## UNCONSCIOUS ON ROAD

### A YOUNG MAN STRUCK BY AN AUTOMOBILE

And Rendered Senseless—Lay on the Road Half the Night—William Roushore, a Farm Hand, the Victim.

William Roushore, a young man employed on J. B. Carruthers' farm, a short distance from the other side of Portsmouth, was struck by a large automobile Tuesday evening, about 12.30 o'clock, and knocked unconscious. The place where the accident occurred was just a short distance from the other side of the gate leading to Lake Ontario Park. He had been in the village for the greater part of the evening and was on his way home. The automobile approached him from in front and he says it did not show a light at all. Before he had time to get out of the way of the car, which was travelling at a high rate of speed, it struck him. He laid unconscious in the road until three o'clock Wednesday morning, when he revived sufficiently to find his way to his stopping place. He was hurt considerably around the head, and one of his hands was bruised. Friends came to the city early in the morning for a doctor, and his injuries were dressed. He is reported to be doing as well as can be expected. The party occupying the auto did not halt to see what damage they had done, and no one knows who they were.

### A Card of Thanks.

## TOSSED INTO THE AIR

### When Wagon Struck Against Telegraph Pole.

The young son of a Brock street merchant had a miraculous escape from death about ten o'clock Wednesday morning, when his father's delivery horse which he was driving, ran away. The animal became frightened on Brock street, near Bagot, and started down the street as fast as it could run. The young fellow pluckily held to the reins and endeavored to stay the mad progress of the frightened beast, but his frantic tug on the lines failed to produce the desired effect. A number of pedestrians at the corner of Brock and King streets, endeavored to stop the runaway by waving their hats at the horse, but it failed to pay any attention to the signals, and dashed straight down the street. When in front of the Whitney hotel the horse swerved slightly to the right, and the wheels skidded on the street car tracks, finally crashing into a telegraph pole on the market side. Hundreds who stood spellbound, while the runaway was in progress, thought the boy was surely killed, for the wagon struck the pole with such terrific force that the boy and baskets were thrown ten feet into the air. The horse never stopped, for as soon as the wagon struck the post the animal was freed and dashed on. It went around the corner of Ontario street and ran as far as Booth's coal yard, where it was caught.

The boy as soon as he lighted on the ground got to his feet, and beyond a cut wrist and a bleeding nose appeared to be all right. He went to a doctor to have his wounds dressed. The wagon appeared to suffer most from the accident. All three springs were twisted out of shape, the shafts were broken, and also the coach and the box.

## CANADA IS ON TOP IN SHIPPING TRADE

### F. H. Clergue is Optimistic—Surplus of Tonnage Among the Boats.

F. H. Clergue, of Sault Ste. Marie is in the city, and is very optimistic concerning the state of shipping on the great lakes. It has "never been better, so far as Canadian bottoms are concerned," he said, Canada is right on top. But owing to the iron and steel depression on the other side there will be about 10,000,000 tons of ore less to handle this year than last year. This causes a surplus of tonnage on the lakes among the American boats, although the Canadian vessels have all they can handle. "The rate for wheat this fall will be lower in consequence of the extra boats competing, and although there may be a much larger crop than last year, we are in good shape to handle it for the same reason."

### MANAGER HARTRICK'S VIEW.

Regarding the Distribution of Money of Disputed Game.

A great deal of discussion has been taking place recently over the distribution of the purse which was offered for the game between Victorias and the C.L.C.'s at the fair grounds. Manager Hartwick stated to the Whig Wednesday that in view of the fact that George Sullivan gave his decision in favor of the Victorias, they should get the money as it was to be distributed, \$50 to the winner and \$25 to the loser. Although outside authority had been sought on the matter Sullivan still holds to his former decision that the run does not count and the score is 3 to 2. Mr. Hartwick says that if Sullivan had admitted his decision was wrong, he would be willing to abide by it, but the way things stand, he feels entitled to the bulk of the money.

### Will Play Wednesday Evening.

### Erinsville Lady's Death.

Erinsville, July 25.—The removal by death of a much esteemed lady, the late Mrs. Thomas Garrett, is deeply regretted by her large circle of friends and acquaintances. The deceased had only been ill for about a week when her case was considered serious by her physician, Dr. Burrows, who, while holding out little hopes for her recovery, intimated that a surgical operation was the only chance of saving her life. At the Hotel Dieu, Kingston, however, the doctors, after a consultation, deemed her too weak to undergo the trying ordeal. Death came to her relief on Friday morning, 21st inst.

The funeral of the deceased lady was largely attended on Sunday, 23rd, to the Roman Catholic cemetery, here, all vying with each other, without distinction of creed, to pay their last tribute of respect to one who was well and favorably known in the community. Deceased was a model Christian mother, and affectionate and faithful wife, and a true friend. The deceased lady, who was the daughter of the late Patrick Dunn, was born in Napoleon, fifty-eight years ago. To her husband, Thomas Garrett, by whom she is survived, she was married thirty-one years. She is also survived by six sons and two daughters.
