Desperate Efforts, Disheartening Failures and Final Success.

Ecrema is a skin affliction to which mea and women alike are subject, from the first to the last day of their existence. It may occur as a single tiny spot, appearing and disappearing with each change in general health or present only at certain seasons; lat the other extreme, the whole body may be involved in a torturing couption. The atter condition may gradually arise through the neglect or improper treatment of lesser troubles or an apparently healthy skin may, Victorian, Fri., June 23; Fri., July 21.

distressing liching, burning, scaling and erusting, the serious disfigurement and the onstant dread that the eczems will become schronic, make a speedy cure the aim of every sufferer. Unfortunately, such a cure is not always readily obtained. The most skilled physician is often at a loss and even hospitals TO HAVRE AND are forced to discharge the patient as incurresorted to, many perfectly harmless and This service is composed of one equally ineffective, others so offensive to lass, second cabin steamers, sailing they are supposed to afford, no person of refinement would tolerate them for an instant. To such sufferers, discouraged by repeated failures of even these heroic methods, the instant relief afforded by the first bath with Cuticura Soap and gentle application of Cuticura Ointment is almost incredible. They stop the itching and burning at once, make sleep possible and, in most cases, point to a speedy cure. So pure and sweet are Cuticura Soap and Ointment and so free from every stance of a disagreeable or harmful nature that they can be used without hesitation on the youngest infant or tenderest skin. Be-sides, they are most economical, a single set being often sufficient for the treatment of even the severest cases.

In proof of the efficacy of the Cuticura Remedies it will be enough to quote here a single letter, from Mrs. Edward Nenning. 11 Lansing Block, Watertown, N.Y.: "Four years ago I suffered with a terrible eczema, being a mass of sores from head to feet and for six months confined to my bed. During that time I suffered continual torture from itching and burning. After being given up by my doctor, I was advised to try Cuticura. After the first bath with Cuticura Soap and application of Cuticura Ointment I enjoyed the first good sleep during my entire illness. I also used Cuticura Resolvent and the treat-ment was continued for three weeks. At the end of that time I was entirely cured and have feit no ill effects since. I would advise any person suffering from any form of skin trouble to try the Cuticura Remedies, as I

know what they did for me." Cuticura Soap, Ointment, Resolvent and Pills are sold by druggists everywhere. Potter Drug & Chem. Corp., sole props., Boston, Mass. Mailed free, on request, latest 32-page Cuticura Book, a guide to the speedy and eco-

Mr. Aylard's letter tells the story: Campbellton, N.B., Feb. 5, 1909.

Just In Time To Save His Life.

Father Morriscy Med. Co., During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe Cold which settled

upon my lungs. After I returned home I wrote to Father Morriscy explaining my case, I received a letter from him with a prescription for his medicine, which uld not be filled at the time here. After one week's delay I received it, ust in the nick of time to save my life. After one month's use I felt like a new man.

Yours truly, Ino. Aylward,

There is not much time to lose when a cold settles on the lungs. Pneumonia kills within a week. With Puther Morriscy's "No. 10" at hand, you don't even have to wait for a doctor, "No. 10" cures all throat and lung troubles. It is a reals Lung Tonic, and fortifies against future attacks. Trial bottle 25c. Regular size soc, at your dealer's, or from Pather Morrisca Medicine Co. Ltd., " Montreal, Quebec.
