REDUCED TO A SKELETON

DOCTOR SAID SHE WOULD DIE

"Fruit-a-lives" Saved Her Life

RIVERIA & PIERRE, QOR., May 9th 1910 "I look upon my recovery as nothing short of a miracle. I was for eleven years constantly suffering from Chronic Dyspepsia, Indigestion and Constipation. The last two years of my illness, I was confined to my bed nearly all the time. I was so thin I weighed only 90 pounds, and I vomited everything I ate. Even water would not stay on my stomach. The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. At this time, a lady friend strongly advised me to try "Fruit-a-lives" and how thankful I am that I did so. When I had taken one box, I was much better and after three boxes, I was practically well again and had gained 20 pounds. I have taken thirteen boxes in all and now weigh 150 pounds and am absolutely well—no pain—no indigestion—no constipation—my heart is sound and complexion clear."

Eczema on Leg for 25 Years

I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "try them if you like but I do not think they will do any good." At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequently sore with Eczema and I always recommend it most highly as a sure and economical cure for skin troubles. (Signed) MME. J. B. RENAUD, 277, Montad St., Montreal.

NOT YET TOO LATE TO BE COUNTED

Persons Overlooked in Census Should Write to Ottawa. Ottawa, July 13.—The census commissioner says: "The newspapers have been reporting omissions on the part of enumerators of the census, especially in the large cities of the dominion, and notwithstanding the care of the census office to ensure a performance of accurate and full work on the part of the enumerators it is possible that in some instances persons, and even families, have been passed over. It is known at the office that many reports of omissions are without foundation, and that generally the enumeration has been well and fully made, although it is yet too early for a final decision. The fact is that the census of a district or enumeration area was often not completed when complaints were first publicly made. The census office earnestly desires that the name of every man, woman and child in the country, as well as all other information called for in the schedules, should be recorded, as the statute and the instructions require. But lest there should be an inadvertent omission on the part of any enumerator, the office respectfully invites the co-operation of the public for the completion of a full census. To this end persons who believe or suspect that they have not been taken are asked to notify the census office at Ottawa, giving their names, postoffice address, street and number if residing in cities, towns or villages, or concession and number of lot if residing in country places. Letters containing information of the nature are post free, and if it is found that such persons have not been enumerated in the returns made to the census office, means will at once be taken to remedy the defects through the local offices of the census who were employed in the work, and who are responsible if any mistakes have been made in their respective enumeration areas."

HUDSON BAY BOOM.

Western Speculators Busy With the Land. Ottawa, July 19.—That the proposed construction of the Hudson Bay railway has given origin to a real estate boom at various points along the route that rivalled that which Winnipeg experienced at its inception, was the interesting statement made by R. H. Campbell, superintendent of forestry, who has just returned from a month's visit of inspection in the west. The site of a railway that at present exists only on paper would appear a rather remote prospect for a boom to the ordinary citizen, but not so to western real estate men, according to Mr. Campbell. "There is a big real estate boom going on there," he said to a Canadian Press correspondent. "Every place where there is a chance of opening up at all is getting a boom. At the Pass itself is where speculation is busiest, as a big lumber mill that gives employment to a large number of people has been erected there. The buying up of land is being mostly done by Winnipeg dealers and lots are changing hands rapidly."

HE KISSED 286 BABIES.

Overseer Voliva Consecrated Infants to the 'Cause of Zion.' Chicago, July 19.—After kissing 286 babies, ranging in age from six months to four years, and consecrating them to the "Cause of Zion," Overseer Wilbur Glen Voliva, successor to John Alexander Dowie, stood by a barrel in Shiloh Tabernacle, yesterday, and watched his disciples toss \$27,500 into it as a "sacrifice offering." Voliva kissed all the infants and consecrated them in exactly forty-eight minutes. Yesterday was the annual consecration day at Zion City and in the line of men and women that contributed to the "sacrifice fund" there were 3,319 persons.

Country of Freak Legislation.

Hamilton Times. New Zealand is the country of freak legislation. Recently the Chinese there were found to be doing a great deal of the laundry work. In New Zealand a laundry is a factory within the meaning of the law. A New Zealand lawbreaker discovered that he could settle the question of Chinese competition with women laundresses by a slight change in the interpretation clause of the factory act. An amendment was, therefore, drafted and printed and sent with the utmost seriousness and good faith to the crown law office for consideration. It contained a provision in these words: "For the purpose of this act (the factories act), a Chinaman shall be deemed to be a girl—under eighteen years of age."

"Drunk" Suicides in Cell.

East Greenwich, R.I., July 19.—Samuel Hambley, forty years old, a mill operative, who was found dead to-day in his cell at the county jail. He had rubbed his neck back and forth on the sharp iron edge of the bed in his cell until he had cut his throat. Hambley was committed to the jail on Saturday, to work out a fine of \$2 and costs for intoxication.

Killed at Telephone.

Brookville, Conn., July 19.—Arthur H. Ramagge, of Hartford, twenty-five years old, was killed by an electric shock as he stood at a telephone in the local sub-station of the Connecticut company, through which high power wires run. Wires became crossed, so that when the young man answered the bell, he received the heavy current.

Where Blind Pigs Flourish.

Hamilton, Ont., July 19.—The authorities unearthed another "blind pig" here and the magistrate fined the owner, an Italian, \$100. The moral reformers say there is not another place this side of North Ontario where "blind pigs" are as numerous as in Hamilton.
