STREET CARS TO RUN TO ONTARIO PARK, SUNDAYS, FROM 1 TO 9 P.M.

Street Railway Company so Decides - Will Fight Any Opposition of the Lord's Day Alliance.

The Sunday street car question was decided Thursday afternoon when H. W. Richardson, president of the Kingston, Portsmouth and Cataract Electric Railway company, announced that the company would run cars to Lake Ontario Park during the hot weather.

In an interview with the Whig Thursday afternoon, Mr. Richardson said the franchise when given to the company called for service to the public and if the public demanded Sunday cars it was under obligations to give it the service. "We are not running Sunday cars to make money, but to give the people the service. The mayor and the professional man has his summer cottage, automobile, or motor boat, and he will not be benefited by this move, but it is the working man that we are catering to."

"We have been warned that the Lord's Day Alliance will prosecute us for infringement of the Lord's Day act, and while we have no desire to be drawn into the law courts, we will defend ourselves. If the public will give us an expression of opinion as to whether they want the Sunday service or not, we will abide by it. If the majority want Sunday cars we will give them the service; if they don't want them we will not run them."

"Nothing will be sold in the park and no questionable amusements will be permitted. The pavilion will be free, and any religious denomination that wishes to will be privileged to hold services there."

"Many have raised objections," said Mr. Richardson, "on account of the fact that the employees of the road would be compelled to work on Sunday. A paper was drawn up at the office and the men were told that if they wished to work on Sunday to sign the paper. Every man signed it."

"The service will be only one way. The cars will go down Princess street and out to the park by King and Union streets. Ten minute service will be given, commencing next Sunday."

COAL!

The kind you are looking for is the kind we sell.

Scranton Coal

is good coal and we guarantee prompt delivery.

The Sydenham street male quartette, composed of William Mack, Noble Armstrong, Harold and Harvey Angrove, motored to St. John's church, last evening, and assisted in the programme which was given at a lawn social held there.

CUT DOWN ESTIMATES

EXPENDITURE FOR NEW SCHOOL TO BE KEPT WITHIN \$40,000.

Property Committee Used Knife and Cut Out Many Things—To Report to Board at Special Meeting to be Held on Friday Night.

At a meeting of the property committee of the board of education, held on Wednesday night, it was decided to cut down on the proposed expenditure for the new school and keep the total expenditure to \$40,000, the amount which was voted by the ratepayers for the new school.

It will be remembered that at the last meeting of the board the property committee reported that if the lowest tenders were accepted for the work that the cost would reach close to \$55,000 and for this reason it was recommended that the council be asked to give a further grant of \$5,008 for the new building.

A deputation from the committee waited upon the finance committee at its meeting Friday night and placed the matter before the members, giving the committee all the particulars. The committee gave the deputation no encouragement, in fact they made it clear that no more funds would be forthcoming, at least they would not make such a recommendation, and as a result the property committee held the meeting Wednesday night for the purpose of using the knife on the estimates.

In order to keep the expenditure down to \$40,000 the committee found it necessary to cut off many things. For instance, inside the school Georgian pine was to be used, now Canadian pine will fill the bill; paint will be used instead of oil and varnish; all the stone masonry will be cut out with the exception of that under the window sills.

It is also stated that the fire escapes will be cut off. This will, no doubt, cause a great deal of discussion. The board will have to find ways and means to protect the school with fire escapes. It is likely that something else will have to suffer. At any rate this is the recommendation of the committee. The committee have been taking their tips in the way of cutting down from Frontenac school, which cost about \$20,000.

Various alterations have been made in the original plans and the committee has made out a report, which will be presented at a special meeting of the board, to be held on Friday evening.

The meeting has been called as early as possible as the committee is anxious to have the work on the new school started as soon as they can.

HELD ON BIGAMY CHARGE.

Well Known Former Alderman Accused by Douglas Campbell.

Daily Province, Vancouver, June 28th.

Ex-Ald. W. J. Cavanagh, a well known real estate operator, was arraigned, last night, on a charge of bigamy. Later in the evening he was given his freedom on a bond of \$10,000. This morning his case was called in police court, but adjourned.

The information against Mr. Cavanagh was sworn by Douglas Campbell, whose sister, Miss Lily Campbell, is now married to the accused, and by whom he has one child. It is alleged that this marriage took place while Cavanagh was still the husband of Mrs. Mary E. Cavanagh, for many years a resident of Emerson, Man., now living at 1121 Davie street, this city.

Mr. Cavanagh's career has been eventful during the last few years. He won a fair-sized fortune as a realty operator, but was overruled with property three years ago, when he held a seat in the council as representative for Ward Three. He left the city suddenly, and was away for several months. Since his return his affairs have assumed better shape, and he is said to be comfortably fixed. It is understood that he was at one time in business with members of the Campbell family.

Mr. Cavanagh is a former resident of Escott.

Brookville and Ogdensburg.

Steamer America commences these popular weekly trips Friday, 8 a.m., calling at Gannaque both ways, returning leave Ogdensburg 3:30 p.m. Men's on board, 50c. return.

Temperature 83 Degrees.

The highest temperature recorded on Thursday was eighty-three degrees, the same as on Wednesday.

"Buy ice cream bricks," Gibson's.

PAIRED THE NURSES

For Their Good Work With the Fire Apparatus.

The usual monthly meeting of the board of governors, of the Kingston general hospital was held Wednesday afternoon, in the boardroom. Present: J. A. Munn, (chairman); F. G. Lockett, B. W. Robertson, A. F. Chown, Col. Duff, T. F. Harrison and Francis King.

Nothing of very great importance was brought before the board, by the committee of management. The report showed more than usual activity, during the month of June, and in comparison with the first six months of 1910, there was quite a large increase, in the number of patients treated. The committee desire to place on record their deep appreciation of the valuable services rendered by the nurses in charge of the Dovan Building, when that building was struck by lightning, during the recent electric storm. They used the hose and fire apparatus connected with the building so that it was unnecessary to call out the fire brigade, and by their promptness, prevented what might have been a serious conflagration.

On behalf of the visiting governors, Francis King, brought in the report, among other things mentioned that at the time of their visit all the private rooms were occupied, and they stated that it was gratifying to note that the demand for more space comes from a class of patients prepared to pay for the very best accommodation. One hundred and twenty patients were admitted during June and one hundred and twenty-seven discharged.

By resolution, it was decided that the board would not meet again until the first Monday in September, unless at the call of the chairman, A. F. Chown and T. F. Harrison will act as visiting governors for the present month.

Notes From Kepler.

Kepler, July 5.—Farmers are in hay-ing. The weather is so dry they can cut down, rake up, and draw in the same day. A successful Sunday school picnic was held in George Cranston's grove, last Thursday. Mrs. John McDonald has returned home, after spending a week in the city. Miss Ruby Wortman is home from Rochester, N.Y. Miss E. Maud Townsend and Miss Adeline Pipe, Toronto, visited Mrs. A. F. Smith, Latimer, Alfred James and family have moved into Ambrose Orser's home.

Visitors: Miss Adeline Pipe and Miss Mabel Townsend, Toronto, at A. Townsend's; Miss Ethel Reid and Jessie at George Cranston's; Richard A. Horning, Prouville, N.Y., at E. S. Horning's; Miss Alma Clogg, at H. F. Johnston's; Herbert Lawson and Miss Lulu Lawrence visited at Thomas Lawrence's, Bath, recently; Henry Lindsay and family, and Mrs. William Nichol and daughter, visited his parents at Opinicon, recently.

Tongue-Twisters.

From the Hamilton Times.

At Frankfort-on-the-Main an organization writes insurance on dog's lives. Its business title is Hundelebensversicherungs-gesellschaft. Imagine putting that on a post card or telephone call into use the dropping of the interpretive hyphens makes chemical nomenclature take on the appearance of some of those German or Greek stories run into a single word. For example Erlich-Hata's "996," about which the medical world has talked so much is technically known as dioxy-diamidobenzonol.

Not the Tailor's Fault.

From the Washington Star.

Governor W. R. Stubbs, of Kansas, apropos of a bill he was promoting said at a recent banquet:

"The opponents of this bill find fault with it. Well, in that, they remind me of Jack Hughes.

"The tailor, brought Jack home a new suit the other day. Jack went upstairs to try it on. Then, ten minutes later, he shouted down to his wife:

"That fool tailor's made a botch out of the vest!"

"How, John?" Mrs. Hughes asked.

"Why," said Jack, "he's put a button too many at the top and a button-hole too many at the bottom."

With the thermometer registering 96 degrees in the shade, Oswego is proclaiming itself as comparatively cool. Ha! Ha! Ha. What would Oswego think if it had Kingston's temperature of only 85 degrees on the hottest day? The man with a clear conscience sleeps almost as well as the man who has none at all.

Reports of monarchist rising at Lisbon among seamen are declared untrue.

The longer we live the less we feel that we are old enough to know better.

Store Closes At 5 O'clock

Each Day, Except SATURDAY during July and August.
