Over 1-2 Million

The Travellers' Insurance Company paid in 1910 over half a million dollars to its policyholders for accidents peculiar to the vacation season.

These enormous benefits, paid by this largest of all accident companies for vacation injuries, should impress you with the necessity of accident insurance.

Now is the time when many people are injured in hunting, boating, fishing, bicycling, baseball, golf, riding and driving, automobilism and travel.

Queen and Cooke will be tied for first place, but Queen's win they have the cup.

Cholera. Not Blackleg. Last week the Star-Chronicle gave publicity to the death of some cattle belonging to W. Postelethwaite. At that time the cause of their death was a mystery. The day following, however, a government inspector came here, asked a couple of questions, did not think the matter of sufficient importance to investigate and left on the next train after pronouncing the cause of death as black-leg. It develops since, however, that the cattle had broken into an orchard and gorged themselves with apples, so that it would appear that black-leg was not the cause of death after all.

Boy Scouts Break Camp. The Boy Scouts' camp at Brophy's Point, broke up, Saturday morning and the boys returned home, some by the steamer Lamonde and the rest in motor-boats. The boys were very sorry to break camp, and many would have liked to have stayed another week or more.

Cause of Youth's Death. Pierson Times. The sad and sudden death of Claude Carson, of Fish Lake, has cast a gloom over the community. The young man was only sixteen years of age and on Friday had been helping with the thrashing. After the day's work he took his boots off and put his feet in the water tank. The next day he suffered greatly with quincy and a doctor lanced his throat. He got no relief, however, and his throat continued to swell entirely choking him, until finally death on Sunday relieved his suffering.

Time for a Change. Captain Price guarding. The stork has again called at the home of our esteemed Police magistrate, but he made a mistake in taking a girl in place of a boy from his bag—six girls in succession.

BIG SATURDAY MARKET

POTATOES SOLD FOR VERY HIGH PRICE.

They Brought All Way From \$2 to \$3 Per Bushel on the Square. Potatoes From New Brunswick Will Bring Down the Price.

Kingston, on Saturday, had one of the largest markets on record, for this time of the year, when the farmers are so busy. Evidently the farmers felt like taking one day off at least, and in addition to bringing their produce to the market, were able to also do some shopping.

"My, is it not awful the price being asked for potatoes!" This was the topic of the day among the housewives. Potatoes are potatoes these days, so far as the price is concerned. They sold all the way from \$2 to \$3 per bushel. Some potatoes referred to as "marbles" sold for 40c a peck. Potatoes by the bag were sold at \$3.

It is stated that potatoes will be shipped from New Brunswick here, in the course of a few days, and this will mean that the price will take a drop. This was the report the grocer gave to-day, and if such is the case, it will certainly be good news.

Butter sold at 24c and 25c a pound, and eggs at 20c and 22c a dozen. There was a good line of vegetables, which sold at the usual prices.

THE CALL OF THE WEST.

Rev. Ernest Thomas Appointed to Staff of Regina College.

The recent retirement through ill health of the Rev. J. H. Oliver, of the Regina Methodist College, has compelled a re-arrangement of work and the authorities of the Saskatchewan conference have requested the transfer and appointment of the Rev. Ernest Thomas of Merrickville, for the important and urgent vacancy. The transfer has been approved of and Mr. Thomas will be leaving forthwith for his new and larger field of labor. That he is qualified for it none who know him will doubt. He is one of the brainiest men of the Montreal conference and has long been recognized as one of its most forceful and original thinkers. He will be greatly missed.

A SUMMER TONIC

For that worn out, tired and run down feeling there is no better tonic than a combination of BEEF, IRON AND WINE.

Ours is delicious in taste, contains iron to enrich the blood, peptonized (digested) beef to feed the tissues, and choice wine as an appetizer. In a recent Government analysis a bottle taken from our stock of Beef, Iron and Wine proved to be a superior article ranking as first class.
