SALARIES FOR M.P.'S

RESOLUTION TO PAY MEMBERS \$2,000 a Year Carried.

Opposed by Unionists—Would Keep Out Best Types and Fill Parliament With Professional Politicians.

London, Aug. 11.—A resolution to pay members of the house of commons \$2,000 annually for their services was carried by a vote of 256 to 159.

The resolution was moved by Chancellor David Lloyd George in the house of commons. The chancellor said that Great Britain was the only country in the world that did not pay members for their work in parliament, which nowadays was so strenuous that the members had little time to attend to anything else.

The unionists opposed the payment plan on the ground that it would be a violation of the principle of gratuitous public services, as well as improper for members to vote themselves salaries.

Arthur Hamilton Lee, unionist member for the Farnham division of Hants, who moved the official unionist amendment against salaries, argued that the effect of the chancellor's bill would be to keep out the best types and fill parliament with professional politicians. Ramsay MacDonald, labor leader, denied that the measure would cause corruption, and said that it would "tend to help the tide of publicity which is flowing over American politics."

PUGILIST LOSES MOTHER.

Battling Nelson's Parent Killed by a Train.

Chicago, Ill., Aug. 11.—Mrs. Ida Nelson, mother of "Battling" Nelson, the pugilist, was killed by a fast mail train on the Wabash railroad at Burnham, Ill.

Mrs. Nelson was returning from a shopping trip to Hammond, Ind. She was accompanied by Mrs. Annie Martin, a friend, and had just alighted from a Lake Shore & Michigan Southern train at the Burnham station.

Mrs. Nelson waited for a freight train to pass and then started to cross the tracks. She apparently did not see or hear the mail train. Mrs. Martin narrowly escaped death in a vain effort to save Mrs. Nelson. Mrs. Nelson was fifty-two years of age. "Battling" Nelson and a brother, Arthur Nelson, are in Oregon on a vacation trip.

London, Aug. 11.—A hearse and two closed carriages, packed with meat, drove up in funeral fashion to one of the leading hotels this afternoon, and unloaded supplies. The black plumes and other mourning regalia gave the hearse and carriages the right of way, and the strikers quietly allowed the procession to pass, not understanding the ruse.

The doctor held the combined offices of premier and attorney-general of Vancouver Island when it was a crown colony. Not many years later he was appointed governor and later became premier of British Columbia. Three daughters survive. The remains will be cremated.

Rockport, Mass., Aug. 11.—Seven Redemptorist Fathers from Mission church, Boston, were rescued, yesterday, by the life-savers from the Gap when the power boat in which they were on the way to Bar Harbor, was in a sinking condition by running on to the southerly end of the Sandy Bay breakwater. The boat was almost on the point of sinking when the life-savers, who had launched their surf boat immediately the lookout on their station discerned the plight of the Diana and her passengers, brought up alongside and took them off. Laughingly they remarked that they had been shipwrecked without having wet their feet.

Men Who Were Executed Intended to Seize Warship.

Madrid, Aug. 11.—The report of the court-martial, which investigated the recent revolt on board the Spanish battleship Numancia, in Moroccan waters, shows that the mutineers had planned to seize the warship and sail for Malaga to foment a revolution. Letters and documents which give evidence of a widespread republican plot are said to have been found on other Spanish warships.

After the crash it was noticed that one anchor was left hanging from the bow and the other carried away by the iceberg.

THE STRIKE CONDITION IN LONDON IMPROVED

London, Aug. 11.—The strike situation considerably improved to-day as the result of a settlement with the car men. Rioting in less frequent and the order for the militia from Aldershot is countermanded, although they stand in readiness for instant action. It is hoped that the normal progress of the city will be resumed by Monday. Very few autos are on the streets owing to continued shortage of petrol, and many stores have shut down owing to the lack of provisions. Newspapers are forced to restrict their pages owing to lack of paper.

MONEY WAS STOLEN.

Robert Fair Lost Money in a Store.

Robert Fair, the liberal candidate, in Frontenac county, lost \$10, in a rather unfortunate manner, on Thursday afternoon. He went into McAlroy's book store, to make a purchase, and while looking at some goods, he placed a \$10 bill, which he produced to pay for them, on the counter. He went to another part of the store, but when he returned to pick up the money, it was missing. A little girl, so it appears, was the only one to come into the store in the meantime.

The Division of Duties.

The present King George in his younger days visited Canada in company with the Duke of Clarence. One night at a ball in Quebec, given in honor of the two royalties, the younger Prince devoted his time exclusively to the young ladies, paying little or no attention to the elderly ones and chapetone.

His brother reproached him, pointing out to him his special position and his duty as well.

"That's all right," said the young prince. "There are two of us. You go and sing God save your grandmother, while I dance with the girls."—Ladies' Home Journal.

ABSURD ARGUMENT.

London, Aug. 11.—The Dundee Advertiser says the Canadian opponents of reciprocity are giving a turn to the discussion which is regrettable in the present circumstances. The dying embers of anti-American feeling are being fanned in a way calculated to create a situation which has been for years the aim of statesmanship to avoid, reduced to plain English, their argument is "the more business you do with a man the more harm he will do you." The idea, of course, is absolutely absurd.

HOW ROBERT SWAYZE CAME TO HIS DEATH.

Former Oxford County Man Killed by Excited Mexicans.

Woodstock, Aug. 11.—M. S. Schell, M.P., making inquiries concerning the death of Robert Swayze, a native of Kintore and former resident of Oxford county, has received the following synopsis of a report from his majesty's minister in Mexico: "Synopsis of papers enclosed in Mr. Hohler's despatch to the foreign secretary, dated 24th July, 1911. During the recent troubles in Mexico the people of the town of Tinguamato, excited by the speeches of one Francisco Sanchez against foreigners in general, and because they believed themselves spoiled of their lands, attacked the house of Robert Swayze and demanded his money. This was handed over, but Mr. Swayze was killed by Sanchez and others, two of whom, Pablo Maxim and Valentin Martinez, were wounded by Mr. Swayze. The money sacked Mr. Swayze's house and set it on fire. Mr. Swayze was dead before the house was burned. Mr. Swayze escaped uninjured. An official investigation was made by Col. Martin Castrejon, which resulted in the execution of Martinez and Maxim on the scene of their crime, and orders were given for the arrest of Sanchez and others.
