LOST HIS RIGHT EYE

TERRIBLE ACCIDENT BEFEL A COLBORNE STREET BOY.

Arthur Dean the Victim—Hammered a Piece of Metal, which Exploded—Eye Removed in General Hospital.

A sad and very mysterious accident occurred at the home of William Dean, 141 Colborne street, Thursday afternoon, and as a result his fourteen-year-old son, Arthur, is lying in the hospital minus his right eye, after having a miraculous escape from death. The accident occurred about 1.30 o'clock. The young fellow, who is of an electric turn of mind, was working on an electric buzzer to run from his father's room to his own to awaken him in the morning. He had removed his bedroom to the attic and was charging the apparatus. He had what he firmly asserts was a nail trying to make a hole in a piece of tin on the table. He struck it only once, when there was a loud explosion. He was stunned for the time being, but recovered himself in a short time and walked down to the second floor where his mother was. The sight of her son with his hand to his right eye and the blood streaming down his face was too much for Mrs. Dean, and she swooned. A neighbor, who had heard the explosion, came running in and assisted the mother, who was covered immediately, to dress the wounds. Dr. Ross was called and had the lad removed to the hospital, where his right eye was removed. He bore up remarkably well, showing splendid courage before and after the operation. The end of the forefinger on the left hand, which was holding the supposed nail, was bruised so that the end had to be taken off. Bits of the nail struck him in the face and chest and the left eye had a narrow escape.

What the mysterious thing representing the nail can be is hard to say but the lad says he got it out of his father's carpenter's tool box. The explosion of the nail tore a hole in the table. The supposition is that it was of dynamite composition.

HAD THRILLING TIME.

Horse Created Excitement on Swift's Wharf.

There was great excitement on Swift's wharf, Thursday afternoon, while the steamers were in, and just when things were busy around the Grand Trunk station. A horse attached to the delivery wagon for Davies' meat market, tried to make things lively, and as a result, Constable James Bateson, who was on duty at the wharf, had quite a thrilling time.

The animal had its foot fast to a ring on the wharf, but became frightened, and, breaking the strap, endeavored to create a disturbance by prancing through the crowd. Constable Bateson grabbed hold of it, but the animal did a circus act, jumping clear over the officer's head.

The horse jammed up against the constable's leg, and some painful bruises resulted. Many thought that the constable would be trampled to death, but with the assistance of a cabman named Evans, he was able to quiet the animal down, and there was no further trouble. Had the animal not been checked in good time, it would have, no doubt, gone into the water.

SIGNS OF THE TIMES.

1,000 Locomotives a Year Will be Needed.

Twenty-five years ago the Canadian Pacific railway ran its first transcontinental train. At that time the company had gross earnings of only \$10,000,000, while to-day they are over \$100,000,000. In that year the company possessed 372 locomotives. To-day the C.P.R. possesses 1,625. Altogether there are in Canada about 4,000 locomotives supplying the needs of 25,000 miles of railroad. Over 6,000 miles of road in Canada are being built or being surveyed, and when this is completed, it will mean that another 1,000 locomotives will be required. It is estimated that Canada will require about 1,000 locomotives per year for the next half century, partly to replace existing stock, and partly to provide for the new mileage. The Canadian Locomotive company's decision to double the capacity of their plant was amply justified by Canada's development and railway requirements.

NINE TRIPS OVER ATLANTIC.

Good Work Accomplished by Richard Aykroyd.

The Wainwright Star, Alberta, has an interesting article, referring to the work of Richard Aykroyd, who is a cousin of Dr. S. A. Aykroyd, of Kingston. Mr. Aykroyd recently left for England, in the interests of the emigration to Canada. On his mission he will work solely for the Grand Trunk Pacific, in the settlement of lands, along this line of railway, in the west. The railway company, recognizing in Mr. Aykroyd a man of great honor and personality, placed confidence in his ability to induce Canadian settlers to take up their claims in a new country, and succeeded. The former trips he made have been a great benefit to the west as a whole. This is his ninth trip, in as many years across the ocean.

Where Wade's Ointment Differs.

This is a combination of healing remedies that cures everything that ordinary ointments can and many skin troubles that few remedies can reach, such as the parasitic skin diseases like salt rheum, dandruff, etc.

Wade's Ointment heals everything and cures eczema, salt rheum, scald head, cold sores, chapped hands, erysipelas, piles, etc. In big boxes, 50c, at Jas. B. McLeod's drug stores.

Bibby's great 69c. shirt sale.

MOST ENJOYABLE AFFAIR

Was the Picnic of the Bethel Sunday School.

Bethel church and Sunday school picnic was held, Thursday afternoon, at Staley's Grove, Wolfe Island, and, as usual, there was a good attendance and a good time. In addition to numerous races open to members of the primary department, under the direction of Miss Alice Noxley, and Miss Wilhelmina Knapp, prizes were awarded to the other successful contestants. F. Wilson's class—W. Coates, J. Bruce.

Miss Isabel Noxley's class—Ross Hamilton, Noel Knapp.

Miss Higgins' class—G. Bewick, H. McCartney.

Miss Porter's class—Irene Pettit, Mamie Heyman.

Mrs. McCallum's class—Edna McCartney, Mildred Pettit.

Miss Babcock's class—Mary Porter, Ida Hawkins.

Miss V. Holland's class—Herbert Porter.

Miss Waine's class—Eva Dempster, Rheta Hunter, May Porter.

Miss Bourne's class—Ernie Thompson.

The baseball match, between the married and single men of the church and school, was won by the latter, score, 16 to 6.

The scramble for "kisses" was a very attractive feature. Everybody, young and old, participated in "gathering in" as many as they possibly could.

The weather was ideal and, all in all, the picnic could scarcely have been more enjoyable.

AFINE Summer Issue.

The Canadian Magazine for July contains several articles of outstanding merit and interest.

George W. Ross considers senate reform, and shows why constitutionally the present Canadian senate should be reformed by the various provinces in agreement.

T. G. Marquis gives a most interesting account of the Battle of Chateaugay, and W. Arnot Craik criticizes the proposed amendment to the Canadian Copyright Act.

M. O. Hammond writes a timely sketch, entitled "Two Canadian Peace Advocates," with portraits of Dr. J. A. Macdonald and Dr. James Brown Scott, both of whom are prominently identified with two distinct world peace movements. There are several finely illustrated articles.

Robert S. O'Loughlin Dead.

The death occurred in New York, on Tuesday, of Robert Stewart O'Loughlin, formerly of Yarker, in his sixty-fourth year. Deceased was a brother of B. S. O'Loughlin, of Yarker. He graduated as bachelor of arts at Queen's University, Kingston, in 1865. He was a member of Republic lodge, A. F. & A. M., Brooklyn. The funeral took place on Thursday, service being held at St. Stephen's Episcopal church, and interment taking place in Woodlawn cemetery.

Water in Good Condition.

Ald. Carson, chairman of the water works committee, reports that the samples of water examined by Dr. W. F. Connell during the past four days have all been found to be free of contamination. He feels that his responsibility in regard to the intake pipe is now ended, since the pipe has been cured of its leaks and the water found to be now in good condition.

Theatrical Fishing Party.

Mr. and Mrs. C. H. Haystead, Brockville, and Mr. Culman, manager of the Grand Opera House, Toronto, left on a fishing tour, with D. Brannigan. They will be in the city for several days. Mrs. Haystead was formerly Miss Josie Mills, once a favorite actress with the theatregoers of Kingston. Mrs. Mills is as youthful as ever.

Going to Rochester, N.Y.

W. F. Winter, Langdon, N.B., an enthusiastic Shriner and a Mason of thirty-third degree rank, is now summing in the city, is leaving, on Sunday night, to attend the great convocation of Shriners in Rochester, N.Y., next week.

AT LAKE ONTARIO PARK.

People Still Flock to This Favorite Amusement Place.

The attraction of the band in the city did not seem to have any effect on the attendance at Lake Ontario Park last evening. The cool and refreshing breeze off the lake was most enjoyable. The programme presented was entirely new. The great Otta, with his punching bags, gave additional work, which was well received.

Miss Rosewar rendered ten pretty songs, "It's a Girl Like You That Keeps a Fellow Guessing" and "Norah, My Irish Queen." Misses Lovring and Graham sang delightfully, "Jungle Moon," "Well I Swan," "One Day" (a pretty solo by Miss Graham), and as a duet, "Silver Threads Among the Gold." They were obliged to respond to repeated encores. There were four reels of fine pictures presented, the principal being "Lessons Learned," "Father's Dress Suit" and "A Smile of a Child." The same programme will be the bill to-night.

A Grave Omission.

A numismatist calls attention to the fact that the proclamation describing the new King George cent unfolds a serious omission. The superscription does not bear the words "dei Gratia" (by the grace of God). In Queen Victoria's reign a florin was issued without the words and was called "the Godless or graceless florin." They were speedily withdrawn. Will the new cent be regarded as a "Godless" one?

Carried a Good Party.

The steamer America had about two hundred passengers on its first trip of the season, to Ogdensburg, Friday morning. The steamer left promptly at eight o'clock, and the weather was fine for the sail, there being quite a fresh breeze.

Late Marine News.

The schooner Cornelia cleared for Charlotte.

The schooner Ford River, loaded with feldspar, will clear, to-night, for Charlotte.

The steamer Stormont, grain laden, from Fort William, is due to lighter, on Monday.

The steamer Sowards cleared, with the schooner Maize, on Thursday night, for Charlotte.

The steamship John Randall cleared for Washburn, with grain from Richardson's elevator.

The steamer Advance passed down, Thursday night, loaded with grain, from Fort William, but did not stop here.

The steamer Buena Vista cleared, from Crawford's wharf, Friday morning, with passengers and freight, for Rideau canal ports.

M.T. Co's elevator: The tug Emerson arrived from Welland canal, with the barge Ungava, coal laden, and cleared with Ungava and two grain barges, for Montreal; the tug Bartlett is due to arrive in the afternoon, with one coal barge, from Lake Erie.

At Swift's wharf: Steamers Toronto and North King passed down and up, to-day, on river trip; steamer Rideau Queen due from Ottawa this evening; steamer City of Hamilton stopped on her way down, this morning, and discharged freight; steamer Britannic is due to pass up tonight.

Steamer Sindbad went in the Kingston dry-dock, this morning, for repairs.

ABERNETHY'S

KEYSTOM IS AFLOAT

STEAMER RELEASED BY DONNELLY WRECKING COMPANY

At Cardinal at Noon on Thursday—She Was Out Six Feet on a Clay Bank—700 Tons of Coal Lightered.

The Donnelly Wrecking company, of Kingston, succeeded at noon on Thursday in releasing the steamer Keystom of Montreal, which ran ashore at the entrance to Cardinal canal last Sunday night. The Keystom was enroute from Ashabula to Montreal, with coal, and lost its bearings for a few moments when smoke obscured the entrance at the turn. The Donnelly company's wrecking steamer and barge reached the scene of the accident on Monday night, and the next two days were spent in lightering 700 tons of coal. When this was done, the Keystom responded to pulling by the Donnelly. The steamer was out six feet forward in blue clay, and was practically undamaged. It proceeded to Montreal. The lightered coal will be sent down after her. The steamer Donnelly arrived back early this morning. John Donnelly, who was in charge of the work, arrived back here, on Thursday afternoon.

CRUMLEY BROS.

WAS CLOSE TO THE KING

As He Was Driven From Buckingham Palace.

Bits of news regarding the festivities which the 11th regiment coronation representatives partook of are undoubtedly interesting to every Kingstonian. The following extracts were taken from letters received here from Major Sergeant Charles Hall.

"London, June 29.—Yesterday we all went to the Crystal Palace for the festival of the Empire, also the pageant of England, Canada and all the other colonies had exhibits there, and it seemed just like the World's Fair. We marched to St. Paul's cathedral last Sunday and it was a great sight to see the many different uniforms and different faces."

"June 23rd—Well, the two big days are over. We had a very easy time coronation day. We were stationed in front of Buckingham Palace and had a fine view of all the carriages going to and from Westminster Abbey. The colonial troops had the best places along the line of march. Our company had the best view of any of the soldiers gathered there. When the king and queen left the palace we had a splendid view, and when they came back we were stationed directly across the main gate of the palace. After the royal couple went inside the palace they appeared on the balcony and were given a great reception. After supper we went down Piccadilly and it took us two hours to go as many miles. No carriages of any description were allowed on the street. To-day we were on the side lines right in front of the palace. When the king's carriage passed we were not more than three yards from him. Tomorrow we are going down to Spithead to witness the naval review. I ever saw and was drawn by eight cream horses."

COOL BREEZES AT LAST.

Change in Weather is Greatly Appreciated.

The weather man, who has been abused every day this week, is, to-day, the best fellow in town. And all due to the fact that he is giving Kingston some cooler weather. A cool breeze set in early this morning and it was indeed most refreshing. Kingston certainly has the coolest weather in Canada these days and the citizens should be thankful.

Tidings From Picton.

Picton, July 6.—The yacht "Madge" and several motor boats took a dancing party to Glen Island, on Monday night. Mr. Irwin, late of the Collegiate Institute etc., will resume his university studies in the fall. Dr. Redmond, Edmonton, Alta., has returned home. Rev. C. A. Fox, Syracuse, N. Y., and Mrs. Fox, with daughters, Ruth and Thelma, are visiting at "Maple Dell." Rev. V. Emory has gone to Toronto to be pastor of Clinton street Methodist church. C. McLean, Port Hope, is visiting at Glenora. Miss Cassie Fox returned home on Saturday. Dr. Demille has returned from a trip to Winnipeg. Mr. and Mrs. E. McCaw, were town visitors Wednesday. Mr. Galt, Baptist minister, will hold his usual service in the school house No. 2, Hollowell, on Thursday night. Miss J. Stevenson, Fort William, is here for the summer.

Complimented Queen's.

James Lawler, secretary of the Canadian Forestry Association, who lectured at Queen's University, Thursday night, took occasion to compliment the university on the appearance of the trees on the university grounds. He made an inspection of the trees and found them to be in fine condition.
