RELEASED CONVICT CAUGHT

While Burglarizing a Store on Front Street, Belleville.

When John Campeau was released from penitentiary at Portsmouth on Monday morning he never thought that he would be in the Belleville police cells twenty-four hours later. Yet he was, and may come back to the penitentiary, where he just completed three years for theft at Trenton. John immediately set out for Belleville, thinking that he could easily get a little capital with which to start life anew. He put a few drinks of Corby whiskey into himself and started out to examine the stores on Front street at ten o'clock in the evening, when all Belleville goes to bed. But he was seen by some small boys who informed the police. Campeau was arrested on suspicion. He was intoxicated and gave the police a "good scrap" before he could be taken to the station. The store of McIntosh Bros. had been entered and a small amount of money taken from the till. Campeau evidently tried to enter several stores, as there were evidences of it. In police court, John decided to be tried by a jury of his peers, and not by the magistrate. Accordingly he will remain in Belleville jail till September. He is well-known in Belleville, the police having had trouble with him since his year as a lad. He is twenty-six years of age.

Excursion to Picton. A most delightful excursion to Lake-on-the-Mountain and Picton, under the auspices of Portsmouth Presbyterian church, took place on Tuesday. Leaving at 7:45 a.m., from Kingston, the new steamer Quinte Queen, which gave splendid satisfaction, called at Portsmouth and Collins Bay, and 250 people took advantage of the glorious day to make the trip. Thirty minutes were allowed to visit the Lake-on-the-Mountain, and most of the passengers climbed the big hill. The genial commander of the boat, Capt. Bristow, and his assistants, did all they could for the comfort of the passengers, and as the sail was delightful, nothing was left to make it what everybody pronounced it to be—a most enjoyable and successful excursion.

Tow Norseman to Montreal. The steamer Norseman, sold last week by sheriff's sale for \$1,000, will likely be towed to Montreal, and cut up for junk. It would cost \$10,000 to put her into any kind of shape for freight carrying, as the wear of half a century has told upon it in a marked way. It is expected that her new owners will be able to scrap her parts of value for \$3,000. Gibson's for ice cream bricks. Resident Tooth Paste, 15c. Prouse's drug store. "Buy infants foods," Gibson's.
