

THE GAME CALLED

AT THE FIRST OF THE THIRD INNINGS.

The Centres Were Then in the Lead
—The C.L.C.'s Declined to Play Another Game in Belleville.

The third game of baseball for the George Mills cup was played Thursday evening. The game was called at the middle of the third innings when the score stood 7 to 4 for the Centres. Until the third innings the Centres were ahead by 4 to 2 but Centres got five in the third innings. Centres—Tremier, c.; Coates, p.; Mershon, b.; Hunter, 2b.; Mershon, s.; Wilson, 3b.; Daley, r.f.; H. Porter, e.f.; A. Porter, l.f.; Corners—Saunders, c.; Holland, p.; Puck, b.; Hauffner, 2b.; Veale, s.s.; Thompson, 3b.; Smith, r.f.; Tremier, l.f.

Want Them to Come Back.

The management of the Belleville team approached Manager Kennedy, Wednesday evening, after the game, and wanted to make arrangements to play another game in Belleville next week, but genial "Bill" shook his head with a smile and said he would decline the honor.

Grand Trunks, of Belleville, paid a glowing tribute to the Kingston team. He said he had seen many amateur teams play ball in the last season, but had never seen better team work than was displayed there. He said he would not be afraid to put the C.L.C.'s up against any other amateur team in Canada.

To Hold Banquet.

It is expected, in the near future, that a banquet will be held when the middle of the third innings when the score stood 7 to 4 for the Centres. Until the third innings the Centres were ahead by 4 to 2 but Centres got five in the third innings.

Centres—Tremier, c.; Coates, p.; Mershon, b.; Hunter, 2b.; Mershon, s.s.; Wilson, 3b.; Daley, r.f.; H. Porter, e.f.; A. Porter, l.f.; Corners—Saunders, c.; Holland, p.; Puck, b.; Hauffner, 2b.; Veale, s.s.; Thompson, 3b.; Smith, r.f.; Tremier, l.f.

No Game Last Night.

According to reports there was to have been an exhibition game, last evening, between Queen street team and Civil Service, but developments show that arrangements have not been made yet as to when the game will be played.

To Present Cups.

There is a possibility that the junior and Senior City League cups will be presented at the Labor day picnic at Lake Ontario park, Labor day, if the senior series are over then. Last year the presentation of the cups was made a very nice affair at Lake Ontario park at a picnic held there.

Will Play Other Game.

It was thought that in case the C.L.C. team won the game Saturday, from the Athletics, that the game the following Saturday between Victoria and Athletics would not be played. Palmer, the manager of the Athletics, has signified his willingness to play the game even if the C.L.C.'s win Saturday, so the contest will come off anyway.

No Meeting Held.

The executive of the Mercantile League was called to meet last evening, but only four representatives were present and nothing could be done. Never mind, the band concert is all over and doubtless a concert can be gathered for next week. President Welch has been trying for some time to get enough representatives together to deal with this protest.

A Belleville Opinion.

The Belleville Ontario says the C.L.C.'s have the Grand Trunks cornered for batting. It adds: "Where the Kingston papers see much in Brooks, is a mystery to Belleville fans. Perhaps our men were afraid of him for they struck at wild throws. He can't claim any such grandad pitching, as Ashton, who can throw three straight strikes over the plate, but the other was throwing a good many balls."

Sporting Notes.

London is said to be the biggest winner financially in the Canadian Baseball League. Hamilton has also done well. Bradford and Guelph have been disappointing, but all of the cities have done exceedingly well for the first year.

"Jackie" Clarke, the Australian bicycle rider, at last turned the tables on Frank Kramer by decisively defeating the American at Salt Lake City in straight heats in a motor-paced race. More than 15,000 spectators witnessed the contest.

Although owner "Sam" Bilsky has dropped between \$2,000 and \$3,000 this season on the Capital Lacrosse Club, he has no intention of throwing up the sponge. On the other hand, Mr. Bilsky is confident that the worst has been passed and that next year will see lacrosse back to its own in Ottawa and himself remunerated for his sacrifices this year.

Unless the New York Giants win the National Baseball League pennant the world's series of 1911 will start on October 10th or 11th, which will be considerably earlier than last year. All the other possible champions will be able to wind up their schedules on October 9th at latest, and could finish October 8th, if the race were not too close to permit crowding dates. The American League's schedule ends on October 8th, so that there will be no interference with the home of the bride party repaired to the home of the bride's parents, where a sumptuous wedding breakfast was served. The happy couple left on the noon train for Montreal, Boston and New York, and on their return will make their home in Winnipeg.

Honors for Japs.

Tokio, Aug. 25.—Honors in connection with the revision of the treaty between Great Britain and Japan have been gazetted. Vice-Minister of Foreign Affairs Ishii and Count Kato, ambassador to Great Britain, are made barons; Baron Uchida, ambassador to the United States, Baron China, ambassador to Germany; Baron Oura, minister of commerce, and Baron Hirota, minister of agriculture.

Has "Sam" Langford a chance to defeat "Jack" Johnson? Fitzsimmons in his prime was generally regarded as the hardest hitter in the world. Those who remember the Cornishman and have seen Johnson and Langford insist that the colored men cannot punch with the same power shown by the freckled Cornishman. Fitzsimmons says he doesn't know whether these negroes are better punchers, but in sizing them up he declares that Johnson has a better defense; that Langford can hit just as powerfully, and that it's a toss-up as to ring knowledge. He seems to think that Johnson's great height, reach and weight might prove too much for Langford, but at the same time he is inclined to doubt whether Johnson could stand up under a storm of body blows from the "Tar Baby." "Fitz" deplores the fact that there are no first class white heavyweights. He can't explain the reason why the present crop of white hopes does not include such men as Jeffries, Corbett, McCoy, Maher, Choyson, and Ruhlin, who showed odds in the days when he was at his best.

CLING TO CORSETS

DESPITE DECREES OF MODISTES OF THE WESTERN CITIES.

Coseless Corsets—Paris Has Set the Example and America Will, of Course, Follow Suit.

New York, Aug. 25.—Although, as was told in a dispatch, those experts who are in attendance at the fashion show in St. Louis have decided that American women will not wear corsets this winter, enquiry made of modistes in Fifth Avenue failed to disclose that the unanimity of opinion which marked the decision of the St. Louis glasses of fashion and molds of form. According to dressmakers in this city, it is yet a trifle early to say positively that the corset has, as yet, gone to stay.

An impression based upon interviews with some of the leaders is that although corsets will lose some of the hard and fast lines which have distinguished them in the past there will still be corsets. It will be a compromise—what might be called a corsetless corset. It will be a corset, but it will not look like a corset. Those modistes who said that they look for a modification in corsets based their opinion upon the ground that the fashion experts of St. Louis were not speaking for themselves so much as they were repeating an opinion now held to some extent in Paris.

LOCATED HIS SON.

Traced Him From West Africa to Canada.

Carleton Place Canadian.

This morning Mr. Johnston, of Portland, Oregon, came to town and found here, amid tears of rejoicing, a son for whom he has been searching for many years. Mr. Johnston is a native of Georgia. He and his family moved to West Africa, where the husband became a gold miner and contractor. His wife and five children were murdered by the natives, while he was but half a mile away. One boy escaped and the father gave him to Bishop Smith, who later moved to London and gave the boy an education. The father came to the states and went into farming and other large affairs. His heart began to fail for the boy—his only child. He started with Bishop Smith and then through the American consul and Secretary Koox traced the lad—twenty-four years old—to Halpenny post office, where he taught school last year, and this year is on Newton Halpenny's farm there, whither Jack Halpenny, of the post office, drove him this morning—a fine old gentleman whose story is capable of expanding into a thrilling page were there time.

Wedding Bells.

Deseronto Post.

St. Vincent de Paul church was the scene of a pretty wedding Wednesday morning, when Eileen Mary, daughter of Mr. and Mrs. P. Slavin, and Odette Marin, Winnipeg, were united in the holy bonds of matrimony by Rev. P. J. Hartigan. The bride entered the church leaning on the arm of her father, to the strains of Lohengrin's wedding march, and looked charming in a gown of cream duchess satin trimmed with real lace and seed pearls, and wore the customary bridal veil caught up with orange blossoms and carried prayer book and beads. Mrs. T. H. Price, Winnipeg, sister of the bride, assisted her as matron of honor, and looked becoming in a Dresden satin gown over pink satin, carrying an empire bouquet of pink roses. The groom was attended by his brother, L. J. Marin, of Winnipeg.

The groom's gift to the bride was a handsome Marquise dinner ring of saphire and diamonds; to the matron of honor he gave a gold bracelet and to the best man an engraved gold pencil. After the ceremony the wedding party repaired to the home of the bride's parents, where a sumptuous wedding breakfast was served. The happy couple left on the noon train for Montreal, Boston and New York, and on their return will make their home in Winnipeg.

Postman's Excursion.

The members of Chicago Postman's Association passed through here this morning on the steamer Kingston on their way to Boston to attend a convention. They had a thirty-two piece band with them and were making things rather lively on board.
