THE DOCTORS' QUESTION

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is "Are your bowels regular?"

Recall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general.

Recall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract.

Notice

Strangers and Visitors are invited to inspect my big showing of Antique Furniture.

THE WHIG, 78th YEAR

DAILY BRITISH WHIG, published at 206-210 King Street, Kingston, Ontario, at \$5 per year.

WEEKLY BRITISH WHIG, 14 pages, published in parts on Monday and Thursday morning at \$1 a year.

Daily Whig.

"We are willing to dig deeper the channels of trade between the United States and Canada."

NO NEED FOR LIES.

Mr. Sifton says that through reciprocity Canada will lose her fiscal independence.

BORDEN'S NEW VALET.

Mr. Maclean is travelling with Mr. Borden as a member of his staff.

THEY CANNOT BE.

Hamilton Times. Sir John Macdonald, Tupper, Foster, Thompson, Bowell and all the prominent Tory leaders spoke for and worked for reciprocity with the states.

THE ONLY HOPE REMAINING.

Toronto Globe. The hope that the democrats would be able to pass a bill opening the United States markets for natural products to all the world has proved vain.

WHAT RECIPROCITY MEANS.

Toronto Globe. There is absolute reciprocity in financial transactions between Canada and the United States.

ARE THEY LESS LOYAL.

Toronto Globe. There is absolute reciprocity in financial transactions between Canada and the United States.

THE FARMER IS FAVORED.

Brandon Free Press. The entire list of manufactured goods embraced in the agreement is an extremely small one.

TO BENEFIT GREATLY

AN EX-PRESIDENT IS STRONG FOR RECIPROCITY

Though He is a Tory—Condemns the Mad-Slinging Tactics of the Opposition—Mr. Johnson's Views.

Since, Aug. 22.—Though James Johnson, of Simcoe, ex-president of the Provincial Fruit Growers' Association, and one of the largest apple growers in Norfolk, ranks politically as a conservative, and though he does not want to mix politics with reciprocity, he says he is ready to prove that the apple orchards of the county of Norfolk will benefit by reciprocity to the extent of at least thirty cents a barrel.

"Aren't you afraid of American competition?" he was asked.

"Why certainly not," was the reply. "I've shipped apples over there since 1896 and paid the duties."

"Aren't you afraid of the favored nations like Denmark and these others swooping in here?"

"Denmark? Why they are advocating that we cultivate the European market with one breath, and then turning right around and trying to strangle us with it the next."

Mr. Johnson gave the following list of products which would be benefited by reciprocity with the United States in the county of Norfolk: Apples, pears, plums, strawberries, raspberries, potatoes, cabbages, turnips, beans, poultry, fish, hoes.

"I am very sorry that such a poor dealer was put up by the conservative leaders to their stand on reciprocity. I want to hear how Norfolk would benefit more by defeating reciprocity than by accepting it. I was disappointed; I do not think that such a reference to the man the people of this country elect as premier as we heard Thursday night was in good taste, and I was sorry to hear it, especially here in the county of Norfolk. The average of the citizens of this county is high. They don't like to hear the premier of Canada called a long-haired Indian doctor, no matter which side they are on. Mud-slinging is just as bad for one party as for the other."

Mr. Johnson believes there is a great future ahead of the lake counties of Ontario for the production of apples. He is an enthusiast on modern orchard management and scientific spraying, and the fighting of the diseases and parasites on apple trees.

He says Canadian apples will sell in the open market of the United States on their quality and flavor.

"The American market is a whole world in itself," said Mr. Johnson. "They have ninety million people over there, we have seven. Reciprocity advantage to Canada is as plain as the nose on your face."

PRESS OPINIONS

They Cannot Be.

Hamilton Times. Sir John Macdonald, Tupper, Foster, Thompson, Bowell and all the prominent Tory leaders spoke for and worked for reciprocity with the states. Were they all annexationists?

WHAT MADE HIM INDEPENDENT?

Montreal Herald. Mr. Monk boasts that he is a man of no party. Mr. Monk was at one time a party leader among the conservatives, and should not forget to ascribe the credit for his present independence to the gentlemen who squeezed him out of that position.

THE ONLY HOPE REMAINING.

Toronto Globe. The hope that the democrats would be able to pass a bill opening the United States markets for natural products to all the world has proved vain. Under the reciprocity agreement the United States markets are opened for Canadian natural products only.

FARMERS AND RECIPROCITY.

Ottawa Free Press. It is worthy of notice that while all the agricultural papers in Canada are in favor of the reciprocity agreement, all the agricultural papers in the United States are opposed to it, and are denouncing it as a betrayal of the farmers' interests.

A WARNING UNHEEDED.

Ottawa Citizen. If the United States had believed that reciprocity would lead to annexation would that country not have given Canada the fullest measure of reciprocity in the years when this country was weak, without prosperity or population, and apparently could be easily absorbed. For the mere reason that the liberal party has staked its future on the prediction that reciprocity will be a success, it by no means follows that the conservative party should stake its future that reciprocity will be a failure.

EVIDENCE OF THE PACT.

There is no great magic in names, and men like F. D. Monk, and Mr. Blondin in the next house will assist in turning the Laurier government out of power, whether they call themselves conservatives or nationalists.

ARE THEY LESS LOYAL.

Toronto Globe. There is absolute reciprocity in financial transactions between Canada and the United States. When E. R. Osler, Sir Edmund Walker and J. A. Lash, K.C., have important financial dealings with men in the United States do they become less loyal to the British crown thereby? Is a Canadian farmer any more likely to become an annexationist by selling wheat to an American dealer than if he sold to a Canadian dealer?

WHAT RECIPROCITY MEANS.

Toronto Globe. There is absolute reciprocity in financial transactions between Canada and the United States. When E. R. Osler, Sir Edmund Walker and J. A. Lash, K.C., have important financial dealings with men in the United States do they become less loyal to the British crown thereby?

THE FARMER IS FAVORED.

Brandon Free Press. The entire list of manufactured goods embraced in the agreement is an extremely small one. The agricultural implement industry is perhaps the most affected, and that the Canadian manufacturers in this line do not fear any injurious results to themselves is shown by the great extension to their plants which almost without exception they are now making.

THE TARIFFS COMPARED.

Farmer is Favored. But Manufacturer Has No Kick.

Brandon Free Press. Sir Wilfrid Laurier has declared in parliament: "We have not hurt the manufacturer, and we will not hurt him."

Let us see how far this statement is justified by the agreement itself. Here is the condition of things as it affects the manufacturer:

Table with columns for Present Proposed Duty and Duty. Items include Brass in bars, rods or pipe, Rolled iron or steel sheets, No. 14 gauge or thinner, Galvanized iron or steel sheets, No. 14 gauge or thinner, Typewriting and casting machines, Biscuits, combined with chocolate, Nuts, fruits, etc., Confectionery, Pickles, Farm Waggon, Harrows, drills, horse rakes, cultivators, Hay-loaders, potato diggers, manure spreaders, feed and grain crushers and crainers, fanning mills, etc., Windmills, Building stone, Roofing slate, Asbestos fabrics, Printing ink, Cutlery, Bath tubs and fixtures, Laundry tubs and clocks, and watches, Band instruments, Canned and small boats, Automobiles and other motor vehicles, Musical instrument cases and parts, folios, etc. of leather.

The entire list of manufactured goods embraced in the agreement is an extremely small one.

The agricultural implement industry is perhaps the most affected, and that the Canadian manufacturers in this line do not fear any injurious results to themselves is shown by the great extension to their plants which almost without exception they are now making.

RURAL MAIL ROUTES

MANY ESTABLISHED SINCE FIRST OF THE YEAR.

Rural Mail Delivery Has Received Much Attention, and is Working Out Well—Records Show That Total of 634 Boxes Have Been Installed in Eastern District.

According to the records, which the Whig was able to secure, at the office of the post office inspector, Henry Merrick, they would go to show that a great deal of attention has been paid to the establishment of rural mail routes. In looking over the lists it is found that since the first of January, this year, new rural routes have been established, making a total of 634 boxes. This is certainly a good record, and in addition to this, there are more contemplated, and thus the good work is going on, and the farmers are being well looked after in the line of mail delivery.

It is doubtful if there is any other district, which has received more attention along this line than Eastern Ontario. The list of new routes established with the number of boxes in each case is given below, and will be of interest.

Belleville and Point Anne, 15 boxes; Gosport and Napanee, 104 boxes; Deseronto and Picton, 49 boxes; Athens and Brockville, 42 boxes; Napanee and Switzerville, 48 boxes; Arden and Bond Creek, 8 boxes; Sillyville and Pines, 29 boxes; Athens and Oak Leaf, 43 boxes; Cherry Valley and Point Peter, 18 boxes; Peterboro; and Fowler's Corners, 46 boxes; Lilyey and Lyn, 40 boxes; Peterboro and North Mongahan, 47 boxes; Peterboro and Smith township, 68 boxes; Point Travers and South Bay, 30 boxes; Athens and Plum Hollow, 11 boxes; Demorestville and Big Island, 23 boxes.

In addition to the list, it might be stated that tenders have been invited for Albert and Marysville and that it is expected that this route will be opened within a couple of weeks.

The Best Obtainable.

There is no surer remedy for Ezecema (Salt Rheum) and all diseases arising from an impure condition of the blood, than Wade's Iron Tonic Pills. They cleanse the system, enrich the blood, improve the appetite and tone up the constitution. Price 25 cents. For sale by J. B. McLeod, Druggist.
