THERE MAY BE WAR OPPOSE VACCINATION A HOT CRITICISM THE WORLD'S EPISODES

OPEN PREPARATIONS ALONG THE FRONTIERS.

Instructions issued by French Cabinet for Ambassador Cambon—France is Nervous Over the Situation.

Paris, Aug. 25.—All France is nervous while its cabinet is considering its ultimatum to Germany regarding Moroccan concessions. It is felt this is a critical hour in the history of both countries and mis-step might plunge them into another disastrous war and one that might involve all Europe.

After the close of the conference of two hours and a half, the French cabinet framed instructions for Ambassador Cambon regarding Germany's aggressions in Morocco. Just how the Kaiser's government will take this ultimatum time alone will tell, but it is no secret that both nations are making active and open preparations along the frontiers for war. Meanwhile there is a feeling of greatly strained relations between the two countries.

SUGAR BEETS PLACED ON FREE LIST.

Important Ruling of United States Treasury Board—Classed as Vegetable.

Ottawa, Aug. 25.—A question of considerable moment to Western importers in regard to the interpretation of the "vegetable clause" of the reciprocity agreement as it affects the placing of sugar beets on the free list, is apparently settled in favor of the Canadian grower by a recent decision of the United States treasury board. Some of the conservative papers in the Western Ontario sugar beet district have been contending that sugar beets cannot be considered as coming within the classification of other vegetables which under the agreement are to be placed on the free list. The matter is of importance to the growers, because at the present time the Michigan prices are higher than the prices paid by the sugar beet factories on the Canadian side.

Practically the same point was raised some time ago by Michigan importers of sugar beets, who appealed against a customs' classification of sugar beets as vegetables on the ground that they were not used as ordinary vegetables, but were imported only for sugar manufacturing purposes.

The ruling of the treasury board, under date of August 7th last, is that sugar beets must be classed with all other vegetables imported from Canada in their natural state.

The excursion to Thousand Island Park, under the auspices of the Colborne Bay Presbyterian church, on the Quinte, Queen, was on Friday morning, well attended. The boat called at Portsmouth and also at Swift's wharf, taking a number from each place.

MONTREALERS URGED NOT TO IMPERIL THEIR LIVES.

The Chief of Police Has Ordered That the Circulars be Suppressed and the Distributors Arrested.

Montreal, Aug. 25.—Citizens, awake, refuse to be vaccinated. Your health and your liberty are imperilled. Fifty thousand circulars bearing the above heading, in bold type, over the startling warning against the evils of vaccination are now being distributed broadcast through the city. They represent the opening volley fired by the newly formed Anti-Vaccination League of Canada, in which they have declared a vaccination in Montreal.

G. A. R. VETERANS REPORTED KILLED IN A WRECK

Rochester, N.Y., Aug. 25.—It is reported here that a train, loaded with Grand Army Veterans, went through a trestle near Manchester, N.Y., and twelve persons were killed and many injured.

REV. DR. MACFARLANE HOME.

Had a Delightful Trip Through the West.

Rev. Dr. MacFarlane, who resigned his pastorate in Cooke's Presbyterian church, to accept a position as field secretary for the Ontario branch of the Dominion Alliance, has returned home, after an extensive trip through the west. He was in far west as Moose Jaw, and visited his sons, both of whom are doing well. Wilfrid, formerly of the Standard staff, is day city editor of the Regina Leader. Cross in the west are looking fine and a short distance from Moose Jaw he had the pleasure of seeing one field of 600 acres of oats. Harvesting had started in Manitoba when he left, but not in Saskatchewan.

Dr. MacFarlane stopped off in Toronto, Thursday, to confer with D. A. McIlennid, the office secretary of the alliance. Dr. MacFarlane expects to enter upon his new field of labor, Monday, September 4th. His work will cover most of Eastern Ontario and his family will reside in Kingston for the present. Sunday, September 3rd, will be his last Sunday in Kingston in the official capacity of pastor of Cooke's church. It will be with sad hearts that the people of Kingston will see him go, for he has been a friend to everyone. His farewell sermon, if he preaches one, will be Sunday, September 3rd.

A meeting of the Kingston presbytery will be held Thursday, August 31st, in John street Presbyterian church, Belleville, for the purpose of accepting his resignation.

Will Make Alterations.

Breve Baiden and Councillor Halliday, of the Portsmouth council, accompanied Mr. Dawson, inspector of penitentiaries, on a tour of inspection of the government property at Portsmouth, on Friday morning. In addition to repairing the breakwater, and doing some other necessary work, it is the intention to make alterations to a portion of the stone wall, about twenty feet, at the lower end of the main road, which projects out to the road, and it is the intention to have this removed and the space filled in.

Oil Causes Trouble.

Local bicyclists and automobile men do not approve of the way the oil has been put on the roads, this last time, as it plays havoc on the rubber tires. In some places the oil is put on in pools, and then the watering carts on their trips put water over it and it remains on top of the oil, and coming along on a bicycle, a person's clothes get the benefit of the mud which is formed.

Given Trip to Cape.

The orphans from St. Mary's-on-the-Lake were given a complimentary trip to Cape Vincent, on Friday afternoon, on the steamer Pierpoint. There were about thirty or forty children, who went, and they were accompanied by a number of the sisters from the orphanage. They left at the regular time and will return this evening. The sisters are very grateful to the general manager for the trip.

James H. Metcalfe, has returned from Pieton, where he was on business in connection with the enforcing of the fish and game laws of Ontario.

Marjory Leheup, who had her feet badly burned a few days ago by jumping into a box of lime, is doing nicely.

Miss L. Sutherland, Princess street, is on a week's visit to Rochester and Syracuse.

J. A. Williams, Nelson street, went to Nanapanee to-day, on business.

WHAT THE DOMINION RIFLE ASSOCIATION IS DOING.

Degenerating From a Military to a Sporting Organization—Objects to Attack on Young King's Prizeman.

Ottawa, Aug. 25.—The Citizen, edited by Col. Morrison, B.S.O., accuses the Dominion Rifle Association for its criticism of Private Clifford, for failure of the rest position which he uses with his rifle when shooting. It says a grievous wrong has been done the young King's prizeman and that the Dominion Rifle Association is rapidly degenerating from a military to a sporting organization. It says it is time for the re-organization of the association which receives a heavy grant from the government.

This afternoon at three o'clock, Earl Grey, the party visited the ranges. They were received by Col. Hughes, the president, who arrived here, today, and others, and was shown all over the ranges.

His excellency will present the trophies and cup to winners, tomorrow afternoon.

Considerable sensation was caused, this afternoon, when a bulletin was posted permanently disqualifying Maj. W. R. Edgar, of 24th Grey Horse, Woodstock, for competing in the D. R. A. matches for contravention of the rules. The allegation was that Edgar attempted to induce a register keeper to accept an extra series ticket after he had put on a possible five bulls. Maj. Edgar denies it.

The Ontario team won the London Merchants' inter-provincial match, today, 2-0. The Ontario team consisted of: Sgt. Pattee, Winnipeg, was the grand aggregate, with Lieut. Steele, Guelph, second, and Capt. Crowe, Guelph, third.

A SOUND SLEEPER

Goes Into Trances of Several Days' Duration.

Montreal, Aug. 25.—The identity of the young girl who was brought to the Royal Victoria hospital from St. Henri car barns, apparently under the influence of a drug, has been established. She is Flandre David, eighteen-years of age, who lives with her parents at 87 Grande avenue. Her mother states that she was not drugged, but in a trance, and that she has been subject to trances, from which it is impossible to awaken her, ever since the middle of January. The trances last from two to three days to a week. Between trances the girl enjoys perfect health. She has been treated unsuccessfully at every hospital in the city. At present she is resting easily in the hospital to all appearance merely sleeping an unusually deep sleep. The doctors expect her to awaken in a few days.

BURNED AT THE STAKE.

Men, Women and Children Calmly Watched Lyching.

Parcell, Okla., Aug. 25.—While 3,000 men, women and children stood by shouting their approval, Peter Carter, a negro, who had been captured by the members of its own race, identified as the man who Wednesday night attacked Mrs. Minnie Spraggins, wife of a farmer, was burned to death on a brush pile in the main street of Parcell yesterday afternoon. Deputy Sheriff Hayes and Under Sheriff Farris, who attempted to rescue the negro from the crowd, were overpowered and locked in the court-house.

AMERICAN HAY BUYERS HERE

To Buy Hay and Hold Till Agreement Passes.

It was learned, on good authority, Friday, that there were American hay buyers here buying hay from the farmers and intending to hold it until the trade agreement passes and then taking it into the states and reaping money from the sale of it. Evidently these men are confident that the reciprocity pact will go through and are willing to take the risk.

A Great Passenger Steamer.

Stettin, Germany, Aug. 25.—With a length of seven hundred feet, breadth of ninety feet and height of a hundred feet, the new Hamburg-American liner, Imperator, being built here, will be the largest and greatest ship afloat and will accommodate five thousand passengers of all classes and one thousand of a crew.

Expect a Big Batch.

It is altogether likely that when the board of works advertise for a new city engineer they will have a big batch of applicants to deal with. There has been no meeting of the board of works called as yet. The three applications already received for the position will come before the board.

All-Canada and United States cricketers are having a game in Toronto.

THE WORLD'S EPISODES

GIVEN IN THE BRIEFEST POSSIBLE FORM.

Matters That Interest Everybody—Notes From All Over—Little of Everything Easily Read and Remembered.

W. H. Shaw was nominated by the liberals of North Toronto.

John Blanchard, Swansea, was struck by a train and seriously injured.

A large apple crop has been sold from the orchard of E. F. Oster, at Bronte.

The Duke of Sutherland arrived in Montreal on his way west, where he has bought large tracts of land.

Col. Gwatkin, Ottawa, has donated a handsome trophy to be competed for by members of the Canadian Rifle League.

The liberal convention for St. Ann's division, Montreal, nominated J. C. Walsh, crown prosecutor, to oppose C. J. Deberry, sitting member.

Five were killed and twenty hurt when a large bridge being built over the Umpqua river, Rossburg, Oregon, collapsed, falling fifty feet.

John Colin, chief of police of Clayton, N.Y., arrested two men who were wanted in London, N.Y., for theft of a buggy. They owned a horse and wanted a buggy, they stole another. The men are foreigners.

As a result of the peculiar situation created by the withdrawal of William Muir, Thord, nominated as the conservative candidate for Welland, it is quite likely that W. M. German, liberal M.P., last session, may be returned unopposed.

MANUFACTURERS MAY TRY TO WORK JOB

Report That Stock-Taking and Retrenchment Will Begin Soon—Tried It Before.

Hamilton, Aug. 25.—It is reported here that one of the tricks the opponents of reciprocity are planning is an effort to swing the factory vote solid behind the conservative candidate to have manufacturers all over the country, a day or two before the elections, begin stock taking. The employees are to be given a hint that the significance of this is that if the Laurier government comes back to power the factories will begin a policy of retrenchment and run on short time.

The dodge was tried in the last dominion election, and proved very successful although it is doubtful if it could be worked effectively again. John Poehls, the liberal-labor candidate in East Hamilton, the big factory district, will take pains to warn the manufacturing employees in the riding to resent any such move to bulldoze them into voting against liberal candidates.

CAPTAIN BURNED IN BOAT.

Verthime Germain, Yamaski Incinerated in Vessel.

Montreal, Aug. 25.—Verthime Germain, of Yamaski, captain of a schooner carrying stone between Nicolet and Three Rivers for E. Paranteau, was found burned to death at Nicolet, in the ruins of his boat. The body was charred to a crisp. It is supposed that the unfortunate man accidentally set fire to his schooner, probably through hot ashes falling from his pipe while he was asleep. The deceased was thirty years of age.

SEEKING TROUBLE.

Refuse to Work With the Conciliation Board.

Montreal, Aug. 25.—The local longshoremen's union is out seeking trouble again. They have declared that they will no longer have anything to do with the permanent board of conciliation, appointed by the government to adjust all their disputes with the Shipping Federation, and their representative on the board, Gustave Francis has resigned.

Dangerous Piece of Walk.

A middle-aged woman suffered a painful fall at the corner of Wellington and Princess streets on Thursday evening. When the new curbing was put along Wellington street, between Queen and Princess streets, it was put along the street about four feet outside of the walk, and where the two streets meet there was quite a space left and so a piece of walk had to be laid to fill up the space. This piece of walk looked all right when it was put down, but has kept slumping up until now it is up an inch above the other walk. The lady was hurriedly walking along, never noticed, and caught her toe on the edge and it threw her out on the road on her face. The matter should be attended to before anything further happens.

Hogs and Reciprocity.

The average price of prime bacon hogs for the past year in Canadian centres has been \$8.83 per 100 pounds.

The average price of the same product during the same period in Chicago was \$9.11 per 100 pounds; in Buffalo \$9.43 per 100 pounds.

Does the Canadian hog breeder want free access to the American market?
