

PRESENTED THE PLANS FOR THE NEW TUBERCULOSIS HOSPITAL.

Van Straubenzie Site Regarded as an Ideal One by Inspector of Hospitals—Detailed Description of the Property Which Has Been Selected.

been presented the meeting was adjourned. It might be stated that the new site is the estate known as "Kirkleatham," in the municipality of Portmouth, and owned by Mrs. Van Straubenzie. It consists of thirty acres, eight of which are cultivated. On it, there is a ten-room stone house, in good repair, barns, stables, root houses, outhouses, and lodge house, at the gate. It is beautifully situated, and perfectly adapted for the purpose indicated. There are many fine trees on it, of pine, hickory, maple and oak. There is good pasture for a number of cattle. The land is terraced, naturally, on three levels from the main lower ground, to the level on which the house stands. There is an entrance to the grounds from the upper road. There is a large vegetable and flower garden. The house faces the south, and the trees are not close to it. It will be possible to use the house for administration purposes and infirmary, with very slight alterations. The place is readily accessible, as it can be reached in three or four minutes' walk from the street railway. It is sufficiently large to afford patients outdoor life and liberty to the greatest extent, and yet so isolated that they will not be in contact with the public in any way. Dr. Bruce Smith, inspector of hospitals, in the province

of Ontario, says that there is no hospital in the province which has a site so nearly ideal as is the Straubenzie property. Dr. Smith has also visited the site, and is enthusiastic in his approval of it. He has promised his co-operation and assistance in every possible way to get the hospital established. The board of governors of the general hospital, has consented to the formation of the new corporation; it agreed to a canvass of the subscribers to the fund, to find out whether they were willing that the money should be used for this purpose; and it appointed a committee to select a provisional board of directors. The list of provisional directors has been published. Letters of incorporation have been applied for, and when secured, it will be determined how the board is to be formed and perpetuated. The result of the canvass so far has been most gratifying. A number of new subscriptions have been received, and more can be secured for the asking. There is also a substantial list of subscriptions to be given annually towards the support of the hospital. The money available is reported as follows: Government grant, \$4,000; city grant, \$2,000; Daughters of the Empire, \$1,000; with the subscriptions to be collected. Estimate of cost: Property, \$8,000; repairs, furnace, plumbing, two cottages, two shacks, water, light, \$8,000; furnishings, \$2,000; total, \$18,000. As to the cost of maintenance, it is figured out that this can be met all right. As will be remembered, the old scheme to build the hospital on the site of the general hospital, met with such strong opposition that it was dropped; now it is felt that something should be done to secure the end desired, and to give the people some return for all the generosity they displayed. The scheme is comparatively modest in size, and yet the site will permit of indefinite expansion, if in the future it becomes necessary to increase the accommodation. The new hospital will seek to serve the same district as served by our city hospitals, yet there will be no rivalry with the present hospitals. The new hospital will be able to relieve the other hospitals.

BEAT OUT FLAMES. A Daring Deed of Manager Horsey is Recalled.

The Picton Times referring to the rescue at Kingston, of a drowning lad by E. E. Horsey, manager of the Lake Ontario and Bay of Quinte Navigation company, adds:

"Mr. Horsey is receiving the congratulations of his friends for his presence of mind and bravery. The above incident was witnessed by a lady passenger on the boat who recalled a similar incident of the bravery of Manager Horsey. It is well known that Mr. Horsey has grown to manhood in the service of his company. It was many years ago when, on the old steamer Hero and Edward Horsey was purser. The boat had just left Kingston about a half hour when a lamp exploded in one of the staterooms. The flames were licking the ceiling and darting out of the door. A panic was imminent when young Horsey sprang in, shut the door and beat the flames out with his coat."

Bright Outlook For E. H. Fair. Confidence in the ability of Robert H. Fair, the reciprocity candidate in Frontenac, to defeat Dr. J. W. Edwards, the supporter of the monopolist and trusts views, is growing stronger and stronger. Mr. Fair is going to E-I-G-H-T, and his opponent will have a very uneasy time. Wolfe Island looks good to give Mr. Fair a majority of 125, and if Kingston, Pittsburg, Howe Island and Longboro do their duty, Dr. Edwards will occupy a seat in parliament no longer for Frontenac.

A Party From Utica, N.Y. A party of six men arrived, Saturday, from Utica, N.Y., en route to McKenzie Island, where they will camp with Kingston friends for a week. They are all past masters in the handling of the fishing rod, and no doubt they will have some good stories to tell when they return to Utica. The party consists of Messrs. Thomas H. Brown, John Brown, Christopher Vaeth, Frederick Wilson, Karl Hutzinger and son.

Friday Evening Band Concert. The concert in Macdonald park, on Friday evening by the 14th Rifles band was greatly enjoyed. Over 3,000 people gathered in the moonlit park, to listen to the music. The water scene was very pretty. At the conclusion of the concert, the regimental march and "O Canada" were played with marked vim and feeling.

He Goes to Simcoe. P. G. Marshall, formerly organist of St. James' church, Kingston, has received the appointment of musical director of the public schools in Simcoe, Ont. Tuesday, Sept. America, 2:30 p.m. Steamer America makes another of her famous tours of the islands. Gordon Young, Kingston, is visiting his aunts, Misses Young-Picton.

Sanitary Cases Still on Police Court Books. Although it is two years since the order was passed by the board of health, that modern improvements must be placed in the houses within a certain area, there are still a few cases on the police court books, where people have been summoned for neglecting to carry out these instructions. A large grist of cases have been disposed of. The main excuse put forth by the offenders, has been that the plumbers have been too busy to do the work, but now the raft is over, the court will not take this for an excuse. It is hoped to have the few remaining cases wiped off the slate within the next few weeks. The sanitary inspector, William McCammon, has been endeavoring to get the people to hustle with the work, but he has found it a very difficult task.

Lawn Social at Westbrooke. A successful event was the lawn social held on the grounds of James L. F. Sproule, Westbrooke, on the evening of Aug. 8th, under the auspices of the Westbrooke Women's Institute. The weather was ideal and the large crowd enjoyed the programme provided by the Westbrooke boys and girls. Miss Louise Collins Bay, acted as accompanist for the choruses, and she also sang a solo. Miss Stevens also sang and W. Bush of Lapam, gave a recitation of Dr. W. Edwards, M.P., acted as chairman in his genial way. Desmond Ashby, Glenvale, was present with his gramophone and pleased the crowd with his selections. The ice cream and candy booth was well patronized, and altogether a good amount was realized by the Women's Institute. This society has been organized for only a little over a year and is doing splendid work in Westbrooke and adjacent villages.

At Lake Ontario Park. At Lake Ontario Park, next week, a high-class bill will be presented. The programme consists of the Spaltings, in gymnastic features and ariel acts, strongly recommended from a New York circuit. John Morrison, an Irish singer, featuring all old Irish songs, who made a big hit in New York and Chicago. There will also be new songs and new moving pictures.

Organized an Order. J. E. Devlin, provincial organizer for the Ontario Horsehoes Protective Association, is in the city and has succeeded in establishing an excellent local in Kingston. Mr. Devlin is on his way east and will visit Gananoque, Brockville, Morrisburg, Cornwall, Ottawa and other places along the line.

An Appreciative Letter. Mrs. Brewett has received from H.R. H., the Prince of Wales, through H. P. Hauser, a cordially appreciative letter of thanks for her poem, on a decorated card, sent to Buckingham Palace, for the date of investment 13th July. The letter is written from Frogmore House, Windsor, and is highly valued by recipient.

Remains Arrived Here. The remains of the late Victor Webber, who was drowned at Kenora, a week ago, arrived in the city on the morning train over the Kingston & Pembroke railway, from Sharbot Lake. The remains will be taken to his home at Lansdowne.

Real Estate Sales. G. F. Wilson has sold to Rev. W. Y. Daykin three stone houses on Ordan street and I. Morrison, a double frame dwelling on Nelson street. These transfers were made through McCann's real estate agency.

To Begin Railway Survey. The survey of the Ottawa and Kingston Electric Railway line will start on Monday, Thomas Bennett, of this city, son of Edward Bennett, has been engaged on the work.

Wares. H. Houlston, of the steamer North King, Albert Houlston, of the K. & P. railway, and Walter Houlston, of Rochester, N.Y., are visiting at G. W. Houlston's, Bath. Hear-J. M. Sherlock, tenor, of Toronto, sang "Will There Be Any Stars," Queen street church, Sunday evening next. Charles Marchand, Rideau street, who is confined to the general hospital, with apoplexy, shows very little improvement. Tuesday, 2:30 p.m., steamer America appears from time to time.
