

YEAR 78-NO. 180

THERE IS BASIS

For Laurier's Charge, Says New York Times.

GREAT LAKES TREATY

SHOULD BE ENLARGED OR LIVED UP TO.

The Times Admits That United States Has Not Considered Canadian Interests as It Should Have Done.

New York, Aug. 4.—The Times says: "The implication by Sir Wilfrid Laurier that the United States has not been altogether scrupulous in observing the terms of the treaty regarding warships on the Great Lakes comes as a surprise, and yet there is a basis for the suggestion. We have recently had ten ships on the lakes which Canadians call warships, although all but one or two of them more resemble tugs, and are worthless against armed vessels. The point is that the Canadian vessels are not armed. Doubtless the Canadian canals offer a better mode of reinforcement than we possess, but canals are not warships, and the treaty is silent regarding canals. "The Canadians are tender about more things than our warships on the lakes. They dislike our naval training school, which cost \$3,500,000 and was opened on the first of last month. And they dislike our naval manoeuvres or war games. "Our point of view is that those things have no reference to Canada. We are thinking of the stimulation of our lake shippers and of developing our general naval establishments, without thinking of Canada at all. We have not, however, shown the same deference to the Canadian point of view that Canada has shown to ours, and the treaty should either be enlarged for both parties or lived up to."

REPLANTATION OF DOGS' KIDNEYS

Remarkable Operation Reported From the Rockefeller Institute

New York, Aug. 4.—Dr. Alexis Carrel, of the Rockefeller Institute reports an operation he performed for the replantation of one kidney in a female dog, which lived for almost two years and six months after the operation.

Dr. Carrel says his experiment proved that the grafting of organs was a possibility.

The experiment was performed on February, 1908, under an ether anaesthetic, and the kidney was excised and washed with a small quantity of Locke's solution. After one hour and elapsed the organ was replaced, and circulation was re-established.

For many days after the operation the dog was in excellent health. In March of the following year it gave birth to eleven pups. In July, 1910, the animal suddenly showed symptoms of intestinal obstruction and died.

Dr. Auer performed an autopsy and found a violent colic of the small intestine, while the kidney and other organs appeared normal.

SOUTH LANARK STIRRED.

And Promises to Elect G. F. McKimm, Liberal.

Perth, Aug. 4.—At the largest and most enthusiastic convention of liberals of South Lanark, held here yesterday, G. F. McKimm, publisher of the Rideau Review, of Smith's Falls, was unanimously chosen as the standard-bearer of the party in the approaching federal elections. Every municipality in the riding was represented. The great issue of reciprocity brought out a large number of farmers, who left their work in the busy harvest season to line up for the fight for wider markets. Mr. McKimm put up a good fight against Hon. John Haggart at the last election, and things look brighter for him now. Reciprocity finds favor in this riding.

GAUTHIER TO VISIT ROME

And Submit Scheme for Subdividing Ottawa Diocese.

Ottawa, Aug. 4.—Archbishop Gauthier, formerly of Kingston, in October will pay a visit to Rome and will be away eight or nine weeks. It is understood that his grace, while at the Vatican, may submit to his holiness the pope, a project for the subdivision of the Ottawa diocese, so as to create a new diocese on the Ouse side of the present diocese of Ottawa.

Postage to Newfoundland Reduced.

Ottawa, Aug. 4.—The rate of postage on parcels passing between Canada and Newfoundland in both directions which has heretofore been five cents for each pound or fraction of a pound, has been reduced to twelve cents for each pound or fraction of a pound. The new rate dates from August 1st.

DAILY MEMORANDA.

To save money. You would like to know how to save money on your summer hats. At Campbell's just now.

Yacht Club race, 2:30 p.m., Saturday. Illustrated lecture by Prof. W. T. Colwell, Queen's University, 8 p.m.

A NEW VARIETY OF SPRING WHEAT.

Only Ninety-five Days Between Dates of Seeding and Cutting.

Brandon, Man., Aug. 4.—Unless there is something freakish about the growth of the new unnamed variety of wheat just cut at the experimental farm, farmers will undoubtedly be much interested in this grain. This new variety of wheat was sown at the experimental farm in April and was cut on July 21st, so that there are only ninety-five or ninety-six days between seeding and cutting. Last year, Marquis wheat, which is a very early variety, occupied one hundred and seventeen days between seeding and cutting, and Red Eye was one hundred and twenty-three days. If the new variety, which is not yet named, lives up to the record it has this year, farmers may find it a much more suitable variety for the country than the other spring wheats.

TROUSERS FOR GIRLS.

Editor Advocates Simple Dress and Outdoor Games.

Detroit, Aug. 4.—While Dr. Henry S. Curtis, former secretary of the Playground association of America, now connected with Clark university, Worcester, Mass., somewhat surprised a large audience at the Battle Creek Chautauqua yesterday with the suggestion that girls should be required to wear trousers until they reached the age of thirteen or fourteen years. The audience, largely feminine, cheered him lustily. Dr. Curtis thinks a little tree-climbing, baseball and the like would make girls better women than to so much attention to embroidery and novels.

RECIPROCITY DRAWS FARMERS TO CANADA

Record Excursion of Land-Seekers From St. Paul, Minn., For West.

St. Paul, Minn., Aug. 4.—One of the largest excursions of land-seekers that ever pulled out of the St. Paul union depot, left here for Saskatchewan and Alberta points, yesterday. The Harlan Land company had forty-seven people for Southern Saskatchewan points, and the Pearson Land company have nearly one hundred for the Last Mountain Lake country, while other land companies have smaller numbers. Reciprocity and reports of big crops have advertised Canada in the United States as never before, and the land agents say that if reciprocity carries there will be a rush to Canada next year greater than ever. Mr. Harlan says that he has customers for tracts aggregating over 300,000 acres.

Woman Killed by White Caps.

Rockport, Ind., Aug. 4.—Authorities searching for two men for whom warrants have been issued following the white capping outrage here, redoubled their efforts when Mrs. Rattie Coombs, whose home was attacked, died yesterday. A dozen men were in the party bent on whipping Mrs. Coombs, and two are said to have been identified.

Blind Bicyclist Rides 125 Miles.

Springfield, Mass., Aug. 4.—Herman Putnam, of Springfield, Vt., who is totally blind, rode into the yard at the home of his sister, Mrs. Gertrude Lampman, of West Springfield, Mass., on a bicycle, to-day, having made the trip of 125 miles in eleven hours. He was accompanied by Carlton Lashun, who led the way.

NEW CANADIAN RIVER HAS BEEN DISCOVERED

A Tributary of the Porcupine—Will Shorten Canadian Route to Arctic.

Ottawa, Aug. 4.—A new Canadian river, at least three hundred miles long, has just been discovered, and reported to the government. It is the Black Crow river, a tributary of the Porcupine, and was thought to be only thirty miles long. Surveyors delineating the international boundary, have succeeded in going three hundred miles up it in a gasoline launch. The "find" is considered important, in that it will shorten the work of these surveyors by a year, and will also materially shorten the Canadian water route to the Arctic ocean.

Baby Famine in City.

Paadena, Cal., Aug. 4.—This city, said to be the home of more wealthy people than any of its size in the world, is facing a baby famine. Statistics for July, compiled yesterday, show that forty-eight babies were born during the month. Local health authorities say that 200 babies a month would be a minimum normal estimate for the city, which has a population of 40,000.

Wants Divorce and Baby.

New York, Aug. 4.—It became known last night that Ethel Barrymore had filed papers in her contemplated divorce suit against Russell G. Cook. She came here from Quebec to sign the complaint. She wants the custody of her baby, aged two years, but doesn't ask for alimony.

DIXIE MAKES FAST TRIP.

Goes Like a Whirlwind on Trial Spin.

St. Lawrence Park, N.Y., Aug. 4.—The Dixie IV passed here on one of her trial spins. The boat was going by no means at its fastest rate, yet it went by like a whirlwind. The Furlong II, owned by W. F. Harris, of South Orange, N.J., at its trial spin made time equal to that made by the Dixie. The boat was running smoothly and its owners are more than pleased with the result. However, it is at present doubted whether the craft will be able to contend for the Gold Challenge cup as the new regulation of the Power Boat Association, regarding the size of the contending boats, may disqualify her.

ONCE AGAIN BEREAVED

JAMES O'BRIEN, NAPANEE, LOST HIS WIFE.

Who Died on Thursday—Two Years Ago He Lost His Three Daughters Within Twelve Months.

Napanee, Aug. 4.—The death occurred yesterday morning, at eleven o'clock, of Mrs. James O'Brien, after several months' illness, deceased had been in the Hotel Deser for a couple of months for treatment, and came home a couple of weeks ago, since which time she gradually grew weaker. Deceased was about fifty-eight years of age and leaves one son, J. Frank O'Brien, of Passaic, N.J., who was at his mother's bedside when she passed away.

A few years ago Mr. O'Brien was bereaved of three daughters within a year. The funeral takes place on Saturday at 9 a.m. to the Roman Catholic cemetery vault.

Mr. and Mrs. Charles B. Fox and little son, Charles, of St. Louis, Mo., arrived in town Tuesday in their auto car to visit his father, Max Fox.

DOG UNEARTHS CLUE TO MISSING WOMAN

Appears in Street With Shoe Containing Foot and Searchers Discover Body Long Lost.

Altoona, Pa., Aug. 4.—The body of Miss Monica Brophy, aged fifty-nine, belonging to a former prominent Altoona family, who wandered away from the home of a family in Gallitzin, two months ago, was found in a dismembered condition, yesterday, in a mountain thicket, near Yesterday, a village ten miles west of Altoona.

When Miss Brophy disappeared long and unavailing search was made for her. Later a note was found written by her, which intimated that she had gone away with the intention of committing suicide.

A clue was strangely supplied, Tuesday, when a dog appeared on the streets of Bennington, carrying in its mouth a shoe containing a woman's foot.

Information was sent to Gallitzin, where a searching party was organized. The remains were positively identified by the woman's clothing.

LAURIER OPENS

His Ontario Tour at Simcoe on Aug. 15th

TOUR IN THE CENTRE

OF A FINE FIGHTING GROUND FOR LIBERALS.

The Cabinet Ministers Are All Billed for Various Centres—Hon. Wm. Paterson to Visit Napanee.

Ottawa, Aug. 4.—The place selected for Sir Wilfrid Laurier's opening meeting of the campaign on August 15th is the town of Simcoe, Norfolk county.

The town is in the centre of a fine fighting ground for the liberal candidates in a half-dozen surrounding ridings. In Norfolk itself, with a good standard-bearer, there is every indication that the electors who in 1900 gave Hon. John Charlton, the mentor of the reciprocity policy, an acclamation, will return to their old liberal allegiance. The conservative majority for Mr. McCall in 1908 was 426, and in 1904 Hon. David Tisdale won out.

In Haldimand, just to the east, there is also a good chance of beating F. R. Lalor, whose conservative majority at the last election was 246. To the west are the two Elgin ridings, both under normal conditions close constituencies, and which in 1908 elected David Marshall by 217 majority and T. W. Crothers by 518.

This time, with reciprocity as the issue in farming communities and with strong candidates, the liberals expect to reduce both seats. Sir Wilfrid's Ontario itinerary for the second week in September, after his return from the maritime provinces, will not be definitely fixed until later in the campaign.

All the Ontario ministers will speak at various points throughout the province, and Hon. W. S. Fielding will also address several meetings in Ontario before going to the maritime provinces.

Hon. William Paterson will speak at the liberal convention for Lennox and Addington in Napanee on Tuesday next, at the North Lanark nomination at Almonte on the 11th and at his own nomination for Brant at Paris on the 15th.

George W. Vaux, formerly general passenger agent of the G.T.R., at Montreal, has been appointed Canadian passenger agent of the Harriman system, with headquarters at Toronto.

The Italian government has prohibited the emigration to Argentina and Uruguay, and placed restrictions on the exodus to Brazil. This action has led to a series of anti-government meetings in many Italian cities.

PROTEST AGAINST RATES.

Millinery Firms of London Appeal to Railway Commission.

London, Ont., Aug. 4.—Wholesale millinery firms of this city have sent a protest to the dominion railway commission against the new rate announced by the Canadian railways on trunks. Beginning January next, all trunks over forty inches in length, will be charged for at the rate of ten pounds excess baggage for every inch. Trunks used by millinery and hat and cap travellers, etc., are from 46 to 47 inches long. Hence the protest. The railway commission is asked to make the length of trunks to be carried by railways free of charge, 48 inches.

Still Another Case.

All the cases arising out of violations of the public health act, in the city, have not yet been settled. A resident of Russell street, has been summoned to appear in the police court, on a charge of neglecting to have the sanitary improvements placed in a house.

The End is in Sight.

Berlin, Aug. 4.—The end of the Moroccan trouble is in sight. The French ambassador at Berlin and the German foreign secretary to-day agreed on a common ground of settlement on general lines, but the details are to be worked out yet.

If a man undertakes one woman he should let it go at that.

NO NEW PEERS YET.

Think the Measure Can be Carried in House.

London, Aug. 4.—According to government organs the government has decided to send the veto bill to the House of Lords without creating new peers, trusting that the liberal peers will be able to outvote Lord Salisbury's followers, who are against the measure.

BLEW OPEN A SAFE.

But Found No Money—Box of Documents Taken.

Brockville, Aug. 4.—During last night, burglars blew open the safe of R. C. Harvey, miller, of Lyndhurst. There was no money there, but a tin box in which Harvey kept wills and deeds, is missing. It resembled a cash box.

CHURCH STEEPLE BURNED.

Worst Storm in History of Cardinal Caused Damage.

Cardinal, Ont., Aug. 4.—During the electric storm here, last night, the Presbyterian church steeple was burned. It was one of the worst storms in the history of the place. The damage amounts to \$1,000, partly covered by insurance.

G.T.R. TRAIN HELD UP

By a Cloudburst Near Brussels on Thursday Night.

Brussels, Ont., Aug. 4.—A cloudburst held up the Grand Trunk train from Toronto three hours last night. Ditches filled to the depth of four feet. The track was submerged and a wash-out resulted.

A PREACHER WEDDED TO CHURCH ORGANIST

At Prayer Meeting—He Astonished the Congregation By His Act.

Denver, Col., Aug. 4.—"The time for a young man to take a bride is now," said Rev. D. Hendrick Roberts, pastor of the Welsh Presbyterian church here, at prayer meeting last night, "and to show you that I practice what I preach I shall do so."

Then the preacher stepped down and met Miss Emma Evans, who arose from her place in the organ. Another clergyman, the only other person in the secret, married them then and there, to the congregation's astonishment.

The Western Crop.

Winnipeg, Aug. 4.—From six to eighteen hours' rain throughout the greater part of Manitoba has put an effective stop to any harvesting operations already under way, and will undoubtedly prove a serious hindrance to the ripening of the crop unless followed immediately by warm, bright weather. There was little rain in Saskatchewan and Alberta. Four or five days of bright and fairly warm weather had brought the wheat along at a rapid pace and cutting had commenced at several points in Manitoba.

Rumors of black rats are still circulating freely, especially in Winnipeg, but so far there is not a single substantiation.

Floods and Death.

New York, Aug. 4.—Fifty persons are dead in Nicaragua as the result of recent floods on the gulf coast and the interior. According to cables from Bluefields, the town of Rama is completely submerged and the gun boat Amatepe is sunk in the Rama river.

STEAMER STRUCK ROCK, AWAKENING PASSENGERS

All Returned to Their Berths, and the Leaking Vessel Reached Harbor.

Vineyard Haven, Mass., Aug. 4.—As the steamer Bunker Hill, from New York to Boston, with 275 passengers, was going through Vineyard Sound, to-day, she ran upon a rock off Nobeaska Point. The passengers were awakened, but returned to their berths, and though leaking badly, the ship reached Vineyard harbor, where the passengers were transferred to another vessel.

Charged With Bigamy.

Ottawa, Aug. 4.—Ethel Beret and Frederick J. Arnold, a plumber, both of Ogdensburg, N.Y., appeared to-day on a charge of bigamy, but will be tried at Brockville, where it is said the offence was committed. Arnold is alleged to have a wife and two children in Ogdensburg.
