Apparently, from all reports, Ashton, the mound artist for the Grand Trunks, of Belleville, who comes to the city, next Saturday, to play C.L.C.'s, is the only one whom the local team needs to fear. "Shorty" Brown, last year's catcher for the C.L.C.'s, is occupying the same position in the visiting team. "Matt" Coyne is holding

## WILL MAKE REPAIRS

TO THE BREAKWATER AT  
PORTSMOUTH.

Justice Department Will Undertake the Work as Soon as Possible—Deputation Asked for It.

The justice department will undertake the work of repairs to the breakwater, at Portsmouth, which have been sadly needed for some time. The department has received in the city, from the department that this work will be undertaken as soon as possible. This will be good news to the residents of Portsmouth.

It will be remembered, that this matter was taken up by the deputation from the Portsmouth council, which went to Ottawa some time ago. The deputation pointed out the need for the repairs to be made, and, at that time, it was promised that the matter would be given consideration, and now comes the word that the work will be undertaken.

## FIGHTING THEIR BATTLES.

Lads on Niobe Taught to Use Their Fists.

The boys in the government boat

Niobe state that when they have trouble among themselves when they are on board ship, the officers make them pull off their jackets and fight it out. One Kingston lad says that not long ago he had a battle with one of the boys on the boat who was known as the "bully." He gave Mr. Bully a good trimming.

"Some of the lads who have been holidaying in the city expressed themselves as being well pleased with life on the Niobe, but according to reports there are some who do not care much about it, and would like to be released from the duty, although they were very eager to be taken on the boat, in the first place, and lost no time in getting after the local recruiting officer.

Postmaster Stewart will likely have three or four recruits ready for the Canadian navy, in the course of a few days.

## S.A. MOONLIGHT EXCURSION

In Aid of Junior Band Which Has Been Organized.

The moonlight excursion held Tues-

day evening by the Band of Love, in aid of the junior Salvation Army band, which has been organized, was a decided success. The steamer Quinte Queen, which took the excursion, carried her capacity and many were left on the wharf. The boat left about eight o'clock and went to Clayton, N.Y., where an hour's stop was made.

The heavy rain shower which struck the boat made things quite interesting for some time, and left the atmosphere very chilly. The city was reached shortly after two o'clock in the morning with a very happy crowd.

The junior band is making good progress under the leadership of Bandsman W. Rodgers, and everyone is taking a great interest in the juvenile organization. The string and brass bands of the Salvation Army accompanied the excursion, and furnished delightful music.

## At Lake Ontario Park.

There was a good attendance at Lake Ontario Park last night. The daring and startling aerial and gymnastic acts of the Spaldings were greatly appreciated.

John Morrison, the Irish singer, was in happy vein and his Irish melodies were loudly applauded. On Thursday night Mr. Morrison will render one of his leading songs: "She's the Mother of the Girl I Love," a song with the story, of a lawyer pleading for the life of the mother of the girl he loved. There will also be an entire change of programmes.

## Only a Scanty Shower Fell.

On Tuesday evening, about eight o'clock, a large, black cloud, which yielded a great deal of lightning, without thunder, spread over the city, coming from the north-east. It gave forth only a light shower, however, much to the disappointment of the people, who looked for a good heavy rain. There was quite a bluster for a short time.

It heals wherever applied and cures eczema (salt rheum), burns, piles, warts, sore feet, dandruff and all scaly, or itching eruptions of the skin. In big boxes, 25c., at J. B. McLeod's Drug Store.

## Satisfied With Registration.

R. F. Elliott, president of the Federal association, and his efficient staff of workers, are well satisfied with the result of the registration. Nearly every person they had upon their lists were secured and the party workers are now in a position to go into the more strenuous work of the campaign.

## Prize for Raising Cotton.

Joseph Kehoe, caretaker at the post office, is the proud possessor of cotton in blossom in his garden. It seems that D. Laidlaw gave away the seed in the spring and offered ten dollars to the person who could produce cotton, and it looks now as if Mr. Kehoe is the winner.

## Will Help Potatoes.

Although the rain fall, on Tuesday was not very heavy, it is stated that it will help along the potato crop a great deal. On the market, Tuesday, potatoes took a slight drop in price, selling from \$1.60 to \$2 per bushel.
