**Told In Twilight**

(Continued from Page 2.)  
 Miss Vera Carson, Brock street, was a charming hostess at the tea hour on Tuesday afternoon, when she entertained in honor of Miss Marguerite Elkins, of East Orange, N.J. The drawing room looked very pretty with a quantity of peonies and pink roses. The tea table in the dining-room was arranged with a handsome centre piece of rich Madeira embroidery and a cut glass vase of white roses. The smaller vases surrounding it made a very effective decoration. Mrs. R. J. Carson poured the tea. Miss McKay sat at the head of the table. Miss Dawson served the fruit punch. The girls who assisted were Miss Marjorie Merrick, Miss Hilda Kent, Miss Nora Macnee and Miss May Rogers. The guests included Miss Helen Gordon, Miss Lottie Kirkpatrick, Miss Charley Shortt, Miss Gweneth Merrick, Miss Dorothy Caruthers, Miss Madelon Higgins, Miss Dorothy Hill, Miss Lillian Mundell, Miss Edith Young, Miss Dora Oldrieve, Miss Lenore Hamilton, Miss Madge Taylor, Miss Edith Hubbell, Miss Honor Tett, of Newburgh, Miss Florence Stewart, Miss Kathleen Ryan, Miss Scully, of Montreal, Miss Sylvia Cochrane, Miss Susan Anglin, Miss Mabel Richardson, Miss M. **COOL MONTH OF JUNE**

**BUT EVERYONE SEEMS TO HAVE ENJOYED IT.**  
 The Farmers are Happy, for Their Cheese Factory Money Will be Large—Tourists Have Scarcely Begun to Arrive.  
 The cool weather of the month of June has affected people and trades in different ways.—The tourist trade has been hampered a great deal, and has scarcely begun yet. People do not stir away from the city until the weather grows very hot, and they long for the smell of the seaside and the grip of a fishpole in their hands. The fishing season has hardly begun here yet, due to the lack of tourists in this vicinity. If the drought comes next month, which has been predicted by Rev. Mr. Hicks, and his predictions may be depended upon, tourists will flock here in scores during the next two weeks.  
 The farmer has been delighted most with the brand of weather which has been handed out during the past month, for, in addition to making life along like a song, as far as bodily comfort is concerned, it has been the means of making his crops the finest in many years. The frequent rains which have been manifesting themselves so much during this month have been the means of making the grass grow abundantly, and this means lots of milk, which tends to swell the cheese factory checks. It has been making the hay grow well too, and the crop which is being harvested now in abundance everywhere, is of the very best kind which will bring top-notch prices in the fall.  
 Many other lines of trade, too numerous to be mentioned individually, have been benefited more or less by the cool weather of balmy June, and all will agree that this kind of atmosphere is decidedly preferred to the scorching heat when every bit of starch is taken out of the people, as well as out of their collars and cuffs, and one feels like doing nothing else but lying around and drinking ice cream soda.

**An Actor Has Arrived.**

Joseph Weber, the comedian, who spends part of the summer each year at Alexandria Bay, N.Y., has arrived. His sister-in-law, Sadie Friedman, accompanied Mr. and Mrs. Weber. Weber is a most enthusiastic fisherman and some of the best strings brought in at the Bay each season are credited to the actor.

**TRAFFIC VERY HEAVY ON RAILWAYS DURING THE MONTH OF JUNE.**

**Bridal Parties Had Good Share in Increasing the Business—Handling of Soldiers Quite a Proposition.**  
 Railway traffic has been very heavy during the month of June. A party official stated to the Whig that within the last couple of weeks a very large number of people had been travelling.  
 It is stated that June bridal parties are responsible for a great deal of the rush, but apart from that there was a very heavy traffic. June is always one of the busiest months with the companies. The soldiers for the camp all come in June and it is quite a proposition to handle them all. This year the number was not as large as last but there was a great deal of trouble. Trains were made up to leave at a certain time, but the men, with their equipment, would not be ready at that time, with the result that the train was tied up. Loading cars with horses is no easy job and especially if the work is being carried on by "green hands," it means that a great deal of time will be wasted. To handle two thousand soldiers, without having one accident, is quite a record, and the local rail-ways have this to their credit in connection with the Barriefield camp, which closed last week.  
 While June is always a heavy month with the railways July is also looked upon as a very busy month, as it is the popular month in the year for holidays. It is then that the majority of people like to take their vacation. The weather can also be relied upon to be good in July.  
 Traffic to the west has been very heavy. A big batch of people left in the spring and within the past few weeks a large number have been attracted to the golden west.

**Smoking on Street Cars.**

Attention has been drawn to the habit of numerous men smoking on the front of street cars and many complaints have been forthcoming as the result of the practice which so far this summer has been indulged in by quite a number. A complaint was made by a citizen who was riding on a car where two of three were smoking their pipes. The complaint was made, not on behalf of himself, but for the number of ladies who were on the car at the time. He said if the men in question wanted to smoke they should sit on the rear of the car and not force the unpleasant smell on those who happened to be on the car at the time.  
 For bread and pastry, use "Quality" flour.

**AT LAKE ONTARIO PARK.**

**The Attendance Last Evening Largest of the Season.**  
 The attendance at Lake Ontario Park last evening was immense. People driven out of the city by the excessive heat availed themselves of the opportunity to enjoy the breeze off the lake. The programme of the previous evening was presented. The acrobatic comedians, Milman, Morris and Baby Estelle, gave some additional work, while the Scottish songster, in addition to his regular numbers, sang by request, "Melcherson's Love."  
 Friday, being children's one-cent day, a matinee will be given in the afternoon, at 3.30 o'clock. On Saturday, Dominion Day, and on Monday, next, admission to the park will be absolutely free. There will be an entire change of programme on Thursday night.

**Summer Skin Troubles.**

Sunburn, blistering, and irritation are the commonest form of summer skin troubles, and Zam-Buk ends these very quickly. It works in two ways. As soon as applied, its antiseptic powers get to work and kill all the poison in a wound, a sting or a sore. This generally ends the smarting and the pain. Then Zam-Buk begins the healing process, and fresh healthy tissue is built up. For sore, blistered feet, sore hands, heat rashes, baby's heat spots, sore places due to perspiration, etc., you can't equal Zam-Buk. It also cures cuts, ulcers, abscesses, piles, and all inflamed and diseased conditions of skin and adjacent tissue. Druggists and stores everywhere sell Zam-Buk, 50c. box. Use Zam-Buk Soap, also, 25c. per tablet. All stores, or Zam-Buk Co., Toronto.

**First Baptist Lawn Social.**

The young men of the First Baptist church held a most successful lawn social at Jersey Park, the home of W. H. Pickering, on Tuesday evening. The grounds, beautiful by nature, were gay with splendid decorations, flags, bunting, Chinese lanterns, electric lights, transforming the place into a veritable fairyland. Mayor Graham, W. F. Nickle, M.P.P., and the pastor of the church made brief, bright addresses. The Salisbury brothers' orchestra discoursed sweet music. There was a good crowd of good buyers, and the whole entertainment was very enjoyable. The financial results go to the church building fund.
