

Sunlight Soap is nothing but pure soap—no adulterants, no injurious chemicals to hurry the dirt out or to bleach the clothes; just pure fats and vegetable oils properly compounded with pure soda.

SUNLIGHT contains no free acids or alkalis to make fabrics sticky or smelly or to cut them to pieces—leaves your laundry white, clean and sweet.

We will give \$5,000 to anyone who can find adulterants in Sunlight Soap.

Use Sunlight Soap according to directions—try it just once—and convince yourself that it will do twice as much as other soaps.

TO GAS CONSUMERS We will place the Perfection Gas Iron on trial for one week without charge to you.

DONT BE BALD Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy that has a record of growing hair and curing baldness in ninety-three out of every 100 cases where used according to directions for a reasonable length of time.

BIG DISAPPOINTMENT IN REGARD TO GOLD CUP MOTOR BOAT RACES.

Dixie IV. Did Not Enter on Thursday—Wasp Won the Race—Large Crowds Were in Attendance.

Gananoque, Aug. 11.—The third of the series of the motor boat races for the Gold Challenge cup, was held over the Frontenac Yacht club course, at Round Island, yesterday afternoon, and although largely patronized, was just about as unsatisfactory as the other two contests.

The steamer Lamouche with the Citizens band on board took another large crowd to the Frontenac Club races, yesterday afternoon, where the band filled an engagement during the afternoon for the club.

South Leeds liberals will hold a big convention at Delta, on the 14th. Miss Leah Williams, nurse-in-training and her friend, Miss Mabel Carlson, spending a month's furlough here, with the former's parents, Mr. and Mrs. W. A. Williams, King street, have returned to resume their duties at the City Hospital, Akron, Ohio.

OFF TO SOUTH AFRICA

GRAIN IS BEING SHIPPED FROM THIS PORT. Barge Jennie Will Take Cargo to Montreal for Transhipment—Big Crowd Went to Ogdensburg—Marine Notes of Interest.

A cargo of wheat, which is to be shipped to South Africa, is being loaded at Richardson's elevator. The barge Jennie is being loaded, and at Montreal the cargo will be placed on the steamer to continue the rest of its long journey.

The steamer Europa, cleared this morning for Jones Falls. The steamer Navajo arrived from Big Sodus, with coal for Richardson's and will afterwards load grain at Richardson's elevator for Quebec.

The schooner Keewatin will load feldspar at Richardson's wharf. At M. P. Co's elevator, J. W. Thomson, from Montreal, two light barges, tug Emerson will arrive to-morrow with two grain-laden barges from Toledo; the barges will be shipped on to Montreal.

The steamer America carried about two hundred people on her regular excursion to Ogdensburg, Friday morning. The steamer Germania is expected from Charlotte, to-night, to go on the dry-dock.

Another Handsome Steamer Has Been Added to G.T.P. Steamship Co. The Grand Trunk Pacific Coast Steamship company, operated by the Grand Trunk Pacific railway, has added another handsome ship to its fleet, designed to operate on the Prince Rupert-Queen Charlotte Island and Portland canal route.

The steamer is 185 feet long, 30 feet beam, and 13 feet three inches moulded depth, built of steel, classed 100 A.1., with a star at Lloyd's. She has seven watertight bulkheads with double bottom affording ample ballast and fresh water storage, large bunkers, two multibulb Scotch boilers, triple expansion engines, capable of a speed of twelve knots under full load condition, and an extremely low fuel consumption. The vessel has been modelled to stand the heaviest weather, and it's a remarkable sea boat.

In addition to a large and well-arranged storage accommodation, a very neat and comfortable smoking room, done in fumed oak with leather upholstery, and buffet in connection with it, is accessible only from first-class quarters. The dining saloon seating forty-four, is done in mahogany with crimson upholstery and drapings, and is attached to the shelter deck, and attached to it a large pantry and gallery, conveniently laid out and fitted with all modern equipment necessary to a first-class service. The chief steward's office and men's wash rooms are located also on this deck.

The dining-room is reached by a mahogany stairway leading from the lounge on the shade deck, into a well-proportioned and airy vestibule, also mahogany paneled and decorated. The principal stateroom accommodation is situated on the shelter deck and consists of eighteen two berths staterooms of large size, well ventilated, all having outside windows. These rooms are furnished with folding lavatories, spring berths, hair mattresses and the standard linens of the company.

Forward of this is a very neat semicircular observation room, with large plate glass windows, done in white and gold, furnished with wicker chairs. This room will be the most attractive feature of the steamer. Above this is the pilot house, and Texas for the officers' quarters.

On the after part of the lower deck there is ample promenade space for stateroom passengers, and on the shade and upper decks there is ample shelter and lounge space for first class passengers.

The ship has a cargo capacity of 450 tons, in addition to her bunkers, and altogether it is expected she will be a very convenient and comfortable ship, well adapted for the purpose for which she is intended. It is expected she will arrive on the coast some time in the latter part of July, and will, as soon as possible thereafter, be placed in commission on the Prince

On the Way to Victory. Horace Traubel. A father and his little child were travelling a dark road together. The father asked the child: "If something happened to me now—if I was killed or disappeared—what would you do?" The child replied: "I would cry, but I would keep right on."
