When the preacher spiced 'em. She had beautiful brown eyes and strawberry lips, while he was a clean-cut young fellow.

And they lived happy ever afterward. At least, that is the way the story goes. But while we are on our way home from the wedding we want to drop a gentle reminder to have the gas stove coupled up before they get back from their honeymoon so the bride may wear the smile that won't come off.

**QUEEN TROUNCED BETHEL HOME COMERS ARE TO BE WELL ENTERTAINED.**

The Game Was One-sided—The Bethel Girls Were Given No Chance to Root for Their Favorites.

In a very one-sided game, and by an overwhelming score, Queen street baseball team won its last scheduled game from Bethel last evening by 19 runs to 0, at Victoria school grounds. This is a surprising score in view of the fact that a week ago Tuesday the score between the same teams was 2 to 1 in favor of Queen. Saunders, who pitched a good game for Bethel in the last game, was up in the air and at the start allowed four men to walk. The winning of the game was "just like getting money from home."

The last innings was played in semi-darkness during which innings Queen indeed they did all evening. Bethel's fair rooters turned out in large numbers, but were dumb. "Nothing doing," they said.

Bethel—0 0 0—0.  
 Queen—3 6 3 1—19.

Queen—Hughes, c.; Nicholson, p.; Birch, 1b; Crawford, 2b; Cooke, s.; Briden, 3b; Doherty, r.f.; Hall, c.f.; Hunter, l.f.

Bethel—Veale, c.; Saunders, p.; Wilson, 1b; Holland, 2b; Thompson, s.; Moxley, 3b; Coates, r.f.; Buck, c.f.; Knapp, l.f.

Umpire—"Tom" McKay.

**A Warm Time Time Expected.**

In view of the fact that there are several measures to be brought to the notice of the executive of the S.S.A.A.A. which meets this evening in the Y.M.C.A. building, it is expected that a hot and prolonged session will be the result. A protest against the action of the executive at last Wednesday evening's meeting will be one of the things thrashed out, while some amendments to the constitution will be made.

**To Start Committees.**

The committees in connection with the Field Day which the S.S.A.A.A. intends putting on at Lake Ontario Park, on Aug. 16th will be given their instructions at the meeting of the executive of the S.S.A.A.A. to-night. Nothing has been done yet toward preparing a programme and as the sports are to be pulled off three weeks from to-day they will have to work doubly hard when they get started.

**Athletics Went Down.**

The Athletics went to Gananoque today to play a friendly game with the high school team of that town at the afternoon. "Lankier" Walsh has a team in this aggregation which in a couple of years will make a name for itself. Every player on the team plays the kind of ball which makes a team win wherever it goes.

**Big Game Thursday.**

Thursday evening Brock and Cooke's will meet for the last time this season in the scheduled games of the Sunday School baseball series. These teams are very evenly matched, and the fans will be assured of a close contest. It will be a toss up when the teams go on the field as to who will win. Each team has four wins and one loss, and it will be a battle to the finish.

**Saturday's Game.**

The Victoria and Athletics will meet at the cricket field Saturday afternoon in the City league series. These teams have to meet once more this season before the schedule closes. It is expected that Athletics will be considerably stronger on Saturday than they have been for the past two games. They have been changing pitchers often lately, but on Saturday either Walsh or Muckler will perform.

**Sea Coast Resorts.**

The Grand Trunk Railway system offers excellent service to the seaside resorts of the St. Lawrence and Atlantic oceans, also the coast of Maine and Massachusetts. Through Pullman sleepers leave Kingston for Portland and Boston, 1:17 p.m. daily. Night train connects at Montreal with train for Portland and Old Orchard Beach. Full particulars from any Grand Trunk agent.

**Able to be Around.**

John Couley, Renfrew, formerly of Kingston, who had his leg broken while taking part in a baseball game, is now able, with the aid of crutches, to attend to his plumbing business. It was with the greatest reluctance and pressure that he re-entered the game this year, and it is safe to say now that he will not play again, the boys thus losing one who kept the game to the front for many years.

**A New Floor Laid.**

The many frequenters of the Y.M.C.A. are struck by the beauty of the new hardwood floor, which has been laid in the front room of the building, as a result of the efforts of the ladies' auxiliary of the Y.M.C.A. The boys have many things to thank their organization for.

**Cool, Wasn't It?**

**MARRIED AT NAPANEE**

**RUPERT W. BROWN, OF KINGSTON, THE GROOM.**

The Bride is Miss Iva Mae Horton, of Napanee—The Ceremony Took Place in Trinity Church.

On Tuesday, the 25th inst., in Trinity church, Napanee, was solemnized the marriage of Iva Mae, only daughter of Rev. G. Horton and Mrs. Horton, to Rupert W. Brown, son of Dr. M. J. Brown and Mrs. Brown, of Kingston. Precisely at 3 p.m. the bridal party proceeded up the aisle during the strains of the wedding march from Lohengrin. Miss Nesbitt, of Napanee, recently home from the Toronto conservatory of music, officiated at the organ. The bride was given away by her eldest brother, Dr. Bert Horton, Thornton, her other three brothers being ushers. Dr. E. Maitland Horton, Bracebridge, and Messrs. Floyd Horton, Toronto, and Vernon, Napanee. The ceremony was performed by the bride's father, assisted by Rev. W. G. Clarke, Belle ville, president of the Methodist Synod of Quinte conference, and G. W. McColl, B.A., B.D., chairman of Napanee district. Rev. Dr. Dyer, M.A. B.Sc., (principal of the college from which the bride is a graduate), as chief friend of the bride's father, was also expected, but was regretfully unable to be present.

The bride was attired in an exquisite gown of white satin, with embroidered chiffon and pearl and silver garniture, tulle veil, with beautiful fine lace, arranged over the chiffon with three stranded pearl bandeau in crown effect, orange blossoms with pendant buds. She wore the groom's gift, a lovely solid gold pendant brooch, set with white pearls, and carried a shower bouquet of white roses and lilies of the valley. The matron of honor, Mrs. F. M. Brown, of Saskatoon, was gowned in white marquisette over pale gold, touched out with French knots and a dainty pattern in black, large picture hat, and carried a bouquet of pink and white carnations and touches of mauve sweet peas. The flower girl, little Miss Phyllis Coates, of Kingston, wore a white embroidered frock over pale pink, her beautiful curls prettily and quaintly banded by a most daintily arranged bandeau. She carried a be-ribboned basket of pink and white roses and sweet peas.

At the beautiful ring ceremony the ring was presented to the groom on a silver salver, embedded in a basket of flowers. All the attendants wore their gifts, gold monogram cuff links and beautiful pendant drops.

Mendelssohn's wedding march pealed forth as the party left the church. After the reception and dejeuner the happy couple left by train en route to take boat for down the river. After visiting some American and Canadian points of interest they intend enjoying a delightful camping outing before they settle in their home in the fall. The bride's travelling suit was of blue gray, with fine black and white hair-line stripes, with touches of black, smart becoming willow-plumed hat to match, and long Copenhagen blue coat of Rajah silk. The bride's mother wore black silk, with touches of violet, with touches of violet, cream lace, and hat of black and violet, with osprey. The groom's mother was gowned in black duchess satin with cream garniture, large hat with willow plumes.

**NORTH-WEST CROPS.**

Some 50,000 Men Required for the Harvest.

The wheat crop of 1911 is the largest ever known in the history of the country—a low estimate of the crop of Manitoba, Saskatchewan and Alberta being at least two hundred million bushels, and the government of the respective provinces state that fifty thousand men will be required for the harvest this year. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing them promptly. The Canadian Pacific railway on whom will practically fall the entire task of transporting the men to the west, is already making special arrangements for this year. Excursions from Ontario points to Manitoba, Saskatchewan and Alberta will be run at the same rates and conditions as last year and special trains from Toronto and Ontario points through to Winnipeg and west will be run, making the trip in practically thirty-six hours, avoiding any change of cars or transfers—this will be a day shorter than any other route.

**Amateur Photographers.**

All amateur photographers will find it to their interest to have their developing and printing done at R. L. Low & Co's. The best and quickest service, at reasonable rates.

Great interest is being held for the result of the library contest, which closes Wednesday evening, at seven o'clock. Both firemen and Y.M.C.A. are holding great numbers of votes.

**A SPOON SHAKER.**

Straight From Coffeedom.

Tea and coffee can marshal a good squadron of enemies and some very hard ones to overcome. A lady in Florida writes:

"I have always been very fond of good coffee, and for years drank it at least three times a day. At last, however, I found that it was injuring me. I became bilious, subject to frequent and violent headaches, and so very nervous, that I could not lift a spoon to my mouth without spilling a part of its contents.

"My heart got 'rickety' and beat so fast and so hard that I could scarcely breathe, while my skin got thick and dingy, with yellow blotches on my face, caused by the condition of my liver and blood.

"I made up my mind that all these afflictions came from the coffee, and I determined to experiment and see.

"So I quit coffee and got a package of Postum, which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect.

"I do not suffer from biliousness any more, my headaches have disappeared, my nerves are as steady as could be desired, my heart beats regularly and my complexion has cleared up beautifully—the blotches have been wiped out and it is such a pleasure to be well again." Name given by Canadian Postum Co., Windsor, Ontario.

**A Beautiful Rainbow.**

The rainbow, one of the most beautiful works of nature was much commented upon—and praised Tuesday evening about seven o'clock. Two rainbows appeared in the east within a short distance of one another and the effect was charming. It is so very seldom that a double rainbow appears in this way and so clearly defined, that admirers continued to gaze until the many colored spectacle disappeared from view.
