YEAR 78-NO. 176.

KINGSTON, ONTARIO, SATURDAY, JULY 29, 1911.

SECOND PART

KINGSTON WELCOMES HOME HER SONS AND HER DAUGHTERS.

On Saturday afternoon and evening Kingston will greet hundreds of her old boys and girls, who will be here from Chicago, Toronto, Ottawa, Montreal and other places. The welcome to the visitors this year will be greater than since the great reunion of Kingston's sons and daughters abroad took place in the year 1903, when

to decorate very elaborately on ice.

Sunday will be old boys' day in all the churches. In the afternoon and evening the visitors will enjoy a band concert in Macdonald Park.

They will also notice that the old limestone city has been taking on metropolitan airs with its Sunday afternoon and evening car service.

Monday will be a regular family day. What a gathering there will be in Victoria Park to see the unfurling of the first flag to float over that up-town park. The pole is Kingston's offering in honor of the old boys on the occasion of their visit here in 1911. Then for the remainder of the day the old boys will witness athletic and baseball games, in which latter teams from Chicago and Toronto will compete. In the evening all will gather again in Macdonald Park, where the final band concert will be given, and an illuminated yacht parade held and at the finish all will join hands and sing "Auld Lang Syne."

CHRONIC CATARRH NOSE AND THROAT

"At the Advice of Friends I Tried Peruna and the Results Have Been Highly Satisfactory." — So Writes Mr. Pilon.

MR. RAOUl PILON, 116 Rue Notre Dame, Lachine, P.Q., Can., writes: "I write you a few words to express to you my satisfaction at being cured. I was afflicted with catarrh of the throat and nose and suffered much. I was greatly disconcerted. I had a bad breath and a bad taste in my mouth in the morning. I took treatment for some time without obtaining relief. At the advice of friends I tried the Peruna and the results have been highly satisfactory. At the end of four months I was completely cured."

Neglected catarrh becomes chronic. Having developed into the chronic stage, a longer and more persistent treatment will be required to cure it than if the disease were treated at the onset.

However, Peruna generally brings relief, whether the catarrh is acute or chronic. If you are wise you will keep Peruna on hand and take a few doses at the first appearance of a cold or cough, and thus perhaps save yourself both suffering and expense.

Peruna is recognized the world over as a standard remedy for catarrh. A multitude of people have been benefited by it.

You enter a pair of swinging doors, kick out your felt snow boots, hand your fur cap to the attendant, and pass into a long room thronged with officers, gay with the uniform of the garrison, and women in smart Russian costumes. At the far end is a small stage on which a score of girls in a minimum of skirt and a maximum of smile go through fatuous double shuffles and dances. A turn finished, the performers or singers skip down to mingle with the audience, scattering

WICKEDEST OF CITIES.

Irkutsk, Siberia, Annually Produces 500 Murders.

Irkutsk (Siberia) Correspondence, New York World.

There is no doubt about it—this is the wickedest city in the world. One would hardly come to Irkutsk for a cure. With a population of 120,000 persons crammed into a couple of square miles on a bend in the Angara river, it produces 500 murders a year, with an average of 100 arrests for each fifty killings. And for each ten arrests there are but five convictions. This is not bungoing; it is a transcription from the city's criminal records. In one day this month there were twenty-two murders and attempted murders within the city limits!

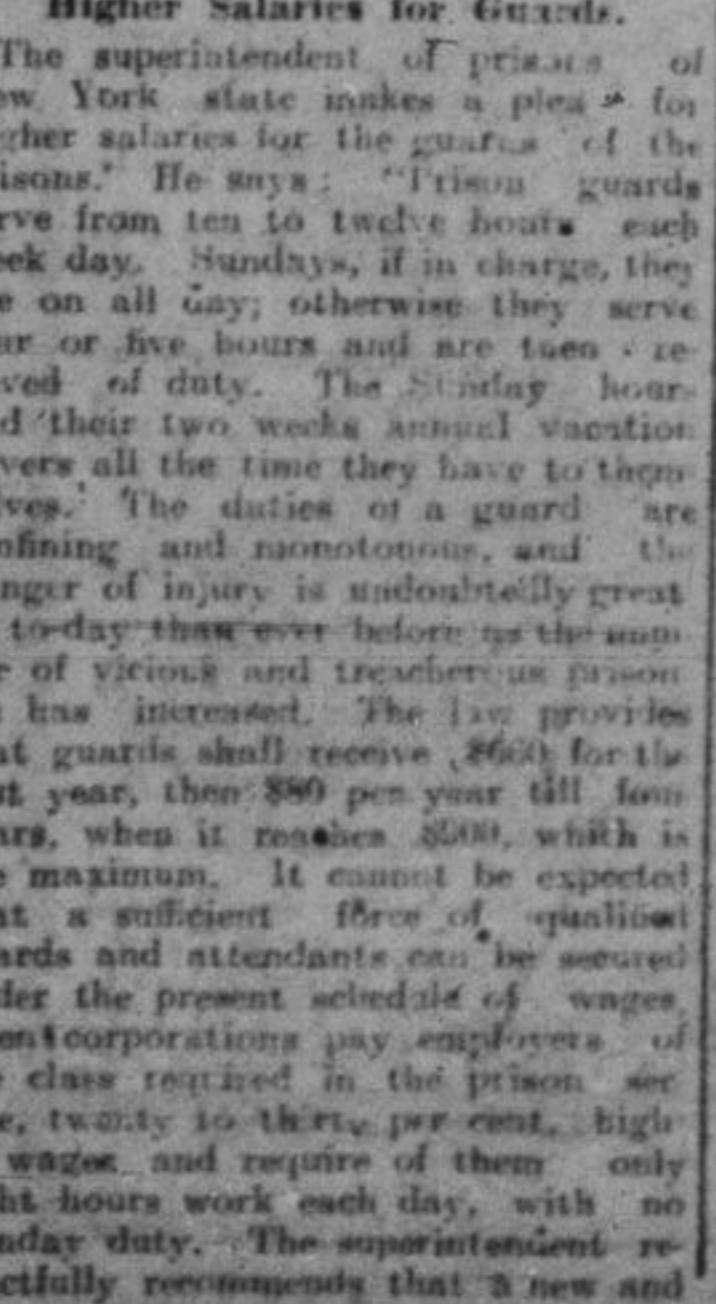

Irkutsk is pretty gay at nights now, but the citizens look back enviously of the recent Japanese war. Then champagne and wine were of

Understood Scotch.
Two Scotchmen staying at an hotel in London, discovered that the wash stand in their bedroom was made of soap. After ringing a bell an attendant appeared and inquired their wishes.

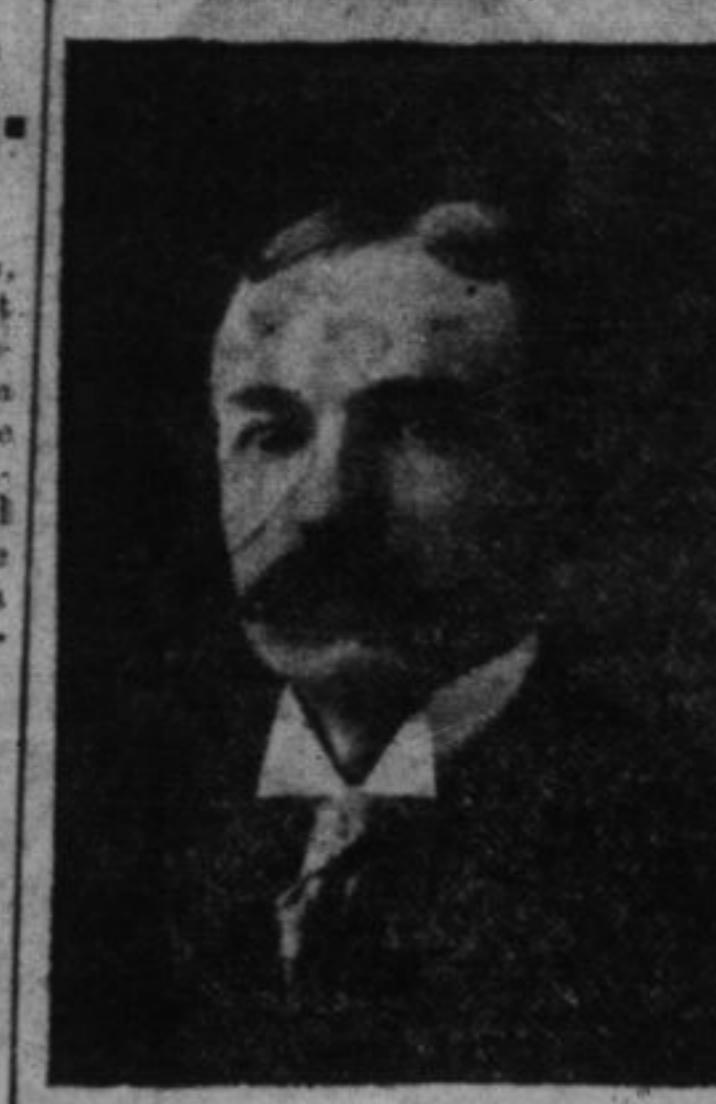

"Send up soap lad—a wee bit o' soap, quick," exclaimed one of the Caledonians. The attendant gazed open-mouthed at the two men muttering: "They ain't French nor German, nor yet Spanish. What can they want?"

The Scot became angry. "Non," he thundered, "can you no' understand plain Scotch?" The attendant promptly withdrew and returned with a bottle and two glasses.

to reside in Toronto, to promote the general welfare of the members of this association, and to enable them to visit the old city annually in a body, thereby renewing their acquaintance with the old city."

The first president was the late J. B. McKay, who was succeeded by G. W. Gaden. Following Mr. Gaden's retirement came George B. Sweetnam, then W. D. McRae, and to-day, H. Y. Claxton.

At the inception of the association, M. A. Marshall was appointed secretary, and this position he filled with marked fidelity and ability up to the time of his death, about a year ago.

The Toronto association is a coker. Its members, who number about five hundred, love their old limestone city home, and cannot get back to it any too soon. As soon as one pilgrimage to Kingston is over the Toronto lads and lasses at once begin to arrange for another. Last year it was thought that another excursion would be arranged for a month later but it was found impossible to make railway arrangements. The Toronto executives tried to arrange for a steamer to take its members on a trip to the Thousand Islands, but no steamer could be chartered as all are so busy at this time of the season.

The Kingston Old Boys' Association of Toronto, was organized April 18th, 1903, and incorporated on April 3rd, 1907. This clause from the constitution sets forth the objects of the association:

"The object of this organization being to bring together all former residents of Kingston and Frontenac now

to its sons and daughters from abroad. The people, headed by the civic welcome committee, are down at the railway stations to greet the homecomers. The band plays "Home Sweet Home," and the people cheer as the old boys pour out of the cars to be greeted by father, mother, sister, brother and friend. Three happy days are in store for many—a family that has looked forward to this homecoming.

The city has prepared a worthy entertainment for the homecomers. First comes the reception at the trains, each of which will be met by a band. Then the old boys will see what Kingston is doing in the way of street paving—a start having been begun on Clarence street, between King and Ontario streets. Next they will journey through the old-fashioned evergreen arch erected at the corner of King and Clarence streets in their honor, and this will remind some of the very old boys of the days in Kingston half a century ago when the citizens used
