**Deafness Cannot Be Cured.**  
 by local applications, as they cannot  
 reach the diseased portion of the ear.  
 There is only one way to cure deaf-  
 ness, and that is by constitutional  
 remedies. Deafness is caused by an  
 inflamed condition of the mucous lin-  
 ing of the Eustachian Tube. When  
 this tube is inflamed, you have a  
 rumbling sound or imperfect hearing,  
 and when it is entirely closed, deaf-  
 ness is the result, and unless the in-  
 flammation can be taken out and this  
 tube restored to its normal condition,  
 hearing will be destroyed forever; and  
 cases out of ten are caused by Catarrh,  
 which is nothing but an inflamed con-  
 dition of the mucous surfaces.  
 We will give One Hundred Dollars  
 for any case of Deafness (caused by  
 Catarrh) that cannot be cured by Hall's  
 Catarrh Cure. Sent for circulars, free.

**TRIMMING AT THE BACK A FASHION FEATURE.**  
 Almost invariably the hat trimmed across the back is becoming and  
 rather youthful in suggestion. Women should, therefore, welcome the  
 new fashion of trimming fall hats in the back. Many of the new models  
 show this style of trimming and this pretty white felt hat is one of the  
 advance models. Another new note is the box pleated tulle pinked out at  
 the edges—a very old fashion revived.
