GREETING OLD BOYS THE CHURCH SERVICES

HOPE THE WEATHER WILL BE FRESH AND COOL.

The Chicago and Toronto Visitors to be Welcomed in a Way That Will Demonstrate Its Heartiness.

It depends upon the weather and the probabilities point to good weather for the old boys' events in this city. Citizens are anticipating a delightful time in meeting many old friends, some of whom they have not seen in years. It is said that Chicago men have not seen the old city for the past quarter of a century, and a few of them not in forty years. Every attention will be paid them to assure them of a pleasant time. Kingstonians are always happy to show off the city because they have positive assurance that its equal is not to be found in Canada. We hope that we will experience a cool spell, something that many of the visitors have not had for many a day. The ozone blowing across Lake On-

SIR HENRY M. PELLATT.

Honorary president of the Kingston Old Boys' Association, of Toronto, who will be here for the ceremonies on Monday.

ario for 150 miles comes to us fresh and cool and is only equaled by Gibson's neotars and ice-cream.

The citizens are taking an interest in the old boys coming and on every side are evidences of this. The arch at the British American hotel expresses the thought and care of Mayor Graham and Alderman John Carson, who, with the firmness, have taken a great interest in its erection.

This afternoon at 1.30 o'clock a deputation composed of Mayor Graham, Aids, Carson, Hanley, Ross, Shaw, Hartly and Messrs. Elliott and Elmer went to the outer station to receive the Chicago excursionists; to extend to them a hearty welcome and to give a programme to every one. To-night a very large deputation will greet the Toronto visitors on their arrival at the Grand Trunk station grounds.

The Whig, to-day, contains a sheet on which is the programme for the various days and which will prove valuable to carrying about by citizens and visitors.

The committeemen are all active in making the celebration a success, and with the co-operation of the citizens it is bound to be so. All those who have been invited and to whom blue badges have been sent, are invited to be at the council chamber at eight o'clock to-night, and to aid in making the visitors to Kingston doubly welcome.

Francis M. Hugo, mayor of Watertown, N.Y., and a former Kingstonian, invited to attend the old boys' reunion and make an address, sends this reply: "I thank you for your invitation to be present and make an address. I regret, however, that it will be impossible for me to be present on account of a previous engagement. Accept my kindest regards and best wishes for a successful reunion."

ELIMINATE EXAMINATIONS.

Only One Final Examination to be Held.

Dr. James MacArthur, of London, submitted in part the report of the education committee to the Ontario Medical Council. In this the recommendation is made to eliminate the primary and intermediate examinations by council, and retain only the final examination at the end of the fifth year.

The subjects upon which students are to be quizzed are medicine, surgery and midwifery. The use of text books is also eliminated, and the oral examination time increased from fifteen to thirty minutes for each subject. The subjects eliminated for examination purposes are anatomy, physiology and histology, materia medica and pharmacy, as in the primary, medical and surgical anatomy, principles and practice of medicine, pathology and bacteria for the intermediate, and diseases of children, women and therapeutics in the final.

The universities are allowed to control the education standard of medical students, but the council will exercise its functions from a standpoint of ability. The university standards will in future have more weight than formerly, if the report is accepted.

Lodge Rooms Open.

The Masonic Lodge rooms in the Golden Lion block will be open on the evening of the 31st, to give the city brethren an opportunity of meeting some of the Old Boys, who are identified with lodges in Toronto, Chicago, etc. The members of the city lodge will please accept this intimation and are requested to attend.

Maple Leaf Club Dance.

The Maple Leaf Club held a dance at Lake Ontario Park Friday night. There were some 250 couples in attendance. Salisbury's orchestra furnished choice music. Refreshments were served. The committee were Miss Florence Wilshaw, Miss Bertha Marshall, T. Andre, B. Macneil, F. Macneil, F. Sanderson, chaperon, Mrs. Lyles.

THE BOARD OF WORKS

SOLD PINE STREET HOUSE TO W. TURKINGTON.

Decided to Extend Outlet of Sewer at West End of the King Street Breakwater for Sanitary Reasons.

A special meeting of the board of works was held on Friday afternoon, Aids, Toye, Carson, Bailey, Fraser and Clugston being in attendance.
The house on the city's land at No. 22 Pine street was sold to W. Turkington for \$306, his tender being the highest. This house has to be removed, in order to allow the extension of Barrie street from Quebec to Pine.

It was decided to extend the sewer outlet at the west end of the King street breakwater, as the present outlet is a menace to health. The extension will be thirty or forty feet, and will cost about \$250. A "round-robin" will be presented to the mayor and aldermen so that the work can be proceeded with at once.

A petition was received for a concrete walk on the west side of Division street, from William to Earl street. As it was properly signed it was granted.

The city engineer was authorized to notify the manager of the light, heat and power plant to move the electric poles on the south side of Clergy street west, between Division street and University avenue, to the north side, or to the lane in rear. A walk is to be put down on the south side, and the poles are in the way.
