INVESTING THE FUNDS

INVESTMENT COMMITTEE WILL LOOK INTO AFFAIRS.

The Church in Sydenham to Pass to the Canadian Northern R.R.—No License Issued to Rev. Mr. Sereson.

When the Ontario synod resumed its session on Thursday morning, Rev. F. W. Woodcock reported for the committee which was appointed to investigate the trust funds. He stated that after a great amount of correspondence with several trusts companies, it was felt that no definite action could be taken, but the suggestion was made that the committee be continued, as very important information was to be secured. He suggested that instead of following the money to go out in loans, that it be handed over to a guarantee company.

R. J. Carson said that every care had been taken by the investment committee in the loans which had been made. As regards trusts companies, he had made enquiries in Toronto, from different companies, and had found that the best possible amount which could be secured was four and three-quarter per cent. net. He explained that the most of the money was let out on mortgages. No trust company would work for the synod, without money. The speaker had no objection to making a change, if it was shown to him that anything could be gained.

W. B. Carroll spoke of the "good work" of the investment committee, stating that he was sure that every possible care was being taken with the funds. He paid a warm tribute to the hard working treasurer, R. J. Carson. He considered that it would be unwise to make a change.

Rev. W. Lyman supported the suggestion of Rev. Mr. Woodcock. J. B. Walker thought that synod should leave the matter in the hands of the committee, which, he considered, was well able to guard the funds. His advice to the synod was to leave well enough alone, and leave the matter with the committee.

Francis King thought that the matter should be left in the hands of the committee. The report of Rev. Mr. Woodcock was then voted upon, and carried.

Rev. Mr. Woodcock asked that F. P. Miller be placed on his committee, in the place of the late Dr. R. V. Rogers, and this was also agreed.

J. B. Walker moved that the request of the vestry of Sydenham church, for the sale of the church to the Canadian Northern railway, for the sum of \$5,000, be granted. The railway will run within a few feet of the present church and thus will spoil the property.

The members of the synod agreed that the offer was a good one, and it was accepted by a unanimous vote. This will mean that a new church will be erected for this parish. The present pastor, Rev. T. F. Dowdell, looked upon the sale as a most favorable one, and there was no objection to the passing of Mr. Walker's motion.

Rev. Mr. Sereson asked that provision be made through the diocese for the preservation of registers, church plate, etc. He said that it would be wise to provide a safe for the keeping of all these valuables.

Rev. Mr. Sereson also asked for information as to clerical titles, regarding rectors and vicars. He wanted to know why he had been referred to as rector of Gananoque.

Judge Macdonald, chancellor, stated that Mr. Sereson's license would no doubt state that he was appointed as rector, whereupon a statement from Mr. Sereson that he had never received a license caused a ripple of laughter among the members of the synod.

Mr. Sereson explained that he only had a letter appointing him to the church, and was told by the chancellor that he should get a license.

Bishop Mills stated that every self-supporting parish is regarded as a rectory, and its clergyman a rector.

The bishop went on to explain that without a license, Rev. Mr. Sereson would be unable to vote on some questions, and he advised him to secure his license at once.

Canon Loucks wanted information. He had been given to understand by legal authority, that there were no vicars in Canada. He wanted to know if the bishop appointed the vicars. He had heard that there was but one rector in Kingston. He had heard the Dean of Ontario make this statement.

The dean said that, technically, there was but one rector in Kingston, but that as there were churches self-supporting, the clergymen in charge were regarded as rectors.

Although both matters brought up by Rev. Mr. Sereson came under the heading of "motions," it was chiefly for information that the questions were raised, and no action was taken, and the matter was allowed to drop.

A motion of Rev. A. L. McTear, that a copy of the Macaulay Award, or of such portions of the same, as may relate to any trusts held by the synod be printed in the Journal, for the information of synod, was carried.

Dean Bidwell then brought forth the following resolution:

"That a committee be appointed to consider the whole question of the stipends of the clergy with a view to suggesting improved methods of raising such stipends and increasing the amount in every case to a proper living wage under present conditions."

The dean, in following up his resolution, stated that the matter was a most important one, and one which should be taken up by the laity. He had been talking to laymen on the matter, and was glad to report that they had taken great interest in it. It was now recognized by all practical men, that the cost of living had gone up very much beyond this, and that it was impossible for some of the clergy to live on the amount given. The time had now arrived for the synod to take up the question. Other synods had been dealing with the same question. Statistics show that the cost of living had gone up forty per cent. in the last twenty-five years.

The dean also asked that something be done in regard to the method by which these stipends should be raised. He knew for a fact, that the spiritual work of some of the clergy had been hindered on this account. There must be some system beyond this.

The dean found several members ready to second his resolution, and it was carried by a unanimous vote, and without further discussion.

Rev. H. D. Woodcock, seconded by Rural Dean Dobbs, moved the following resolution, which was carried by a unanimous vote, and without discussion:

"Provided that the estimated receipts from the mission-giving fund, for the diocesan mission fund, being in excess of the estimated expenses classified for this year, and in view of the very small stipends of several of the missionaries be it resolved, that all mission stations whose stipends from all sources are below \$650, be raised to that amount, pro rata, according to the amount at the disposal of the board on the 1st January 1912, and that the amount be added to the cheques issued to each missionary on January 1st, 1912."

Dudley L. Hill introduced a canon for a diocesan Sunday School association. The canon, as explained by Mr. Hill, is for the purpose of putting into operation some machinery for the betterment of Sunday school work. These associations are now at work in other places, and Mr. Hill asked that a start be made, so that this Synod would not be the last to get at it. Sunday school work was improving, but in a great many cases it was something like the words of Lord Rosebery, "willing to muddle along some way."

The chancellor stated that the canon called for a great deal of machinery, and that it should be referred to a special committee for a report. Dean Bidwell was of the same opinion.

At the Sunday school conference, which will be held in St. George's hall, tonight, it is proposed to organize a diocesan Sunday School association.

The canon was taken up by several clergymen, for discussion, and the question had not been finally disposed of when adjournment was made at one o'clock.

CLOSE OF ASSEMBLY RENEW SCHOOL GRANT

STRONG PROTEST AGAINST NE TEMERE DECREE.

Resolution Read From Queen's University Trustees—Rev. J. H. Edmison Appointed Home Mission General Secretary.

Ottawa, June 15.—The Presbyterian assembly, which concluded its labors for this year last night, dealt with the last important subject on the agenda, namely, the menace to the sanctity of marriage in Canada in consequence of the upholding by the Quebec courts of the civil authority of the ne temere decree of the Roman Catholic pontiff.

The subject came up at the end of last night's public meeting, and because of the lateness of the hour there was but little discussion of the strongly-worded protest voiced in the resolution prepared by the special committee appointed to consider the matter and presented to the assembly in a trenchant address by Rev. Dr. Duval.

The assembly also gave its approval to the recommendations of the social and moral reform board, urging upon the church a fuller appreciation of the gospel of applied Christianity.

Rev. J. H. Edmison, of Kincairdine, a Queen's University graduate, was unanimously chosen as general secretary for home missions, under the plan of reorganization as decided upon on Monday. The salary was placed at \$2,000.

A resolution was read, in the afternoon, by the clerk of the assembly, from the registrar of Queen's University, conveying a resolution passed by the trustees of the university. It expressed gratification at the action of the assembly in approving the separation of Queen's from the church.

The resolution declared that the provisions made for the theological faculty would materially assist in preserving the historic bond between church and university. "The deep attachment of the university to the church," it concluded, "will not be weakened, but will rather be confirmed by the proposed constitutional changes and the assembly's approval of them."

At 11 3-16c, John Gibson bought the offering of Hartington.

Bid of 11c, by F. W. Valleau was refused, also bid by L. W. Murphy of 11c.

COUNTY COUNCIL DECIDE TO CONTINUE SUPPORT

Grant of \$600 is Again Voted.

A deputation from the trustee board of Sydenham high school, consisting of Smith Elliott and Joseph Dun, waited upon the county council on Wednesday afternoon to ask for the renewal of the special \$600 grant for fourth form work.

Councillors Croak and Stewart moved that the grant be made. Councillor Foley opposed the grant, claiming that the county might obtain better results by the expenditure of an equal or less amount if payment were made pro rata for each county pupil attending high school in the district.

Public School Inspector Reid was asked for his opinion, and replied that he would strongly advocate the grant.

After a thorough discussion of the matter the motion to make the grant was carried.

On motion of Councillor Donaldson (the council made a special grant of \$100 for repairs to the bridge near the boundary of the townships of Clarendon and Palmerston.

The council adjourned till 10 a.m. on Thursday to allow committees a chance to meet.

At the Thursday morning session, Councils Croak and Haxewell moved that the award of Judge Price, regarding the division of cost of the purchase of Storrington Road be ratified. In amendment, Councillors Rogers and Foley moved that the by-law be not read and the award be not ratified.

Councillor Rogers spoke strongly against Pittsburg being taxed for one-third of the cost of the road. He claimed that Pittsburg would not receive the benefit that Kingston and Storrington would. It was most unfair to charge Pittsburg as the judge advised.

Councillor Rankin defended the award, and criticized the statements made by Councillor Rogers in a letter to the Whig on May 30th. The road was purchased for seventy cents in the dollar, a fair rate, without a costly arbitration. Councillor Rankin claimed that Pittsburg derived a big benefit from the Storrington Road, and should pay equally with Kingston and Storrington. Judge Price, he said, knew the county thoroughly, and there was no man better qualified to show what the interested townships should pay.

In making a comparison of the purchase of the Storrington and Perth-Road roads, Councillor Rankin held that the council had made a far better deal on the Storrington Road, which had been bought for seventy cents in the dollar. The Perth Road had cost the council fifty cents on the dollar, but the difference between the two roads was that the Storrington Road revenue was shown to be six per cent., whereas that of the Perth Road was only three per cent.

Councillor Hamilton claimed that this was no time to object. The by-law was passed in January, and Judge Price was unanimously chosen as arbitrator. It would be very injudicious now for the council to turn down the award of the judge. Councillor Croak was of like opinion.

Councillor Foley said he thought Pittsburg was unjustly treated. Pittsburg had freed its own roads of tolls and maintained them. Furthermore, that township would be called upon to pay a share of the erection of a new Catarawpi bridge, if the tolls were taken off.

Councillor Truscott said that when the other townships were re-elected at some expense and trouble, to bring witnesses in the matter, and when Judge Price had considered the question carefully, he felt that he could do nothing else than support the award of the judge.

Councillor Stewart stated that several lawyers engaged on the arbitration, expressed agreement with the award, after hearing the evidence. He could not be a party to voting against the judge's award.

The amendment of Councillors Foley and Rogers was lost on a vote of 15 to 3. Councillors Foley, Rogers and Donaldson voting for it. The by-law ratifying the judge's award was passed.

When the vote had been taken, Councillor Rogers arose and said: "Gentlemen, I may say that Pittsburg will pay the amount. It will fight it."

R. Patterson, ex-turnkey of the jail, asked that he be allowed pay for a week's holidays due him before he resigned.

Judge Price and Miss H. Fraser, surrogate court registrar, wrote, stating that no vacant accommodation was required.

\$1 motor vehicle, 50c; chamois finish gloves, in cream or white, worth 50c, 25c. Dutton's, 209 Princess street.

The harem skirt has made its appearance at Portland. The wearer is a tourist spending some time at Rideau Lake. The costume is made of khaki colored serge and next in appearance. Special sale women's 83 patent Oxfords, \$2.25. Dutton's, 209 Princess street.

Running shoes for boys, from 25c. Dutton's, 209 Princess street.

Corsets That Produce Ideal Figures

FASHION says that the thin White Dresses shall have more careful fitting, better lines, than those we have been accustomed to think would do for Summer wear.

This means that the day has passed when "Any Kind" of a Corset would do for Summer. It means that the Summer Corset must be selected with even greater care than those for winter, because through the thinner materials lines show more clearly.

We have several good makes chosen with regard to the requirements of Fashion and the comfort of wearers.

French Model Corsets
