FRANTIC WITH NEURALGIA

"FRUIT-A-TIVES" WILL ALWAYS CURE THIS TROUBLE

Neuralgia is really blood poisoning. To treat it with opium, morphine, cocaine, "headache powders" and other "pain-killers" is a crime.

The only possible way to cure Neuralgia is to purify the blood by making the Kidneys, Bowels and Skin do their proper work in nature's own way.

This is the way "Fruit-a-tives" cures Neuralgia. "Fruit-a-tives" prevents the formation of Uric Acid—keeps the whole system strong and active—and will always cure Neuralgia, Rheumatism and Headaches due to poisoned blood.

50c. a box, 6 for $2.50, or trial size, 25c. At dealers, or from Fruit-a-tives Limited, Ottawa.

PINE HILL ORANGE EVENT

In Connection With Unfurling of New Banner.

Pine Hill, July 7—A pleasant time was experienced at Pine Hill, L.O.L. 709, on the evening of July 4th, when a large crowd of visiting Orangemen from Portsmouth, Kingston and the surrounding vicinity assembled to witness the unfurling of its magnificent banner, recently purchased from Landalftown Co., Antrim, Ireland. The banner is of the purest silk and a work of art from every standpoint, and the Orangemen are to be congratulated upon being so fortunate in their choice. The speakers of the evening were Rev. H. McConnell, Rev. S. F. Harrington, Rev. Mr. Reade, Rev. W. F. FitzGerald and T. Todd, past master. The latter gentleman was called upon by the chairman, District Master William McNeely, Sunbury, to unfurl the banner. In doing so Mr. Todd spoke briefly, referring to his fifty-three years membership, during which time four flags had been unfurled. He spoke of the benefits of such an organization as the Orange order in a Protestant country and the duty of every Orangeman in observing the Sabbath day.

Rev. Mr. McConnell spoke most eloquently upon the needs of an order such as this and urged the men to be loyal to their vows, true to their order and to their banner and never to forget that as righteousness exalteth a nation so will it exalt an order.

Rev. Mr. Harrington dwelt upon national life. He pointed out that Canada, though in her infancy, was quite capable of developing this part of her life independent of any papal interference. He urged that Orangemen from the Atlantic to the Pacific should band together as one man to withstand the papal power which was becoming more pronounced as the years passed.

Rev. Mr. Reade spoke in a most charming manner. He pictured to the people the powers of endurance, loyalty, honor and courage of their noble and illustrous ancestors, especially those of the Irish extraction. He dwelt upon the fact that the pope in 1909 declared Canada a Catholic country, and that now he was doing everything possible to further his power and influence here. The time had come when the people of Canada should rise and declare Canada a Protestant land and unite in withstanding the advancement of the Roman foreign power.

Rev. W. F. FitzGerald, Kingston, opened his speech in true Irish fashion. He brought forth peals of laughter from his audience. He then proceeded to dwell upon important questions of the day and captivated the gathering by his eloquence. In speaking of the Ne Temere decree he said it was a most daring and brazen thing for a foreign potentate to decree that marriages performed by Protestant ministers, in a Protestant country were null and void, that such married persons were living in a state of license and concumbinage. We have, he said, been continually enduring the encroachments of the papal see but henceforth no more will be allowed such foreign interference. We will stand for our rights and defend our heritage, and the greatest asset we as Canadians can have is a country of young men brought up religiously and respectfully, young men who are courageous and honorable, who have the respect of every body and in return give respect where it is due.

The ladies of the Helping Hand, Zion Methodist church provided refreshments for the crowd.

NAPANEE MAN INJURED

THROWN FROM HIS BICYCLE IN COLLISION.

A Boy Fractures His Leg for the Third Time—A Spring Discovered on the Street and Will be Utilized for a Fountain.

Napanee, July 8.—A sad death was that of Frederick W. Creighton, of Hawley, on July 5th, after a few months' illness of cancer of the stomach. Deceased was in his fifty-third year, and was a well-known and highly-respected farmer of Hawley.

A young son of Isaac Cornwall's, while playing about the park, last night, slipped and fell and sustained a broken leg. This is the third time that the boy, who is about twelve years of age, has had a similar accident, each time in about the same place.

Mrs. K. J. Strong, who spent the past year with her brother, at Manton, Man., returned, this week, to visit friends in Napanee and Brockville.

Take 2—Napanee.

F. Chinneck met with an accident on Wednesday that might have been more serious. He was coming down to his business on his wheel and when rounding the corner he collided with a boy on a wheel and was thrown to the sidewalk with considerable force. No bones were broken, but the shock was enough to confine Mr. Chinneck to the house for several days.

Miss Luella E. Hall and Miss Freda Holmes are visiting Mrs. Arthur R. Griswold (formerly Ethel Soby), in Hartford, Conn. Mrs. Edward Douglas, of Buffalo, N.Y., is visiting friends in Napanee for a few weeks. Miss Maggie Stark left last week to visit friends in Oshawa, and Pittston, Pa. Mrs. G. W. Edwards has gone to Winchester, to be the guest of her daughter, Mrs. Keenan, for a few weeks.

Harold Cowan, of Montreal, arrived in town on Saturday to spend a short vacation with his parents, Dr. and Mrs. G. H. Cowan. Mr. and Mrs. C. E. Lane, of Minneapolis, are visiting in town at his father's, Henry Lane. Mrs. Norris Brisco and son, of New York, are the guests of her mother, Mrs. Bartlett, Piety Hill. Mrs. Clarence M. Warner and daughter, Elizabeth, sailed, yesterday, on the steamer Virginian, for a six weeks' visit in England.

Miss Hammell, of the Robinson Co., left yesterday for her home in Owen Sound. Dr. Charles Smith, of Saskatoon, Sask., is visiting his parents, Mr. and Mrs. J. T. Smith.

While excavating for the Dundas street sewer, near the corner of John street, a spring was discovered, and a proposal has been made to the council to have the water from the spring piped to either Wallace's or the Merchants Bank corner for a public drinking fountain. One public spirited citizen, stated that if the scheme was feasible he would contribute a good share of the necessary expense.

A Limited Edition.

Privately printed books constitute a very interesting by-path of literature. One produced by the Prince Consort is a subject of enquiry in the current Notes and Queries. The Court Journal of Sept. 23rd, 1865, mentions that the Prince Consort made a special study of Balmoral.

By his directions and largely with his assistance a book on the Balmoral country, topographical, botanical geological, descriptive and reminiscent, was compiled. It was beautifully printed by an eminent London firm, but by the Prince's orders only six copies were struck off. Is there a single copy now in exisence? The British Museum the Windsor Library and the Balmoral Library have been searched in vain.

J. C. Williams, Picton, a well known carpenter, met with an accident in Hepburn's mill, last week, and lost part of his hand as a result.

Hoist your sail when the wind is fair.

THE SQUARE TRAIN GIVES STATELY LINES.

This sumptuous gown was worn by a woman dining at a fashionable hotel the other night. The gown itself is a rather simple affair of chiffon and lace, but over this foundation is draped the heavy, soft brocaded satin, which lends character and design to the costume. The brocaded pattern is the coral pink on a white satin ground and the material forms a graceful panel back, ending in a square train. A little chemise of the brocade falls over the chiffon bodice and below this a hip drapery of the bordered satin is caught back and attached to the panel which forms the train.
