## A BIG FIELD EXISTS

FOR A LARGER LOCOMOTIVE PLANT IN CANADA.

Present Plant at Kingston Inadequate to Handle the Business Offered—The Selling Stock Will Enable Expansion to be Made.

The remarkable railway development of Canadian railways has enormously increased the demand for locomotives of ever-increasing size, power and cost. The demand is one of the most certain in any line of manufacture.

There is a big field for a larger and up-to-date locomotive building plant in Canada—the present plant of the Canadian Locomotive Company, of Kingston is entirely inadequate to handle its orders and just now there are contracts in sight which would keep an augmented plant busy until the end of 1913. The owners of the plant—a powerful syndicate of English and Canadian capitalists—intend to enlarge the works so as to cope with the increasing demands for locomotives in Canada. The present output is not much over seventy-five engines a year—depending on the type required—and many valuable contracts have to be declined owing to the company's inability to deliver. It is now intended to double the capacity of the plant, and perhaps treble it.

To enable them to make this expansion the company are issuing through Aemelus Jarvis & Co., and as announced elsewhere in this issue \$1,300,000 of 7 per cent. cumulative preferred stock carrying a bonus of twenty-five per cent. common stock.

Being exempt from taxation and with little danger from labor troubles as explained in President Hart's letter as in the prospectus, the company is in an exceptionally favorable position to manufacture most profitably. The company's premises occupy three blocks in the city of Kingston, having a street frontage of about 865 feet by a depth of about 555 feet—to a frontage on Lake Ontario of 1,175 feet—the area enclosed being 333,000 square feet. There are about a dozen buildings, including one of the finest power plants in the country, a magnificent erecting shop with huge travelling cranes, boiler shops, riveting shops, machine shops, tank shops, tender shops, blacksmith shops, foundry and pattern rooms, paint shops and carpenter shop. In all, the works occupy seven acres. The company has its own branch railway line in Kingston and its own wharves and docking facilities on Lake Ontario.

The engines it turns out are the most up-to-date possible, and that they are satisfactory in service is proved by repeat orders from all previous buyers. The C.P.R., the G.T.R., the I.C.R., the Montreal and Ottawa, the Canadian Northern and the government owned Temiskaming & Northern Ontario railroad, all are patrons of the Canadian Locomotive Co., Kingston. Six engines recently turned out for the T. & N. O. are said to be the largest ever built in Canada. Chairman Langhorne of the T. & N. Co., speaking of these engines, declared them to be the finest he had ever seen, and were giving the greatest satisfaction. At present the company has contracts for some fifty engines with the C.P.R., the G.T.R., the I.C.R., and the Algoma Central, and it is becoming increasingly difficult to keep up with the orders.

The working staff is about 800 strong and a big proportion of the employees have grown up with the works and own their own homes in the neighborhood. This fact is a pretty strong safeguard against labor troubles common in other centres.

The men who are to control the new company are recognized powers in the financial world. The banking firm in charge of the business is Aemelus Jarvis & Co., of Toronto, and associated with them are the well-known firm of Brown, Shipley & Co., bankers, of London, England. The directors are: Hon. William Hart, Kingston; John L. Whiting, K.C., Kingston; Aemelus Jarvis, Toronto; Robert Hobson, Hamilton; Frank G. Wallace, Pittsburg, Pa.; Warren Y. Soper, Ottawa; James Redmond, Montreal.

On the large amount for which firm subscriptions have been received, and which will be allotted in full, it is worthy of note that Paris (France) and London, (England) have taken a substantial sum.

Called it Reciprocity. W. J. Franklin, of Pittsburg township, and a number of his male friends had a fishing party every summer at Birmingham's Landing, on the Rideau canal. Last Wednesday was the occasion of the yearly festival and in addition to the fishing stunt the christening of a new boat which was built in town for the Franklin brothers was to be an important event. The christening of the new boat was left to James Martin, who it happened, was the only conservative in the crowd. After the boat was placed in the water it was found that she was leaking at every joint and was soon full of water. When about to christen the boat Mr. Martin asked the name and was told to name it what he wished. When he broke the bottle of wine he named it "Reciprocity," because, said he in explanation, "it will not hold water."

Some Regrettable Omissions. The Whig regrets, very much, an occurrence which occurred in connection with the report of Queen street Sunday school's flower day. The floral decorations were the best that have been seen in years, the distinguishing features being the floral cradle, representing the cradle roll, the crown illuminated in the evening, and appropriate on Coronation Sunday, and the cross. Never before was there such a profusion of cut flowers. They banked high before the pulpit and choir railing, and, in cases, beautified every window in the church. Some names were omitted. Miss Caroline and Miss Troness and Florence Emery. Miss Ila Weiss was unable to sing in consequence of a sore throat. The Sunday school was particularly indebted to Mr. Trimble, who assisted materially as the leader of song, and trained the scholars in the choruses. "Buy talcum powder" at Gilson's.

## THE LATE MRS. THOMAS LUND.

Remains Interred at Cataract on Tuesday Morning.

The funeral of the late Mrs. Thomas Lund, who died in Providence, R.I., on the 23rd, took place Tuesday morning from the residence of her brother, Benjamin Davy, 23 Union street, the remains having arrived on Monday, accompanied by deceased's husband, her son Edward, and her nephew, Norman Robertson. She also leaves four sisters Mrs. Hugh Robertson, of Providence, Mrs. C. Cummings, Fort William; Mrs. D. Donnelly and Mrs. W. Twigg; also four brothers, William, Charles, Benjamin and John, all of Kingston. The burial service was conducted by Rev. T. W. Savary, of St. James' church. The late Mrs. Lund had been ill for a long time. She was aged twenty-eight years. Among the floral offerings were: Pillow from husband and family; wreath, son, Edward; sheaf of roses, Rhode Island District I.O.O.F. M.U.; wreath, Mr. and Mrs. George E. Veog, Greystone, R.I.; spray of carnations, Mrs. Hagan and family, Greystone, R.I.; everlasting wreath, Mr. and Mrs. Charley, Greystone, R.I.; wreath, James Charley, Greystone, R.I.; wreath, Mr. and Mrs. W. B. King; spray of carnations, Mrs. Dora Davy; spray of carnations, Mr. and Mrs. Charles Davy; bouquet of roses, "Benny" Davy; wreath, Mr. and Mrs. B. Davy.

## THE TRIP OF THE 14TH.

Regiment Parades Tuesday Evening for Annual Muster.

The 14th Regiment will parade at the armouries this evening for its annual muster, and to receive final orders as to the trip to be taken to Niagara Falls, Ont. Maj. Charles A. Low has returned from Niagara, where he made all arrangements for the reception of the regiment, which will leave Kingston next Sunday night at ten o'clock. The men will be given an opportunity of visiting Queenston Heights and Niagara-on-the-Lake, to say nothing of Buffalo, N.Y., on July 4th, as the regiment will not leave the Falls for home until Tuesday evening. Kingston will be reached on the return trip early Wednesday morning.

## Bread Trade Heavy.

Bakers in the city say that the trade in bread this month has been heavier than in years. Many people wonder why this is so. It is due to the fact that the month of June this year has been considerably cooler than in other years, and statistics go to show that people eat more bread in cool weather than when it is not. If there is one man who is heartily glad of the cool weather, it is the baker.

## To Clear Out the Weeds.

Owners of motor boats who have their boat houses in the vicinity of the K. & P. road are preparing to make war on the weeds near the shores. They will endeavor to get out all the weeds near their houses, so that the boats may navigate around there with safety.

## A Welcome Shower.

The shower predicted by the weather man for Monday night, arrived at seven o'clock, and it was a most welcome rain too, following a hot spell. The farmers have had almost too much rain, but it served to cool the atmosphere, and citizens were pleased.

## WANTED TO SLEEP.

Curious That a Tired Preacher Should Have Such Desire. A minister speaks of the curious effect of Grape-Nuts food on him and how it has relieved him.

"You will doubtless understand how the suffering from indigestion with which I used to be troubled made my work an almost unbearable burden; and why it was only after my Sabbath duties had been performed, sleep was a stranger to my pillow till nearly daylight.

"I had to be very careful as to what I ate, and even with all my care I experienced poignant physical distress after meals, and my food never satisfied me.

"Since I began to use Grape-Nuts the benefit I have derived from it are very definite. I no longer suffer from indigestion, and I began to improve from the time Grape-Nuts appeared on my table.

"I find that by eating a dish of this food after my Sabbath work is done, (and I always do so now) my nerves are quieted and rest and refreshing sleep are assured to me.

## WANT THE SAME NURSE

FOR MEDICAL INSPECTION IN SEPARATE SCHOOLS.

Would the Board of Education Agree?—Separate School Trustees Figuring on Their Financial Difficulties.

At the next meeting of the separate school board, one of the trustees will introduce the question of medical inspection of the children, and suggest that the board unite with the Board of Education and use the same nurse as will be engaged for the public schools. Members of the Board of Education have been approached in the matter, to see if the one nurse could not be utilized.

The separate school board will have to deal with the question of debt upon the schools and decide very shortly how it is to be wiped out, so that an addition can be built to St. Mary's school. Some of the trustees think that an appeal should be made to wealthy Roman Catholics to contribute liberally to the education of the young. Enough money, they think, might be raised by subscription to erect a wing. The only other way is to increase the separate school rate, and this is objected to, because it would be higher than that of the public schools.

## A HAPPY EVENT.

A Wedding at St. Paul's R.C. Church, Toronto.

A very pretty but quiet wedding took place, Wednesday, June 21st, at St. Paul's church, when Agnes Foley, of Kingston, Ont., was united in marriage to Archibald J. Stewart, of Queen's, but now of Baia, Muskoka. The ceremony, witnessed by only the immediate relatives, was performed at 6 a.m., by the Rev. Father Cullinan. Miss Mamie Dulan, wearing a blue costume and tucan hat, with pink roses and white willow plumes was an attractive bridesmaid. The bride wore her travelling suit of king's blue with dainty flower toque. The groom was assisted by Dr. F. Kelley, (Orilla). The dinner was served at the residence of Mrs. T. Dulan, 195 River street. The numerous presents received were varied and beautiful. Mr. and Mrs. Stewart, left for a trip through the northern lakes, to Fort William. On their return they will reside at Baia, Muskoka.

## Objected to the Shackles.

Rev. George M. Atlas, who was returned to penitentiary by Deputy Sheriff Jarvis, objected to being shackled on his trip east, and promised to make things warm for the veteran deputy when he was freed shortly. Atlas did not think that such an indignity should be placed upon him in a rail way train, but Mr. Jarvis who has never lost a prisoner since he began bringing convicts to penitentiary forty-five years ago, ago, does not take any chances. The law allows him to shackle a prisoner if he sees fit.

## Young Ladies Had Picnic.

The Victoria Guild of Cooke's church held picnic at Lake Ontario Park, Monday afternoon. About thirty of the members and their friends were in attendance. A pie-eating contest was engaged in and the prize was won by a popular young lady of the guild. The party partook of tea under the shelter of umbrellas. They gave a happy bunch of young ladies. Another outing will be held in the near future.

## AT LAKE ONTARIO PARK.

A Fine Vaudeville Bill is Presented This Week. Notwithstanding the gloomy aspect of the weather and heavy downpour of rain early in the evening, the attendance at Lake Ontario Park, Monday evening, was quite fair. The programme was entirely changed from the previous week, and an excellent bill it proved to be. The moving pictures were "The Bad Man's First Prayer," "That Awful Brother," and "The Broken Cross." In connection with the illustrated pictures, Miss Rose wear sang in good voice, "Go, but It's Great to Meet a Friend from Your Home Town," and "Moonlight Dear."

An acrobatic comedy, entitled, "The Clown, the Girl and the Kid," was presented by Milmar, Morris and Baby Estella, a pretty lot of four years. Their work was novel and interesting. "Jack" Mackie, a native of the heather, who was dressed in his national costume, delighted the lovers of Scotch songs by his rendition of "Annie's Letter," "Hieland Maggie" and "The Airship Man," or "McOv, the Aviator." He will prove a drawing card for the week. The same bill will be presented to-night.
