HATS FOR THE HORSES

EQUINE MILLINERY SERVES GOOD PURPOSE.

Drivers Should Give Horses Special Attention in Warm Weather—Trying Times for the Poor Animals.

How many drivers think of their horses these warm days and give them special attention? Would you put a hat with a wet sponge on it during the hot spell? Perhaps not, but it would be well if you would "Drivers should give the horses extra attention these days, remarked a citizen to the Whig. "This weather has been very trying on the poor animals."

A well known humane society inspector gives it as his opinion that it is a wise plan to let the horse wear a hat. Many who have always thought otherwise will please take notice. The inspector in question says hats are an almost certain preventative of horses being overcome with the heat.

A few horses in Kingston have appeared in this headgear, but not many.

When a horse is overcome with the heat, the treatment is to put ice on its head and back and give it a stimulant of water.

INCIDENTS OF THE DAY.

Newsy Paragraphs Picked Up By Reporters on Their Rounds.

Fireman Alfred Tugwood, is enjoying his vacation.

Robert Stevenson, Barrie street, has returned home from Buffalo, N.Y.

T. Campbell and wife left, Tuesday, for Rochester, N.Y., on a vacation.

Frank A. Smythe, of the Standard bank staff, is enjoying the vacation.

Over 500 people were aboard the steamer Toronto Wednesday morning.

M. J. Flynn, foreman of Richardson's feldspar mines was a visitor in the city to-day.

Mrs. Richard Lake, Ottawa, is in Kingston visiting her mother and other relatives.

Frank Williams, of the Why staff, is spending a few days with friends on Amherst Island.

About 850 Toronto boys left on the G.T.R. train at 3.30 o'clock on Tuesday afternoon.

Miss I. Moxley, York street, has returned home after spending her holidays at Three Rivers, Que.

Miss Celia Conklin, Watertown, N.Y., is spending a few days in Kingston, and expects to return Aug. 8th.

Miss Maggie Turner, Toronto, returned after spending the holiday with her parents, Brock street.

Dr. W. Jacquith, New York, arrived on the Cape boat Tuesday afternoon to visit his parents at Sydenham.

John H. Goughgan, wife and daughter, of Toronto, who have been visiting here, returned home, on Tuesday.

The funeral of John Kehoe, who died Monday morning, took place to St. Mary's cemetery Wednesday morning.

The funeral of the late Miss M. McGuinn, who died in Westbrooke, took place to Cataract cemetery Wednesday morning.

Miss Fanny Burke and Miss Mona Ryan, have returned home after spending their vacation at Brockville, Morrisstown and Ogdensburg.

C. K. Robinson, Queen's university, left to-day for Petawawa, to attend the class in advanced signalling, held there during the month of August.

PROSPERITY IN WEST.

W. D. Mace, writing from Winnipeg to the Whig, says: "Everything is looking the very best for a prosperous crop and reciprocity. The Borden tour was a perfect farce. The west knows what it requires. We would have preferred no election until after redistribution, which would have added twenty or more liberal members."

At Lake Ontario Park.

There was an immense crowd at Lake Ontario Park last evening. The programme was a good one and the Thornton family with their vaudeville sketch and singing received a fine reception. The musical selections of H. F. Newarket on his several instruments were the recipient of applause. Miss Rossmar sang two pretty songs and the pictures were good. To-morrow night there will be an entirely new programme.

Notes From the Y.M.C.A.

Quite a large number of the old boys partook of the invitation extended them by the Y.M.C.A. The Y.M.C.A. bathing houses at Lake Ontario Park are busy every day. The girls are allowed the use of them every morning of the week, while the boys have Wednesday and Saturday afternoons.

A number of citizens have already subscribed towards the cost of the erection of the bathing building for the boys and girls, but there is still quite an amount needed.

POSTMEN STILL WAITING

For the Shirtwaists Promised Them.

The postmen are still waiting for the shirtwaists which were promised by the government some time ago. They have been measured of the new regalia, and it is expected that they will be ready in the course of a few days. They would have been greatly appreciated the past few days, as the weather has been very warm. However, as the men were allowed to go in their shirt sleeves it was not quite so bad.

THREW AWAY HIS CRUTCHES.

John Ivy Cured at Shrine St. Anne de Beaupre.

People who went on the recent pilgrimage to the shrine of St. Anne de Beaupre are talking about a wonderful cure of John Ivy, who lives at Ivy Lea, who had his hip dislocated some years by a fall. Mr. Ivy went to the shrine on crutches, but was cured, and added his crutches to the large collection. He is about seventy years of age.

Pleasant to Look Upon.

A smooth, rosy, healthy complexion is pleasant to look upon. Pimples, blotches, carbuncles and all skin diseases are removed by using "Wade's" Iron Tonic Pills. They are great blood makers and nerve strengtheners and the best tonic pill obtainable. Price 25 cents, at J. B. McLeod's Drug Stores.

Without a Mishap.

Although the street cars were packed all day on the holiday, there was not one mishap in the way of an accident, and this was indeed, a great record for the company. It was one of the busiest days the company ever had.

Consul's Hands Blistered.

United States Consul Johnson displays a pair of blistered hands as the result of trying to celebrate in honor of the old boys. He was shooting off some Roman candles from a motor boat, and one blew out the wrong way.

Brockville and Ogdensburg.

Friday, 8 a.m., calling at Gananoque both ways, steamer America. 26c. return.

Sticky weather. This, but it will be warm enough around September 21st. If acquainted even slightly with any other system get our catalogue 30-day short-hand. You will readily appreciate our advantages. Moon College, Toronto.

Kingston and Canada will both stay with Laurier.

CITY AND VICINITY.

Granted a Holiday.

At the regular meeting of the official board of Queen Street Methodist church, held last evening, the pastor, Rev. S. Sellery, was granted a month's vacation.

Rivalry Between Boats.

Quite an exciting time is taking place these mornings between the steamers Rideau Queen, Rideau King and Buesia Vista to see which can get to Kingston Mills and back through first, as one has to wait until the other is through. The boats are due to leave at the same time.

Lad in General Hospital.

Blain Phillips, the young lad, who was run over in front of Finkle's livery on Tuesday afternoon, is in the general hospital, and is doing nicely. It was first thought that his skull was fractured, but on examination, Tuesday night, it was found that it was not. He is thought to be out of danger.

Snake Sent to Toronto.

The Alabama chicken snake, presented to Capt. H. Stratford, of the fire department, some time ago, by a local newspaper man, has been sent to Riverdale Park menagerie, Toronto. The gift was so acceptable, that the manager wrote asking if several more could be secured. He stated that the snake was the finest specimen of the kind that had been seen up there.

REAL ESTATE DEAL

D. J. WHITNEY HAS CLEARED UP \$52,000.

A Fine Sale of Property at Lethbridge—The Land to be Put on the Market at Winnipeg.

One of the biggest real estate deals which has been transacted in Lethbridge during the year, says the Lethbridge Herald, was brought to completion, yesterday, when the president of the International Securities company, of Winnipeg, bought from D. J. Whitney, for the company, the two subdivisions year the south-east of the city, known as Grand View and Tuxedo Park. This property adjoins Mr. Whitney's farm and will eventually be one of the finest residential districts in the whole city.

In conversation with the Herald Mr. Whitney stated that of the 143 acres sold in this deal, twenty acres were bought by him originally for \$5 an acre, and the remainder at \$10 an acre. In the whole transaction he has cleared over \$52,000.

With very good prospects of an early settlement of the strike, and the best prospects for a bumper crop, real estate is beginning to move briskly once more, and a great deal of property is changing hands. Mr. Whitney says that he was offered \$50,000 for ninety acres of his farm some time ago and refused the offer.

The company which has secured the subdivisions named will put them on the market in Winnipeg. It is the same company which has handled most of the G.T.P. townships, including Biggar and Watrous.

The purchase confirms the report that the G.T.P. would come into the city from the south over the old C.P.R. right of way.

D. J. Whitney is a former Frontenac resident, having lived in Pittsburgh township. He went west about twenty-five years ago. He is a brother of Frederick Whitney, of this city.

STEAMBERGE AGROUND

JESKA WENT ON NEAR BARKER'S POINT.

But Was Pulled Off Without Damage—Fine Weather for the Passenger Boats—Notes of Marine Around the Harbor.

The steamberge Jeska ran aground near Barker's Point, on Wednesday morning, about four o'clock. Quite a time was experienced in getting her off, as she was hard and wet on the shore. A rope was put to a pile on Belle's Island, and the vessel soon pulled herself off and proceeded down the river.

At Swift's wharf: Steamer Quinte Queen cleared, at noon, with an excursion down among the islands; steamer Toronto, down, to-day; steamer Belleville, down, to-night; steamer City of Ottawa, up, to-day.

This is grand weather for the steamboat companies, and they are reaping their harvest. The season is short for the passenger boats, and it takes a good deal of fine weather and good crowds to make it worth while.

"We are having a good season," a leading official of one of the local steamboat companies stated to the Whig this morning, and the other companies have a similar story to tell. The traffic down the river has been very good, and the excursions into the city from river points have been well patronized.

With fine weather during all the month of August, the season will be a most successful one.

The steamer America left, at seven o'clock on Wednesday morning, on one of its most popular trips, to Iroquois, shooting the rapids, and had a goodly crowd on board.

The steamer Conger Coal arrived from Erie, with the barge Kelly, in tow, both loaded with coal. The Kelly will unload all of its cargo at the locomotive works, and the Conger Coal will unload part of its cargo at Crawford's.

M. T. Co's elevator: Steamer Sargatton, from Fort William, discharged 81,000 bushels of wheat, and will clear during the day, for Fort William; steamer Dunelm, from Fort William, lighted her cargo of wheat, and went on to Montreal; steamer Gordon, from Fort William, discharged 72,000 bushels of wheat, and cleared for Belleville, to load cement for Fort William; tug Thomson will arrive to-night, from Montreal, with two light barges, and will clear for Montreal with two grain barges; tug Bartlett cleared, light, for Port Dalhousie, and cleared from there, Wednesday morning, with oil barge No. 86, bound for Kingston; steamer Rosemount passed up, last night, on her way from Sydney to Port William, with rails; tug Edmond cleared for Charlotte with the barge Kingston, and will return with three coal barges.

TO HAVE CRUISES.

Cape Vincent Motor Boat Crowd to Have Four.

At a recent meeting of the Cape Vincent Motor Boat Club it was decided to make a cruise to Frontenac August 7th, to witness the Gold Cup races. Early in September the club will hold a clam bake, probably at one of the state parks down the river, and the latter part of that month the annual cruise will be held. The point to which this cruise will be made, will probably be Gananoque.

Respectability of Cheese.

"I was present in the governor's of fice," says William Bayard Hale, describing a recent visit to Governor Woodrow Wilson in World's Work, "when he gave a hearing on a bill regarding the inspection and regulation of cold storage plants to a party of warehouse owners, who argued that the limit of storage (six months) proposed was too low.

"They were especially persistent in citing the case of cheese," says Mr. Hale, "which they urged might be kept several years and still be considered good."

"Yes," remarked the governor suavely, "I am aware that cheese has its own standard of respectability."

For burns and scalds, apply Bur-ton's Ointment. "Frouse's" Drug Store.

The first record of coal production in this country was twenty-two tons in 1514.

THE EXCELLENT WORK DONE BY Entrance Pupils in Some of the County Schools.

Joyceville, July 31.—(To the Editor)—Bright pupils and good teachers are not all to be found in the city schools. While reading separate school supporters letter to the Whig of July 22nd, I wondered if we country folk through our modesty or dislike of boasting, do not sometimes neglect to give credit to whom credit is due. For instance, our teacher, Miss A. Anglin, recommended five pupils for entrance examinations this year, and four of them were successful. One boy, Howard Armstrong was eleven years of age, while Reggie Morrison was barely twelve. All of these pupils except one, had from one to two miles to go to school, and had lost considerable time from school in the winter through inclement weather and sometimes impossible roads. Then again the city pupils have nothing to do but go to school and study lessons, while the country children have their morning and evening chores to do, and sometimes can scarcely get a moment to get up their lessons for school; and they have not a money prize dangling before their eyes either. As to the good teachers, let me say with all due respect to Principal Riely that Miss Anglin's record since coming to Joyceville is quite as good as his, and while the showing of all the schools mentioned was very good, it was not any better than it should have been. Several of our country schools did quite as well, I believe that of the class sent from Willettsville only one failed, and the failure in that case as with our Joyceville boy may have been due to extreme nervousness. It is not to be expected that to send children from the country to a strange place and among strangers they could do as well as at home. In this respect the city pupils have the advantage. Taking everything into consideration, we Joyceville people may well feel proud that as regards both teacher and scholars we can hold our own with the boasted city schools.—JOYCEVILLE SCHOOL SUPPORTER.

Mr. Milne, baritone, of Toronto, delighted the congregation of Queen street Methodist church, with his singing on Sunday evening. He possesses a highly cultivated voice and sings with much expression and sweetness. The Misses May and Katie Millan, Earl street, went to Toronto, yesterday, where they will be the guests of their aunt, Mrs. J. J. Collyer.
