A lawn bowling team, skipped by R. J. McKelvey, defeated a team, shipped by J. McKellar, by 17 to 14, on Monday night.
This victory for McKelvey practically gives his team the championship, as he has finished all his games, and has only lost three, while there are a number of other teams tied with him at present, but they all have games to play. It looks now as if his team will capture the championship.
John McKellar, in the absence of D. Murray, skipped for him. The teams were as follows:
Dr. Boyce, R. Uglow, W. Jackson, R. J. McKelvey, skip—17.
J. S. McIntyre, J. F. McMillan, W. P. Spalding, J. McKellar, skip—14.

HAD PLENTY OF NERVE.

American Pensioner Asked Mayor For Assistance.
There are people with a lot of nerve, but Mayor Graham had a case of it on Monday morning, which he considers is about the limit.

An old American soldier, who draws a pension, called on his worship and asked for a railway pass as far as Prescott, so as he could cross over to Ogdensburg to draw his pension money, which amounts to about \$60. The old pensioner has been living in Kingston for several years. As he had this amount of money coming to him Mayor Graham did not think that it was up to the city to give him assistance so the old soldier paid his own railway fare and went in search of his money.

The chief magistrates of a city are always being asked for railway passes and they are sure to get nipped.

SNEAK THIEVES ABROAD.

Made Off With Chair and Bicycle During Night.
Do you leave chairs out on the verandah over-night? No doubt the majority of citizens do, but, at any rate, if you do, you will stand a chance of having them stolen, as sneak thieves are abroad in the city. The police have received a report about a resident of Brock street having a chair taken from his verandah during the night. Another resident living on Earl street left his bicycle out on the verandah, and he is now mourning the loss of the wheel.

CITY AND VICINITY.

Threshing at the Island.
The threshing machines are working overtime these days at Wolfe Island. The farmers are as busy as bees, and a record crop is looked for.

Looking Into Case.

Remarks Were Too Warm.
Bremerton, Wash., Aug. 22.—Lieut. Commander Leland James, of the cruiser *West Virginia*, is to be court-martialed on a charge of insubordination. The commission was inquiring the friendly international spirit by remarks made at a dinner given by Canadian officers in Vancouver.

Lost Two \$10 Bills.
P. S. S. Johnson, United States, consul here, lost two \$10 bills; Monday evening, and he has not the least idea where the missing green backs could be found. One has been found since in this way and Mr. Johnson is no exception to the rule.

To Go to Italy.
Prof. L. W. Gill, of the School of Mining, will leave on Saturday, for Turin, Italy, to attend the annual meeting of the International Electro-Technical commission, as a Canadian representative. The commission was organized at St. Louis and the Engineering Societies of the various countries were asked to nominate committees to represent them. Prof. Gill has been on the Canadian committee since its inception and this year Prof. Gill was asked to go as its representative. He sails from New York, Mrs. Gill accompanying him.

Woman's Home Companion.
The September *Woman's Home Companion* is the advance fall fashion number of that periodical. It contains an immense amount of fashion news that will interest and be of practical service to women. Grace Margaret Gould, who conducts the fashion department of the *Companion*, does her work admirably; that is, her object seems to be to present fashions in a way that will induce women to waste money on clothes, but in a way to show the great mass of women how they may dress fashionably and yet at reasonable cost.

The Late George Chamberlain.
George A. Chamberlain passed away at a few minutes after eight o'clock, Tuesday morning, at his residence, 386 Princess street. Deceased, sixty-two years of age, had been ill for the past year with chronic bronchitis. He has been confined to his bed for the past ten days. He was born at Sharpton and lived there nearly all his life. Ten years ago he moved to the city and had lived here ever since that. He was a Methodist in religion, and an attendant of Brock street Methodist church. He was a conservative in politics. He was a widower, his wife having died three years ago, and leaves the following children: Mrs. Genge, Gananoque; Mrs. W. Babcock, of this city, and Misses Ethel, Georgie and Beatrice, and one son, William, at home. Four brothers also survive, William, Marshall and John, of Harrison, Ont., and Henry, of Buffalo, N.Y. His funeral will be conducted from his late residence to Catteraqui cemetery, Thursday morning. Rev. J. Webster will officiate.

LAKE ONTARIO PARK.
The Crowds Still Keep Going to the Park.
As the season is drawing to a close the attendance at Lake Ontario Park seems to be increasing in volume. Last night the pavilion was crowded, and additional seats had to be brought in to requisition. The programme presented was a splendid one. Bert and Rose Renshaw, musical entertainers, gave their own comely musical act, including cornet, trombone, oboe and English horn, giving solos and duets interspersed with comedy. Their work was excellent and the applause they received was well deserved. Miss Helen Harper, a magnificent soprano, is without doubt the best vocalist that has appeared at the park this season. She rendered three numbers, each more sweetly and beautifully than the other. She sang "My Cavalier," "Roses Bring Dreams For You," and as an encore gave the charming Spanish song, "Caretta." Miss Rosevear sang with expression, "There is Nothing in the World Like Love," and "I've Got Your Number." The pictures were good, especially "Love and Cheese" and "Scenes From Mount Etna." "The Trappers Five Dollar Bill," and "Capt. Kate."

U.S. CONSUL JOHNSON
Writes to American Government Concerning Boat Controversy.
In view of the controversy which is going on between the owners of American vessels and owners of Canadian vessels as to the rights of each in the other's territory, U. S. Consul F. S. Johnson has written to the American government for a circular explaining the position of each one. Owners of American pleasure steamers are objecting to Canadian boats going to American ports and taking out excursions. They claim that it is not within their rights to do so. Canadian boat owners claim that so long as they bring the excursionists back to the same ports as they took them from they are within their rights accorded to them. The circular on the subject will define the position and liberties of each. It will likely be here by the end of the week.
