Over 1-2 Million

The Travellers Insurance Company paid in 1910 over half a million dollars to its policyholders for accidents peculiar to the vacation season. These enormous benefits, paid by this largest of all accident companies for vacation injuries, should impress you with the necessity of accident insurance. Now is the time when many people are injured in hunting, boating, fishing, bicycling, baseball, golf riding and driving, automobile and travel. Every year one in eight of the population is injured, and one death in every ten is from accident. The benefits are so broad and the cost is so small that if a man does not carry accident insurance it is generally because he does not know the facts. Let us tell how much insurance at \$25 a year will buy.

THE BRIDGE QUESTION

IS STILL BEFORE THE CIVIC FINANCE COMMITTEE.

The Scheme is a Big One, and Cannot be Settled in a Day—Dredging of Harbor Will Take Five Years.

The civic finance committee has not yet come to a decision with regard to the question of purchasing the bridge will be submitted to the people in January next, at the time of the municipal elections. The committee has before it abundance of information from the city engineer, and also his recommendation—as to an expert to engage in an advisory capacity. The bridge scheme is a large one, and also a costly one. Whether the dominion government will contribute to the cost is a question, although the claim is advanced that it is the duty of the marine department to assist in improving the navigation of all harbors. Kingston could patch up the bridge to do for years but it would not be sufficient for navigation into the lower harbor. The township of Pittsburg will also likely be brought into the scheme, as the bridge is part of its road system into the city.

The finance committee has again asked the government to have the dredging of the lower harbor begun. Fifty thousand dollars was placed in the estimates for this work, but so far no work has been done, evidently because the requirement is not so pressing since the Ontario Exploration company decided to not settle here. It was for the accommodation of this company that the city council asked the government to have the dredging done with despatch. It is expected, however, that the dredging will be started shortly. It cannot be done in one year, nor two either. It will take probably \$250,000 to properly dredge the harbor. Therefore possibly five years will elapse before the work will be completed.

AT BOWLING GREEN.

Scores in the Games on Thursday Evening.

The local bowlers had a great time, Thursday night, Skip Dr. Watson defeated Skip E. Lyons by the close score of 15 to 14. The teams: C. Crozier, Dr. Sparks, G. E. Seale, E. Lyon, skip—14.

W. H. Wormwith, E. E. Pardee, A. Turcott, Dr. Watson, skip—15. In the singles E. Lyons defeated R. J. McKay by 15 to 8. Skip W. H. Wormwith won from Skip W. Jackson, 15 to 13. This was a very close match.

GONE TO REGATTA.

Which is to be Held at Cape Vincent.

Members of the Kingston yacht club cruised over to Cape Vincent, Friday afternoon, to take part in the regatta which is being held there on Saturday.

The following Kingston boats went over: The Heather, Isis, Chirya, Kathleen, Baby Grand, La-Dolphins, of Napanee, owned by H. B. Mills, went over with the remainder of the boats. The day was fine and quite a breeze was blowing. The boats expected to make good time and prizes will be given by the Cape Vincent Yacht Club for the best time made. The yachts will go around by the head of Wolfe Island while the motor boats will go around by the foot.

The motor boat, Tepee II, owned by James Conway, was the only one of its kind to start on the cruise. Difficulty was experienced in getting any other boats to start.

A fine time is expected on Saturday when the regatta will be held. The boats mentioned above will take part as well as the sloop, Latonka, owned by Lieut. W. C. Horton, Chamont, N.Y. She is a very fast boat and was entered at the last minute. She is rated at 16.3.

Fifty Responded.

The Whitty Young People's Missionary conference closed last Monday. About two hundred young people, representatives of five different denominations, were present during the conference week. The mornings and evenings were given up to mission study classes and missionary addresses; the afternoons to tennis, baseball and croquet. One has no idea of the amount of missionary enthusiasm that there is in Western Ontario until he gets to a conference of this kind. The air was fairly saturated with interest. On the last evening when Dr. R. P. McKay, the leader, asked those who were willing to go to the foreign or home field to stand up, fifty responded. Four of these are already under appointment, and leave in the fall.

Plenty of Diseases.

During the past few months Yarker had considerable excitement over measles, mumps, scarlet fever, whooping cough, Mrs. (Rev.) Batstone and little daughter, Elson, are again at liberty, after being quarantined for weeks with scarlet fever. Elson seems to be a subject for fever; over a year ago she was very low with typhoid fever. Mrs. Batstone expects to leave here soon for his new field. He goes to Frankfort and Rev. Mr. McMillon, of that place, comes to Yarker. Both ministers have had sickness in their homes, therefore, could not move at the appointed time.

Mrs. George Robinson and daughter Miss Lillian, Nelson street, left this afternoon for a visit in Brockville. A secret isn't a secret if a woman hesitates in telling it.

SWIMMING HOUSE READY

And the Boys Will Go to Sandy Bottom on Saturday.

The swimming house is being erected by the Y.M.C.A. at Sandy Bottom, and will be ready for occupation by Saturday. There are not enough funds in sight as yet to pay for the cost of the building, but it is anticipated that a number of men will come to the aid of this work, and the Y.M.C.A. will surely not be hampered in the effort to fill the gap for boys applying for a place on the swimming list, although there will be room for all. Parents should see that their boys make the best of this opportunity. The Y.M.C.A. will be glad to deal with any boy who wishes to learn to swim. All the boys have to do is to let the officials of the Y.M.C.A. know that they want to learn. The boys will meet at the Y.M.C.A. building on Saturday, at 1:30 o'clock, when a number of competent swimming experts will accompany them to Sandy Bottom for the afternoon.

GIVEN CAT-O-NINE TAILS.

Punishment for Lad Guilty of Robbery.

A good taste of the cat-o-nine tails was the punishment given the twelve-year-old lad, who was caught in the act of robbing a house on Brock street. The punishment was administered to the lad at the police station in the forenoon by a couple of the constables. The case came before Magistrate Farrell in the juvenile court, and the lad's parents were present. The boy has promised to be good, and it is hoped that he will make good his promise.

ANXIOUS CONCERNING BROTHER

J. M. Cohen is in the Porcupine District.

J. Cohen, of the firm of Sussman & Cohen, has a brother, J. M. Cohen, who has been living in the Porcupine district, and as he has not had any word concerning him, he is very anxious. His brother left here about a month ago, to take up his residence in Pottsville, and, according to the despatches, this place was gutted with the fire.

Carried Excursion.

On Friday morning, an excursion party of about two hundred and fifty people arrived in the city from Peterboro, and were taken down on a trip among the Thousand Islands, by the steamer America. The Bay of Quinte Steamboat company had made arrangements to carry the excursionists, but owing to the fact that their steamers were out of commission, the America was secured for the trip. The excursion was conducted by the Union Sunday school of Peterboro. The America will carry the excursionists who come to the city to-morrow on the Kingston & Pembroke railway excursion, on a tour of the islands.

Freak of Lightning.

Trenton Courier. During the storm on Tuesday afternoon, Everson Smith's house, Stoney Lonsome, was struck by lightning. The bolt of lightning struck the side of the house boring a hole through to the parlor, and proceeded to the dining room, where it remained on the floor like a ball of fire, and then escaping out of the house, leaving behind broken plaster and broken boards and a peculiar smell of smoke. The following were in the kitchen at the time and had a full view of the dining room; Mrs. Smith, Mrs. C. London and two children and A. W. Williams.

Beuna Vista's Trip.

The steamer Beuna Vista leaves Smith's Falls every Monday and Thursday, at 6 a.m. Returning, leaves Crawford's wharf, Kingston, every Wednesday and Friday, at 6 a.m. She takes an excursion to Jones' Falls every Tuesday, leaving Kingston at 7 a.m., arriving at Jones' Falls at 12 o'clock and leaving at 2 p.m. Fare 50c.

To Build Billiard Room.

At an outlay of \$3,500, the building and furnishing of a new billiard room as well as the alterations and furnishings required for the fitting up of the present billiard room as a dining-room at the Frontenac Club, is proposed. The directors will raise this amount by issuing seventy-second mortgage bonds of fifty dollars each, bearing six per cent. interest. The proposed additions and alterations will result in greatly increased and better accommodations.

Grass Was on Fire.

Shortly before twelve o'clock, Friday the firemen were called to Macdonald park, where the grass had caught fire. The blaze was soon extinguished, but quite a stretch of grass was destroyed. The firemen went out to the park in the afternoon and gave the grass a good soaking. The grass is very dry and it is likely that the fire started from some person carelessly dropping a match.

Bridge Company Dividend.

The directors of the Catarqui Bridge company met Friday and declared a dividend of two per cent. upon the capital stock of the company for the half year ending June 30th. This is double the amount of the dividend declared a year ago. The company continues to collect its own tolls.

Saturday Afternoon Trip Cancelled.

Str. America has been secured to fill the Caspian route, leaving Kingston at 10:15 a.m., so that she will not make her regular 2:30 p.m. trip this week.

Leader in the West.

Even more significant than the number of occasions on which Mr. Borden was pressed to change his course regarding the question now uppermost in the public mind was the choice of the men selected to give utterance to the views of these western farm organizations. The chief spokesman for Manitoba, was J. W. Scallion, honorary president of the Manitoba Grain Growers' Association, and a conservative; the principal spokesman in Saskatchewan was F. C. Tate, M.P.P., one of Mr. Haultain's lieutenants in the legislature of the province; the leading place in Alberta was taken by E. J. Fream, secretary of the United Farmers of Alberta, and who, in the last Dominion election, was the most effective platform assistant of the conservative candidate in Red Deer.

A Conservative Paper's Staid. Regina Standard.

It was disappointing to the Standard as it was to thousands of the western admirers, to find that Mr. Borden had nothing to offer against reciprocity except the stock arguments that have done duty at a price per line during the past three months, in party organs and other purchasable sheets.

When Mr. Scott and Mr. Haultain agreed upon their resolution, and when the legislature of this province unanimously adopted that resolution, the die was cast. The opinion of Saskatchewan was crystallized. The Standard stands by it. The producers of Canada have been sacrificed long enough on the altar of sentiment.

50,000 FOR BRIDE.

How "Apple King" Won a Niece of Nelson Morris.

"I'd like to marry you," was the third sentence ever addressed to her by Henry O. Spruck, the "Oregon apple king," declared Mrs. Frances Rosenblatt, niece of Nelson Morris, the late packer of Chicago, in commenting the report that she was to marry Mr. Spruck, whose wife died recently. "He made my brother introduce us. He began making love right away. When I refused him again and again he still asked me to marry him. Finally I began to love him for his persistence. Then one day he said, 'I'll give you \$50,000 if you marry me.'"

"Before the wedding? I asked as a joke. 'Yes,' he replied, and I took him up. Well, we'll be married in June."

"I couldn't help it," said Mr. Spruck in telling his side. "I fell in love with her when I first saw her, and I had to have her. Did I mean it when I offered her the \$50,000? Well, I should say I did."

Radford's Automobile Road Map of Ontario and Muskoka Lakes

6,000 MILES OF GOOD ROADS

Throughout Ontario and Muskoka Lakes.

The Map is carefully compiled from authentic data and clearly defines all roads which can possibly be used for motoring, from Detroit, Mich., to Montreal, P.Q., and from Buffalo, N.Y., via Toronto, to North Bay and Lakes Simcoe and Rosseau.

There are 6,000 miles of roads shown, and the distance of any particular route can easily be ascertained by measuring the map and computing the result in inches multiplied by twelve, which gives the mileage. The Routes are distinctly printed Red, while Cities, Towns and Villages are represented in Black. It is issued on good paper, size of Map 17 x 48 inches, folding to 1-2 x 9-1-2 inches, a convenient pocket size.

SCHMITZ PENILESS.

Ex-Mayor of San Francisco is Stranded in Mexico.

Former Mayor Eugene Schmitz of San Francisco, who escaped going to state prison with Abe Ruef on graft charges through a flimsy technicality and is now at liberty under heavy bonds, is reported to be stranded and penniless in Mexico. It is said that he has dissipated his fortune, estimated at \$500,000, in hazardous mining and business ventures and now lacks money to pay for his fare home.

When Schmitz was trying to get out of jail on bail he obtained the assistance of William J. Dineen, an Oakland capitalist. In return Dineen induced Schmitz to invest many thousands of dollars in a large cement factory near Santa Cruz, in California. This company came to grief when Dineen failed last year, and Schmitz lost every cent he invested in it. Then a mine at Orville, in Butte county, in which Schmitz invested considerable money, turned out a failure after showing some rich ore.

In despair Schmitz then started for Sinaloa, Mexico, where his brother is interested in a mine, but a letter has been received by one of his friends saying this mine is also worthless and that Schmitz is in the straits described. All he now has is the fine Schmitz home in San Francisco, which, however, is in his wife's name.
