN

Conditions at Chicago so Bad That This Has Now Become Necessary

Chicago, June 15.—Conditions have become so bad in Chicago that Chief of Police McWeeny has ordered police escorts for women out at night.

"A woman who goes out at night without an escort is in a very bad way. If she does so without necessity she needs an escort to see she gets home safely," said the chief today.

"When a woman, through necessity, must be out in an emergency she must be protected. If they cannot get other escort and really have any business on the streets the police will see that they get home safely. Just let them call up the nearest station."

The chief says that the average woman on the streets alone at night is careless of her own safety.

The police are still at work on the case of Mrs. Charles S. Loom, who was attacked, robbed and left unconscious in an ally near her home in Edgewater.

DEED SUDDENLY AT BREAKFAST

Carleton Place, Ont., June 15.—A sad death which occurred in the village of Carleton Place, has cast a gloom over the whole community. Peter McEwen, clerk of Beckwith, died very suddenly. He was in his usual state of good health and was engaged in taking the census around his township. On Monday morning when at breakfast he took a stroke and never rallied. He died this morning about two o'clock.

Mr. McEwen was a much respected citizen, well liked by every one whether in a business or social way. He leaves to mourn his loss, besides his brothers and sisters, his widow and one little girl about fourteen. The deceased was in his sixty-fourth year.

SEND REINDEER TO COLD REGIONS

Suggestion Made by Dr. Grenfell to the Federal Government.

Ottawa, June 15.—Dr. Grenfell, C.M.G., best known as Dr. Grenfell, of Labrador, is in the city on his way to St. John's, Nfld., and while here he is interviewing the government with the idea of giving some of the reindeer of the Labrador coast to the government. His idea is that some of the herd should be transferred to some of the inhospitable. It will be some of the herd that a few years ago he took 300 reindeer to Labrador and today the herd numbers 1,200. They furnish the inhabitants there with milk, meat and the skins are used for clothing. They are thriving well there and I think it would be a good thing to send some of them to other parts, where they will bring the same benefits that they have brought to Labrador."

HELD UP NIGHT CLERK

But Two of the Desperadoes Were Captured.

New York, June 15.—Eight men held up the night clerk of the Hotel Roy, on Broadway, with revolvers, and cleaned out the cash drawer during the night. As soon as they left the clerk fired five shots, attracting the Broadway policeman, who captured two of the men, before they got away. When searched they had large sums of money.

GREAT VICTORY

For Murray Government in Nova Scotia.

THE LIBERALS SCORE

ANOTHER TRIUMPH IN A GENERAL ELECTION.

Halifax, June 15.—The Murray government achieved a remarkable victory yesterday, carrying twenty-seven out of the thirty-eight seats, and has a possibility of making it twenty-eight when the final returns are in. The only seat at present in doubt is in Cape Breton, where Dr. A. S. Kendall, the former representative, is some seventy-two behind J. C. Douglas, the second conservative. There are, however, a number of outstanding districts to be reported, and it is not improbable that the final returns will give Dr. Kendall the seat.

The opposition held five seats in the last house, and they have therefore made a gain of six, giving them the outside figure. If Cape Breton splits even, as is expected at the hour of writing, it will be five. The only county which does not return a representative of the government is Colchester, where both conservatives were elected.

The election was one of the quietest in the history of the province, although the opposition everywhere put up a keen fight, and in cases where seats were captured from the liberals the result is largely due to over-confidence on the part of the government side.

The liberals won a notable victory in Halifax, where three candidates were elected by over one thousand majority.

In Cumberland, where both liberals, Ralston and Carter, were elected, the victory was a notable one, for there E. N. Rhoads, M.P., campaigned the county on the reciprocity issue, and the verdict is a striking endorsement of the Filding agreement.

The chief cry of the opposition in the campaign was "cheap school books" and petty issues, local to each constituency, were worked to the limit.

The verdict has no significance as showing any dissatisfaction with the government's policy, and on the whole is a signal triumph for the liberal party, both in provincial and federal affairs. Premier Murray, in all probability, will have a majority of eighteen in the new house, and this, after a tenure of office of nearly thirty years, is nothing short of remarkable. Premier Murray himself secured a striking victory in his own constituency, receiving a majority of 1,059 over the highest conservative, Dr. J. L. Bethune.

Following are the results as given late last night:

BODY OF HINDU BURNED BY COMRADES

A Sensation Has Been Caused By the Action of the Authorities.

Seattle, June 15.—A sensation has been created throughout the state because the authorities of the town of Goldendale gave several Hindus permission to burn the body of Deder Singh, a Hindu. He hanged himself at Lyle on Tuesday, and his fellow-countrymen demanded that they be permitted to dispose of his body according to their religious rites.

The authorities acquiesced in what is being called a barbarous custom through the state, and the Hindus built a huge funeral pyre, placed Singh's body on top, then set fire to it.

The pyre was built on the banks of the Columbia river, and the blaze was noticed for miles around. The dead Hindu's ashes were scattered over the waters of the Columbia.
